Legislation Title:

AN ORDINANCE relating to the 2008 Parks and Green Spaces Levy; authorizing the acquisition of real property commonly known as 8809 Fremont Avenue North; authorizing acceptance and recording of the deed for open space, park, and recreation purposes; authorizing acquisition by condemnation; increasing appropriations to the Department of Parks and Recreation in the 2013 Adopted Budget and the 2013-2018 Capital Improvement Program; and ratifying and confirming certain prior acts; all by three-fourths vote of the City Council.

Summary and background of the Legislation: This proposed legislation authorizes the Department of Parks and Recreation (DPR) to acquire the property located at 8809 Fremont Avenue North by negotiation or by condemnation. The legislation also allows for the acceptance of the deed to the subject property for open space, park, and recreation purposes.

On November 4, 2008, Seattle voters approved a six-year property tax levy, the 2008 Parks and Green Spaces Levy (Levy), for the purpose of improving and expanding the City's parks and green spaces. The Levy included an acquisition category calling for the City to acquire neighborhood park properties in areas with park and open space gaps. The proposed Council Bill authorizes DPR to acquire a +4,216 square-foot property located adjacent to Greenwood Park. The subject property is currently improved with a small single family house.

The City has been trying to buy this property since the acquisition of the original Greenwood Park property in the 1990's, but the owners have been unresponsive to our attempts. Greenwood Park encompasses almost an entire city block just outside the Greenwood/Phinney Residential Urban Village and provides a variety of park and recreation opportunities to the Greenwood residents. The property suddenly came on the market and an offer was accepted before the City had a chance to respond. The buyers have agreed to assign their purchase and sale agreement to the City if the City pays the costs incurred by the buyer, which are modest. While we hope to reach a negotiated agreement with the owner (DPR has requested modifications to the purchase and sale agreement including conditions for acceptable appraisal, environmental site assessment and Council authorization to purchase), the attached Council Bill authorizes the City to acquire the property through the process of condemnation, should it become necessary.

The acquisition of this property is identified in the Greenwood neighborhood plan as well as the 2009 Greenwood Park master plan. The structure will be removed and the property will be left vacant until additional funding is available for park development.

Position Notes:

Do positions sunset in the future? Not applicable.

Other Implications:

