The City's legislative authority finds that the protection, enhancement, perpetuation and use of sites, improvements and objects of historical, cultural, architectural, engineering or geographic significance, located within the City, are required in the interest of the prosperity, civic pride and general welfare of the people; and further finds that the economic, cultural and aesthetic standing of this City cannot be maintained or enhanced by disregarding the heritage of the City and by allowing the unnecessary destruction or defacement of such cultural assets.

25.12.535 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

negotiations, or notifies the staff in writing that the owner declines to negotiate controls and incentives, the staff shall prepare and transmit to the Board its recommendations for controls and incentives for the subject site, improvement or object to be considered at a public meeting at the time and place specified in the notice of report on designation.

(Ord. 118012 § 89, 1996; Ord. 106348 § 8.01(a), 1977.)

If the owner and the Board staff reach written agreement within the period allotted for negotiation, the Board staff shall submit the agreement to the Board for approval at a Board meeting to be held not later than thirty (30) days after the written agreement is signed by the owner. Notice of such Board meeting shall be served on the owner and mailed to interested persons of record at least fifteen (15) days prior to such meeting. Within five (5) working days after such meeting the Board shall serve upon the owner, and mail to interested persons of record, notice of its approval or disapproval of the agreement and specify the reasons therefor.

In the event the Board staff and the owner are unable to reach an agreement, or the agreement reached is disapproved by the Board, the Board shall file its recommendation on controls and incentives, with the Hearing Examiner, serve it on

the owner, and mail a copy to interested persons of record. The controls proposed in such recommendation shall relate to the specific feature or features of the site, improvement or object which are identified in the Board's report on designation. The recommendation shall set forth the reasons for the proposed controls and for any proposed incentives. The recommendation shall, in addition, state the circumstances under which a certificate of approval shall be required with respect to any alteration or significant change to the site, improvement or object if the proposed controls are imposed.

(Ord. 118012 § 91, 1996; Ord. 106348 § 8.03, 1977.)

25.12.530 Filing of recommendation and objections with Hearing Examiner.

(Ord. 118012 § 92, 1996; Ord. 106348 § 9.01, 1977.)

25.12.535 Owner's objections to Board's recommendation.

B. If objections are timely filed with the Hearing Examiner, then the Hearing Examiner, the Hearing Examiner shall set the matter for a hearing which shall be held within seventy (70) days of the filing of the latest objections, and promptly notify the Board, the owner, and any other person who filed objections of the date and time for the hearing.

(Ord. 118012 § 94, 1996; Ord. 106348 § 9.02, 1977.)

25.12.570Basis for Hearing Examiner's recommendation.

On the basis of all the evidence presented at a hearing, the Hearing Examiner shall determine whether to recommend all or any of the proposed controls and economic incentives, and/or whether to recommend a modified version of any of the proposed controls or incentives. The Hearing Examiner, except upon written agreement with the owner, shall not recommend any control which directly regulates population density; provided that the Hearing Examiner may recommend a control which indirectly affects density by controlling a specific feature of a site, improvement or object. The Hearing Examiner shall not recommend any control which is not set forth with adequate specificity, or which is inconsistent with any provision of this chapter, or for which the reason and need is not established with respect to the specific features and characteristics of the site, improvement or object to be preserved, or which requires that the site, improvement or object be devoted to any particular use, or which imposes any use restrictions, or any control or incentive if the effect of such control, incentive or combination thereof would be to prevent the owner from

realizing a reasonable return on the site, improvement, or object.

(Ord. 106348 § 9.05(a), 1977.)

25.12.580Owners shall not be deprived of reasonable economic use.

In no event shall the recommendation of the Hearing Examiner or any proceedings under or application of this chapter deprive any owner of a site, improvement or object of a reasonable economic use of such site, improvement or object.

(Ord. 106348 § 9.05(b), 1977.)

25.12.590Factors to be considered.

Only the following factors may be considered in determining the reasonable return on a site, improvement or object:

A. The market value of the site, improvement or object in its existing condition taking into consideration the ability to maintain, operate or rehabilitate the site, improvement or object:

1. Before the imposition of controls or incentives, and

2. After the imposition of proposed specific controls and/or incentives;

B. The owner's yearly net return on the site, improvement or object, to the extent available, during the five (5) years prior to the imposition of specific controls and/or incentives;

C. Estimates of the owner's future net yearly return on the site, improvement or object with and without the imposition of proposed specific controls and/or incentives;

D. The net return and the rate of return necessary to attract capital for investment:

1. In such site, improvement or object and in the land on which the site, improvement or object is situated after the imposition of the proposed specific controls and/or incentives, if such information is available, or, if such information is not available,

25.12.650 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

2. In a comparable site, improvement or object and in the land on which such comparable site, improvement or object is situated; and

E. The net return and rate of return realized on comparable sites, improvements or objects not subject to controls imposed pursuant to this chapter.

(Ord. 106348 § 9.05(c), 1977.)

25.12.600 Information.

It shall be the responsibility of the owner to provide the Hearing Examiner with such information as is necessary and sufficient to determine yearly net return under Section 25.12.590 B and C.

(Ord. 118012 § 96A, 1996: Ord. 106348 § 9.05(d), 1977.)

(Ord. 118012 § 97, 1996: Ord. 106348 § 9.06, 1977.)

25.12.620 Right of appeal to Council.

Any party of record before the Hearing Examiner may appeal the recommendations of the Hearing Examiner regarding controls and incentives by filing with the Council and serving on all other parties of record a written notice of appeal within thirty (30) days after the Hearing Examiner's decision is served on the party appealing.

(Ord. 118012 § 98, 1996: Ord. 106348 § 10.01, 1977.)

25.12.630 Procedure on appeal to Council.

A. Any appeal from the recommendation of the Hearing Examiner shall be considered by the Council on the record only. The Hearing Examiner shall promptly prepare, certify and file with the Council such record, which shall consist of all documents and exhibits submitted to the Hearing Examiner (except to the extent that the same are already before the Council) and a transcript of all oral proceedings before the Hearing Examiner,

unless all parties waive submission of the transcript. The appellant shall be responsible for the reasonable costs of preparation of the record unless the appeal is successful, in which event the Council may apportion such reasonable costs as it deems appropriate.

B. The Council or committee to which such appeal is referred shall notify the Board and any appellant of the procedures established for such hearing and of the date and time when it will hear oral argument, if any, from the parties or their representatives upon the issues which are the subject of such appeal. Such notice shall be served upon the Board and the owner not less than twenty (20) days before the date of such oral argument.

(Ord. 118012 § 99, 1996: Ord. 106348 § 10.02, 1977.)

25.12.640 Council action on appeal.

A. The Council shall act upon the appeal within ninety (90) days of receiving the Hearing Examiner's recommendation.

B. Council action is necessary to complete the process for designation of a landmark. The Council may:

1. Enact a designating ordinance that specifies the controls and incentives being imposed on a site, improvement, or object approved for designation by the Board;

2. Modify controls and incentives negotiated by the owner and the Board or recommended by the Board or the Hearing Examiner, and enact a designating ordinance embodying such modifications; or

3. Decide not to enact a designating ordinance and thereby decline to impose controls and incentives. A Council decision not to enact a designating ordinance shall terminate the proceedings pursuant to Section 25.12.850 of this chapter.

(Ord. 118012 § 100, 1996: Ord. 106348 § 10.03, 1977.)

25.12.650 Designating ordinance—Amendment or repeal.

The Council may by ordinance amend or repeal any designating ordinance; provided that if a designating ordinance is enacted, no proceedings may be commenced under this chapter to impose other or further controls on the landmark that is

(Seattle 6-96)

covered by the designating ordinance within four (4) years from the effective date of such designating ordinance without the agreement of the owner in writing.

(Ord. 118012 § 101, 1996; Ord. 106348 § 11.01(a), 1977.)

25.12.670 Requirement of certificate of approval.

After the filing of an approval of nomination with the Director of Construction and Lane Use and thereafter as long as proceedings for a designation are pending or a designating ordinance so requires, a certificate of approval must be obtained, or the time for denying a certificate of approval must have expired, before the owner may make alterations or significant changes to specific features or characteristics of the site, improvement or object, which are identified in the approved nomination, or the Board report on designation, or subject to controls in a controls and incentives agreement or a designating ordinance, whichever is most recent.

(Ord. 118012 § 103, 1996; Ord. 106348 § 12.01, 1977.)

25.12.680 Application for certificate of approval—Filing.

A. Application for a certificate of approval shall be made by filing an application for such certificate with the Board.

B. The following information must be provided in order for the application to be complete, unless the Board staff indicate in writing that specific information is not necessary for a particular application, or the applicant makes a written request to submit an application for a preliminary design as set forth in subsection E below, and the staff agrees to the application:

1. Building name and building address;
2. Name of business(es) located at the site of the proposed work;
3. Applicant's name and address;
4. Property owner's name and address;
5. Applicant's telephone number;

7. Confirmation that the fee required by SMC Chapter 22.901T of the Permit Fee Subtitle has been paid;
8. A detailed description of the proposed work, including any changes it will make to a landmark;
9. Four (4) sets of scale drawings, with all dimensions shown of:
 - a. A site plan of existing conditions, showing adjacent streets and buildings, and a site plan showing proposed changes,
 - b. A floor plan showing the existing features and a floor plan showing the proposed new features or changes,
 - c. Elevations and sections of both the proposed new features and the existing features,
 - d. Construction details,
 - e. A landscape plan showing existing features and plantings, and another landscape plan showing proposed site features and plantings;
10. Photographs of any existing features that would be altered and photographs showing the context of those features, such as the building facade where they are located;

12. If the proposal includes new signage, awnings, or exterior lighting:

a. Four (4) sets of scale drawings of proposed signage or awnings, showing the overall dimensions, material, graphic designs, typeface, letter size, and colors,

b. Four (4) sets of a plan, photograph, or elevation drawing showing the location of the proposed awning or sign,

b. A description of the replacement structure or object;

14. If the proposal includes replacement, removal, or demolition of existing features, a survey of the existing conditions of the features being replaced, removed, or demolished.

C. The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information, the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

D. The determination of completeness does not preclude the staff or the Board from requiring additional information during the review process if more information is needed to evaluate the application according to the standards in this chapter and in any rules adopted by the Board, or if the proposed work changes. For example, additional information that may be required could

include a shadow study when new construction is proposed.

E. An applicant may make a written request to submit an application for a certificate of approval for a preliminary design of a project if the applicant waives in writing the deadline for a Board decision on the subsequent phase or phases of the project, and any deadlines for decisions on related permit applications under review by the Department of Construction and Land Use and the applicant agrees in writing that the Board decision on the preliminary design is immediately appealable by the applicant or any interested person of record. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or Board time and resources, or would not further the goals and objectives of this chapter. To be complete, an application for a certificate of approval for a preliminary design must include the information listed above in subsection B, subparagraphs 1 through 8, 9a through 9c, 10, 13 and 14. A certificate of approval that is granted for a preliminary design shall be conditioned upon subsequent submittal of the final design and all of the information listed above in subsection B, and upon Board approval prior to issuance of permits for work affecting the landmark.

F. A certificate of approval shall be valid for eighteen (18) months from the date of issuance of the Board's decision granting it unless the Board grants an extension; provided however, that certificates of approval for actions subject to permits issued by the Department of Construction and Land Use shall be valid for the life of the permit issued by the Department of Construction and Land Use, including any extensions granted by the Department of Construction and Land Use in writing.

(Ord. 119121 § 4, 1998; Ord. 118181 § 13, 1996; Ord. 118012 § 104, 1996; Ord. 106985 § 6(part), 1977; Ord. 106348 § 12.02(a), 1977.)

25.12.690 Application for certificate of approval—In conjunction with permit application.

If an application is made to the Department of Construction and Land Use for a permit for an action which requires a certificate of approval, the Director of Construction and Land Use shall require the applicant to submit an application to the Board for a certificate of approval. Submission

25.12.690 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

of a complete application for a certificate of approval to the Board shall be required before the permit application to the Department of Construction and Land Use may be determined to be complete. The Director of Construction and Land Use shall continue to process the permit application, but shall not issue any such permit until the time has expired for acting upon the certificate of approval or a certificate of approval has been issued pursuant to this chapter.

(Ord. 118181 § 14, 1996: Ord. 118012 § 105, 1996: Ord. 106985 § 6(part), 1977: Ord. 106348 § 12.02(b), 1977.)

25.12.700 Application for certificate of approval—Similar changes.

An application for a certificate of approval shall not be accepted for filing while another application for the same or similar action is pending before the Board or on appeal, except that an application may be made for a certificate of approval for the preliminary design of a project and a later application made for a certificate of approval for a subsequent design phase or phases of the same project.

(Ord. 119121 § 5, 1998: Ord. 118012 § 106, 1996: Ord. 106985 § 6(part), 1977: Ord. 106348 § 12.02(c), 1977.)

25.12.710 Fee for certificate of approval.

The fee for such certificate of approval shall be according to the Permit Fee Ordinance (106106).¹ (Ord. 106985 § 6(part), 1977: Ord. 106348 § 12.02(d), 1977.)

