**Legislative Department  
Seattle City Council  
Memorandum**

**Date:** July 16, 2001  
**To:** All Councilmembers  
**From:** Geri Beardsley, Legislative Analyst  
**Subject:** Decision Agenda for Council Bills 113740-113748 – Station Area Planning Overlay, Pedestrian Designation and Rezones

**A. Background**

The Council's Landlord/Tenant and Land Use Committee is currently considering legislation that implements some of the land use recommendations in the adopted Concept-level Station Area Planning Recommendations (Res. 30165).

The Council established the Interim Station Area Overlay District on March 3, 1999 (Ord. 119394). The interim regulations expire on September 1, 2001. The legislative package now being reviewed by the Council establishes permanent regulations, including rezones, a permanent Station Area Overlay District (SAOD) and amendments to the Land Use Code identifying Principal Pedestrian Streets (with a pedestrian designation). These regulations apply to eight areas including: Henderson, Othello, Edmunds/Columbia City, McClellan, Beacon Hill, First Hill, Capitol Hill (permanent station area overlay only) and University District.

The legislation will encourage the areas around proposed light rail stations to become mixed use (residential and commercial) neighborhoods where people can live and work and where walking, biking, and using transit are alternatives to driving. In addition, proposed changes for areas south of Downtown are intended to help achieve the "town centers" contemplated in neighborhood plans, while increasing transit-oriented development opportunities in limited areas that are currently automobile-oriented. Current zoning in areas north of Downtown already supports development appropriate to implement neighborhood plans and TOD goals, so the legislation is more limited for these areas. However, the proposed rezones in these areas will strengthen existing Pedestrian Districts.

The LTLU Committee has reviewed and discussed prior versions of this legislation over the last two years. The LTLU Committee held a public hearing on the current versions of the proposed legislation on July 9, 2001. Committee discussion and possible vote is scheduled for July 17, 2001. One note regarding timing, a full Council vote by July 30, 2001 is necessary if the Council wants the permanent overlay to take effect prior to the expiration of the interim overlay.

The issues identified below and possible amendments are intended to address a number of issues that were raised in public comments, by staff and/or that Councilmembers asked staff to explore. We can discuss the issues in more detail at the July 17 Committee meeting, but I wanted to give you some framework for your discussion with this decision agenda. Please feel free to contact me at 684-8148 if you have questions. You can also contact Mike Podowski in the Strategic Planning Office at 386-1988.

**B. Overall Approach -- Whether or Not to Proceed with Permanent Overlay, Pedestrian Designation and Rezones**

This issue has been raised in response to concerns that enacting regulations for station areas is premature given the uncertainties about light rail funding, timing and station locations. In discussions with Councilmembers and Executive staff, we have come up with four options for the Committee to consider: A) adopt all legislation now; B) do not adopt the permanent station area overlay, but adopt the pedestrian designation and rezones; C) do not adopt any legislation now, but continue to work with neighborhoods to ensure that the proposed legislation implements neighborhood plans; and D) do not adopt any legislation now, but consider reviewing the legislation again if and when Sound Transit's plans are more certain.

There are a number of factors the Council should be aware of in discussing this issue. First, Sound Transit's target date of 2006 to begin operating light rail has now been postponed until 2009. Sound Transit's Board has confirmed that the area south of downtown will be their highest priority and those station locations are not in question. However, for some, there is some uncertainty as to whether light rail will be constructed at all. Second, the City's contract with the Regional Transit Authority (now Sound Transit) provides for a final payment (of \$500,000) after Council action on this legislation, which Sound Transit might contest if this legislation is not adopted. Third, Executive staff and neighborhood groups substantially modified the legislation from last year's proposal to respond to community concerns and to ensure that it supports implementation of neighborhood plans in addition to implementation of the station area planning. These factors and others are shown in the table below.

**Options for Overall Approach:**

A. Adopt Permanent Station Area Overlay, Pedestrian Designation and Rezones	B. Do Not Adopt Permanent Station Area Overlay, Only Adopt Pedestrian Designation and Rezones	C. Do Not Adopt Any Legislation and Revisit Neighborhood Planning Issues	D. Do Not Adopt Any Legislation and Revisit If and When Sound Transit's Plans Are More Certain

Committee Action:

Move forward now?