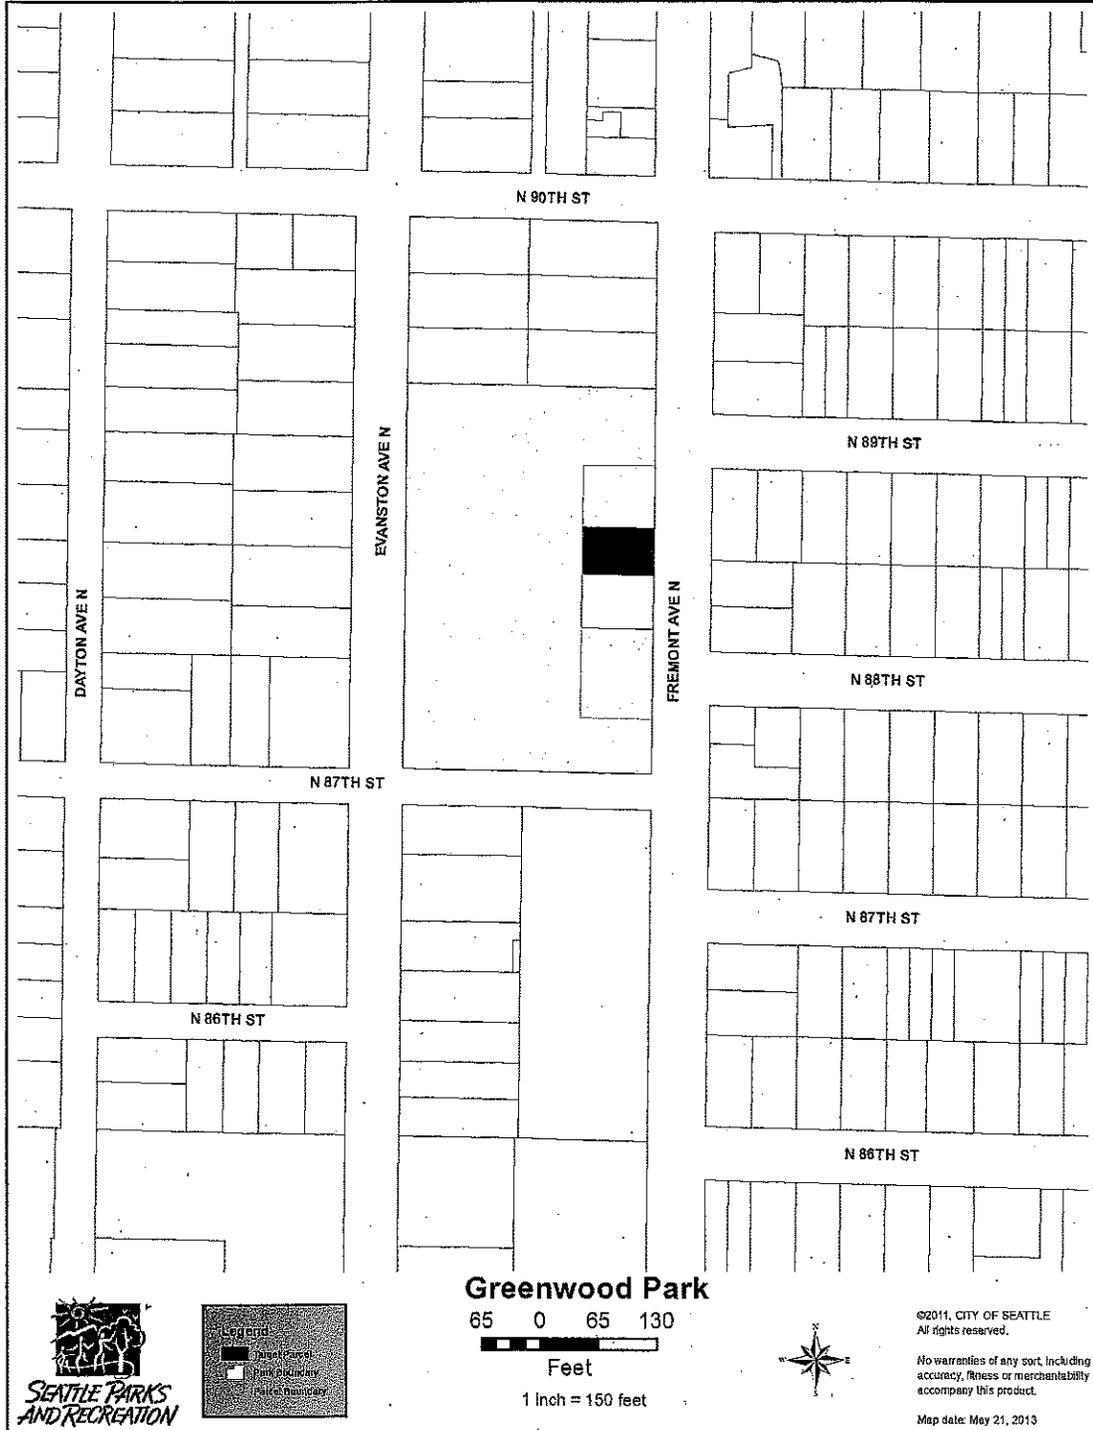

- a) **Does the legislation have indirect financial implications, or long-term implications?**
 The 2008 Parks and Green Spaces Levy provides funding for acquisition of new properties to fill gaps in urban villages. Funding has not been identified to develop and maintain the future expanded park; therefore, DPR intends to remove the structure shortly after acquisition and maintain it with minimal operations funding.
- b) **What is the financial cost of not implementing the legislation?**
 If this property is not acquired, there will be a new house in Greenwood Park affecting users' enjoyment and Parks maintenance of Greenwood Park.
- c) **Does this legislation affect any departments besides the originating department?** No.
- d) **What are the possible alternatives to the legislation that could achieve the same or similar objectives?**
 The scope of this project is to expand the size of the existing Greenwood Park. The alternative is to allow a new house to be built on this property and eliminate the possibility of acquiring this property in the future.
- e) **Is a public hearing required for this legislation?** No.

- f) Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation? Yes.**
- g) Does this legislation affect a piece of property? Yes.**
- h) Other Issues: None.**

City of Seattle
Office of the Mayor

July 30, 2013

Honorable Sally J. Clark
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill that authorizes the acquisition of a 4,216 square-foot parcel located at 8809 Fremont Avenue North. The property, located adjacent to the existing Greenwood Park, will move us one step closer towards the goal of incorporating the east side of the block into the park, as originally envisioned. The property is currently improved with a small single family house.

The property identified in this legislation has been an acquisition priority for Seattle Parks and Recreation (DPR) for over a decade. During that time, Parks has tried repeatedly to acquire this property. The property went on the market in early May 2013 and an offer was accepted before the City had a chance to respond. The buyer has agreed to assign its purchase and sale agreement to the City if the City pays its expenses incurred, which are modest. The acquisition of this property is identified in the Greenwood neighborhood plan as well as the 2009 Greenwood Park master plan. While we hope to reach a negotiated agreement with the owner (DPR has asked the owner for certain modifications to the purchase and sale agreement, including a delayed closing date to allow time for environmental site assessment and Council authorization), the attached Council Bill authorizes the City to acquire the property through the process of condemnation, should it become necessary.

The acquisition of this property will help meet the City's goal of providing parks within walking distance for residents in urban villages, and will serve the needs of Greenwood for many years to come. Thank you for your consideration of this legislation. Should you have questions, please contact Donald Harris at 684-8018.

Sincerely,

Michael McGinn
Mayor of Seattle
