City of Seattle Taxicab, Transportation Network Company Vehicle and For-Hire Vehicle Rules

Rule FOR-HIRE TRANSPORTATION-05-2020

Reduce the Taxicab and For-Hire Vehicle Annual Medallion and Related Fees (SMC 6.310.150.A and .C)

The Seattle Municipal Code authorizes the Director of the Department of Finance and Administrative Services (FAS) or his or her designee (the Department Director) to adjust any of the fees applicable to taxi associations, taxicabs, for-hire vehicles and for-hire drivers after considering the following nonexclusive factors:

- The projected costs and annual budget allotted for enforcement and regulatory costs across the for-hire transportation industry,
- The need for increased street inspection in order to reduce illegal activity,
- The total number of trips originating in Seattle across the for-hire transportation industry, and
- The administrative burden of issuing additional taxicab licenses, TNC licenses, for-hire driver's licenses and TNC vehicle endorsements.

The purpose of any adjustment is to ensure that the fees cover the Department Director's enforcement and regulatory costs.

The Coronavirus public health crisis has significantly affected the for-hire industry. Fewer trips have caused more than 300 taxicab and for-hire vehicle medallion owners to temporarily stop operating and place their medallions on hold. As a result, FAS projects reduced enforcement and regulatory costs through year end.

In response, the Department Director will provide financial relief to the owners of taxicab and for-hire vehicle medallions. Effective for the 2021 licensing year¹ only, the Department Director will:

- Reduce the annual medallion (license) fee from \$500 to \$300,
- Reduce the late fee (medallion (license) renewal) from \$60 to \$30,
- Reduce the change of vehicle medallion owner (licensee) July – December fee from \$500 to \$300, and
- Reduce the change of vehicle medallion owner (licensee) January – June (half year) fee from \$250 to \$150.

The table below shows the fee reductions. All other fee amounts remain unchanged.

For any outstanding medallion (license) fee due to the City, the fee amount in effect during that licensing year is still applicable. For example, if a medallion owner (licensee) needs to pay the medallion (license) fee for 2017 in the 2021 licensing year, the fee due is \$500, not \$300.

¹ The 2021 licensing year begins on July 1, 2020, and ends on June 30, 2021, per SMC. 6.310.350.A. However, the reduced 2021 fee amount will be valid when a medallion owner pays that fee in the future. For example, if a medallion owner (licensee) pays the 2021 medallion fee and late fee after June 30, 2021, the amounts charged would be \$300 and \$30, not \$500 and \$60.
