**DEPARTMENT OF PARKS AND RECREATION
FEES AND CHARGES**

AUTHORITY AND GENERAL PROVISIONS

AUTHORITY

Fees and charges are necessary to provide financial support to the Department of Parks and Recreation for the operation and maintenance of programs, facilities and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from Park and Recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund.

Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and by legislation authorize the Department to collect these fees and charges.

GENERAL PROVISIONS

The Superintendent of Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of Parks and Recreation is authorized to revise or waive any of the attached fees when it is in the public interest or where it is required to avoid infringing on the first amendment freedom guaranteed by the United States Constitution or the Washington State Constitution. The attached fees are subject to change due to revisions in Washington State taxes, City taxes or other unforeseen events.

The Superintendent of Parks and Recreation is authorized to approve variances to the fee schedule for special promotional and marketing activities as they may occur to enhance Departmental programs. These include but are not limited to use of 2 for 1 coupons, 50% discount coupons and free admission days for children. The above may occur at various Department facilities throughout the year.

The Seattle Department of Parks and Recreation is authorized to approve the free use of Department facilities by the Associated Recreation Council and recognized recreation Advisory Councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them.

Examples of Promotional and Marketing Fee Waivers and Reductions

The Superintendent of Parks and Recreation is authorized to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of park programs.

Authorized activities include, but are not limited to, the following arrangements:

- (1)Sponsored days: A sponsored day or activity under which a sponsor pays the department a fixed fee, a matching amount, or supplies advertising, service or other benefit and the department provides free public entry or use of the facility or the department provides free or reduced entry for a segment of the public (e.g. children under 12, senior citizens, anyone donating clothing or a can of food for a drive for those in need) or for a special group of the public (e.g., military personnel, Boy or Girl Scouts, participants in a community parade) or to the first entrants up to a specified number.
- (2)Bonus and prizes: The department may distribute to users or entrants a item supplied by the sponsor, e.g., a button, a balloon, literature, or an item of apparel, or a donated prize for an achievement.
- (3)Combination Tickets: A combination ticket for use of the City's facility or participation in a City event in conjunction with entry to another facility or event in which the combined prices are less than the amount that would be paid for each entry or event singly; the combined ticket shall expire within a proximate time after its sale or first usage; and the City and the other participant shall apportion the revenue from the combined sale by a ratio or formula. A combination may also take the form of a reciprocal discount or credit. For example, presentation of ticket stub or coupon from a Zoo in another City may entitle the holder to a credit on admission to the Woodland Park Zoo or the Seattle Aquarium when a receipt for paid entry to Seattle's Zoo or Aquarium entitles the holder to like privileges in the facility of the other City.
- (4)Discount Coupons: A coupon allowing two people to enter for the price one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The department may also use coupons as a way of reaching out to a group or segment of the citizenry who would not attend or use the facility at the established fee.
- (5)Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.
- (6)Departmental Free or Half-Price Days: "Senior citizen's days" may be offered during which people over a minimum age are

Seattle Department of Parks and Recreation

admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; or, on a "kid's day"/Neighborhood Day, admission may be free for children and low income adults; a free golf lesson day for kids; or free swimming day at our pools.

(7) Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance to our park facilities. Some examples include but are not limited to, the following:

- a) Extended Aquarium hours and special discounts during the summer.
- b) Extended special discount for swimming fees during the summer.

**DEPARTMENT OF PARKS AND RECREATION
FEES AND CHARGES**

AUTHORITY AND GENERAL PROVISIONS

AUTHORITY

Fees and charges are necessary to provide financial support to the Department of Parks and Recreation for the operation and maintenance of programs, facilities and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from Park and Recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund.

Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and by legislation authorize the Department to collect these fees and charges.

GENERAL PROVISIONS

The Superintendent of Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of Parks and Recreation is authorized to revise or waive any of the attached fees when it is in the public interest or where it is required to avoid infringing on the first amendment freedom guaranteed by the United States Constitution or the Washington State Constitution. The attached fees are subject to change due to revisions in Washington State taxes, City taxes or other unforeseen events.

The Superintendent of Parks and Recreation is authorized to approve variances to the fee schedule for special promotional and marketing activities as they may occur to enhance Departmental programs. These include but are not limited to use of 2 for 1 coupons, 50% discount coupons and free admission days for children. The above may occur at various Department facilities throughout the year.