Options:

- A. Adopt permanent station area overlay, pedestrian designation and rezones (if yes, then proceed to Sections C and D below)
- B. Do not adopt permanent station area overlay, only adopt pedestrian designation and rezones (if yes, vote "Do Not Pass" on Overlay in Section C below and then proceed to Section D)
- C. Do not adopt any legislation and revisit neighborhood planning issues (if yes, then hold all legislation or vote "Do Not Pass" on all eight Council Bills)
- D. Do not adopt any legislation and revisit if and when Sound Transit's plans are more certain (if yes, then hold all legislation or vote "Do Not Pass" on all eight Council Bills)

Reminder, each of these options assumes that the Interim Station Area Overlay will expire on September 1, 2001 and that the Council does not intend to extend the expiration date again.

### C. Permanent Station Area Overlay – C.B. 113740 -- Possible Amendments

This Section identifies possible amendments to the permanent station area overlay based on my review of the issues; public comments; and discussions with Councilmembers, the Law Department and staff from the Legislation Department, Strategic Planning Office and Department of Design, Construction and Land Use.

**1. Locational Criteria.** Issue: locational criteria refer to light rail stations even though none exist now.

Possible amendment: amend locational criteria to reflect proximity to "proposed" station areas and high capacity transit:

#### *23.34.089 Locational Criteria - Station Area Overlay District.*

A. *Establishing A Station Area Overlay District. In reviewing a proposal to establish a Station Area Overlay District, the following criteria shall be considered:*

1. *Function. To preserve or encourage a diverse, mixed-use community with a pedestrian orientation around proposed light rail stations or access to other high capacity transit, where incompatible automobile-oriented uses are discouraged and transit-oriented use and development is encouraged.*

2. *Desired Characteristics. The Station Area Overlay District designation is most appropriate in areas generally characterized by one or more of the following:*

a. *high levels of pedestrian activity at street level in commercial and mixed use zones; or*

b. *presence of a wide variety of retail/service activities in commercial and mixed use zones; or*

c. *minimal pedestrian-auto conflicts; or*

d. *medium to high residential density in close proximity to proposed light rail stations or access to other high capacity transit.*

3. *Physical Conditions Favoring Designation as Station Area Overlay District. The station area overlay district shall be located around a proposed light rail station or access to other high capacity transit and include land within approximately one thousand three hundred and twenty feet (1,320') of the station or stop. Other factors to consider in including properties within the overlay district include, but are not limited to the following:*

a. *presence of medium to high density residential zoning in proximity to the light rail station or access to other high capacity transit;*

b. *presence of a commercial or mixed use area where goods and services are available to the public and where opportunities for enhancement of the pedestrian environment exist;*

c. *opportunities for new development to access transit, bicycle and pedestrian modes of transportation;*

d. *opportunities for construction of new development that will support ~~light rail~~ transit;*

e. *properties zoned Single Family may only be included within the overlay district when it can be demonstrated that the criteria for Single Family designation cannot be satisfied.*

*B. Revising the boundaries of a Station Area Overlay District.*

1. *When a proposal is made to include land within an existing Station Area Overlay District, the land proposed to be added must be contiguous to the Station Area Overlay District, be consistent with the criteria prescribed in subsection A, above, and satisfy the function and locational criteria for a commercial or multifamily zone designation.*

2. *When a proposal is made to remove land from an existing Station Overlay District, the land proposed to be removed must be contiguous to land lying outside the boundary and not meet the criteria in subsection A of this section.*

**2. 64% Upper-level Lot Coverage Limit for Residential Uses.** Issue: in Neighborhood Commercial zones, residential uses are subject to a limit that above 13 feet, the building can only occupy 64% of the building envelope. This limit doesn't change the allowable density, but does affect design flexibility. Currently, projects with residential uses must go through Design Review to waive the 64% upper-level lot coverage limit. Commercial projects are not subject to the limit. The proposed legislation treats residential uses like commercial uses by eliminating the 64% upper-level lot coverage limit for residential uses.

Possible amendment: Stick with status quo, which currently requires Design Review for a residential use to exceed the 64% upper-level lot coverage limit. This action requires an amendment to strike Section 3 of the Council Bill.

