 "Highland Park" - original plat filed in 1911 by

W.L. Dumar. This name, together with many
 street names in the district, would
 indicate a Scotch influence: the high elevation

 Cascade and Olympic Ranges and
 Mt. Rainier suggest the Highlands of
 Scotland, Thistle is the national flower
 of Scotland, Melrose - a burgh, Trenton
 - the river Trent, Sullivan - of Gilbert
 and Sullivan fame, Cambridge - the
 famed English University, etc.