The Seattle Department of Parks and Recreation is authorized to approve the free use of Department facilities by the Associated Recreation Council and recognized recreation Advisory Councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them.

Examples of Promotional and Marketing Fee Waivers and Reductions

The Superintendent of Parks and Recreation is authorized to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of park programs.

Authorized activities include, but are not limited to, the following arrangements:

- (1) Sponsored days: A sponsored day or activity under which a sponsor pays the department a fixed fee, a matching amount, or supplies advertising, service or other benefit and the department provides free public entry use of the facility or the department provides free or reduced entry for a segment of the public (e.g. children under 12, senior citizens, anyone donating clothing or a can of food for a drive for those in need) or for a special group of the public (e.g., military personnel, Boy or Girl Scouts, participants in a community parade) or to the first entrants up to a specified number.
- (2) Bonus and prizes: The department may distribute to users or entrants a item supplied by the sponsor, e.g., a button, a balloon, literature, or an item of apparel, or a donated prize for an achievement.
- (3) Combination Tickets: A combination ticket for use of the City's facility or participation in a City event in conjunction with entry to another facility or event in which the combined prices are less than the amount that would be paid for each entry or event singly; the combined ticket shall expire within a proximate time after its sale or first usage; and the City and the other participant shall apportion the revenue from the combined sale by a ratio or formula. A combination may also take the form of a reciprocal discount or credit. For example, presentation of ticket stub or coupon from a Zoo in another City may entitle the holder to a credit on admission to the Woodland Park Zoo or the Seattle Aquarium when a receipt for paid entry to Seattle's Zoo or Aquarium entitles the holder to like privileges in the facility of the other City.
- (4) Discount Coupons: A coupon allowing two people to enter for the price one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The department may also use coupons as a way of reaching out to a group or segment of the citizenry who would not attend or use the facility at the established fee.
- (5) Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.

WAIVERS AND REDUCTIONS

Version: September 26, 1996 - 3:08:PM

(6)Departmental Free or Half-Price Days: "Senior citizen's days" may be offered during which people over a minimum age are admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; or, on a "kid's day"/Neighborhood Day," admission may be free for children and low income adults; a free golf lesson day for kids; or free swimming day at our pools.

(7)Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance to our park facilities. Some examples include but are not limited to, the following:

- a) Extended Aquarium hours and special discounts during the summer.
- b) Extended special discount for swimming fees during the summer.

~~As in prior years, the Superintendent shall include in or with the Department's annual report a summary of the special promotions and marketing activities that were conducted during the year using a waiver or reduced fee.~~

Holly Miller, Superintendent
Norman B. Rice, Mayor

September 26, 1996

City Council
The City of Seattle

Via: Mayor Norman B. Rice
Attention: Tom Tierney, Director, Office of Management and Planning

Subject: AN ORDINANCE, relating to the Parks and Recreation Department;
amending the fee schedule for the use of park and
recreation facilities and services, and amending Seattle
Municipal Code Section 18.28.010 and Section 18.12.020
in connection therewith.

Honorable Members:

Transmitted herewith is the proposed Ordinance for 1997 and 1998 Fees and
Charges of the Department of Parks and Recreation.

This proposed ordinance amends the Seattle Municipal Code (SMC) Section
18.28.010 (Ordinance 118201) by deleting reference to the 1995 and 1996 Fees
and Charges Book and inserting the proposed 1997 and 1998 Fees and Charges
Book (Exhibit I.). This amendment language does not affect the Superintendent's
authority to provide special promotional and marketing activities, experimental rates
and the waiver or reduction of fees as shown in the attached Exhibit I. and under
specific circumstances as conditioned in the Seattle Municipal Code (SMC),
Sections 18.28.020 through - .040.

The current requirement for a 10 day prior notice to the Office of Management and
Planning and the Chair of the City Council Finance Committee for each special
promotional activity is deleted. This change will reduce the amount of paper and
additional City time associated with Parks Department special promotional and
marketing activities. This proposed change effects SMC Section 18.28.020,
Subsection C, and is redrafted in the attached ordinance. The Department will
