FUNCTIONS

F. C. RAMON
Chief of Police

PATROL DIVISION

Protection of life and property, crime repression, preservation of the public peace, traffic control, investigation of crimes and criminals, recovery of stolen property, regulation of public conduct and special event or public service are the major purposes of the Seattle Police Department. Officers of the Patrol Division achieved a high level of performance regarding these major purposes during 1962. Patrol Division officers function as a central task force in regards to every department purpose. Their success is due to the proficiency and esprit de corps of the individual officer and the fine support and discipline exhibited by all ranks of the other divisions. The Patrol Division is comprised of 567 police and 7 civilian personnel.

C. A. ROUSE
Assistant Chief

TRAFFIC DIVISION

A significant reduction in traffic fatalities was achieved during 1962 in spite of the increased traffic volume generated by the World's Fair. Needs for police traffic supervision were met during heavy tourist impact periods and high levels of enforcement activities were maintained throughout the year. Accident enforcement and on-view enforcement, directed at hazardous moving violations, both increased approximately 10%.

R. H. GREEN
Deputy Chief

DETECTIVE DIVISION

This Division in 1962 reorganized functions and supervisors to create a more efficient and workable force. Supervisory personnel are now employed in those positions of command only. As will be noted, a substantial increase in Part I Offenses is apparent, but at the same time the clearances numerically and percentage-wise have improved to offset the gain. Holding the line during the Seattle World's Fair was an accomplishment worthy of the members of the Detective Division, faced with the tremendous influx of visitors and the problems that accompanied them. Another significant addition to the Division in 1962 was that of the Women's Bureau which was transferred from the Staff Division and has become an integrated part of the detective function.

A. A. KRETCHMAR
Deputy Chief

STAFF DIVISION

The World's Fair impetus initiated an extensive search for qualified recruits. Continuous testing was effective in obtaining candidates for the short but many intensive recruit indoctrinations and two 13 week academy sessions. By patrolling areas where juveniles congregate and prompt investigation and follow-up, offenses were reduced and juvenile control enhanced the strength of the line units. The planning and coordination with other agencies by the Intelligence, Narcotics and Vice Details was an effective deterrent to crime and vice activity that would otherwise have occurred during the World's Fair. Public Relations continued to promote understanding and build confidence among citizens.

M. E. COOK
Deputy Chief

SERVICES DIVISION

The Services Division is responsible for the preparation of the Police Department budget. Equipment and supplies necessary for its operation, maintaining records and supplying needed statistical information, storing evidence and assigning prowler cars are under the supervision of this division. Requests for help and complaints are handled through the Central Complaint Bureau, part of this division. Other units are the Business Office, Identification Bureau, Crime Laboratory, City Jail and Jail Kitchen. There are 55 police and 113 civilian personnel assigned to this division.

The Honorable Gordon S. Clinton
Mayor
City of Seattle

Dear Sir:

During calendar year 1962 the biggest problem presented to the Police Department was, of course, that of Century 21. As the statistics in this report show, the crime and traffic problems anticipated did not develop to nearly the extent for which we were prepared. There was a substantial increase in offenses reported to the Seattle Police. The rate of settlement in all offenses, however, continued to exceed the national average.

There have been several significant advances for the Seattle Police Department in 1962. Some of these are:

1. The changing from one frequency for radio broadcasts to three frequency operation.
2. The modification and improvement of the City Jail to meet all of the standards necessary for certification by the U.S. Department of Prisons.
3. The deployment and use for police manpower so that maximum utilization is directed towards community security.

4. The transfer of the

4. The transfer of the Women's Bureau to the Detective Division. This transfer is the final step in accomplishing the recommendations insofar as is possible of the Booz-Allen-Hamilton Survey.
5. Continued upgrading of the equipment, personnel and operations of the Harbor Police. This includes the placing into operation a reconstructed landing craft for the purpose of cleaning debris from the harbor.

The statistical section of this report reflects a 25% increase in Part I Offenses which appears worse than it actually is. This is an increase of 4,500 offenses. However, 2,500 of these were in larcenies under \$50.00; 800 of them in larcenies over \$50.00 and 300 in auto theft.

In the crimes of major significance, while there is an increase of 8% (552 over 513) in the crime of robbery, this is almost exactly on the ten year average of robberies. Aggravated assaults increased by almost 80% which, of course, brings the total percentage increase to a higher level. An analysis of the statistics though shows two significant increases directly chargeable to police action, that is, arrests increased 18% in the calendar year 1962 over 1961 and the rate of settlement of all crimes remained at a high level. One obvious conclusion of an exacting scrutiny of the crime statistics indicates that crime in Seattle is not of the highly professional or organized crime activities.