**3. Other Issues.** Several other issues were raised in public comments, but I have not prepared options to address them because they are covered in the proposed amendments, Councilmembers did not ask me to follow up on them, or for a variety of other reasons. These issues include a request for additional notification prior to approval of work release centers and not allowing commercial or mixed-use buildings to convert to Single-Purpose Residential buildings because such conversions might contribute to the loss of existing neighborhood commercial uses. We can discuss these in more detail or I can prepare options if Councilmembers request them.

**D. Individual Station Areas – C.B. 113741-113748 -- Possible Amendments**

This Section identifies possible amendments to the legislation for individual station areas based on my review of the issues; public comments; and discussions with Councilmembers, the Law Department and staff from the Legislation Department, Strategic Planning Office and Department of Design, Construction and Land Use.

**1. Beacon Hill -- C.B. 113741.**

a. Amend Whereas clause per City Clerk request to avoid use of blanks:

*WHEREAS, ~~on \_\_\_\_\_~~ the City Council enacted Ordinance \_\_\_\_\_ established a new Chapter 23.61, Station Area Overlay District, (C.B. 113740) to the Seattle Municipal Code, establishing permanent regulations to prohibit uses incompatible with transit-oriented development and revising development standards within approximately one-quarter mile of proposed Sound Transit light rail stations; and*

b. If Committee chooses Option B ("don't adopt permanent station area overlay") for the overall approach, amend to strike the entire Whereas clause in Section D.1.a, above, strike C.B. Section 2 (describing mapping the permanent station area overlay) and strike C.B. Exhibit B (map with permanent station area overlay).

c. Other Issues: Several other issues were raised in public comments, but I have not prepared options to address them because they are covered in the proposed amendments. Councilmembers did not ask me to follow up on them, or for a variety of other reasons. These issues included not rezoning any property in the Beacon Hill area and rezoning one parcel from Lowrise 1 to Lowrise 3. We can discuss these in more detail or I can prepare options if Councilmembers request them.

b. If Committee chooses Option B ("don't adopt permanent station area overlay") for the overall approach, amend to strike the entire Whereas clause in Section D.1.a, above, strike C.B. Section 2 (describing mapping the permanent station area overlay), amend C.B. Section 4 to refer to "First Hill" rather than "Capitol Hill" and strike C.B. c. Other Issues: Several other issues were raised in public comments, but I have not prepared options to address because they are covered in the proposed amendments, Councilmembers did not ask me to follow up on them, or for a variety of other reasons. These

issues included not extending the pedestrian designation south of NE 45th St. We can discuss these in more detail or I can prepare options if Councilmembers request them.

**5. Othello -- C.B. 113745.**

a. Amend Whereas clause per City Clerk request: see language proposed for Beacon Hill in Section D.1.a., above.

b. If Committee chooses Option B ("don't adopt permanent station area overlay") for the overall approach, amend to strike the entire Whereas clause in Section D.1.a, above, strike C.B. Section 2 (describing mapping the permanent station area overlay), and strike C.B. Exhibit C (map with permanent station area overlay).

c. SHA/New Holly 3. The legislation includes SHA properties within the permanent station area overlay and pedestrian designation, and also rezones the SHA properties. Most of the SHA property is located within the third phase of the SHA's redevelopment at New Holly. SHA also has a quasi-judicial rezone application pending for rezones for these properties.

1) Approve legislative rezones and overlays as proposed. This action requires no further changes to the legislation.

2) Amend to remove SHA property from overlay boundary, pedestrian designation and from properties to be rezoned. Review SHA's proposal for New Holly 3 through quasi-judicial contract rezone.

Under Option A ("adopt all legislation") for the overall approach, this action requires amending C.B. Exhibit A (to remove SHA properties from the pedestrian designation and rezones), striking Exhibit B (legal descriptions for SHA properties) and amending Exhibit C (to remove SHA properties from the permanent station area overlay boundaries). Under Option B ("don't adopt permanent station area overlay") for the overall approach, this action requires

amending C.B. Exhibit A (to remove SHA properties from the pedestrian designation and rezones) and striking C.B. Exhibit B (legal descriptions of SHA properties).

