IN RE:

File No. 229313

August 3, 1936

Honorable Board of Public Works
Seattle, Washington

Gentlemen:

We are returning herewith Comptroller's File No. 229313, being the petition of property owners for the vacation of the North-South Alley in Block 2, Bell's Garden Addition, being the alley lying between Seward Park Avenue and Brighton Lane north of Myrtle St., with our report and recommendation.

The petition contains valid signatures of 70.64% of the owners of the abutting property. There are two City light poles in the area that may have to be relocated if the alley is vacated. There are no improvements and the alley is not needed to serve abutting lots, as the homes constructed thereon have garage entrances on adjacent streets.

This alley forms a "T" connection to the alley extending to Brighton Lane on the east which is not considered for vacation at this time. This east alley serves for entrance to garages, and if it is ultimately improved to its fullest extent, there should be a turnaround constructed, using a portion of the North-South alley.

We recommend that the petition for vacation be granted, provided that an 8-foot-wide portion of the alley, approximately 40 feet long, at the intersection of the unvacated east leg, be reserved for a turnaround, and that the City reserve the right to maintain, operate, or reconstruct existing overhead utilities; and should future improvements on this vacated portion of property necessitate rearrangement or removal of the Utilities' equipment, the Utilities are to be reimbursed for the expense.

Very truly yours,