¹Editor's Note: Ord. 106106 has been repealed by Ord. 107379. The current Permit Fee Ordinance is codified in Title 22 of this Code.

25.12.720 Board meeting on certificate of approval.

Within thirty (30) days after an application for a certificate of approval is determined to be complete, the Board shall hold a meeting thereon and shall serve notice of the meeting on the owner and the applicant not less than five (5) days before the date of the meeting. The absence of the owner or the applicant from the meeting shall not impair the Board's authority to make a decision on the application.

(Ord. 118012 § 107, 1996: Ord. 106348 § 12.03, 1977.)

25.12.730 Board decision on certificate of approval.

The Board shall issue a written decision granting, granting with conditions, or denying a certificate of approval, and shall provide a copy of its decision to the owner, the applicant, and the Director of Construction and Land Use, not later than forty-five (45) days after an application for a certificate of approval is determined to be complete. Notice of the Board's decision shall be provided to any person who, prior to the rendering of the decision, made a written request to receive notice of the decision or submitted written substantive comments on the application. The decision shall contain an explanation of the reasons for the Board's decision and specific findings with respect to the factors enumerated in Section 25.12.750.

(Ord. 118012 § 108, 1996: Ord. 106348 § 12.04, 1977.)

25.12.740 Appeal to Hearing Examiner.

A. Any interested person of record may appeal to the Hearing Examiner the decision of the Board to grant, deny or attach conditions to a certificate of approval by serving written notice of appeal upon the Board and filing such notice and a copy of the Board's decision with the Hearing Examiner within fourteen (14) days after such grant, denial or conditional grant.

B. When the proposed action that is the subject of the certificate of approval is also the subject of one (1) or more related permit applications under review by the Department of Construction and Land Use, then the appellant must also file notice of the appeal with the Department of Construction and Land Use, and the appeal of the certificate of approval shall not be heard until all of the time periods for filing administrative appeals on the other permits have expired, except that an appeal of a certificate of approval for the preliminary design or for subsequent design phases may proceed immediately according to Section 25.12.680 without being consolidated. If one (1) or more appeals are filed regarding the other permits, then the appeal of the certificate of approval shall be consolidated with them and shall be heard according to the same timelines established for the other appeals, except that appeals to the State Shoreline Hearings Board shall proceed independently according to the timelines set by the state for such appeals, and

except that an appeal of a certificate of approval for a preliminary design or for a subsequent design phase may proceed according to Section 25.12.680 without being consolidated. If the related permit decisions would not be appealable, then the appeal of the certificate of approval decision shall proceed immediately after it is filed.

C. The applicant for the certificate of approval may elect to have the appeal proceed immediately rather than postponed for consolidation with appeals of related permit decisions, if the applicant agrees in writing that the Department of Construction and Land Use may suspend its review of the related permits, and that the time period for review of those permits shall be suspended until the Hearing Examiner issues a decision on the appeal of the certificate of approval.

D. The Hearing Examiner shall issue a decision not later than ninety (90) days after the last of the appeals of related permit decisions is filed, or, if the applicant chooses to proceed immediately with the appeal of the certificate of approval, as provided in subsection C, then not later than ninety (90) days from the filing of that appeal. Pursuant to RCW 36.70B.090, the time period to consider and decide the appeal of a certificate of approval shall be exempt from the deadlines for review and decision on both the certificate of approval and any related permit applications. (Ord. 119121 § 6, 1998; Ord. 118012 § 109, 1996; Ord. 106348 § 12.05, 1977.)

25.12.750 Factors to be considered by Board or Hearing Examiner.

In considering any application for a certificate of approval the Board, and the Hearing Examiner upon any appeal, shall take into account the following factors:

A. The extent to which the proposed alteration or significant change would adversely affect the specific features or characteristics specified in the latest of: the Board approval of nomination, the Board report on approval of designation, the stipulated agreement on controls, the Hearing Examiner's decision on controls, or the designating ordinance;

B. The reasonableness or lack thereof of the proposed alteration or significant change in light of other alternatives available to achieve the objectives of the owner and the applicant;

C. The extent to which the proposed alteration or significant change may be necessary to meet the requirements of any other law, statute, regulation, code or ordinance;

D. Where the Hearing Examiner has made a decision on controls and economic incentives, the extent to which the proposed alteration or significant change is necessary or appropriate to achieving for the owner or applicant a reasonable return on the site, improvement or object, taking into consideration the factors specified in Sections 25.12.570 through 25.12.600 and the economic consequences of denial; provided that, in considering the factors specified in Section 25.12.590 for purpose of this subsection, references to times before or after the imposition of controls shall be deemed to apply to times before or after the grant or denial of a certificate of approval; and

25.12.760 Hearing Examiner procedure.

A. When the appeal of a certificate of approval is consolidated with appeals of related permits, then the time frames applicable to the appeals of the other permits shall apply to the appeal of the certificate of approval.

B. In all other instances, the Hearing Examiner shall serve notice of the date of the hearing on the parties not less than twenty (20) days before the hearing and shall hold a hearing not later than forty-five (45) days after the filing of the appeal. The Hearing Examiner shall issue a decision within fifteen (15) days after closing of the record, and shall serve the decision on the Board, the owner, and the applicant, and file the same with the Director of Construction and Land Use. The Hearing Examiner shall receive evidence at the

25.12.760 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

hearing upon the factors specified in Section 25.12.750 and in reaching a decision shall make findings on such factors.

C. If the Hearing Examiner determines that there is no showing of a significant change in circumstances since a denial or conditioning of a prior application for a similar certificate, the appeal shall be denied.

D. The Hearing Examiner's decision shall be final. Any judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

(Ord. 118012 § 110, 1996; Ord. 106348 § 12.07, 1977.)

25.12.770 Failure of timely decision.

If the Board or Hearing Examiner fails to issue and serve a written decision upon the Director of Construction and Land Use, the owner, and the applicant within the times specified in this chapter or, if the deadlines have been extended by agreement, by the extended deadlines, then an unconditional certificate of approval shall be deemed to have been granted and the Director of Construction and Land Use shall issue all necessary permits for the proposed alteration when all other requirements for issuance have been satisfied.

(Ord. 118012 § 111, 1996; Ord. 106348 § 12.08, 1977.)

25.12.835 Demolition.

A. It is the policy of The City of Seattle to prevent the unnecessary demolition of Landmarks. Even when a certificate of approval to demolish a Landmark has been issued because its owner is unable to make reasonable economic use of the Landmark, demolition should be delayed until the owner is ready and able to proceed with a replacement use. Such delay often will be in the owner's economic interest as well as in the public interest, and a modest additional burden on an owner will be reasonable given the substantial benefit that all citizens, including the owner, derive from the presence of Landmarks within the City.

B. Unless demolition of a Landmark is ordered for reasons of health and safety by the Director of the Department of Construction and Land Use pursuant to the requirements of SMC Section 23.40.008 B, the Department of Construc-

tion and Land Use may complete all other phases of its decision-making process, and may notify the applicant that the permit is ready to be issued when the requirements of this section have been met, but the Department shall not issue a demolition permit for a landmark until:

(Seattle 6-99)

1. A decision under Section 25.12.730 granting a certificate of approval to demolish a Landmark has become final after the expiration of any appeal period or the conclusion of any appeal; and

2. The Landmark has been recorded and documented to the Standards of the Historic American Buildings Survey (HABS) program, as administered by the National Park Service, with copies of the completed HABS documentation provided to the Library of Congress; the Office of Archaeology and Historic Preservation of The State of Washington; the Seattle Public Library; and the Special Collections and Preservation Division of the University of Washington; and

3. A Master Use Permit is ready to issue for a replacement use or structure other than a temporary use or structure or a replacement use or structure with a floor area ratio (FAR) that is not substantially less than the FAR of the landmark to be demolished; and

4. The owner demonstrates to the satisfaction of the Director of the Department of Neighborhoods that the owner:

a. Has a valid and binding commitment or commitments for financing sufficient for the replacement use subject only to unsatisfied contingencies that are beyond the control of the owner other than another commitment for financing; or

b. Has other financial resources that are sufficient (together with any valid and binding commitments for financing under subparagraph B4a above) and available for such purpose.

C. Subsections B3 and B4 shall not apply if the owner demonstrates to the satisfaction of the Director of the Department of Neighborhoods that maintaining the landmark until the conditions described in subsections B3 and B4 are satisfied would be unduly burdensome and a violation of substantive due process. Among the facts the Director should consider in determining the burden on the owner are, on the one hand, the costs of maintenance until a replacement use is ready, and, on the other hand, the costs of demolition, the interest on such costs, and the costs of maintaining a vacant site.

D. The Director also may waive or modify the requirements of subsection B2 if the Director determines that compliance with this subsection would be unnecessary or inappropriate in light of the nature and value of the Landmark.

E. In making the determinations required under this section the Director of the Department of Neighborhoods is not required to hold a hearing or act as a quasi-judicial officer. The Director should consider all relevant information and should communicate with whomever the Director believes can provide useful information or expertise. The Director shall communicate his or her decision to the applicant in writing within fifteen (15) days of receiving the required information from the applicant. Pursuant to RCW 36.70B.140, the Director's decision is exempt from the time limits and other requirements of RCW 36.70B.060 through RCW 36.70B.090, and the requirements of RCW 36.70B.110 through RCW 36.70B.130.

F. An owner may seek to meet his or her burden under subsection C at the same time that the owner seeks a certificate of approval to demolish under Sections 25.12.670 through 25.12-.730. An owner also may seek to meet his or her burden under subsection C at any time after a certificate of approval to demolish has been issued.

G. There is no administrative appeal of the decision of the Director of the Department of Neighborhoods. The Director's decision shall be final. Judicial review must be commenced within twenty-one (21) days of issuance of the Director's decision, as provided by RCW 36.70C.040. (Ord. 118012 § 118, 1996; Ord. 116540 § 1, 1993.)

Subchapter VII General Provisions

25.12.840 Service of notices.

A. Notices, decisions, and any other instruments or documents required to be served upon the owner pursuant to this chapter shall be served by mailing the same: (1) to the person shown to be the owner on the records of the Department of Finance of King County, Washington, to the address therein given and to such other addresses as may be ascertained from telephone or Polk directory listings for the City; and (2) to the owner's attorney where the files or records of the Board, the Hearing Examiner, or the Council, reveal representation in such proceedings by an attorney. Notices, applications, other instruments or documents required to be served upon the Board shall be served by delivering the same to the Historic Preservation Officer or by mailing the

25.12.845 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

same either to the Historic Preservation Officer or to the Landmarks Preservation Board at the then current address for such Officer or Board. Transmittals by mail shall be sent by first-class mail, certified with return receipt requested and with postage prepaid. Service shall be deemed to have been given when all of the steps specified above have been completed. Failure to send notice by mail to any owner whose address is not listed in the above sources, and failure to give actual notice to any owner whose name and address is unknown, shall not invalidate any proceedings in connection with the proposed designation.

B. Notice to parties of record shall include at least those documents sent to the owner. Such notice shall be served by first-class mail.

C. Notice to interested persons of record shall include at least the following: a description of the most recent action taken by the Board, the Hearing Examiner or Council; the time and place of the next public meeting or hearing, if any; the procedure to be followed at such meeting or hearing; the rights of appeal available, if applicable; and the time and place where documents in the record may be inspected. Such notice shall be served by first-class mail.

D. The Historic Preservation Officer may give such other notice as he or she may deem desirable and practicable.
(Ord. 118012 § 119, 1996; Ord. 106348 § 14.01, 1977.)

25.12.845 Requests for interpretation.

A. An applicant for a certificate of approval may request an interpretation of the meaning of any part of this chapter as it relates to the requested certificate of approval. An interpretation shall not have any effect on certificates of approval that have already been granted, or on the provisions of an enacted designating ordinance.

B. An interpretation shall be requested in writing, specifying the section of the code to be interpreted, and specify the question to be addressed. Requests shall be submitted to the Historic Preservation Officer.

C. If the requested interpretation relates to a certificate of approval that is subject to the deadlines set by RCW 36.70B, then the request for an interpretation cannot be made any later than fourteen (14) days after the application for the certificate of approval was submitted. Provided, however, that a request for an interpretation may

be sought by the applicant at a later time if the applicant agrees in writing to suspend the time frames for review of the certificate of approval, and the time frames applicable to any related permits that are under review, until the interpretation is issued.

D. Interpretations shall be made in writing by the Historic Preservation Officer, and shall be issued within twenty-five (25) days of submission of the request. The interpretation decision shall be provided to the requesting party, and notice of the decision shall be mailed to parties of record and interested persons of record.

E. A fee shall be charged for interpretations in the amount provided in the Permit Fee Subtitle of the Seattle Municipal Code, Chapter 22.901E, Table 6, Land Use Fees, and shall be collected by the Department of Neighborhoods.