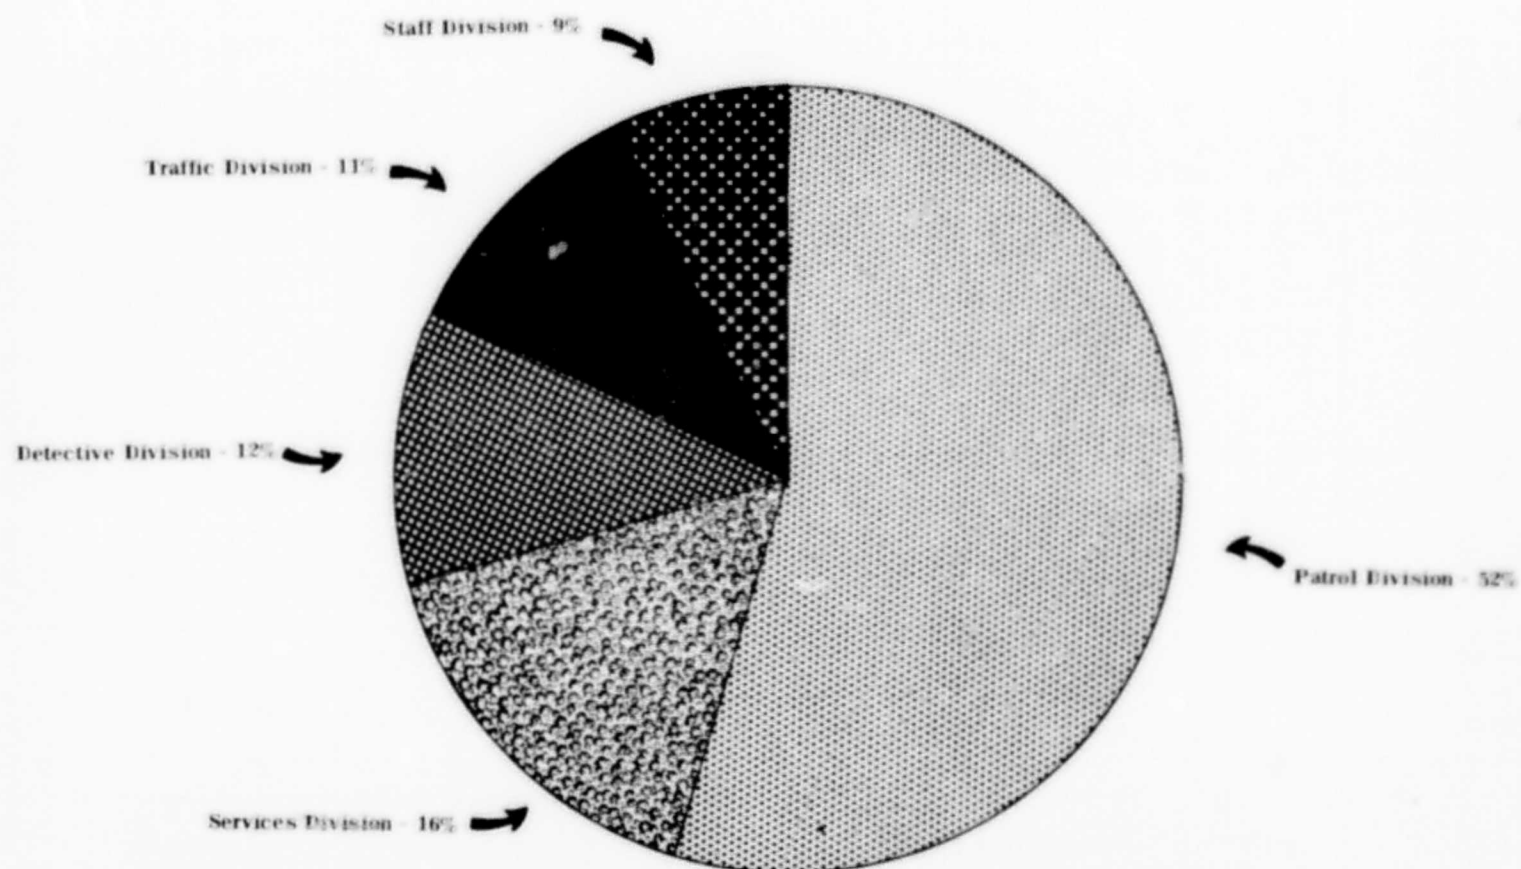

With the closing of Century 21, the completion of the Academy training of all personnel, it is anticipated that 1963 will show substantial gains in the field of crime repression and apprehension of violators.

Yours very truly,

F. C. Ramon

 ** Reckless Driving is always charged in addition to the charge of Drunken Driving. This makes it possible for courts to dismiss or strike the Drunken Driving and convict on Reckless Driving. Of the 465 cases Dismissed or Stricken, 80 were Dismissed or Stricken on both counts.
 *** The Police Department has been responsible for 27% of the total parking citations issued during 1962.
 NOTE: In January, 1959 the handling of traffic citations issued to juveniles was discontinued. Juveniles cited for traffic violations are referred directly to the Juvenile Court by the Municipal Traffic Court. There were 3867 citations on Hazardous violations issued to juveniles in 1962 which were handled in this manner.
