Office of the Mayor

September 26, 2005

Honorable Jan Drago
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Drago:

I am transmitting the attached proposed Council Bill for consideration with the 2006 Proposed Budget. This legislation will revise the Department of Parks and Recreation's (DPR's) Fees and Charges Schedule for 2006.

DPR sets most fees on a biennial basis. This proposed Bill makes adjustments in only a few fees to reflect new policies or changed conditions.

Key changes include the introduction of a fee to cover DPR's assumption of facility rental responsibilities that were previously managed by a contracted park facility operator (the Associated Recreational Council), and increases to cover exhibit improvements that are currently under construction at the Seattle Aquarium. Additionally, a number of usage fees, which will generate approximately \$37,000 toward the operation of the Volunteer Park Conservatory, are being proposed in response to a City Council Statement of Legislative Intent. A more detailed account of DPR's proposed changes is reflected in the attachment to the Fiscal Note that accompanies this legislation.

Fees set forth in this Bill will help DPR assure continued high quality park services and recreational facilities for the enjoyment of our city's residents and visitors. Thank you for your consideration of this legislation. Should you have questions, please contact Grace Harris at 684-8005.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Greg Nickels', with a long, sweeping underline.

DEPARTMENT OF PARKS AND RECREATION

FEES AND CHARGES

AUTHORITY AND GENERAL PROVISIONS

- **Authority**

Fees and charges are necessary to provide financial support to the Department of Parks and Recreation (the Department) for the operation and maintenance of programs, facilities and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from park and recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund.

Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and, by ordinance, authorize the Department to collect these fees and charges.

- **General Provisions**

The Superintendent of the Department of Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of the Department of Parks and Recreation is authorized, as provided in Seattle Municipal Code (SMC) Chapter 18.28, to waive or reduce any fees in this Schedule.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in the SMC Chapter 18.28, to establish experimental rates, and to engage in special promotional and marketing activities to enhance Departmental programs. These include, but are not limited to, use of 2 for 1 coupons, 50% discount coupons and free admission days for children. Discounts for Senior Adults (age 65 and over) vary per program. These types of activities may occur at various Department facilities throughout the year.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC Chapter 18.04 and Chapter 18.28, to approve the free use of Department facilities by the Associated Recreation Council, recognized recreation advisory councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use, and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them.

Fees contained in this Fee Schedule shall not apply to permits issued pursuant to SMC Chapter 15.35 "Filming".

REVOCABLE USE PERMIT FEE SCHEDULE

• General Provisions & Fees

Revocable Permits to Use or Occupy Park Property, commonly called Revocable Use Permits, are issued by the Superintendent of Parks and Recreation, under authority of Seattle Municipal Code (SMC) 18.12.042, 18.12.045, and 18.12.275, for various short-term or on-going (i.e., Limited Term or Continuing Use, respectively) non-park use of public land under the control of the Department of Parks and Recreation. Permits are revocable upon thirty (30) days notice or immediately upon failure of the Permittee to comply with the terms and conditions of the Permit. Unauthorized use of park property, including failure to apply for and obtain a Revocable Use Permit, is unlawful and subject to enforcement actions or other remedies as specified in SMC 18.30 or other applicable law.

In accordance with the Policy on Non-Park Uses of Park Lands, as endorsed by City Council Resolution 29475, it is the policy of the Department of Parks and Recreation to limit authorized non-park uses of park land to the fullest extent practicable. Fees and conditions set for Revocable Use Permits are intended to discourage private, non-park uses of park lands; encourage the elimination of encroachments; and promote private and public cooperation in maintenance of park lands in a manner consistent with a public park-like character.

Consideration of any permit application requires payment of an Application Fee, unless City action to a public right-of-way resulted in inaccessibility from other than park property. The Application Fee is non-refundable. Issuance of a permit requires payment of a Permit Fee which is:

- a) a fixed daily fee (i.e., Limited Term permit fee); and/or
- b) calculated in accordance with a formula (Continuing Use permit fee); or
- c) a minimum Permit Fee.

Application Fees and Permit Fees are set periodically by ordinance. Under exceptional circumstances, the Superintendent of Parks and Recreation may waive or reduce the Revocable Use Permit Fee, in accordance with criteria established by SMC 18.28.030 or SMC 18.28.040. Creek restoration projects proposed by other City departments are specifically exempted from permit fees of any kind as the City recognizes these projects as valuable enhancements to its parks and recreation assets.

