**Budget Action description:**

This green sheet recommends passage of C.B. 117939 – the Seattle Public Utilities (SPU) drainage and wastewater bond ordinance.

The proposed ordinance authorizes a fixed-rate bond issue of \$113 million in mid- to late-2014. The ordinance also is updated to reflect recent changes in state law. Bond proceeds will fund about 18 months of the capital program in SPU’s proposed 2014 budget and 2014-2019 capital improvement program. A 2014 bond sale was anticipated in adopted drainage and wastewater rates and will have no rate impacts in 2014.

The proposed bond issue is an appropriate way to accomplish the capital program while spreading the cost of long-lived assets between current and future customers.