F. An interpretation may be appealed by the applicant if the certificate of approval that the interpretation addresses is denied and the applicant is appealing the denial, or if the interpretation relates to conditions placed on the certificate of approval that the applicant is appealing. An appeal of an interpretation shall be filed at the same time as appeal of the related certificate of approval, and shall be consolidated with the appeal of the related certificate of approval. Appeal of the interpretation shall proceed according to the same procedures and time frames provided in Sections 25.12.740 and 25.12.760 for appeal of a certificate of approval, including the provisions of consolidation with appeals of any related permit decisions.

G. The Hearing Examiner shall give substantial weight to the Historic Preservation Officer's interpretation. The appellant shall have the burden of establishing that the interpretation is erroneous.

H. The Hearing Examiner may affirm, reverse, or modify the Historic Preservation Officer's interpretation, in whole or in part. The Hearing Examiner may also remand the interpretation to the Historic Preservation Officer for further consideration.

I. The decision of the Hearing Examiner shall be final. The Hearing Examiner's decision shall be binding upon the Historic Preservation Officer and the Board, as well as all parties of record to the proceeding. Copies of the Hearing Examiner's decision shall be mailed to the Historic Preservation Officer and to all parties of record before the Hearing Examiner. Judicial review

(Seattle 6-99)

must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040. (Ord. 118012 § 120, 1996.)

25.12.850 Termination of proceedings.

A. In any case where a site, improvement, or object is nominated for designation as a landmark site or landmark and thereafter the Board fails to approve such nomination or to adopt a report approving designation of such site, improvement or object, such proceeding shall terminate and no new proceeding under this chapter may be commenced with respect to such site, improvement or object within five (5) years from the date of such termination without the written agreement of the owner, except that when the site or improvement nominated is Seattle School District property and is in use as a public school facilities, no new proceeding may be commenced within ten (10) years from the date of such termination.

B. In any case where a site, improvement or object has been designated by the Board, in the absence of a written agreement with the owner deferring consideration of the imposition of controls or Board approval of a negotiated agreement pursuant to Section 25.12.500, such proceeding shall terminate and no new proceeding under this chapter with respect to such site, improvement or object may be commenced within four (4) years from the date of such termination without the written agreement of the owner if:

1. The Board fails to file with the Hearing Examiner its statement of proposed controls within the time prescribed in Section 25.12.530; or

2. The Hearing Examiner does not issue a decision which recommends controls, together with a proposed form of designating ordinance, within one hundred (100) days after the filing of the Board's recommendations on controls and incentives, or within such further time as the Board and the owner may agree to by written stipulation; provided, that if the Hearing Examiner issues a decision which does not recommend controls such proceedings shall terminate if no appeal is filed with the City Council within the time limited for filing such appeal.

C. In any case where a designating ordinance imposing specific controls is enacted, no further proceedings under this chapter to impose other or further controls on such landmark or landmark site may be commenced within four (4) years from the effective date of such designating ordinance without the written agreement of the owner.

D. When delays in the proceedings pursuant to this chapter result from any of the following:

1. The owner's request for a continuance or extension; or

2. The owner's stipulation to a continuance or extension; or

3. The requirements of any other ordinances or any statutes; or

4. The institution of court proceedings challenging any proceedings under any section of this chapter;

25.16.010 Legislative findings and purposes.

Throughout the City there are a few areas that retain individual identity through consistent historical or architectural character. The protection, enhancement, and perpetuation of such areas is in the interest of the prosperity, civic pride, and general welfare of the citizens of Seattle. The aesthetic standing of this City cannot be maintained or enhanced by disregarding the heritage of its communities or by allowing the destruction or defacement of these cultural assets. Ballard Avenue is an area of historical significance to the

community of Ballard and The City of Seattle. The purposes for the creation of a Ballard Avenue Landmark District are:

A. To preserve, protect, enhance, and perpetuate those elements of the District's cultural, social, economic, architectural, historic, or other heritage;

B. To foster civic pride in the significance and accomplishments of the past;

C. To stabilize or improve the aesthetic and economic vitality and values of the District;

D. To promote and encourage continued private ownership and utilization of such buildings and other structures now so owned and used; and

E. To promote the local identity of the area to the extent that the objectives previously listed can be reasonably attained under such a policy.

(Ord. 105462 § 1, 1976.)

25.16.020 Legal description.

all in Seattle, King County, Washington, and illustrated on a map attached as Exhibit “A” to Ordinance 105462 which is codified at the end of this chapter; and the custodian of the Official Zoning Map of the City is directed to add said District to the Official Zoning Map. All property within said District shall be subject to the controls, procedures and standards set forth or provided for in this chapter.
(Ord. 105462 § 2, 1976.)

25.16.030 Criteria for designation of the District.

A. Ballard Avenue has significant interest and value as part of the development of Seattle. Lumber and other mills located in Ballard contributed significantly to the rebuilding of Seattle following the 1889 fire. Certain commercial buildings on Ballard Avenue dating from the same era as those lumber and shingle industries are all that remain of the early “boomtown.” Ballard Avenue therefore represents the early history and heritage of the Ballard community which has contributed greatly to the development of Seattle.

B. Ballard Avenue exemplifies the historic heritage of the Ballard community. It was the location of the first commercial development in Ballard before business interests moved further north to Northwest Market Street.

C. A significant number of buildings within the Ballard Avenue Landmark District embody the distinctive characteristics of turn-of-the-century modest commercial architecture. They possess integrity of location, compatibility of design, scale, and use of materials, and impart a feeling of association and sense of place.
(Ord. 105462 § 3, 1976.)

25.16.040 Ballard Avenue Landmark District Board—Created— Membership.

There is created the Ballard Avenue Landmark District Board (hereinafter called the “District Board”), which shall consist of seven (7) members, five (5) of whom shall be chosen at annual elections called and conducted by the Director of the Department of Neighborhoods (hereinafter called the “Director”) for such purpose and at which all residents, tenants, persons who operate businesses and property owners of the Ballard Avenue Landmark District, of legal voting age, shall be eligible to vote. The elected membership of the District Board shall include two (2) prop-

erty owners, two (2) property owner-district business persons, and one (1) tenant or resident. The remaining two (2) members of the District Board shall be appointed by the Mayor and approved by the City Council, and shall be an architect and a Ballard historian or a person having a demonstrated interest in the Ballard community. Initial terms for two (2) of the elected and one (1) of the appointed members shall be for one (1) year, and initial terms for the remaining four (4) persons shall be for two (2) years; thereafter all terms shall be for two (2) years. In the event of a vacancy an appointment shall be made by the Mayor subject to Council confirmation for the remainder of the unexpired term. The Director shall consult with the District Board regarding the scheduling and conduct of elections and shall adopt rules and procedures regarding the conduct of elections and shall file the same with the City Clerk.
(Ord. 115958 § 34, 1991: Ord. 105462 § 4(a), 1976.)

25.16.050 District Board—Rules of procedure.

The District Board shall elect its own chairman and adopt in accordance with the Administrative Code (Ordinance 102228)¹ such rules of procedure as shall be necessary in the conduct of its business, including: (A) a code of ethics, (B) rules for reasonable notification of public hearings on applications for certificates of approval and applications for permits requiring certificates of approval in accordance with Sections 25.16.070 through 25.16.110, and (C) rules for reasonable notification of public hearings on development and design review guidelines and amendment thereof. A majority of the currently qualified and acting members of the District Board shall constitute a quorum necessary for the purpose of transacting business. All decisions shall be made by majority vote of those members present, and in case of a tie vote, the motion shall be lost. The District Board shall keep minutes of all of its official meetings, which shall be filed with the Director.
(Ord. 105462 § 4(b), 1976.)

3. The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information, the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

4. The determination of completeness does not preclude the staff or the District Board from requiring additional information during the review process if more information is needed to evaluate the application according to the standards in this chapter and in any rules adopted by the Board, or if the proposed work changes. For example, additional information that may be required could include a shadow study or a traffic study when new construction is proposed.

B. An applicant may make a written request to submit an application for a certificate of approval for a preliminary design of a project if the applicant waives in writing the deadline for the decision on the certificate of approval for a subsequent design phase or phases of the project and the applicant agrees in writing that the Board

25.16.080 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

decision on the preliminary design is immediately appealable by the applicant or any interested person of record. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or District Board time and resources, or would not further the goals and objectives of this chapter. To be complete, an application for a certificate of approval for a preliminary design must include the information listed above in subsection A2, subparagraphs a through h, i(i) through i(iii), j, m and n. A certificate of approval that is granted for a preliminary design shall be conditioned upon subsequent submittal of the final design and all of the information listed above in subsection A2, and upon obtaining a certificate of approval for final design, prior to issuance of permits for work affecting any building or property in the District.

C. If before a certificate of approval is obtained, an application is made to the Department of Construction and Land Use for a permit for which a certificate of approval is required, the Director of Construction and Land Use shall require the applicant to submit an application to the District Board for a certificate of approval. Submission of a complete application for a certificate of approval to the District Board shall be required before the permit application to the Department of Construction and Land Use may be deemed to be complete. The Department of Construction and Land Use shall continue to process such application, but shall not issue any permit until a certificate of approval has been issued pursuant to this chapter, or the time has expired for filing with the Director of the Department of Construction and Land Use the notice of denial of a certificate of approval.

D. After the Board has commenced proceedings for the consideration of any application for a certificate of approval for a particular alteration or significant change by giving notice of a meeting pursuant to this section or otherwise, no other application for the same or a similar alteration or significant change may be made until the application has been withdrawn or such proceedings and all appeals therefrom have been concluded, except that an application may be made for a certificate of approval for the preliminary design of a project and a later application made for a certificate of approval for a subsequent design phase or phases of the same project.

(Ord. 119121 § 8, 1998; Ord. 118181 § 15, 1996; Ord. 118012 § 122, 1996; Ord. 109125 § 11(part), 1980; Ord. 105462 § 5(b), 1976.)

25.16.090 Certificate of approval—Consideration by Board.

In considering such application, the District Board shall keep in mind the purpose of this chapter, the criteria specified in Section 25.16-.030, and the guidelines promulgated pursuant to this chapter, and among other things, the historical and architectural value and significance; architectural style and the general design; arrangement, texture, material and color of the building or structure in question and its appurtenant fixtures, including signs; the relationship of such features to similar features of other buildings within the Ballard Avenue Landmark District; and the position of such building or structure in relation to the street or public way and to other buildings and structures.

(Ord. 118012 § 123, 1996; Ord. 109125 § 11(part), 1980; Ord. 105462 § 5(c), 1976.)

25.16.100 Certificate of approval—Issuance or denial.

A. Within thirty (30) days after receipt of a complete application the District Board shall hold a public meeting thereon. If after such meeting and upon consideration of the foregoing, the District Board determines that the changes and any new construction proposed in the application are consistent with the purpose of this chapter, the criteria specified in Section 25.16.030, and the guidelines promulgated pursuant to this chapter, it shall recommend that a certificate of approval be granted and the Director shall, within fifteen (15) days of receiving the recommendation, issue a decision granting the certificate of approval in accordance with the District Board's recommendation. If the recommendation is to deny such application, the Director shall issue a written notice of denial. If the District Board does not recommend granting, granting with conditions, or denial of an application within the time provided for such recommendation, the Director of the Department of Neighborhoods shall issue a decision without a recommendation from the District Board. If the Director of the Department of Neighborhoods does not issue a decision within the time provided by this chapter, then the appli-

(Seattle 12-98)

ation shall be deemed approved. Provided, however, that the applicant may waive the deadlines in writing for the District Board to make a recommendation or the Director of the Department of Neighborhoods to make a decision, if the applicant also waives in writing any deadlines on the review or issuance of related permits that are under review by the Department of Construction and Land Use. Before issuing a recommendation of denial, the District Board may, upon agreement with the applicant that the deadlines shall be waived, defer such action and consult with the applicant for the purpose of considering means of modifying the application and considering alternatives in keeping with the aforesaid purpose, criteria and guidelines. If at the end of an agreed upon period of time no acceptable solution has been reached, the District Board shall make its recommendation and the applicant shall be so notified by letter.

B. The Director of the Department of Neighborhoods shall send copies of the decision to the applicant, the property owner, the Director of Construction and Land Use and to the District Board. Notice of the Director's decision shall be provided to any person who, prior to the rendering of the decision, made a written request to receive notice of the decision or made written substantive comments on the application.

C. A certificate of approval shall be valid for eighteen (18) months from the date of issuance of the decision granting it unless the Director of the Department of Neighborhoods grants an extension in writing; provided however, that certificates of approval for actions subject to permits issued by the Department of Construction and Land Use shall be valid for the life of the permit, including any extensions granted in writing by the Department of Construction and Land Use. (Ord. 118181 § 16, 1996; Ord. 118012 § 124, 1996; Ord. 109125 § 11(part), 1980; Ord. 105462 § 5(d), 1976.)

