

Memo

Date: April 24, 2024
To: Seattle City Council President Sara Nelson
 Scheereen Dedman, City Clerk
From: Kiersten Grove, Acting Department Director, Finance and Administrative Services
Subject: 2024 Long-Term Overnight Vehicle Assignments

Per Seattle Municipal Code 3.126.010 and Executive Order 2018-05, please find attached the list of City of Seattle vehicles and the corresponding positions to which long-term overnight vehicle assignments have been made.

City departments making these assignments are responsible for ensuring overnight vehicles are used in accordance with at least one of the following criteria established in the Seattle Municipal Code:

- i. “The relative cost of having an employee provide his or her own transportation (whether in automobile reimbursement or lost productive time) is greater than the cost associated with overnight vehicle use; or
- ii. “Employees who, on a continuous basis, have primary supervisory responsibility (first called out) in case of an emergency and whose immediate response is required to save life or property, including employees and officials who have responsibilities of implementing the City's disaster plan, or
- iii. “Employees who, on a continuous basis, are on call in case of an emergency and who require special tools and equipment carried in their assigned vehicles in order to perform their emergency duties.” (SMC 3.126.010, section D)

The following table summarizes the number of City employees authorized to use vehicles overnight in 2023 and 2024. Detailed lists by department, position title, and vehicle ID for 2024 are enclosed.
