T. Frick McNamara **PLA, LEED® AP / Principal**

T. Frick began her design pursuit initially with a focus in Architecture. However, it was her love of the outdoor environment that led her to complete a degree in Landscape Architecture. After receiving a BS in Landscape Architecture, T. journeyed to Eugene, Oregon to begin her professional career. It was there that she discovered the bounties of the northwest and the serenity of our natural environment. Seeking more diversity between the natural and built environments she moved to Seattle in 2000.

In the Northwest, we are blessed with a unique geographic setting and abundant connections with nature. Living here each day, we often take the beauty of the Pacific NW for granted. T's design focus strives to capture the serenity of our natural environment while placing it in the urban context. Her designs craft meaningful connections between the design of the interior and exterior to create vibrant pedestrian oriented places. In addition to her small design practice, T owns and operates a neighborhood, retail wine shop in the heart of the West Seattle Junction to contribute to the urban fabric of her community.
