To the Honorable City Council;

Seattle, Washington.

A number of the residents of this city, living along Yesler Way and who travel by that line to reach their homes are much distressed by the unsightly condition of that thorough-fare and have formed themselves into the Yesler Way Improvement Club. They therefore do most respectfully petition your honorable body to immediately condemn and order the raising of the buildings and the removal of the dirt on the triangle in front of the City Hall as being a nuisance and inimical to the public welfare. And as there are to be many thousand Eastern visitors to our city in early July we also request and urge the painting and general improvement of all City buildings and grounds.

Action of Club at last meeting.

Seattle, Washington., May 25, 1907.
