Severability: The provisions of the ordinance codified in this chapter are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section or portion of said ordinance, or the invalidity of the application thereof to any person or circumstance shall not affect the validity of the remainder of the ordinance, or the validity of its application to other persons or circumstances.
 (Ord. 112383 § 22, 1985.)

22.220.010 Title for citation.

The ordinance codified in this chapter shall be cited as the “Downtown Housing Maintenance Ordinance.”

(Ord. 112383 § 1, 1985.)

22.220.020 Findings.

The Seattle City Council hereby finds:

A. Low-income housing in downtown and adjacent lower First Hill is a scarce and diminishing resource. There has been a net loss of more than fifteen thousand (15,000) housing units in the downtown since 1960.

B. There exists an extreme shortage of low-income rental housing in the downtown area, resulting in a negligible vacancy rate for habitable low-income housing.

C. Many low-income tenants are unable to locate rental housing of any kind. These homeless persons are increasingly seeking housing in already overcrowded emergency shelters, and when such shelters are full, finding themselves on the City's streets.

D. Due to the drastic reduction in public funding, particularly federal funding, allocated to low-income housing since 1980, there are very few resources available to preserve or add new units to the existing supply of low-income housing.

E. Existing rental units in the downtown and adjacent lower First Hill constitute most of the remaining low-income rental housing in the City. The number of such units downtown is diminishing as a result of increased pressure for more intensive development downtown. Plans for major downtown development adjacent to lower First Hill have also put increased pressure on the low-income rental housing on lower First Hill.

F. Frequently, development speculation results in the premature closure of habitable existing buildings and the withdrawal of low-income rental units from the market long before such closure would be needed for any physical redevelopment of such buildings' sites.

G. There exists, especially in the downtown and adjacent First Hill a substantial number of abandoned or vacant residential units which create blight and constitute a danger to public health, safety and welfare.

H. Buildings which are vacant and not carefully secured and maintained frequently attract homeless persons seeking temporary shelter. This unsupervised use of these unheated buildings results in a fire hazard to the buildings and to the residents of nearby structures.

22.220.020 BUILDING AND CONSTRUCTION CODES

I. Because of the conditions described above, there exists in the city a housing emergency. This necessitates that existing low-income rental housing in the downtown and adjacent lower First Hill be both maintained and offered for rent. (Ord. 112383 § 2(A), 1985.)

room unit shall be deemed to be two (2) persons, and for a two (2)

22.220.030 Purpose.

This chapter, therefore, is enacted to supplement the City's existing housing and building and safety codes and:

A. To reduce blight and threats to public health, safety and welfare by requiring that low-income units be both maintained and offered for rent, where feasible;

B. To relieve the effects of the City's housing emergency by preventing the premature withdrawal of units from the rental market;

C. To maximize the use of existing scarce low-income housing resources;

D. To provide public financial and management support, where appropriate, to assist owners to maintain low-income units in safe and habitable condition and available for occupancy;

E. To respect the owner's right to use and control private property, consistent with the above purposes and constitutional protections. (Ord. 112383 § 2(B), 1985.)

22.220.040 Definitions.

Household size for a SRO or studio unit shall be deemed to be one (1) person, for a one (1) bed-

(Seattle 9-90)

bedroom unit shall be deemed to be three (3) persons.

E. "Owner" means any person who, alone or jointly, has title to or an ownership interest in any building, with or without actual possession thereof, including any person who as agent, or executor, administrator, trustee, or guardian of an estate has charge, care, or control of any building.

(Ord. 112383 § 3, 1985.)

22.220.050 Applicability of chapter.

The provisions of this chapter shall apply to all low-income rental units if such rental units are situated in buildings located downtown or in lower First Hill and if such buildings contained any occupied rental units on or after November 5, 1984.

(Ord. 112383 § 4, 1985.)