25.16.110 Certificate of approval—Appeal if denied.

A. The applicant may appeal the final denial of any such application to the Hearing Examiner within fourteen (14) days of the date of notice of the denials. When the proposed action that is the subject of the certificate of approval is also the subject of one (1) or more related permit applications under review by the Department of Con-

struction and Land Use, then the appellant must also file notice of the appeal with the Department of Construction and Land Use, and the appeal of the certificate of approval shall not be heard until all of the time periods for filing administrative appeals on the other permits have expired, except that an appeal of a certificate of approval for the preliminary design or for subsequent design phases may proceed immediately according to Section 25.16.080 without being consolidated. If one (1) or more appeals are filed regarding the other permits, then the appeal of the certificate of approval shall be consolidated with them and shall be heard according to the same timelines established for the other appeals, except that appeals to the State Shoreline Hearings Board shall proceed independently according to the timelines set by the state for such appeals, and except that an appeal of a certificate of approval for a preliminary design or for a subsequent design phase may proceed according to Section 25.16.080 without being consolidated. If the related permit decisions would not be appealable, then the appeal of the certificate of approval decision shall proceed immediately after it is filed.

B. The applicant for the certificate of approval may elect to have the appeal proceed immediately rather than postponed for consolidation with appeals of related permit applications, if the applicant agrees in writing that the Department of Construction and Land Use may suspend its review of the related permits, and that the time

25.16.110 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

period for review of those permits shall be suspended until the Hearing Examiner issues a decision on the appeal of the certificate of approval.

C. Pursuant to RCW 36.70B.090, the time period to consider and decide the appeal of a certificate of approval shall be exempt from the deadlines for review and decision on both the certificate of approval and any related permit applications.

D. The Hearing Examiner after a public hearing in accordance with the procedure for hearings in contested cases in the Seattle Administrative Code, Chapter 3.02 of the Seattle Municipal Code, and in accordance with the Hearing Examiner's Rules of Practice and Procedure (unless all parties of record affected by such Board's decision consent to the review and decision without a public hearing) may affirm, reverse or modify the denial, but may reverse or modify only if the Hearing Examiner finds that:

1. Such denial violates the terms of this chapter or guidelines adopted pursuant to the authority of this chapter; or

2. Such denial is based upon a recommendation made in violation of the procedures set forth in this chapter or procedures adopted pursuant to the authority of this chapter and such procedural violation operates unfairly against the applicant.

E. The Hearing Examiner shall issue a decision not later than ninety (90) days after the last of the appeals of related permit decisions is filed, or, if the applicant chooses to proceed immediately with the appeal of the certificate of approval, as provided in subsection B, then not later than ninety (90) days from the filing of that appeal. The decision of the Hearing Examiner shall be final. Any judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040. Copies of the decision shall be mailed to all parties of record and transmitted to the Director, the District Board, and the property owner if the owner is not a party of record.

(Ord. 119121 § 9, 1998; Ord. 118012 § 125, 1996; Ord. 109125 § 11(part), 1980; Ord. 105462 § 5(e), 1976.)

25.16.115 Requests for interpretation.

A. An applicant for a certificate of approval may request an interpretation of the meaning of any part of this chapter as it relates to the re-

quested certificate of approval. An interpretation shall not have any effect on certificates of approval that have already been granted.

B. An interpretation shall be requested in writing, specify the section of the code to be interpreted, and specify the question to be addressed. Requests shall be submitted to the Historic Preservation Officer.

C. If the requested interpretation relates to a certificate of approval that is subject to the deadlines set by RCW 36.70B, then the request for an interpretation cannot be made any later than fourteen (14) days after the application for the certificate of approval was submitted. Provided, however, that a request for an interpretation may be sought by the applicant at a later time if the permit applicant agrees to suspend the time frame for review of the certificate of approval, and the time frames applicable to any related permits that are under review, until the interpretation is issued.

D. Interpretations shall be made in writing by the Historic Preservation Officer, and shall be issued within twenty-five (25) days of submission of the request. The interpretation decision shall be provided to the requesting party, and notice of the decision shall be mailed to parties of record and interested persons of record.

E. A fee shall be charged for interpretations in the amount provided in the Permit Fee Subtitle of the Seattle Municipal Code, Chapter 22.901E, Table 6, Land Use Fees, and shall be collected by the Department of Neighborhoods.

F. An interpretation may be appealed by the applicant if the certificate of approval that the interpretation addresses is denied and the applicant is appealing the denial, or if the interpretation relates to conditions placed on the certificate of approval that the applicant is appealing. An appeal of an interpretation shall be filed at the same time as appeal of the related certificate of approval, and shall be consolidated with the appeal of the related certificate of approval. Appeal of the interpretation shall proceed according to the same procedures and time frames provided in Section 25.16.110 for appeal of a certificate of approval, including the provisions for consolidation with appeals of any related permit decisions.

G. The Hearing Examiner shall give substantial weight to the Historic Preservation Officer's decision. The appellant shall have the burden of establishing that the interpretation is erroneous.

(Seattle 12-98)

H. The Hearing Examiner may affirm, reverse, or modify the Historic Preservation Officer's interpretation, in whole or in part. The Hearing Examiner may also remand the interpretation to the Historic Preservation Officer for further consideration.

er's decision shall be mailed to the Historic Preservation Officer and to all parties of record before the Hearing Examiner. Judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

I. The decision of the Hearing Examiner shall be final. The Hearing Examiner's decision shall be binding upon the Historic Preservation Officer and the Board, as well as all parties of record to the proceeding. Copies of the Hearing Examiner's decision shall be provided to all parties of record to the proceeding. (Ord. 118012 § 126, 1996.)

25.16.120 Development and design review guidelines.

A. The District Board shall draft, and after consideration and review at least one (1) public hearing shall adopt development and design review guidelines and amendments thereof, which shall become effective upon filing with the City Clerk. Notice of such public hearings shall be given in accordance with rules adopted by the District Board.

B. The development and design review guidelines shall identify the unique values of the District, shall include a statement of purpose and intent, and shall be consistent with the purposes of this chapter and the criteria specified in Section 25.16.030. The guidelines shall identify design characteristics which have either a positive or negative effect upon such unique values of the District and shall specify the materials, colors, signage, planting and other design-related considerations which will be allowed, encouraged, limited, or excluded from the District. If such design considerations are limited, the guidelines shall state either the reasons for such limitation or conditions under which such considerations will be permitted.

(Ord. 105462 § 6, 1976.)

25.16.130 Advice and guidance to property owners.

The District Board may, at its official meetings upon request of a District property owner or business tenant, render advice and guidance with respect to any proposed work within the District.

25.20.020 Legislative findings and purposes.

Throughout this City there are few areas that have retained individual identity, historical continuity or consistency of architectural character. The protection, enhancement and perpetuation of such areas is in the interests of the prosperity, civic pride, urban and visual quality, and general welfare of the citizens of Seattle. The aesthetic standing of this City cannot be maintained or enhanced by disregarding the heritage of its communities or by allowing the destruction or defacement of its patrimony. The purposes of the creation of the Columbia City Landmark District are:

A. To preserve, protect, enhance, and perpetuate those elements of the District's cultural, social, economic, architectural, and historic heritage;

B. To foster community and civic pride in the significance and accomplishments of the past;

(Seattle 12-98)

C. To stabilize or improve the historic authenticity, economic vitality, and aesthetic value of the district;

D. To promote and encourage continued private ownership and use of buildings and other structures;

E. To ensure compliance with the District plan prepared in the spring of 1978 by The Richardson Associates;

F. To encourage continued City interest and support in the District; and

G. To promote the local identity of the area. (Ord. 107679 § 2, 1978.)

All property within the District shall be subject to the controls, procedures, and standards set forth or provided for in this chapter, whether publicly or privately owned. (Ord. 107679 § 3, 1978.)

25.20.040 Criteria for designation of the District.

A. Historical. Columbia City has significance and value as part of the development of Seattle. Its early growth, like that of Seattle, Ballard and other Puget Sound settlements, was as a pioneer mill town. But while Seattle grew and remained dominant in the region, because of its harbor, and later the railroads, Columbia City developed less dramatically only to be annexed by Seattle after fourteen (14) years as an incorporated town. Nonetheless, Columbia City retained its identity even following annexation, and to this day remains a distinct and historic part of Greater Seattle. Columbia City as a separate municipality contributed to the historic growth of the Seattle Area from the time of its incorporation in 1893 until its annexation in 1907, growing with logging and railroad development. When the Seattle, Renton and Southern Railways stretched the seven (7) miles from Seattle to Columbia City in 1890 it claimed a lucrative two-way freight business. Columbia City shipped surplus lumber to a rebuilding Seattle (after 1889 fire) and Columbia City needed the finished goods Seattle could provide. Much of Columbia City's lumber, as well as the goods from Seattle, went into its own buildings and lakeshore summer residences. Remote Columbia City, thanks to nearby Lake Washington and Wetmore Slough, was a busy summer escape for the neighboring city's resi-

25.20.040 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

dents. Until the lowering of Lake Washington with the cutting of the Ship Canal, Wetmore Slough had been considered by Columbia City as its port to the sea.

B. Sociological. The District is associated with the lives of many of the region's pioneers through business, transportation and commercial activities and general pioneering efforts that were concentrated in the area.

C. Architectural. A significant number of buildings within the Columbia City Landmark District embody distinctive characteristics of turn-of-the-century modest commercial and residential architecture. They possess integrity of location, compatibility of design, scale, and use of materials, and impart a sense of historic continuity, a feeling of association and a sense of place. The area is significant for landmark designation not only because of its buildings, but especially because of the total quality of an earlier small town: a pleasant admixture of commercial buildings, churches, apartments and houses, and within its core a small and integral park.

(Ord. 107679 § 4, 1978.)

25.20.050 Administration.

Jurisdiction over changes and improvements in the District is vested in the Seattle Landmarks Preservation Board. In order, however, to maintain adequate community involvement and contact, an Application Review Committee is created which shall consist of two (2) members of the Landmarks Board appointed by the Chairman, at least one (1) of whom shall be an architect, and three (3) members of the Columbia City Development Association, appointed by the President of that organization, to review all proposed changes to public and private property and to make recommendations to the Landmarks Board for issuance or denial of certificates of approval. The two (2) Board Members of the Committee shall be appointed for renewable two (2) year terms, and the Association Members shall also be appointed for two (2) year renewable terms, but appointments shall be staggered with one (1) member of each group initially appointed for one (1) year only.

(Ord. 107679 § 5, 1978.)

25.20.060 Development and design review guidelines.

A. The Landmarks Preservation Board shall draft and, after consideration and review at no less

than one (1) public hearing, shall adopt development and design review guidelines and amendments which shall become effective upon filing with the City Clerk; these guidelines shall include at least by reference the Columbia City Business District Plan prepared by The Richardson Associates for guidance in reviewing public properties and new developments. Notice and conduct of such public hearing(s) shall be in accordance with rules adopted by the Landmarks Preservation Board.

B. The development and design review guidelines shall identify the unique values of the District, shall include a statement of purpose and intent, and shall be consistent with the purposes of this chapter and the criteria specified in Section 25.20.030. The guidelines shall identify design characteristics which have either a positive or negative effect upon the unique values of the District and shall specify the materials, colors, signage, planting, and other design-related considerations which will be allowed, encouraged, limited or excluded from the District.

(Ord. 107679 § 6, 1978.)

25.20.070 Approval of changes to buildings, structures and other property.

No person shall make any change, including but not limited to alteration, demolition, construction, reconstruction, restoration, remodeling, and changes involving painting or signs, (but excluding in-kind maintenance and repairs which do not affect the appearance of the structure(s)) to the exterior of any building or structure in the District, or to the external appearance of any other property or public right-of-way in the District which is visible from a public street, alley, way, or other public property, nor construct any new building or structure in the District without first securing a certificate of approval from the Landmarks Preservation Board. No City building permit or other permit for alterations or new construction shall be issued until the Landmarks Preservation Board

has granted a certificate of approval for the proposed activity.
(Ord. 107679 § 7, 1978.)

25.20.080 Application for certificate of approval.

A. Application.

1. Application for a certificate of approval may be made by filing an application for such a certificate with the Board.

2. The following information must be provided in order for the application to be complete, unless the Board staff indicate in writing that specific information is not necessary for a particular application:

a. Building name and building address;

b. Name of the business(es) located at the site of the proposed work;

c. Applicant's name and address;

d. Building owner's name and address;

e. Applicant's telephone number;

f. The building owner's signature on the application, or a signed letter from the owner designating the applicant as the owner's representative, if the applicant is not the owner;

g. Confirmation that the fee required by SMC Chapter 22.901T of the Permit Fee Subtitle has been paid;

h. A detailed description of the proposed work, including:

(1) Any changes it will make to the building or the site,

(2) Any effect that the work would have on the public right-of-way or other public spaces,

(3) Any new construction;

i. Four (4) sets of scale drawings, with all dimensions shown, of:

(1) A site plan of existing conditions, showing adjacent streets and buildings, and, if the proposal includes any work in the public right-of-way, the existing street uses, such as street trees and sidewalk displays, and another site plan showing proposed changes to the existing conditions,

(2) A floor plan showing the existing features and a floor plan showing the proposed new features,

(3) Elevations and sections of both the proposed new features and the existing features,

(4) Construction details,

(5) A landscape plan showing existing features and plantings, and another landscape plan showing proposed site features and plantings;

j. Photographs of any existing features that would be altered and photographs showing the context of those features, such as the building facade where they are located;

k. One (1) sample of proposed colors, if the proposal includes new finishes or paint, and an elevation drawing or a photograph showing the location of proposed new finishes or paint;

l. If the proposal includes new signage, awnings, or exterior lighting:

(1) Four (4) sets of scale drawings of proposed signage or awnings, showing the overall dimensions, material, design graphics, typeface, letter size, and colors,

n. If the proposal includes replacement, removal, or demolition of existing features, a survey of the existing conditions of the features that would be replaced, removed, or demolished.

