Gentlemen:

This department is receiving complaints, which increase daily, relative to the early collection of garbage in residential districts of the city.

I respectfully refer you to page 5, section 16, subdivision D, of the original contract under which you are operating which reads as follows:

"In residential districts once per week between the hours of 6:00 a.m. and 9:00 p.m."

This section refers exclusively to the division of the city into districts and the hours of collection stipulated for each district.

This is to inform you that I must insist upon strict adherence to the wording of the contract under which you are now operating or else it will be necessary that I take steps to remedy same as provided for under this contract.

Very truly yours,

Frank M. Carroll, M.D.
Commissioner of Health