22.220.060 Low-income rental units—Rental responsibility.

A. Owners of habitable low-income rental units shall make a good-faith effort to rent all such units.

B. An owner's failure or refusal to make such a good-faith effort to rent shall constitute a violation of this chapter.

C. In determining whether an owner is failing or refusing to make a good-faith effort to rent habitable low-income rental units, the Director may consider any actions by the owner which are inconsistent with keeping such units rented. Evidence of a lack of good faith may include, but shall not be limited to, the following:

1. Maintaining a building vacancy rate in excess of twenty percent (20%);

22.220.070 BUILDING AND CONSTRUCTION CODES

2. Failing to offer an unoccupied unit for rent within seven (7) days of the unit becoming unoccupied, except under the circumstances provided for in Section 22.220.110;

3. Offering units for rental at a rental rate which substantially exceeds prevailing rents for comparable rental units;

4. Significantly reducing building services;

5. Changing rules, regulations, terms or conditions of tenancy so as to substantially and detrimentally affect the rights and obligations of tenants or prospective tenants;

6. Wilfully or wantonly failing to comply with applicable codes with respect to the low-income rental units or building, the violation of which substantially endangers or impairs the health or safety of the occupants;

7. Committing or causing vandalism or the intentional destruction of a rental unit or building;

8. Knowingly permitting a tenant to commit waste or to vandalize a rental unit.

(Ord. 114865 § 1, 1989; Ord. 112383 § 5, 1985.)

22.220.070 Low-income rental units—Repair responsibility.

A. Owners of low-income rental units shall repair such units when such units can feasibly be made habitable. A unit can feasibly be made habitable if, after consideration of variances, deferrals and extensions of time for compliance as provided in Section 22.220.080 of this chapter, the cost of the repairs necessary to make the unit habitable does not exceed the amount which the owner may be required to contribute as provided in subsections B, C, and D of this section, together with the amount to be contributed by the City.

B. Except as provided in subsection D below, the owner's contribution to the cost of repairs necessary to make a low-income rental unit habitable shall not exceed Three Thousand Dollars (\$3,000.00) per low-income rental unit for any three (3) year period, and the total repair cost of any low-income rental unit under this subsection shall not exceed Six Thousand Dollars (\$6,000.00) per low-income rental unit for any three (3) year period.

C. In determining the cost of repairing a low-income rental unit, the following rules shall apply:

1. The costs of repair shall include only repairs necessary to meet the minimum requirements of the Housing and Building Maintenance Code, SMC Chapter 22.206, except those requirements variances or deferred pursuant to Section 22.220.080 of this chapter.

2. The cost of repairs to common areas or building systems shall be allocated to all the low-income rental units in the building which are required to be offered for rent, not solely to low-income rental units which are vacant or not habitable; provided that, if the shared building systems and/or common area costs allocated to one (1) or more units would cause those units to exceed the maximum total stated above, the excess allocated shared costs may be reallocated among the remaining units required to be offered for rent to the extent that such reallocation does not cause the total repair costs of such remaining units to exceed the maximum cost stated in subsection B of this section.

3. The unit-specific costs of repairing low-income rental units shall be allocated to specific units.

4. Costs of all capital repairs shall be included in calculating the owner's maximum contribution over a three (3) year period. The costs of ordinary maintenance shall not be included. For the purposes of this section, all repairs which are ordered to remedy code violations upon the first inspection of a rental unit under this chapter shall be deemed capital repairs; during subsequent inspections capital costs for repairs to correct code violations shall be counted only if the Director determines that such repairs are not ordinary maintenance.

5. Any individual unit whose total unit-specific and allocated shared repair costs exceed the maximum allowed by this chapter shall be determined to be not feasible to repair.

D. The owner's required contribution to the repair of a unit shall be unlimited to the extent that the unit is not habitable because the owner has:

1. Wilfully or wantonly failed to comply with applicable building and safety codes; or

2. Committed or caused vandalism or the intentional destruction of any rental unit in the building; or

3. Knowingly permitted a tenant to commit waste or to vandalize a rental unit.

(Ord. 114865 § 2, 1989; Ord. 112383 § 6, 1985.)

(Seattle 3-90)

22.220.080 Variances, deferrals and extended time for compliance.

A. In specific buildings containing low-income rental units, the Director may authorize under conditions specified in subsections B and C of this section the following types of departure from the standards and requirements of Sections 22.206.020 through 22.206.160 of the Housing Code (Chapter 22.206 of the Seattle Municipal Code):

1. A variance;
2. A deferral from compliance for up to three (3) years, with the possibility of one (1) renewal for up to an additional three (3) years;
3. Extended time for compliance, with repair work scheduled over a period not to exceed eighteen (18) months, provided that such schedule is arranged to minimize as much as possible the amount of time a unit is not available for occupancy.

