Seattle, May 4th 1935.

To the HONORABLE CITY COUNCIL
of the City of Seattle,
County-City Bldg., Seattle.

Gentlemen:

The proponents of our "Quay" (KE) job and its designation of "Cosmos Quay" on Seattle Central Water Front, having remained very quiet the past three months, have allowed certain others to advance their views.

We now beg to state as follows- The Board of Public Works and your Honorable Body were absolutely correct in endorsing the "Quay" character of work, and the designation of "Cosmos Quay", causing the latter name to be embodied in an Ordinance drafted by the legal department of the City. The extent of this "Quay" specified in the Ordinance, as from Holgate to West Garfield streets is economically correct also. The several features, of which we know, to fit into the "Quay" within these bounds will cause it to become Seattle's most attractive and profitable asset.

The undersigned and many others in sympathy with this project, hereby respectfully claim all the ground which we have gained and will appreciate a favorable culmination of our efforts.

For our whole industrial welfare, let us pull for "Cosmos Quay" (KE) "OVER LAND AND OVER SEA". Make Seattle a World Port with pronounced world revenue.

The Council Committee-Clerks have a display relative hereto, for your inspection. Thanking you, I remain

Yours very respectfully,

George D. Root
