## MARSHALL VIEWPOINT 327

32,400 sq. ft. / 0.7 Ac.  
 Condemn. 1902: "...for public square."  
 1901: named "Phelps Park"  
 + Gift: 1960: G.W. Marshall + wife  
 "...for park purposes."

The original portion was named in honor of Admiral Thom. S. Phelps who, in 1855, was a Lieut. aboard the gunboat Decatur and gave opportune assistance to the handful of pioneers in the "Battle of Seattle" with the Indians. The park "views the harbor where the Decatur lay at anchor." [Decatur honors Stephen Decatur, Am. Naval officer, won gratefulness of Europe in "most daring act of the age" (Am. Nelson) by bringing pirates at Algiers, Tripoli + Tunis to terms. Killed in a duel - his second was Comm. Wm. B. Smith (Island) (Decatur Reef)]

In 1909 the Park was "used largely as a sightseeing point by pleasure vehicles" and the following year was identified as a "Place". The improvement of Queen Anne Blvd. must have "swallowed" Phelps Place" for it was gone from the list by 1930. In 1960, upon recommendation of the staff to name the new gift property, the whole viewpoint was named in honor of the Marshalls.