B. The Director may grant the departures authorized by this section if he or she determines that **both** of the following conditions or circumstances exist:

1. A literal interpretation and strict application of the standards and requirements would result in an undue or unnecessary hardship, other than solely a financial hardship, and would adversely affect the preservation and enjoyment of a substantial property right of the owner or tenant of the subject building; and
2. Because of the conditions or circumstances applying to the subject building or to the occupancy thereof, the departure will not be materially detrimental or injurious to the safety, health, or general welfare of the occupants thereof of neighboring property or occupancies or of the public.

C. In addition, in determining whether or not any departure from the requirements of the Housing Code is appropriate and, if so, whether to grant a variance, a deferral, or extended time for compliance, the Director shall consider, among others, the following factors:

1. The remaining useful life of the unit or building and the length of time it is likely to be available for low-income occupancy;
2. How materially the departure would

affect the living conditions of the tenants;

3. The permanency of the condition of the item, unit, structure, or system for which the departure is sought and the degree to which it might deteriorate over the period for which the departure is sought;

4. The difficulty of bringing the item, unit, structure or system into compliance if the departure is not granted.

D. Examples of items which might be variances, deferred or given extended time for compliance are shown below. Since no two (2) buildings are ever alike and the nature and extent of violations could change over short periods of time, these examples would not apply in all cases. The examples stated below are for illustrative purposes only and are not intended as a complete or exclusive list of the items which may be deferred or the nature of the deferral which might be granted.

1. Examples of items, which, under appropriate circumstances might be variances include:

Section 22.206.030: Floor Area — This section provides for the minimum space and occupancy standards of the Housing Code. For example, a dwelling unit is required to have at least one (1) room which shall have not less than one hundred twenty (120) square feet of floor area, etc.... A variance could be granted where areas are (1) or two (2) percent smaller than required.

Section 22.206.050: Bathroom Fixtures — Lavatories are required to be provided on each floor at a rate of one (1) for every additional ten (10) guests, etc.... A variance can be granted for a lesser number of bathroom lavatories especially when rooms are equipped with operating lavatory sinks.

Section 22.206.110: Electrical — Kitchens are to be provided with not less than three (3) outlets. A variance can be granted to allow less than three (3) electrical outlets generally based on the small size of the kitchen.

2. Examples of items, which, under appropriate circumstances might be deferred include:

Section 22.206.050: Kitchen — Every dwelling unit must be provided with a kitchen, and every kitchen must be provided with a sink, hot and cold running water, counter work space, cabinets, etc.... A deferral could be granted for the counter space requirement if a table is provided that could serve as counter space.

Section 22.206.120 Stair Construction — Every required stairway, except in dwellings are required to have headroom clearance of not less than six feet six inches (6' 6") measured vertically, etc.... A deferral could be granted, provided adequate padding and warning signs were installed.

Section 22.206.060: Structural Components — Structural components of buildings shall be reasonably decay free. A building that appears to have a limited useful life has window sills and sashes with dry rot. A deferral could be granted for dry rot in wooden window sills where no moisture is seeping through the sill and no weather is coming through the meeting of the sill and sash. A deferral could not be granted for dry rot in the window sash, since such dry rot would make the windows unsafe for tenants to use.

The deferral for the window sill could be revoked if, upon subsequent inspection, conditions had deteriorated and moisture was seeping into the wall or the room.

3. Examples of items, for which, under appropriate circumstances an extended time for compliance might be authorized include:

Section 22.206.070: Shelter — Every building shall be protected so as to provide shelter for the occupants against the weather. A building roof has a number of leaks and an inspection in November reveals that the building must be completely reroofed. Work to patch the leaks is ordered and scheduled immediately; an extension for reroofing is granted until late the following spring, to be scheduled when the weather is more accommodating.

Section 22.206.080: Maintenance — Every foundation, room and exterior wall, etc., shall

be reasonably weathertight, watertight, damp free, etc. A large building has leaky mortar joints in the exterior walls, but an inspecting structural engineer has determined that the wall is sound enough to permit the owner an extended period of time during which to schedule the repair, e.g., two (2) sides during one (1) summer, the remaining two (2) sides during a second summer.