3. The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information,

25.20.080 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

4. The determination of completeness does not preclude the staff or the Board from requiring additional information during the review process if more information is needed to evaluate the application according to the criteria in this chapter and in any rules adopted by the Board, or if the proposed work changes. For example, additional information that may be required could include a shadow study or a traffic study when new construction is proposed.

B. An applicant may make a written request to submit an application for a certificate of approval for a preliminary design of a project if the applicant waives in writing the deadline for a Board decision on the subsequent design phase or phases of the project and any deadlines for decisions on related permit applications under review by the Department of Construction and Land Use and the applicant agrees in writing that the Board decision on the preliminary design is immediately appealable by the applicant or any interested person of record. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or Board time and resources, or would not further the goals and objectives of this chapter. To be complete, an application for a certificate of approval for a preliminary design must include the information listed above in subsection A2, subparagraphs a through h, i(1) through i(3), j, m and n. A certificate of approval that is granted for a preliminary design shall be conditioned upon subsequent submittal of the final design and all of the information listed above in subsection A2, and upon Board approval, prior to issuance of permits for work affecting any building or property in the District.

C. If before a certificate of approval is obtained, an application is made to the Department of Construction and Land Use for a permit for which a certificate of approval is required, the Director of Construction and Land Use shall require the applicant to submit an application to

the Board for a certificate of approval. Submission of a complete application for a certificate of approval to the Board shall be required before the permit application to the Department of Construction and Land Use may be deemed to be complete. The Department of Construction and Land Use shall continue to process such application, but shall not issue any permit until a certificate of approval has been issued pursuant to this chapter, or the time has expired for filing with the Director of the Department of Construction and Land Use the notice of denial of a certificate of approval.

D. After the Board has commenced proceedings for the consideration of any application for a certificate of approval for a particular alteration or significant change, by giving notice of a meeting pursuant to this section or otherwise, no other application for the same or a similar alteration or significant change may be made until the application is withdrawn or such proceedings and all appeals therefrom have been concluded, except that an application may be made for a certificate of approval for the preliminary design of a project and a later application for a certificate of approval for a subsequent design phase or phases of the same project.

(Ord. 119121 § 11, 1998; Ord. 118181 § 17, 1996; Ord. 118012 § 128, 1996; Ord. 107679 § 8, 1978.)

25.20.090 Board meeting on certificate of approval.

A. Within thirty (30) days after the filing of an application for a certificate of approval with the Board, the Board shall hold a meeting thereon and shall serve notice of the meeting on the owner and the applicant not less than five (5) days before the date of the meeting.

B. In reviewing applications, the Application Review Committee and the Landmarks Preservation Board and the Hearing Examiner shall consider: (1) the purposes of this chapter; (2) the criteria specified in Section 25.20.040; (3) any guidelines promulgated pursuant to this chapter; (4) the properties' historical and architectural value and significance; (5) the properties' architectural style and general design; (6) the arrangement, texture, material and color of the building or structure in question, and its appurtenant fixtures, including signs; (7) the relationship of such features to similar features of other buildings within the Columbia City Landmark District; and

(Seattle 12-98)

(8) the position of such buildings or structures in relation to the street or public way and to other buildings and structures.

(Ord. 118012 § 129, 1996; Ord. 107679 § 9, 1978.)

25.20.100 Issuance of Board decision.

A. The Board shall issue a written decision either granting or denying a certificate of approval or granting it with conditions not later than forty-five (45) days after the application for a certificate of approval is determined to be complete and shall serve a copy thereof upon the owner, the applicant and the Director of the Department of Construction and Land Use within three (3) working days after such grant or denial. Notice of the Board's decision shall be provided to any person who, prior to the rendering of the decision, made a written request to receive notice of the decision or submitted written substantive comments on the application. A decision denying a certificate of approval shall contain an explanation of the reasons for the Board's decision and specific findings with respect to this chapter and adopted guidelines for the District.

B. A certificate of approval shall be valid for eighteen (18) months from the date of issuance of the Board's decision granting it unless the Board grants an extension in writing; provided however, that certificates of approval for actions subject to permits issued by the Department of Construction and Land Use shall be valid for the life of the permit, including any extensions granted in writing by the Department of Construction and Land Use.

(Ord. 118012 § 130, 1996; Ord. 107679 § 10, 1978.)

25.20.110 Appeal to Hearing Examiner.

A. Any interested person of record may appeal to the Hearing Examiner the decision of the Board to grant, deny or attach conditions to a certificate of approval by serving written notice of appeal upon the Board and filing such notice and a copy of the Board's decision with the Hearing Examiner within fourteen (14) days after such grant, denial or conditional grant.

B. When the proposed action that is the subject of the certificate of approval is also the subject of one (1) or more related permit applications under review by the Department of Construction and Land Use, then the appellant must

also file notice of the appeal with the Department of Construction and Land Use, and the appeal of the certificate of approval shall not be heard until all of the time periods for filing administrative appeals on the other permits have expired, except that an appeal of a certificate of approval for the preliminary design or for subsequent design phases may proceed immediately according to Section 25.20.080 without being consolidated. If one (1) or more appeals are filed regarding the other permits then the appeal of the certificate of approval shall be consolidated with them and shall be heard according to the same timelines established for the other appeals, except that appeals to the State Shoreline Hearings Board shall proceed independently according to the timelines set by the state for such appeals, and except that an appeal of a certificate of approval for a preliminary design or for a subsequent design phase may proceed according to Section 25.20.080 without being consolidated. If the related permit decisions would not be appealable, then the appeal of the certificate of approval decision shall proceed immediately after it is filed.

C. The applicant for the certificate of approval may elect to have the appeal proceed immediately rather than postponed for consolidation with appeals of related permit applications, if the applicant agrees in writing that the Department of Construction and Land Use may suspend its review of the related permits, and that the time period for review of those permits shall be suspended until the Hearing Examiner issues a decision on the appeal of the certificate of approval.

D. The Hearing Examiner shall issue a decision not later than ninety (90) days after the last of the appeals of related permit decisions is filed, or, if the applicant chooses to proceed immediately with the appeal of the certificate of approval, as provided in subsection C, then not later than ninety (90) days from the filing of that appeal. Pursuant to RCW 36.70B.090, the time period to consider and decide the appeal of a certificate of approval shall be exempt from the deadlines for review and decision on both the certificate of approval and any related permit applications.

E. The Hearing Examiner shall hear and determine the appeal in accordance with the standards and procedures established for appeals to the

25.20.110 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

Hearing Examiner under Sections 25.12.740 through 25.12.770 of this Code.

F. The Hearing Examiner's decision shall be final. Any judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

(Ord. 119121 § 12, 1998; Ord. 118012 § 131, 1996; Ord. 107679 § 11, 1978.)

25.20.115 Requests for interpretation.

A. An applicant for a certificate of approval may request an interpretation of the meaning of any part of this chapter as it relates to the requested certificate of approval. An interpretation shall not have any effect on certificates of approval that have already been granted.

B. An interpretation shall be requested in writing, specify the section of the code to be interpreted, and specify the question to be addressed. Requests shall be submitted to the Historic Preservation Officer.

C. If the requested interpretation relates to a certificate of approval that is subject to the deadlines set by RCW 36.70B, then the request for an interpretation cannot be made any later than fourteen (14) days after the application for the certificate of approval was submitted. Provided, however, that a request for an interpretation may be sought by the applicant at a later time if the permit applicant agrees to suspend the time frame for review of the certificate of approval, and the time frames applicable to any related permits that are under review, until the interpretation is issued.

D. Interpretations shall be made in writing by the Historic Preservation Officer, and shall be issued within twenty-five (25) days of submission of the request. The interpretation decision shall be served on the requesting party, and notice of the decision shall be mailed to parties of record and interested persons of record.

E. A fee shall be charged for interpretations in the amount provided in the Permit Fee Subtitle of the Seattle Municipal Code, Chapter 22.901E, Table 6, Land Use Fees, and shall be collected by the Department of Neighborhoods.

F. An interpretation may be appealed by the applicant if the certificate of approval that the interpretation addresses is denied and the applicant is appealing the denial, or if the interpretation relates to conditions placed on the certificate of approval that the applicant is appealing. An

appeal of an interpretation shall be filed at the same time as appeal of the related certificate of approval, and shall be consolidated with the appeal of the related certificate of approval. Appeal of the interpretation shall proceed according to the same procedures and time frames provided in Section 25.20.110 for appeal of a certificate of approval, including the provisions for consolidation with appeals of any related permit decisions.

G. The Hearing Examiner shall give substantial weight to the Historic Preservation Officer's interpretation. The appellant shall have the burden of establishing that the interpretation is erroneous.

H. The Hearing Examiner may affirm, reverse, or modify the Historic Preservation Officer's interpretation, in whole or in part. The Hearing Examiner may also remand the interpretation to the Historic Preservation Officer for further consideration.

I. The decision of the Hearing Examiner shall be final. The Hearing Examiner's decision shall be binding upon the Historic Preservation Officer and the Board, as well as all parties of record to the proceeding. Copies of the Hearing Examiner's decision shall be mailed to the Historic Preservation Officer and to all parties of record before the Hearing Examiner. Judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

(Ord. 118012 § 132, 1996.)

25.20.120 Enforcement and penalties.

The Director of Construction and Land Use shall enforce this chapter and anyone violating or failing to comply with its provisions shall, upon conviction thereof, be fined in any sum not exceeding Five Hundred Dollars (\$500). Each day's violation or failure to comply shall constitute a separate offense.

(Ord. 118012 § 132A, 1996; Ord. 107679 § 12, 1978.)

25.22.010 Legislative findings and purposes.

Throughout the City there are few areas that have retained individual identity, historical continuity or consistency of architectural character.

The Harvard-Belmont Landmark District, situated on the west slope of Capitol Hill above the City's major freeway and representing gracious residential quality in the urban setting, is one such area. The character of the district is defined by a substantial, well-established, and well-maintained residential fabric encompassing both large estates and modest houses, a mix of urban cultural and commercial institutions, within a framework of tree-lined streets, well-maintained grounds, and distinctive natural features.

The topography of the area is typical of those where the first outlying neighborhoods of quality residences were established in Seattle during a decade of rapid growth just after the turn of the century. From the relatively flat eastern boundaries of Broadway East and Harvard Avenue East the land slopes gradually and then more precipitously downward to the west, providing many of

the properties with dramatic sites affording views of Lake Union and Queen Anne Hill. The northern boundary is marked by a deep wooded ravine separating the Sam Hill House from the properties around St. Mark's Cathedral. The southern boundary at East Roy Street changes to apartment, institutional, and commercial use and marks the transition to the denser multiple-unit residential area and the commercial shopping strip of Broadway East to the south. Within these boundaries the normally overriding grid system of platting gives way to some diagonal and curving streets that generally conform to the natural contours of the land.

H. C. Henry, a railroad builder and a powerful force in Seattle's business community, was the first man of influence to settle in the district. Although his house is now gone, his presence was instrumental in attracting others of like means and ability to the area. During the first decade of the twentieth century merchants, bankers, lawyers, engineers, and then lumber barons, successful businessmen and entrepreneurs built impressive residences along Harvard Avenue East, Belmont Place East and neighboring streets.

In the next two decades some additional large houses were built and some of the existing mansions were sold to equally affluent buyers.

Although many architectural styles are represented in the district, among the buildings of primary significance are a substantial number of residences which exhibit the enduring influence of Richard Norman Shaw. These Shavian houses impart a special quality to the area, a distinctive element which can be found in northern Pacific coast cities (Victoria and Vancouver, B.C., Seattle, Portland). The two Fisher houses on Belmont Place East together with their garage below on Summit Avenue East form a distinctive group of brick and half-timbered dwellings with fine leaded and beveled glass. The M. H. Young House, the C. H. Bacon House, the J. A. Kerr House, and the W. L. Rhodes House are additional examples of the use of brick and half-timbering to evoke the spirit of a romantic medievalism as filtered through the precepts of Shaw.

Other residences display the symmetry of a more classical tradition. The restrained formality of the R. D. Merrill House, the imposing mass of the Chapin-Eddy House relieved by delicate ornamentation, and the strong simple statement of

(Seattle 12-98)

the Brownell-Bloedel House all contribute a sense of solidity and permanence to the district.

