ORDINANCE 107789

AN ORDINANCE establishing the Department of Engineering and prescribing the duties of the Director of Engineering.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. (a) There shall be an Engineering Department, the head of which shall be the Director of Engineering.

(b) The Director of Engineering shall be appointed by the Mayor and confirmed by a majority of the City Council, and shall be subject to reappointment and reconfirmation every four years; Provided, that the City Engineer appointed pursuant to Charter Article VII prior to its 1977 amendment, and serving immediately prior to the effective date of this ordinance shall serve as the first Director of Engineering pursuant to the provisions of this ordinance until December 31, 1980.

Section 2. Pursuant to the Administrative Code (Ordinance 102228), the Director of Engineering may adopt whatever rule he or she deems useful for the conduct of the Department's business.

Section 3. Under the direction of the Mayor, the duties of the Director of Engineering include:

(a) Making Engineering surveys, maps, profiles, plans, specifications, estimates and reports as required by the City.

(b) Laying out, directing and supervising the construction of public works required by the City within the City and on property belonging to or controlled by the City, except as otherwise provided by ordinance placing such responsibility in another department.

(c) Superintending, managing, constructing, repairing, maintaining, cleaning and controlling bridges, wharves, streets, gutters, sidewalks, sewers and drains and solid waste facilities of the City, subject to the Street Use Ordinance (90047).

1 (d) Enforcing and implementing City ordinances, contracts
2 and rules that relate to the Engineering Department.

3 (e) Appointing, supervising and controlling the officers
4 and employees of the Engineering Department subject to
5 personnel ordinances and rules of the City.

6 (f) Appointing and consulting on all engineering matters
7 with an assistant who is a registered professional
8 engineer having at least 10 years experience, unless the
Director possesses those qualifications.

9 (g) Managing, controlling, operating and maintaining
10 the municipal sewerage utility system.

11 (h) Managing, controlling, operating and maintaining
12 the municipal solid waste utility.

13 (i) Performing other duties as directed by the City.

14 Section 4. The Department of Engineering heretofore
15 established by Charter Article VII prior to its 1977 amendments
16 shall become the Engineering Department established pursuant
to the provisions of this ordinance.

17 All of the records, books, papers, properties, equipment,
18 offices, rights, and responsibilities of the Department
19 heretofore created by charter are transferred to the department
20 established by this ordinance.

21 The appointment of each employee of the Engineering
22 Department heretofore established by Charter is ratified and
23 confirmed as an appointment to the Engineering Department
24 established pursuant to the provisions of this ordinance,
25 and such employment shall be deemed to be continuous and without
26 interruption of service, and no employee shall suffer any loss
27 of accrued service credit, vacation time or any other benefit,
to the department created by this ordinance.

28 Section 5. The effective date of this ordinance shall be
January 1, 1979.

Section...6... This ordinance shall take effect and be in force thirty days from and after its passage and approval, if approved by the Mayor; otherwise it shall take effect at the time it shall become a law under the provisions of the city charter.

Passed by the City Council the 6 day of November, 1978,
and signed by me in open session in authentication of its passage this 6 day of
November, 1978.

Approved by me this 15 day of November, 1978.