E. The Director of Housing and Human Services or his or her designee is hereby authorized to apply to the Director for any departure from the Housing and Building Maintenance Code authorized by this section. No other person is authorized to make such application.

F. If the Director determines after inspection of a unit or building that a condition or circumstance has changed which materially and detrimentally affects the health or safety of the tenants, their neighbors, or the general public, the Director may revoke an order granting a deferral or extended time for compliance.

G. In addition, the departures authorized under this section shall be automatically revoked for any unit which is no longer available for low-income occupancy as defined by this chapter. (Ord. 115958 § 29, 1991; Ord. 114865 § 3, 1989; Ord. 112383 § 7, 1985.)

22.220.090 Loans and grants to owners.

A. The Director of Housing and Human Services may authorize loans and grants to owners and receivers from the Downtown Housing Maintenance Account described in Section 22.220.100 and/or from such Community Development Block Grant funds or other similarly restricted funds as may have been appropriated for the rehabilitation of rental units downtown or may in the future be appropriated specifically for the repair of low-income rental units pursuant to this chapter. Such loans and grants shall be made only for the reasonable cost of repairs necessary to make low-income rental units habitable and for the reasonable cost of any other repairs to the building in which such units are located which are necessary to make such units habitable. Such loans and grants shall be made only in accordance with the criteria set forth in this section.

(Seattle 3-92)

B. The Director of Housing and Human Services may make grants for repairs necessary to make low-income rental units habitable. The maximum grant amount shall be Three Thousand Dollars (\$3,000.00) per unit, to be awarded after the owner has committed his or her own maximum contribution to the repair of a unit.

C. The Director of Housing and Human Services may extend loans for the repair of low-income units as follows:

1. The maximum loan amount shall be Six Thousand Dollars (\$6,000.00) per unit.

2. The Director of Housing and Human Services may authorize the forgiveness of such loans at a rate of twenty percent (20%) per year, with a maximum forgiveness of One Thousand Dollars (\$1,000.00) per year for each year the unit remains available for low-income occupancy, such forgiveness to continue until the entire amount has been forgiven; provided that the unit continues to be available for low-income occupancy during the entire forgiveness period.

3. The loans shall be made with no interest charged while the unit remains available for low-income occupancy.

4. If for any reason the units become unavailable for low-income occupancy, the remainder of the loan shall be required to be repaid, and in addition the Director of Housing and Human Services may require the immediate repayment of the remaining balance or said Director of Housing and Human Services may charge interest on the remaining balance at the then prevailing rate for the Washington State Housing Commission bond program.

D. The total amount of grants and loans authorized under this section shall not exceed Six Thousand Dollars (\$6,000.00) per unit for any three (3) year period.

E. The Director of Housing and Human Services shall prescribe such additional terms and conditions of such loans and grants as he or she deems appropriate. Within thirty (30) days of the effective date of the ordinance codified in this chapter,¹ the Director of Housing and Human Services shall promulgate regulations describing the circumstances under which loans and grants will be approved and the general terms and conditions of such loans and grants.

22.220.100 Downtown Housing Maintenance Account.

A. There is hereby created in the City Treasury an account in the Low-Income Housing Fund designated the "Downtown Housing Maintenance Account," from which account grants and loans as specified in Section 22.220.090 of this chapter may be made to owners or receivers to assist them in placing low-income rental units in habitable condition and from which account shall be paid costs and expenses incurred by the City in connection with the repair of low-income rental units or buildings that can feasibly be made habitable.

B. Money from the following sources shall be deposited in the Fund:

1. Such sums as may be received by gift, bequest or contractual arrangement for maintenance and rehabilitation of downtown low-income rental housing purposes; and

2. Such sums as may be recovered by the City as repayment of loans or as reimbursement of costs or expenses of repair of units that were found to be uninhabitable where such funds originated from this Account.

C. The moneys in the Account are hereby appropriated for the purposes described above and the City Finance Director is authorized to draw and to pay the necessary warrants upon vouchers approved by the Director of Housing and Human Services from the appropriated Account.