Sometimes architects outside the City, such as Charles Al Platte, Hornblower & Marshall, Cutter & Malmgren, and Arthur Bodely, were called upon to satisfy a client's particular wishes. More often local firms with established reputations were commissioned, and works by Carl F. Gould, Somerwell & Cote, Bebb & Mendel, the Beezer Brothers, James H. Schack, Graham & Myers, Blackwell & Baker, and Andrew Willatsen can be found in the district. Interspersed among the mansions of the wealthy bankers, shipbuilders, lumbermen, and merchants are numerous wood frame houses of more modest scale. A few of these were built before 1900, many date from the first decade of the twentieth century, and there are a number of simple residences from the late 1930's and early 1940's.

The 1920's brought the introduction of the Spanish style Hacienda Apartments, the Tudor influenced Anhalt apartment groups, as well as the Cornish School and the Woman's Century Club. These structures, concentrated along the southern and western boundaries of the District, are particularly representative of the Capitol Hill character where a rich mix of architecture, and a successful mix of residential and commercial uses, exists.

The protection, enhancement and perpetuation of the Harvard-Belmont District is in the interests of the prosperity, civic pride, urban and visual quality, and general welfare of the citizens of Seattle.

The cultural standing of this City cannot be maintained or enhanced by disregarding the history of its communities or by allowing the destruction or defacement of its heritage. The Seattle Landmarks Preservation Board has identified the Harvard/Belmont area as one of these few remaining areas reflecting, in its architectural and landscape elements, its historical origins significant in the development of Capitol Hill and, therefore, Seattle.

The purposes for the creation of the Harvard-Belmont Landmark District are:

A. To preserve, protect, enhance, and perpetuate those elements of the District's cultural, social, economic, architectural, and historic heritage;

B. To foster community and civic pride in the significance and accomplishments of the past;

C. To stabilize or improve the historic authenticity, economic vitality, and aesthetic value of the district;

D. To promote and encourage continued private ownership and use of buildings and other structures;

E. To encourage continued City interest and support in the District; and to recognize and promote the local identity of the area. (Ord. 109388 § 1, 1980.)

25.22.040Historical criteria for District designation.

The history of Seattle and of its neighborhoods is a history of the destruction and reshaping of forested virgin lands for economic returns; the filling of tide flats and the cutting of new waterways for industry and commerce; the clearcutting of native forests by pioneer lumber barons; and the regrading of the natural topography to an extent seldom before or since practiced in an American city.

Neighborhoods such as Harvard-Belmont, which today have the appearance of heavily wooded retreats, were created from the wasteland left by the lumbering industry. Mansions were built on treeless lots, and landscaping, shrubs, and seeds were left to the graces of the climate and the fertile soil.

Within the first two decades of this century, the District was home to Samuel Hill (railroads), C. H. Bacon (building materials), J. H. Bloedel, and R. D. Merrill (lumbering), C. J. Smith (banking), Dexter Horton (bank president), O. W. Fisher (flour mills), and John Eddy (lumbering and shipbuilding), among others. Queen Marie of Rumania, her children Prince Nicholas and Princess Ileeana, Marshall Joffre of France, and Grand Duchess Marie of Russia, were among the many distinguished foreign guests to the district.

A number of central Seattle residential areas have felt the effects of the move to the suburbs, changing populations, changes in use and zoning and deteriorating services. The Harvard-Belmont district, however, has maintained its identity, character, and quality to a degree which permits its continuance as a prestigious, liveable and highly desirable neighborhood in which to live.

(Seattle 12-98)

(Ord. 109388 § 4(a), 1980.)

25.22.050 Sociological criteria for District designation.

Much of the area known today as Capitol Hill was laid out and developed by realtor J. A. Moore. He opened the area north of Howell Street to homeowners in 1901, naming it after Capitol Hill in Denver. The area, even then, had enormous advantages as a new residential district because of its closeness to the business district, its prominent siting and its spectacular views. As a result, and in addition to a sprinkling of existing farm or country houses, many magnificent homes were built on the hill from 1901 until the Great Depression. In the Harvard-Belmont area of Capitol Hill, most of these older and impressive homes are still extant and interspersed with them are good examples of more modest residential architecture representative of every decade of this century (to date). Included in the District also are several of the Anhalt apartment houses, precursors of planned group living, including carefully maintained yards, romantic details, and garaging for automobiles; the main building of Cornish Institute, one of the more significant cultural-historical landmarks in the City; the Loveless apartment-retail building; the Harvard Exit Theatre, for many years the home of the Woman's Century Club; and the Rainier Chapter of the D.A.R., a careful replica of George Washington's home, Mt. Vernon. This mixture of function, uses, scale and economics is among the more interesting aspects of the area. Moreover, the combination of urban and almost pastoral qualities, the tree-shaded streets, the several open vistas, and the wooded ravines to the northwest, all create a neighborhood of outstanding and enduring character.

(Ord. 109388 § 4(b), 1980.)

25.22.060 Architectural criteria for District designation.

The Harvard-Belmont District includes a rich variety of residential buildings in the prevailing eclectic styles of the earlier years of this century, combined with a few late Victorian residences, significant Spanish and Tudor apartment groups, the modified Spanish style of the Cornish Institute, and many modest, noneclectic houses. Uniting this variety of architectural expression are the tree-lined streets, the many walled yards and

drives, interesting retaining walls and generous plantings all of which collectively create a backdrop and contiguous streetscape and neighborhood that are compatible in terms of design, scale and use of materials.

(Ord. 109388 § 4(c), 1980.)

25.22.070 Development and design review guidelines.

A. The Landmarks Preservation Board shall draft and, after consideration and review in accordance with the Administrative Procedure Ordinance (102228)¹ shall adopt development and design review guidelines as rules which shall become effective upon filing with the City Clerk. Notice and conduct of such public hearing(s) shall be in accordance with the rules of the Landmarks Preservation Board and Ordinance 102228.¹

B. The development and design review guidelines shall identify the unique values of the District, shall include a statement of purpose and intent, and shall be consistent with the purposes of this chapter and the criteria specified in Section 25.22.030. The guidelines shall identify design characteristics which have either a positive or negative effect upon the unique values of the District and shall specify design-related considerations which will be allowed, encouraged, limited or excluded from the District when certificate of approval applications are reviewed. All guidelines shall be consistent with the Zoning Ordinance (86300)² and other applicable ordinances.
(Ord. 109388 § 5, 1980.)

1.Editor's Note: Ord. 102228 is codified in Chapter 3.02 of this Code.

2.Editor's Note: Ordinance 86300 and Title 24 were repealed by Ordinance 117570.

25.22.080 District administration.

Jurisdiction over changes and improvements in the District is vested in the Seattle Landmarks Preservation Board. In order, however, to maintain adequate community involvement and contact, an Application Review Committee is created which shall consist of two (2) members of the Landmarks Board, at least one (1) of whom shall be an architect, and three (3) members selected

from property owners, residents, business owners or employees, or officers of institutions within the District boundaries.

The members of the committee shall be appointed annually by the Chairman of the Landmarks Board with the approval of the Landmarks Board. The Committee shall review and make recommendations to the Landmarks Board for issuance or denial of applications for certificates of approval within the District.
(Ord. 109388 § 6, 1980.)

25.22.090 Approval of significant changes to buildings, structures and other property.

Within the District, a certificate of approval, issued by the Landmarks Preservation Board, is required prior to the issuance of any City building, demolition, street use, or other permits for proposed work which work is within or visible from a public street, alley or way, and, which involves:

- A. The demolition of, or exterior alterations or additions to, any building or structure;
 - B. Any new construction;
 - C. The addition or removal of major landscape and site elements, such as retaining walls, gateways, trees or driveways.
- In addition, for proposed removal or addition of significant landscape and site elements for which permits are not required, and which are identified specifically in the District development and design review guidelines, a certificate of approval from the Landmarks Preservation Board shall also be required prior to the initiation of the proposed work.
(Ord. 109388 § 7, 1980.)

25.22.100 Application for certificate of approval.

- A. Application.
 - 1. Application for a certificate of approval may be made by filing an application for such a certificate with the Board.
 - 2. The following information must be provided in order for the application to be complete, unless the special review board staff indicate in writing that specific information is not necessary for a particular application:
 - a. Building name and building address;

- b. Name of the business(es) located at the site of the proposed work;
- c. Applicant's name and address;
- d. Building owner's name and address;
- e. Applicant's telephone number;
- f. The building owner's signature on the application, or a signed letter from the owner designating the applicant as the owner's representative, if the applicant is not the owner;
- g. Confirmation that the fee required by SMC Chapter 22.901T of the Permit Fee Subtitle has been paid;
- h. A detailed description of the proposed work, including:
 - (1) Any changes it will make to the site,
 - (2) Any effect that the work would have on the public right-of-way or other public spaces,
 - (3) Any new construction;
- i. Four (4) sets of scale drawings, with all dimensions shown, of:
 - (1) A site plan of existing conditions, showing adjacent streets and buildings, and, if the proposal includes any work in the public right-of-way, the existing street uses, such as street trees and sidewalk displays, and another site plan showing proposed changes to the existing conditions,
 - (2) A floor plan showing the existing features and a floor plan showing the proposed new features,
 - (3) Elevations and sections of both the proposed new features and the existing features,
 - (4) Construction details,
 - (5) A landscape plan showing existing features and plantings, and another landscape plan showing proposed site features and plantings;
- j. Photographs of any existing features that would be altered and photographs showing the context of those features, such as the building facade where they are located;
- k. One (1) sample of proposed colors, if the proposal includes new finishes or paint, and an elevation drawing or a photograph showing the location of proposed new finishes or paint;
 - 1. If the proposal includes new signage, awnings, or exterior lighting:

(1) Four (4) sets of scale drawings of proposed signage or awnings, showing the overall dimensions, material, design graphics, typeface, letter size, and colors,

(2) Four (4) sets of a plan, photograph, or elevation drawing showing the location of the proposed awning, sign, or lighting,

(3) Four (4) copies of details showing the proposed method of attaching the new awning, sign, or lighting,

(4) The wattage and specifications of the proposed lighting, and a drawing or picture of the lighting fixture,

(5) One (1) sample of proposed sign colors or awning material and color;

m. If the proposal includes demolition of a structure or object:

(1) A statement of the reason(s) for demolition,

(2) A description of the replacement structure or object;

n. If the proposal includes replacement, removal, or demolition of existing features, a survey of the existing conditions of the features that would be replaced, removed, or demolished.

3. The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information, the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

4. The determination of completeness does not preclude the staff or the Board from requiring additional information during the review process if more information is needed to evaluate the application according to the criteria in this chapter and in any rules adopted by the Board, or if the proposed work changes. For example, additional information that may be required could include a shadow study or a traffic study when new construction is proposed.

B. An applicant may make a written request to submit an application for a certificate of approval for a preliminary design of a project, if the applicant waives in writing the deadline for a Board decision on the subsequent design phase or phases of the project and the applicant agrees in writing that the Board decision on the preliminary design is immediately appealable by the applicant or any interested person of record. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or Board time and resources, or would not further the goals and objectives of this chapter. To be complete, an application for a certificate of approval for a preliminary design must include the information listed above in subsection A2, subparagraphs a through h, i(1) through i(3), j, m and n. A certificate of approval that is granted for a preliminary design shall be conditioned upon subsequent submittal of the final design and all of the information listed above in subsection A2, and upon Board approval, prior to issuance of permits for work affecting any building or property in the District.

C. If an application is made to the Director for a permit for which a certificate of approval is required, the Director of Construction and Land Use shall require the applicant to submit an application to the Board for a certificate of approval. Submission of a complete application for a certificate of approval to the Board shall be required before the permit application to the Department of Construction and Land Use may be determined to be complete. The Director shall continue to process the application, but shall not issue any permit until a certificate of approval has been issued pursuant to this chapter, or the time for filing the notice of denial of a certificate of approval with the Director has expired.

D. After the Board has commenced proceedings for the consideration of any application for a certificate of approval for a particular alteration or significant change by giving notice of a meeting pursuant to this section or otherwise, no other application for the same or a similar alteration or significant change at the same site may be made until the application is withdrawn or such proceedings and all appeals therefrom have been concluded, except that an application may be made for a certificate of approval for the preliminary design of a project and a later application may be made for a certificate of approval for

(Seattle 12-98)

subsequent design phase or phases of the same project.

E. A certificate of approval shall be valid for eighteen (18) months from the date of issuance of the Board's decision granting it unless the Board grants an extension in writing; provided however, that certificates of approval for actions subject to permits issued by the Department of Construction and Land Use shall be valid for the life of the permit, including any extensions granted in writing by the Department of Construction and Land Use.

(Ord. 119121 § 14, 1998; Ord. 118181 § 18, 1996; Ord. 118012 § 134, 1996; Ord. 109388 § 8, 1980.)

25.22.110 Board meeting on certificate of approval.

A. Within thirty (30) days after the filing of an application for a certificate of approval with the Board, the Board shall hold a meeting thereon and shall serve notice of the meeting on the owner and the applicant not less than five (5) days before the date of the meeting.