3) Amend to restrict density of New Holly 3 by limiting the allowable density of Lowrise 4 zone to those of Lowrise 2 densities. For affected parcels, this reduces the allowable density from one unit per 600 square feet to one unit per 1200 square feet. (Note, this only affects those parcels to be zoned to Lowrise 4 within New Holly 3.)

Under Options A or B for the overall approach, this would require amending C.B. Section 1 (describing the rezones) as follows:

*Section 1. The Official Land Use Map, Chapter 23.32 of the Seattle Municipal Code is amended to rezone certain properties located on Plat 73W, page 174, and Plat 73E, page 174, of the Official Land Use Map, as shown on Exhibit A and described in Exhibit B, as it pertains to property owned by the Seattle Housing Authority, attached to this ordinance. Those parcels rezoned to Lowrise 4 that are located within Areas A, D and F as shown on Exhibits A and B are restricted as follows: the allowable density shall be restricted to the density in the Lowrise 2 zone.*

This action would also require an amendment to Exhibit A (map showing rezones) to add the Ordinance for Council Bill 113745 to the parcels rezoned to Lowrise 4 (located with Areas A, D and F on Exhibit A).

d. Other Issues. Several other issues were raised in public comments, but I have not prepared options to address them because they are covered in the proposed amendments, Councilmembers did not ask me to follow up on them, or for a variety of other reasons. These issues include a request for no rezones of any property. We can discuss these in more detail or I can prepare options if Councilmembers request them.

**6. Edmunds -- C.B. 113746.**

a. Amend Whereas clause per City Clerk request: see language proposed for Beacon Hill in Section D.1.a., above.

b. If Committee chooses Option B ("don't adopt permanent station area overlay") for the overall approach, amend to strike the entire Whereas clause in Section D.1.a, above, strike C.B. Section 2 (describing mapping the permanent station area overlay) and strike C.B. Exhibit C (map with permanent station area overlay).

c. SHA/Rainier Vista. The legislation includes SHA properties within the permanent station area overlay and pedestrian designation and also rezones the SHA properties. The SHA property is located within the Rainier Vista area, which SHA plans to redevelop under a HOPE VI Federal Grant. SHA also has a quasi-judicial rezone application pending for rezones for these properties.

1) Approve legislative rezones and overlays as proposed. This action requires no further changes to the legislation.

2) Amend to remove SHA property from overlay boundary, pedestrian designation and from properties to be rezoned. Review SHA's proposal for Rainier Vista through quasi-judicial contract rezone.

Under Option A ("adopt all legislation") for the overall approach, this action requires amending C.B. Exhibit A (to remove SHA properties from the pedestrian designation and rezones), striking Exhibit B (legal descriptions for SHA properties) and amending Exhibit C (to remove SHA properties from the permanent station area overlay boundaries). Under Option B ("don't adopt permanent station area overlay") for the overall approach, this action requires amending C.B. Exhibit A (to remove SHA properties from the pedestrian designation and rezones) and striking C.B. Exhibit B (legal descriptions of SHA properties).

3) Amend to restrict density of Lowrise 4 zones to Lowrise 2 densities. For affected parcels, this reduces the allowable density from one unit per 600 square feet to one unit per 1200 square feet. (Note, this only affects those parcels to be rezoned to Lowrise 4 in the Rainier Vista proposal.)

(Under Options A or B for the overall approach, this action requires amending C.B. Section 1 (describing the rezones) as follows:

*Section 1. The Official Land Use Map, Chapter 23.32 of the Seattle Municipal Code is amended to rezone certain properties located on Plat 58E, page 145, and Plat 59W, page 146, Plat 65E, page 158, and Plat 66W, page 159 of the Official Land Use Map, as shown on Exhibit A and described in Exhibit B, as it pertains to property owned by the Seattle Housing Authority, attached to this ordinance. Those parcels rezoned to Lowrise 4 that are located within Areas B, C and F as shown on Exhibits A and B are restricted as follows: the allowable density shall be restricted to the density in the Lowrise 2 zone.*

This action would also require an amendment to Exhibit A (map showing rezones) to add the Ordinance for Council Bill 113746 to the parcels rezoned to Lowrise 4 (located with Areas B, C and F on Exhibit A).