(Ord. 166368 § 294, 1992; Ord. 115958 § 31, 1991; Ord. 113834 § 10, 1988; Ord. 112383 § 9, 1985.)

22.220.110 Duty to repair and rent—Termination conditions.

A. The owner's duty to repair low-income rental units that can feasibly be made habitable and the owner's duty to make a good-faith effort to rent low-income rental units shall cease if any of the following circumstances occur:

1. The Director determines that it is not feasible to repair units pursuant to Sections 22.220.070 and 22.220.130 or pursuant to the administrative relief provisions in this section and Section 22.220.120; or

2. A demolition or change of use permit covering the units is issued under the Housing Preservation Ordinance (Chapter 22.210 of the Seattle Municipal Code) or any successor ordinance and the owner complies with the terms of said ordinance; or

3. The rental rate at which the units are offered for rent has exceeded the low-income rental rate established in subsection D of Section 22.220.040 for more than two (2) years; or

4. The rental unit is occupied by the owner as his or her personal residence.

B. There shall be no duty to offer a low-income rental unit for rent during a reasonable period of time necessary to repair or rehabilitate a unit or building if such repair or rehabilitation makes occupancy of that unit temporarily impracticable.

(Ord. 112383 § 10, 1985.)

22.220.120 Duty to repair and rent—Administrative relief.

In accordance with the procedures specified in Section 22.220.130, the Director may provide full or partial relief from the duty to offer low-income rental units for rent and/or the duty to make low-income rental units habitable, if the owner establishes with clear and convincing proof that:

A. The literal interpretation and strict application of the duty to offer for rent or the duty to make habitable constitute an unconstitutional taking of the owner's property;

B. The requested relief would be consistent to the extent possible with the objectives of this chapter;

C. The requested relief does not go beyond the minimum necessary to prevent the unconstitutional taking of property, and does not constitute a grant of special privilege inconsistent with the limitations upon other similar properties.

(Ord. 112383 § 11, 1985.)

22.220.130 Failure to rent or repair—Administrative investigation and determination.

A. Inspection. The Director shall inspect any building that he or she has reason to believe contains low-income rental units that the owner is not making a good-faith effort to rent or low-income rental units that are not habitable but could feasibly be made habitable. The Director may, upon presentation of proper credentials and with the

(Seattle 3-93)

consent of the occupant or owner, or pursuant to a lawfully issued warrant, enter at reasonable times any building, structure or premises in the City to perform any duty imposed by the ordinance codified herein.

B. Application for and Determination on Departures.

1. If the Director finds low-income rental units that are not habitable, he or she shall notify the Director of Housing and Human Services, who shall have fifteen (15) days to determine if a departure or departures as authorized in Section 22.220.080 is appropriate and, if so, to recommend such departures to the Director.

C. Determination of Feasibility to Make Units Habitable. After the Director has received and considered the recommendations of the Director of Housing and Human Services on the requested departures, if any, he or she shall, using the standards as prescribed in Section 22.220.070, make a determination as to the feasibility of making the uninhabitable units habitable. The Director may grant, modify or deny the recommended departures.

D. Issuance of Complaint and Notice.

1. If the Director finds that the owner has not made a good-faith effort to rent or that the building contains low-income rental units that are not habitable but could feasibly be made habitable, he or she shall serve upon the owner of the building, as shown upon the records of the Department of Records and Elections of King County, a complaint, identifying the specific low-income rental units which are not being offered for rent in good faith, the specific uninhabitable low-income rental units that could feasibly be made habitable, and, where applicable, the corrective action which the owner must take to make any low-income rental unit habitable and the amount of assistance which may be available to the owner as determined by the Director of Housing and Human Services. The complaint shall be delivered by personal service, registered mail, or certified mail with return receipt requested, and shall be posted in a conspicuous place on the property. No complaint shall be issued for uninhabitable units if the owner holds a valid permit for the repairs, alterations, or improvements necessary to correct the noted deficiencies and is, in the opinion of the Director, making reasonable progress toward correcting those deficiencies.

2. The complaint shall:

a. Contain a notice that a hearing will be held before the Director at a specified time and place not less than ten (10) nor more than thirty (30) days after service of the complaint;

b. Explain that all parties have the right to file an answer to the complaint;

c. Advise the parties that they may appear in person or by representative and give testimony at the time and place designated in the complaint; and

d. Advise the parties that they may seek relief and present evidence as to whether or not administrative relief from the strict enforcement of the requirements of this chapter as provided in Section 22.220.120 should be granted.

