**Legislation Title:**

AN ORDINANCE relating to the City Light Department; declaring as surplus and authorizing the General Manager and Chief Executive Officer of the City Light Department or his designee to grant an easement to Snohomish County and the Alderwood Water and Wastewater District limited to roadway and underground utility purposes, within the City of Seattle transmission line corridor in Section 16, Township 27 North, Range 5 East, W.M., in Snohomish County, Washington; accepting payment for the true and full value of the easement from Toll WA, LP; and ratifying and confirming certain prior acts.

**Summary of the Legislation:**

This legislation authorizes Seattle City Light to grant an easement for roadway and underground utility purposes to Snohomish County and the Alderwood Water and Wastewater District, to allow construction of the Timber Creek Ranch housing development in unincorporated Snohomish County, and accepts payment for the true and full value of the easement.

**Background:**

This legislation will declare as surplus and authorize the sale of a utility property right under the jurisdiction of Seattle City Light. **A public hearing is required pursuant to RCW 35.94.040.**

The City of Seattle owns a 20-foot wide strip of land and a 155-foot wide electrical transmission easement which is part of the Bothell to Creston-Nelson transmission corridor, approximately 5 miles north of Woodinville.

Toll WA, LP, has obtained preliminary approval from Snohomish County for the Timber Creek Ranch housing development, consisting of 290 single family residential lots, subject to a condition that the developer construct a new 43<sup>rd</sup> Avenue SE abutting the City's transmission corridor, and connect that Avenue to 184<sup>th</sup> and 188<sup>th</sup> Streets SE.

Toll WA, LP, requests an easement for roadway and underground utility purposes over portions of the City's 20-foot wide fee-owned strip in order to meet the County's conditions for final approval of the subdivision.

The fair market value of the easement right to be conveyed to Snohomish County is \$35,775, as determined by appraisal of other similar properties in the area. Toll WA, LP, has agreed to pay City Light that amount for the roadway easement.

X  **This legislation has financial implications.**

**Anticipated Revenue/Reimbursement Resulting from this Legislation:**

<b>Fund Name and Number</b>	<b>Department</b>	<b>Revenue Source</b>	<b>2013 Revenue</b>	<b>2014 Revenue</b>
Light Fund 41000	<b>City Light</b>	Toll WA, LP	\$35,775	
<b>TOTAL</b>			<b>\$35,775</b>	

Revenue/Reimbursement Notes:

Easement to be paid for by Toll WA LP.

**Other Implications:**

**a) Does the legislation have indirect financial implications, or long-term implications?**

Office of the Mayor

June 25, 2013

Honorable Sally J. Clark  
President  
Seattle City Council  
City Hall, 2<sup>nd</sup> Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill that will authorize Seattle City Light to grant an easement for roadway and underground utility purposes to Snohomish County and the Alderwood Water and Wastewater District. Snohomish County has granted a preliminary approval to Toll WA, LP, for the 290-unit Timber Creek Ranch subdivision, abutting City Light's transmission corridor approximately five miles north of Woodinville. This easement is needed for the developer to connect the new subdivision to the existing street and utility grid.

The extension of the existing street grid will improve City Light's access to the transmission line corridor in this area. Toll WA, LP, has agreed to pay City Light the true and full value of \$35,775 for this easement.

The granting of this easement will allow Toll WA, LP, to complete their Timber Creek Ranch housing development, and will provide welcome revenue to City Light. Thank you for your consideration of this legislation. Should you have questions, please contact James Baggs at 684-3260.

Sincerely,

Michael McGinn  
Mayor of Seattle