Several Councilmembers have asked me about a slight variation on this density restriction: they have asked whether the Council could approve the rezones for SHA, but limit the total number of allowable dwelling units to 1010. I do not recommend this approach because I think it would be impractical for the Department of Design, Construction and Land Use to administer given the variety of zones, the possible phasing of the project and the likelihood that SHA will redevelop with a variety of partners.

d. Other Issues. Several other issues were raised in public comments, but I have not prepared options to address them because they are covered in the proposed amendments, Councilmembers did not ask me to follow up on them, or for a variety of other reasons. These issues include a request for less neighborhood commercial zoning. We can discuss these in more detail or I can prepare options if Councilmembers request them.

**Date:** July 20, 2001  
**To:** All Councilmembers  
**From:** Geri Beardsley, Legislative Analyst  
**Subject:** Divided Report for Council Bills 113740-113748  
Station Area Planning Overlay, Pedestrian Designation and Rezones

This Divided Report summarizes the Council's Landlord/Tenant and Land Use Committee recommendations on eight Council Bills (C.B. 113740-113748) which implement some of the land use recommendations in the adopted Concept-level Station Area Planning Recommendations (Res. 30165). For more information about the legislation and the issues, please see my July 16, 2001 Decision Agenda or feel free to call me at 684-8148.

The legislation replaces interim regulations with permanent regulations, including rezones, a permanent Station Area Overlay District (SAOD) and amendments to the Land Use Code identifying Principal Pedestrian Streets (with a pedestrian designation). These regulations apply to eight areas including: Henderson, Othello, Edmunds/Columbia City, McClellan, Beacon Hill, First Hill, Capitol Hill (permanent station area overlay only) and University District.

The LTLU Committee reviewed and discussed prior versions of this legislation over the last two years. The LTLU Committee held a public hearing on the current versions of the proposed legislation on July 9, 2001. Committee discussion and vote took place on July 17, 2001. One note regarding timing, a full Council vote by July 30, 2001 is necessary if the Council wants the permanent overlay to take effect prior to the expiration of the interim overlay.

**A. Overall Approach -- Whether or Not to Proceed with Permanent Overlay, Pedestrian Designation and Rezones**

Committee Recommendation: Yes, move forward now with all legislation by adopting permanent station area overlay, pedestrian designation and rezones. (Note, this particular vote was not on any specific legislation, so while it signals the intent of the Committee, each Council Bill was then acted on separately and all were amended as shown in subsequent sections of this Divided Report).

Vote: 4-1-1. Yes 4 (Conlin, McIver, Pageler, Wills), No 1 (Nicastro), Abstain 1 (Licata)

### MEMORANDUM

**TO:** Margaret Pageler, City Council President  
via Margaret Klockars, Law Department

**FROM:** Rick Krochalis, Director *MKD for RKK*

**DATE:** June 18, 2001

**SUBJECT:** Designation of Permanent Station Area Overlay Districts and Rezones to Implement Neighborhood and Station Area Planning Recommendations.

This memo accompanies nine ordinances proposed by the Department of Design, Construction and Land Use and the City's Strategic Planning Office. The proposed legislation would establish a Station Area Overlay District (SAOD) in Chapter 23.61 of the Land Use Code, apply the SAOD, designate principal pedestrian streets and rezone certain properties near proposed future light rail stations. The legislation is proposed to help achieve the intent of neighborhood plan and station area planning recommendations for the following areas: South Henderson Street; South Othello Street; South Edmunds Street; South McClellan Street; First Hill; Capitol Hill (only the proposed application of the SAOD is proposed for Capitol Hill); Beacon Hill; and Northeast 45<sup>th</sup> Street.

#### Background

City staff have been working with neighborhoods to implement recommendations from neighborhood plans that were completed in the latter half of the 1990's. For the areas mentioned above, many land use and zoning recommendations awaited implementation until additional planning work could be carried out to include careful consideration of the proximity of these areas to transit corridors.

The proposed Land Use Code and zoning changes will encourage new development that responds to the vision of the neighborhood plans to support light rail or bus ridership, and promote mixed-use development with more neighborhood serving commercial uses in areas that are safe and attractive for pedestrians.

#### Revised Proposals

City staff have been working with affected neighborhoods to revise proposals offered last year. We have made several changes in response to comments received and are pleased
