Miss Evelyn Tronca
2506 - 30th Avenue South

Dear Miss Tronca:

Your protest against holding rock festivals in Sicks' Stadium was considered by the Parks and Public Grounds Committee of the City Council at its meeting on August 4, 1970.

It is recognized that rock festivals are a source of irritation to some citizens as well as posing other problems. For these and other reasons no future rock festivals are presently planned for Sicks' Stadium.

However, please recognize that a good number of people find this type of entertainment highly enjoyable as others do football games, Seafair parades and festivals, hydroplane races, Shriners' conventions, and other similar activities which may interfere with individual citizens and community quiet. Hopefully, through noise pollution studies and other efforts of the City Council and City officials, we will find a way to meet all of the various entertainment needs of the citizenry while protecting the quiet and peace of the rest.

Your concern for this problem is shared by the City Council and future ideas and suggestions would be welcome.

Very truly yours,

W. C. Heib, Jr.

To The City Council,

I fail to see the reasoning you or the Mayor are using. You hire people to study noise pollution and yet you authorize a rock festival in a residential area and subject all of us to this loud noise (not music).

I tried phoning the police to have it subdued but there was nothing they could do because you and the Mayor authorized it.

I wonder how you would like it, or better still, if you could stand it from 12 - 9:30. By the way we were told it would start at 2:00.

Do you think this is justifiable? Don't you understand that people who work all week are entitled to a little relaxation and peace in their own homes.

We signed a petition beforehand, but that went unheeded and I presume this letter will too.

Sincerely

Bryon Lerica

Members of City Council.

Dear Sirs:

Please - why do we have
to be run over by the hippies
congregating in our neighborhood?
This Rock Festival at Sicks
Stadium is silly - They should
be held outside of the city and
the noise is horrible.

I consider myself a law-abiding
citizen and I want
my home for myself unless
I invite friends to my house
- I think I'm entitled to
my privacy. They don't notice
the no parking signs or
anything.

Please - no more Rock
Festivals here
