DISPOSITION

REPORT OF COMMITTEE

Mr. President:

Your

Health and Sanitation
Petition

Committee

to which was referred the within

would respectfully report that we have considered the same and respectfully recommend that the Sumner
Committee include a sufficient amount in the
next levy to provide for the removal of
said hospital to a new site and the erection
of new buildings.

CHAIRMAN

R. Marshall

Wm O'Connell
Mrs O'Connell

To the Honorable Mayor and Council of the city of Seattle,

Gentlemen:

We your petitioners, property owners, and residents of the 12th ward do respectfully call your attention to the fact that the city of Seattle is maintaining a pest house being used for smallpox's purposes within said ward located on Cedar River pipe line right-away.

We your petitioners do respectfully maintain that said pest house is injurious to property values, and dangerous to health in said ward, and has for all the years last past stopped the growth of said city of Seattle Southward, and will continue so to do if not removed, now therefor we your petitioners do respectfully petition your Honorable body to at the earliest possible moment have said pest house removed from said ward.