3. A copy of the complaint shall be filed with the King County Department of Records and Elections. In addition to serving and posting the complaint, the Director shall mail or cause to be delivered to the occupants of all rental units and/or commercial units in the building a notice informing the occupants of the filing of the complaint and advising them of the relevant procedures.

E. Administrative Hearing. The Director shall hold a hearing at the time and place specified in the complaint to take testimony on the allegations stated in the complaint and the defenses to such allegations and to receive evidence as to whether or not administrative relief should be granted in accordance with the standards set forth in Section 22.220.120, if such relief is sought by the owner at the hearing.

F. Report of Director of Housing and Human Services on Request for Administrative Relief. When administrative relief is sought pursuant to Section 22.220.120, the Director shall request from the Director of Housing and Human Services a report and recommendation analyzing whether application of the duties from which relief is sought would constitute an unconstitutional taking and the nature of the relief which would be appropriate, if any. The Housing and Human Services Director's report shall be made available to the owner and to any member of the public who requests it. The owner and any member of the public shall have fourteen (14) days from the date the report is published to make comments to

the Director concerning the appropriateness of the relief requests.

G. Determination and Order of Director After Hearing. After the hearing provided for in subsection E of this section and the report and public comment provided for in subsection F of this section the Director shall issue a written decision granting or denying administrative relief, if such relief has been requested and, if upon consideration of the complete record before him or her the Director determines that the owner is not making a good-faith effort to rent low-income rental units, or that the owner's building contains low-income rental units that are not habitable but could feasibly be made habitable, then he or she shall issue and cause to be served upon the owner in the manner provided in subsection D and shall post in a conspicuous place on the property, an order requiring the owner to repair, alter, or improve the uninhabitable units and/or make a good-faith effort to rent vacant low-income rental units in the building within a time to be specified in the order. When determining a time for compliance, the Director shall take into consideration:

1. Any departures granted pursuant to Section 22.220.080;
 2. Any administrative relief granted pursuant to Section 22.220.120;
 3. The availability of City funds for repair of the units;
 4. The type and degree of hazard cited in the complaint;
 5. The owner's ability to correct the noted deficiencies;
 6. The procedural requirements for obtaining a permit to correct the noted deficiencies;
 7. The complexity of the required repairs or corrective action, including seasonal considerations, construction requirements and the legal rights of affected tenants; and
 8. Circumstances beyond the owner's control.
- (Ord. 115958 § 32, 1991; Ord. 114865 § 5, 1989; Ord. 112383 § 12, 1985.)

22.220.140 Appeal—From Director's order.

A. Within fifteen (15) days from the date of service and posting of an order issued by the Director, the owner may file a written notice of appeal with the Office of the Hearing Examiner. The notice of appeal shall state the specific errors in the Director's order of proceedings and the spe-

cific grounds upon which a reversal or modification of the order is sought. The Director's decision to grant or deny administrative relief pursuant to Section 22.220.120 and the issues determined therein shall not be appealable to the Hearing Examiner. The notice of appeal shall be accompanied by a filing fee of Twenty-five Dollars (\$25.00).

B. D. Any person who commenced any work for which a permit is required by this Plumbing Code without first having obtained such permit, shall upon subsequent application for such permit pay double the fee fixed by the above schedule of fees for such work unless it shall be proved to the satisfaction of the Administrative Authority that such work was urgently necessary and that it was not practical to obtain a permit prior to the commencement of the work. E. A reinspection fee of Forty Dollars (\$40) may be assessed for each inspection or reinspection when such portion of work for which inspection is called is not complete or when corrections called for are not made. Reinspection fees may be assessed when the plumbing project is properly posted on the work site, the

work to be inspected is not under test, for failure to provide access on the date for which inspection is requested, or for failure to make required corrections. To obtain a reinspection the applicant shall file an application therefor in writing upon a form furnished for that purpose, and pay the reinspection fee in accordance with this section. In instances where reinspection fees have been assessed, no additional inspection of the work will be performed until the required fees have been paid.
