**Legislation Title:**

AN ORDINANCE relating to the City Light Department; declaring surplus a certain portion of real property in Pend Oreille County owned by The City of Seattle that is no longer required for providing public utility service and authorizing the sale and conveyance of the surplus property to the Bonneville Power Administration ("BPA") by quit claim deed.

**Summary of the Legislation:**

This legislation declares certain real property in Pend Oreille County surplus to Seattle City Light's needs and authorizes the sale of the real property to Bonneville Power Administration.

**Background:**

The City of Seattle is the owner of certain parcels of real property, Tax Parcel Numbers 434010503000 and 434010500002, in Pend Oreille County, Washington. The parcels total 49.54 acres or 2,157,962 square feet. Bonneville Power Administration ("BPA") owns Tax Parcel Number 434010503001 in Pend Oreille County, Washington, commonly known as the BPA Boundary Substation.

BPA offered to purchase a piece of City of Seattle's parcel 434010503000 that is immediately east of and adjacent to BPA's substation. The piece totals approximately 26,400 square feet, or approximately 0.61 acres. The reason for the purchase is that BPA needed to expand its substation to meet its obligations under various agreements with other utilities. The offer to purchase was made under threat of eminent domain.

The land was valued by BPA appraisers using federal appraisal methods, and the fair market value of the property was determined to be \$1,000. BPA agreed to pay City Light that amount on conveyance of the property. City Light issued a permit to BPA in 2009 to allow BPA to begin construction of its substation expansion, and collected the \$1,000 payment for the property under that permit.

City of Seattle  
Office of the Mayor

October 22, 2013

Honorable Sally J. Clark  
President  
Seattle City Council  
City Hall, 2<sup>nd</sup> Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill that authorizes Seattle City Light to sell a portion of City of Seattle property to the Bonneville Power Administration (BPA) for the expansion of the BPA's Boundary Substation in Pend Oreille County, Washington.

The BPA needed to expand its Boundary Substation to install an additional transformer, to meet its obligations to other utilities in Pend Oreille County. The City of Seattle owns the adjacent property as part of the Boundary Dam Hydroelectric Project. This legislation will authorize the sale of the needed property to the BPA for the fair market value of \$1,000.

City Light is pleased to be able to work with the BPA to help them meet their service obligations. Thank you for your consideration of this legislation. Should you have questions, please contact James Baggs at 684-3260.

Sincerely,

Michael McGinn  
Mayor of Seattle