B. In reviewing applications or appeals of decisions of the Board, the Application Review Committee, the Landmarks Preservation Board and the Hearing Examiner shall consider: (1) the purposes of this chapter; (2) the criteria specified in Sections 25.22.040 through 25.22.060; (3) guidelines promulgated pursuant to this chapter; (4) the properties' historical and architectural or landscape value and significance; (5) the properties' architectural or landscape type and general design; (6) the arrangement, texture, material and color of the building or structure in question, and its appurtenant fixtures, including signs; (7) the relationship of such features to similar features within the Harvard-Belmont Landmark District; and (8) the position of such buildings, structures or landscape elements in relation to the street or public way and to other buildings, structures and landscape elements.
(Ord. 118012 § 135, 1996; Ord. 109388 § 9, 1980.)

25.22.120 Issuance of Board decision.

The Board shall consider the recommendation of the Application Review Committee and shall, within forty-five (45) days after the application for a certificate of approval is determined to be complete, issue a written decision either granting, granting with conditions, or denying a certificate

of approval and shall mail a copy of the decision to the owner, the applicant and the Director within three (3) working days after such decision. A decision denying a certificate of approval shall contain an explanation of the reasons for the Board's decision and specific findings with respect to this chapter and the adopted guidelines for the District. Notice of the Board's decision shall be provided to any person who, prior to the rendering of the decision, made a written request to receive notice of the decision or submitted written substantive comments on the application.

(Ord. 118012 § 135A, 1996; Ord. 109388 § 10, 1980.)

25.22.130 Appeal to Hearing Examiner.

A. Any interested person of record may appeal to the Hearing Examiner the decision of the Board to grant, grant with conditions, or deny a certificate of approval by serving written notice of appeal upon the Board and by filing such notice and a copy of the Board's decision with the Hearing Examiner within fourteen (14) days after the date the Board's decision is issued.

B. When the proposed action that is the subject of the certificate of approval is also the subject of one (1) or more related permit applications under review by the Department of Construction and Land Use, then the appellant must also file notice of the appeal with the Department of Construction and Land Use, and the appeal of the certificate of approval shall not be heard until all of the time periods for filing administrative appeals on the other permits have expired except that an appeal of a certificate of approval for the preliminary design or for subsequent design phases may proceed immediately according to Section 25.22.100 without being consolidated. If one (1) or more appeals are filed regarding the other permits, then the appeal of the certificate of approval shall be consolidated with them and shall be heard according to the same timelines established for the other appeals, except that appeals to the State Shoreline Hearings Board shall proceed independently according to the timelines set by the state for such appeals, and except that an appeal of a certificate of approval for a preliminary design or for a subsequent design phase may proceed according to Section 25.22.100 without being consolidated. If the

25.22.130 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

related permit decisions would not be appealable, then the appeal of the certificate of approval decision shall proceed immediately after it is filed.

C. The applicant for the certificate of approval may elect to have the appeal proceed immediately rather than postponed for consolidation with appeals of related permit applications, if the applicant agrees in writing that the Department of Construction and Land Use may suspend its review of the related permits, and that the time period for review of those permits shall be suspended until the Hearing Examiner issues a decision on the appeal of the certificate of approval.

D. The Hearing Examiner shall hear and determine the appeal in accordance with the standards and procedures established for appeals to the Hearing Examiner under Seattle Municipal Code Sections 25.12.740 through 25.12.760 of the Landmarks Preservation Ordinance, and as prescribed under Section 25.22.110 B.

E. The Hearing Examiner shall issue a decision not later than ninety (90) days after the last of the appeals of related permit decisions is filed, or, if the applicant chooses to proceed immediately with the appeal of the certificate of approval, as provided in subsection C, then not later than ninety (90) days from the filing of that appeal. Pursuant to RCW 36.70B.090, the time period to consider and decide the appeal shall be exempt from the deadlines for review and decision on both the certificate of approval and any related permit applications.

25.22.130 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

F. The Hearing Examiner's decision shall be final. The Hearing Examiner's decision shall be binding upon the Historic Preservation Officer and the Board, as well as all parties of record to the proceeding. Any judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

25.24.010 Purpose.

In order to promote the educational, cultural, farming, marketing, other economic resources, and the general welfare; and to assure the harmonious, orderly, and efficient growth and development of the municipality, it is deemed essential by the people of the City that the cultural, economic, and historical qualities relating to the Pike Place Markets and the surrounding area, and an harmonious outward appearance and market uses which preserve property values and attracts residents and tourists be preserved and encouraged; some of the qualities being: the continued existence and preservation of historical areas and buildings; continued construction and use of buildings for market activities, especially on street levels; and a general harmony as to style, form, color, proportion, texture, material, occupancy and use between existing buildings and new construction. (Ord. 100475 § 1, 1971.)

25.24.015 Historic Preservation Officer.

The Historic Preservation Officer is the person described in the Landmarks Preservation Ordinance, SMC Section 25.12.320. (Ord. 118012 § 138, 1996.)

25.24.020 Historical District designated.

There is created a Pike Place Market Historical District (hereafter called "Historical District") whose physical boundaries are illustrated on a map attached as Exhibit "A" to Ordinance 100475 which is codified at the end of this chapter.¹ (Ord. 113199 § 1, 1986; Ord. 100475 § 2, 1971.)

1.Editor's Note: Exhibit A was amended by Ordinance 113199.

25.24.030 Commission created.

There is created a Market Historical Commission (hereafter called "Commission") appointed by the Mayor with the consent of a majority of the City Council and to be composed of two (2) representatives each from the Friends of the Market, Inc., Allied Arts of Seattle, Inc., and the Seattle Chapter of the American Institute of

Architects; and two (2) owners of property within the Historical District, two (2) merchants of the markets, and two (2) residents of the Historical District. The Mayor shall make his appointments of the representatives of Friends of the Market, Allied Arts, and the Seattle Chapter of the American Institute of Architects, from a list of four (4) nominees submitted by each of the said organizations. The members shall serve three (3) year terms with the terms of the first Commission to be staggered. The Commission shall have for its purpose the preservation, restoration, and improvement of such buildings and continuance of uses in the Historical District, as in the opinion of the Commission shall be deemed to have architectural, cultural, economic, and historical value as described in Section 25.24.040, and which buildings should be preserved for the benefit of the people of Seattle. The Commission shall also make rules, regulations, and guidelines according to the criteria as contained in this chapter for the guidance of property owners within the Historical District. The Commission shall also develop plans for the acquisition and perpetuation of the Pike Place Markets and of market activities through either public ownership or other means and shall make recommendations to the City Council from time to time concerning their progress. Staff assistance and other services shall be provided by the Department of Neighborhoods to the Commission as requested. (Ord. 115958 § 36, 1991; Ord. 100475 § 3, 1971.)

25.24.040Criteria.

A. In carrying out its function, the Commission shall consider the purposes of this chapter as outlined in the chapter and the nature, function, and history of the District as described in this section.

B. The Historical District has played and continues to play a significant role in the development of Seattle and the Puget Sound Region since the inception of the Public Market in 1907. It has served as the center of local farm marketing, and other marketing businesses through varied economic times. It is significant in the culture of the region drawing together a broad spectrum of people from all ethnic, national, economic, and social backgrounds as a prototype of truly cosmopolitan urban life. It promotes local farming while making available local produce to shoppers and others. The District provides considerable

housing for a community of low-income residents who are part of the life and color of the market. It has achieved world-wide fame as an uniquely American market and serves as the source of inspiration for markets elsewhere.

C. The Historical District is associated with the lives of many Seattle and Puget Sound region families and persons as farmers, merchants, and shoppers through marketing activities. It is an outstanding example of small independent businesses operating in the best tradition of American enterprise.

D. The buildings with their marketing activities and residential uses combine to form a distinctive area focusing on the central Market buildings which although humble and anonymous in character are an example of intriguing, dramatic architectural space servicing and adjusting to the varied and varying characteristic marketing activities. The central building spaces are particularly unique in form and character having grown to their present form through years of anonymous and functional creation to conform to the changing market activities always serving low-income customers along with other special needs of the public. The District possesses integrity of location, original construction, use, and of feeling and association.

E. The preservation of the Historical District will yield information of educational significance regarding our culture and our ecology as well as retaining its color, attraction, and interest for the City. Preservation of the District will retain a characteristic environment of a period of Seattle's history while continuing a vital cultural and economic aspect of the City. (Ord. 100475 § 4, 1971.)

25.24.050Commission procedures.

(Ord. 115958 § 37, 1991; Ord. 100475 § 5, 1971.)

25.24.055 Definition.

“Certificate of approval” means written authorization which must be issued by the Commission before any change to any building, structure or other visible element may be made. The term includes written approval of a preliminary design as well as of subsequent design phases.

(Ord. 119121 § 16, 1998.)

25.24.060 Approval of changes to buildings, structures and other visible elements.

A. However, no regulation nor any amendment thereof shall apply to any existing building, structure, or use of land to the extent to which it is used at the time of the adoption of such regulation or amendment or any existing division of land, except that such regulation or amendment may regulate nonuse or a nonconforming use so as not to unduly prolong the life thereof. No new off-premises advertising signs shall be established within the boundaries of the Historical District including public places except where areas have been reserved for groups of signs or for signs which identify the Market District as a whole, as determined by the Commission. The fee for certificates of approval shall be according to the SMC Chapter 22.901T, Permit Fee Subtitle.

3. The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information, the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An

25.24.060 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

work affecting a building, structure or other visible element.

4. The determination of completeness does not preclude the staff or the Commission from requiring additional information during the review process if more information is needed to evaluate the application according to the criteria in this chapter and in any rules adopted by the Commission, or if the proposed work changes. For example, additional information that may be required could include a shadow study or a traffic study when new construction is proposed.

5. After the Commission has given notice of the meeting at which an application for a certificate of approval will be considered, no other application for the same alteration or change of use may be submitted until the application is withdrawn or the Commission has approved or denied the existing application and all appeals have been concluded, except when an application is made for a certificate of approval for the preliminary design of a project, a later application may be made for a certificate of approval for a subsequent design phase or phases of the same project.

C. An applicant may make a written request to submit an application for a certificate of approval for a preliminary design of a project if the applicant waives in writing the deadline for a Commission decision on the subsequent design phase or phases of the project, and agrees in writing that the Commission decision on the preliminary design is immediately appealable by the applicant or any interested person of record. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or Commission time and resources, or would not further the goals and objectives of this chapter. To be complete, an application for a certificate of approval for a preliminary design must include the information listed above in subsection B2, subparagraphs a through j, k(i), k(ii), k(iii), k(v), l, o and p. A certificate of approval that is granted for a preliminary design shall be conditioned upon subsequent submittal of the final design and all of the information listed above in subsection B2 and Commission approval prior to issuance of permits for

(Seattle 12-98)

D. The Commission shall review and make recommendations regarding appropriateness of each proposed change or addition and a certificate of approval shall be issued by the Commission as provided in this chapter. The Commission, in considering the appropriateness of any alteration, demolition, new construction, reconstruction, restoration, remodeling, or other modification of any building or other structure in the Historic District, including structures to be located in public places, shall refer to the purpose of this chapter and shall consider among other things the historical and architectural value and significance, architectural style, the general design, arrangement, texture, material, occupancy and use, and color of the building or structure in question or its appurtenant fixtures, including signs, the relationship of such features to similar features of the other buildings within the Historical District and the position of such building or structure in relation to the street, public way, or semipublic way and to other buildings and structures. The Commission shall also make no recommendations or requirements except for the purpose of preventing developments inconsistent with the criteria of this chapter. Where modification of the appearance of a structure within the Historical District does not require a building or demolition permit, an application for a certificate of approval shall nonetheless be filed with the Commission.

E. The Commission shall have sole responsibility for determining the appropriate location, design and use of signs and structures to be located on or above the surface of public places in the Historical District and the sole responsibility for licensing and determining the appropriate locations for performers as defined in Section 17.32.010 H¹ of the Seattle Municipal Code, in the Historical District; provided, that property owned by the Pike Place Market Preservation and Development Authority shall not be considered a public place for the purposes of this subsection. The Commission shall establish guidelines for the use of public places in the District by performers, may assess reasonable permit fees, and may utilize the services of the Pike Place Market Preservation and Development Authority (PDA) or should the PDA decline to make its services available, may utilize the services of any other organization appropriate for implementation of performers licensing guidelines. It shall be un-

lawful for any performer to actively solicit donations by word of mouth, gestures, mechanical devices, second parties. It shall also be unlawful for any performer or other person to use any device for the reproduction or amplification of sound without the express written approval of the Commission secured in advance.

¹Editor's Note: Former Chapter 17.32, on the Pike Place Market, was repealed by Ordinance 111236.

25.24.070 Issuance of certificate of approval.

A. The Commission shall consider and approve or disapprove or approve with conditions applications for a certificate of approval as contemplated in this chapter not later than thirty (30) days after any such application is determined to be complete, and a public meeting shall be held on each such application. If after such meeting and upon review of the Commission it determines that the proposed changes are consistent with the criteria for historic preservation as set forth in Section 25.24.040, the Commission shall issue the certificate of approval within forty-five (45) days of the determination that the application is complete, and shall provide notice of its decision to the applicant, the Department of Construction and Land Use, and to any person who, prior to the rendering of the decision, made a written request to receive notice of the decision or commented in writing on the application. After such a decision, the Director of Construction and Land Use is then authorized to issue a permit.

