CHAS. MCALISTER
ASST. SECRETARY

BOARD OF PUBLIC WORKS

To the Honorable, The City Council,
City of Seattle,
Seattle, Washington.

Gentlemen:

I have to respectfully invite your attention to the following communication addressed to the Board of Public Works by the Seattle Federation of Women's Clubs, and referred by the Board of Public Works to this Department for recommendation to your Honorable Body, to-wit:

TO THE HONORABLE
THE BOARD OF PUBLIC WORKS
OF THE CITY OF SEATTLE.

The Seattle Federation of Women's Clubs beg leave to ask the favorable attention of your honorable body, to the imperative and urgent importance of the further and additional construction of suitably located comfort stations - to accommodate the several street railway transfer points, and the more congested districts within the business radius of our rapidly increasing population. It is more urgent at this time, by reason of the divers cares and the multiplicity of tasks that each of the coming months may impose upon all, in the effort of making adequate preparation for the tourist and exposition travel of 1909. And your petitioners will ever pray.

(SIGNED)

MRS. WM. P. HARPER, Pres.
MRS. M. J. LOVELESS, Sect.

Dated: June 27th, 1908.

I heartily endorse the statements contained in the above petition and would respectfully recommend such action as will contribute

ASST. SECRETARY

to the securing of additional public comfort stations as petitioned.

In this connection I would invite your attention to the fact that Ordinance No.17002, appropriating \$12,000.00 for the construction of two public comfort stations, and approved September 24, 1907, contains a balance of only \$84.00 at the present time, with no portion of the appropriated sum applied toward the construction of the second station.

Respectfully submitted,

Daniel W. Grant
Superintendent of Buildings.