B. A certificate of approval for a use shall be valid as long as the use is authorized by the applicable codes. Any other type of certificate of approval shall be valid for eighteen (18) months from the date of issuance of the decision granting it unless the Director of the Department of Neighborhoods grants an extension in writing; provided however, that certificates of approval for actions subject to permits issued by the Department of Construction and Land Use shall be valid for the life of the permit issued by the Department of Construction and Land Use, including any extensions granted by the Department of Construction and Land Use in writing.

(Ord. 118012 § 140, 1996; Ord. 109125 § 8(part), 1980; Ord. 106985 § 7(part), 1977; Ord. 106309 § 1(part), 1977; Ord. 104658 § 1(part), 1975; Ord. 100475 § 6(part), 1971.)

25.24.080 Appeal to Hearing Examiner.

A. Any interested person of record may appeal to the Hearing Examiner the decision of the Commission to grant, grant with conditions, or deny a certificate of approval by serving written notice of appeal upon the Commission and by filing such notice and a copy of the Commission's decision with the Hearing Examiner within fourteen (14) days after the date the Commission's decision is issued.

B. When the proposed action that is the subject of the certificate of approval is also the subject of one (1) or more related permit applications under review by the Department of Construction and Land Use, then the appellant must also file notice of the appeal with the Department of Construction and Land Use, and the appeal of the certificate of approval shall not be heard until all of the time periods for filing administrative appeals on the other permits have expired except that an appeal of a certificate of approval for the preliminary design or for subsequent design phases may proceed immediately according to Section 25.24.060 without being consolidated. If one (1) or more appeals are filed regarding the other permits, then the appeal of the certificate of approval shall be consolidated with them and shall be heard according to the same timelines established for the other appeals, except that appeals to the State Shoreline Hearings Board shall proceed independently according to the timelines set by the state for such appeals and except that an appeal of a certificate of approval for a preliminary design or for a subsequent design phase may proceed according to Section 25.24.060 without being consolidated. If the related permit decisions would not be appealable, then the appeal of the certificate of approval decision shall proceed immediately after it is filed.

C. The applicant for the certificate of approval may elect to have the appeal proceed immediately rather than postponed for consolidation with appeals of related permit applications, if the applicant agrees in writing that the Department of Construction and Land Use may suspend its review of the related permits, and that the time period for review of those permits shall be sus-

pending until the Hearing Examiner issues a decision on the appeal of the certificate of approval.

D. The Hearing Examiner may reverse or modify an action of the Commission only if the Hearing Examiner finds that:

1. Such action of the Commission violates the terms of this chapter or rules, regulations or guidelines adopted pursuant to the authority of this chapter; or

2. Such action of the Commission is based upon a recommendation made in violation of the procedures set forth in this chapter or procedures established by rules, regulations or guidelines adopted pursuant to the authority of this chapter and such procedural violation operates unfairly against the applicant.

E. The Hearing Examiner shall issue a decision not later than ninety (90) days after the last of the appeals of related permit decisions is filed, or, if the applicant chooses to proceed immediately with the appeal of the certificate of approval, as provided in subsection C, then not later than ninety (90) days from the filing of that appeal. Pursuant to RCW 36.70B.090, the time period to consider and decide the appeal of a certificate of approval shall be exempt from the deadlines for review and decision on both the certificate of approval and any related permit applications.

(Seattle 12-98)

F. The Hearing Examiner's decision shall be final. Any judicial review must be commenced within twenty-one (21) days of issuance of the Hearing Examiner's decision, as provided by RCW 36.70C.040.

(Ord. 119121 § 18, 1998; Ord. 118012 § 141, 1996; Ord. 115958 § 38, 1991; Ord. 109125 § 8(part), 1980; Ord. 106985 § 7(part), 1977; Ord. 106309 § 1(part), 1977; Ord. 104658 § 1(part), 1975; Ord. 100475 § 6(part), 1971.)

25.24.085 Requests for interpretation.

A. An applicant for a certificate of approval may request an interpretation of the meaning of any part of this chapter as it relates to the requested certificate of approval. An interpretation shall not have any effect on certificates of approval that have already been granted.

B. An interpretation shall be requested in writing, specify the section of the code to be interpreted, and specify the question to be addressed. Requests shall be submitted to the Historic Preservation Officer.

C. If the requested interpretation relates to a certificate of approval that is subject to the deadlines set by RCW 36.70B, then the request for an interpretation cannot be made any later than fourteen (14) days after the application for the certificate of approval was submitted. Provided, however, that a request for an interpretation may be sought by the applicant at a later time if the permit applicant agrees to suspend the time frame for review of the certificate of approval, and the time frames applicable to any related permits that are under review, until the interpretation is issued.

D. Interpretations shall be made in writing by the Historic Preservation Officer, and shall be issued within twenty-five (25) days of submission of the request. The interpretation decision shall be served on the requesting party, and notice of the decision shall be mailed to parties of record and interest persons of record.

E. A fee shall be charged for interpretations in the amount provided in the Permit Fee Subtitle of the Seattle Municipal Code, Chapter 22.901E, Table 6, Land Use Fees, and shall be collected by the Department of Neighborhoods.

F. An interpretation may be appealed by the applicant if the certificate of approval that the interpretation addresses is denied and the applicant is appealing the denial, or if the interpretation relates to conditions placed on the certificate of

approval that the applicant is appealing. An appeal of an interpretation shall be filed at the same time as appeal of the related certificate of approval, and shall be consolidated with the appeal of the related certificate of approval. Appeal of the interpretation shall proceed according to the same procedures and time frames provided in Section 25.24.080 for appeal of a certificate of approval, including the provisions for consolidation with appeals of any related permit decisions.

G. The Hearing Examiner shall give substantial weight to the Historic Preservation Officer's interpretation. The appellant shall have the burden of establishing that the interpretation is erroneous.

H. The Hearing Examiner may affirm, reverse, or modify the Historic Preservation Officer's interpretation, in whole or in part. The Hearing Examiner may also remand the interpretation to the Historic Preservation Officer for further consideration.

I. The decision of the Hearing Examiner shall be final. The Hearing Examiner's decision shall be binding upon the Historic Preservation Officer and the Commission, as well as all parties of record to the proceeding. Copies of the Hearing Examiner's decision shall be mailed to the Historic Preservation Officer and to all parties of record before the Hearing Examiner. Judicial review must be commenced within twenty-one (21) days of issuance of the Hearing

7. A statement advising that the order shall become final unless no later than thirty (30) days after the notice and order are served, any party affected by the order requests in writing an appeal hearing before the Hearing Examiner. (Ord. 107323 § 4.02, 1978.)

25.28.290 Method of service of notice and order.

Service of the notice and order shall be made upon all persons having an interest in the property in the manner provided for the service of notices in Section 5.03 of the Housing Code (Ordinance 106319);¹ provided, that when personal service is obtained upon all persons having an interest in the property, it shall not be necessary to post a copy of the notice and order of the property. (Ord. 107323 § 4.03, 1978.)

¹.Editor's Note: The Housing Code is codified in Title 22 of this Code.

D. The appeal hearing shall be conducted pursuant to the contested case provisions of the Administrative Code (Ordinance 102228, as amended).¹ The Hearing Examiner is authorized to promulgate procedural rules for the appeal hearing pursuant to the Administrative Code.

E. The appeal hearing shall be a new or de novo hearing. Substantial weight shall be given to the notice and order of the Superintendent and the burden of establishing the contrary shall be upon the appealing party.

F. The Hearing Examiner shall have the authority to affirm, modify, reverse, or remand the notice and order of the Superintendent, or to grant other appropriate relief.

G. Within fourteen (14) days after the hearing, a written decision containing findings of fact and conclusions shall be transmitted to the parties. (Ord. 107323 § 4.04, 1978.)

¹.Editor's Note: The Administrative Code is codified in Chapter 3.02 of this Code.

25.28.310 Final order.

A. Any order duly issued by the Superintendent pursuant to the procedures contained in this subchapter shall become final thirty (30) days after service of the notice and order unless a written request for an appeal hearing is received by the Hearing Examiner within that thirty (30) day period.

B. An order which is subject to the appeal procedures shall become final twenty-one (21) days after issuance of the Hearing Examiner's decision unless within that time period a person with standing to file a land use petition in King County Superior Court files such a petition as provided by Section 705 of Chapter 347 of the Laws of 1995.

(Seattle 12-95)

C. Any final order shall be filed by the Superintendent with the Department of Records and Elections of King County, and the filing shall have the same effect as provided by laws for other lis pendens notices.

(Ord. 117789 § 17, 1995; Ord. 107323 § 4.05, 1978.)

The Superintendent may at any time add to, rescind in part, or otherwise modify a notice and order by issuing a supplemental notice and order. The supplemental notice and order shall be governed by the same procedures applicable to all notices and orders contained in this subchapter.

(Ord. 107323 § 4.06, 1978.)

25.28.330 Enforcement of final order.

A. If, after any order duly issued by the Superintendent has become final, the person to whom such order is directed fails, neglects, or refuses to obey such order, the Superintendent may:

1. Institute an action in municipal court to collect a civil penalty assessed under this subchapter; and/or

2. Abate the violation using the procedures of this subchapter.

B. Enforcement of any notice and order of the Superintendent issued pursuant to this subchapter shall be stayed during the pendency of any appeal under this subchapter, or under Ordinance 98852,¹ except when the Superintendent determines that the violation will cause immediate and irreparable harm and so states in the notice and order issued.

C. In the event that the Minimum Maintenance Historic Building Revolving Fund does not contain funds and/or the Superintendent elects not to abate the violation through repair, alteration or improvement of the building in the manner specified in Section 25.28.350, he shall file a statement with the Department of Records and Elections of King County stating that there is no money currently available to fund such abatement and that the action will be held in abeyance until such time as funding is available.

(Ord. 107323 § 4.07, 1978.)

¹Editor's Note: Ord. 98852 was repealed by Ord. 110058. For provisions on the Pioneer Square Preservation District, see Chapter 23.66 of this Code.

25.28.340 Civil penalty.

A. In addition to or as an alternative to any other judicial or administrative remedy provided in this subchapter or by law or other ordinance, any person who violates this subchapter, or rules and regulations adopted hereunder, or by any act of commission or omission procures, aids or abets such violation shall be subject to a civil penalty in an amount of Fifty Dollars (\$50.00) per day for each continuous violation to be directly assessed until such violation is corrected. All civil penalties assessed shall be enforced and collected by civil action, brought in the name of the City and commenced in the municipal court, and the Superintendent of Buildings shall notify the City Attorney in writing of the name of any person subject to the penalty and the amount thereof, and the City Attorney shall, with the assistance of the Superintendent of Buildings, take appropriate action to collect the penalty.

B. The defendant in the action may show, in mitigation of liability:

1. That the violation giving rise to the action was caused by the wilful act, or neglect, or abuse of another; or

2. That correction of the violation was commenced promptly upon receipt of notice thereof, but that full compliance within the time specified was prevented by inability to obtain necessary materials or labor, inability to gain access to the subject building, or other condition or circumstances beyond the control of the defendant; and upon a showing of the above described conditions, the court may remit all or part of the accumulated penalty.

(Ord. 107323 § 4.08, 1978.)

25.28.350 Abatement.

A. In addition to or as an alternative to any other judicial or administrative remedy provided in this subchapter or by law or other ordinance, the Superintendent may order conditions which constitute a violation of this subchapter to be abated. The Superintendent may order any owner of a building in violation of this subchapter, or rules and regulations adopted hereunder, to commence corrective work and to complete the work within such time as the Superintendent determines

25.28.300 ENVIRONMENTAL PROTECTION AND HISTORIC PRESERVATION

reasonable under circumstances. If the owner fails to comply with a final order, the Superintendent, by such means and with such assistance as may be available to him, is authorized to cause such building to be repaired, altered or improved and the costs thereof shall be recovered by the City in the manner provided by law.

B. The cost of such work shall be paid from amounts appropriate for abatement purposes. Unless the amount of the costs thereof are repaid within sixty (60) days of the completion of the work, they shall be assessed against the real property as to which such costs were incurred. Upon certification by the Superintendent to the City Finance Director of the assessment amount being due and owing, the City Finance Director shall certify the amount to the county official performing the duties of the County Treasurer, who shall enter the amount of such assessment upon the tax rolls against such real property for the current year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020, as now or hereafter amended, for delinquent taxes, and when collected, shall be deposited in the General Fund and credited to the Minimum Maintenance Historic Building Fund as provided in Section 25.28.260. The assessment shall constitute a lien against the property of equal rank with state, county, and municipal taxes.

(Ord. 116368 § 309, 1992; Ord. 107323 § 4.09, 1978.)

25.28.360 Remedies not exclusive.

The remedies provided for in this subchapter to accomplish preservation of substandard historic structures are not exclusive and this subchapter shall not be construed to supersede or repeal by implication the remedies available for enforcement of the Housing Code (Ordinance 106319)¹ or any other ordinance of the City.

(Ord. 107323 § 4.10, 1978.)