In determining whether the Permit Fee should be waived or reduced, the Superintendent shall be guided by:

- a) The benefit to the public and the direct benefit to the park system;
- b) The frequency and/or amount of usage requested;
- c) The effect on and fairness to other park users;
- d) Consistency with policies underlying the fee schedule and SMC Chapter 18; and
- e) The consequences of denying the request.

The Superintendent may, at his or her discretion, authorize the acceptance of permanent physical improvements, such as constructed improvements or landscaping, as compensation in lieu of the Permit Fee in those circumstances where the proposed in lieu compensation can be shown to be equal to or greater in value than the calculated or set amount of the Permit Fee.

Waiver or reduction of the Permit Fee does not necessarily waive or reduce other fees, charges, requirements, or obligations in connection with issuance of a Revocable Use Permit including Application Fee, Inspection Fee, processing charges, insurance or indemnity requirements, or restoration requirements.

Limited Term Permit Fee

Limited Term permits may be issued for necessary uses of park property for brief periods of time, generally expected to be limited to ninety (90) days or less; however, Limited Term permits may be issued for uses expected to continue beyond ninety (90) days at the discretion of the Superintendent of Parks and Recreation. Examples of activities for which Limited Term permits may be issued include, but are not limited to, construction staging, temporary access, and utility installation.

The Limited Term permit fee will be charged at a daily rate from the date the permit is issued or the date the use or occupancy of park property began, whichever is earlier, until the activity is completed and all conditions of the permit, including restoration of any damage to park land, have been satisfied. If seasonal factors, such as planting conditions or construction prohibitions, warrant a delay between the time the use or occupancy of park property is completed and the time the restoration is completed, no Permit Fee shall be charged for the interim period, unless the park land is unavailable for the use or enjoyment of the public.

If a Revocable Use Permit is issued for a use of park land expected to continue for a limited period of time, such as a Limited Term permit, but for a period exceeding ninety (90) days, the fee shall be the daily rate set for Limited Term permits for the first ninety (90) days; the fee for the period exceeding ninety (90) days shall be calculated in accordance with the Continuing Use permit fee.

Under no circumstances shall a Limited Term permit fee be converted to a lesser fee due to extension of the anticipated completion date of the permitted activity. If upon inspection it is determined that the permit conditions have not been satisfied, charges for additional daily fees at the same rate shall accrue until conditions have been satisfied.

Continuing Use Permit Fee

Continuing Use permit fees shall be charged for uses expected to continue for an extended period of time, generally beyond ninety (90) days (e.g., encroachments or other non-park uses that will not be corrected or eliminated within a ninety (90) day period). Continuing Use permit fees shall be calculated using a formula based on land Value, Area of use, a Barrier factor, and a Rate of return ($V \times A \times B \times R$).

The **Value** of the park land used shall be determined by calculating the average of the **assessed value per square foot** of the benefited property and the assessed values per square foot of **comparable** (i.e., similarly zoned, having similar amenities such as waterfront or view), **nearby** (within a distance not to exceed 1,000 feet) **non-park properties**.

The **Area** shall be the total of the square footage of park land actually used or occupied for non-park purposes and/or the square footage of park land that is subject to a barrier to public use of enjoyment.

The **Barrier Factor** is a multiplier of 1 or less than 1, representing the extent of barrier to public use and enjoyment, as set by the following scale. If two or more Barrier Factors may apply, the greater factor shall apply.

- Factor: **1.00** Full use and/or occupancy of area, preventing public use or occupancy of the area (e.g., a private structure); or creation of a physical barrier denying public use or access to the area (e.g., a fence or hedge);
- .70** Creation of a perceptual barrier by improvements or actions that capture the public space for private use (e.g., paving, shrubbery, other plantings);
- .35** Private landscaping or other improvements on park land that violate, exceed, or are inconsistent with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands (e.g., private access drive or walkway in excess of standard; private lighting or safety railings that exceed a security function).

The **Rate** of return (i.e., land capitalization rate) is set at 10%.

Continuing Use permit fees will be pro-rated as necessary, and annualized October 1 to September 30, billed and payable not later than September 30 of each calendar year for the twelve (12) month period to follow.

If the permit period is shorter than anticipated, the permit fees paid in advance shall be prorated for the time used and over-payment shall be refunded, except in the case of revocation due to Permittee's failure to comply with the terms and conditions of the permit, in which case no refund shall be given.

Permits for utility installations, such as electrical, natural gas, or telephone service, shall be charged as Limited Term permits, based on the permit period necessary for installation.

There is no Permit Fee charged for Limited Term permits of ninety (90) days or less issued expressly to allow the removal or elimination of an encroachment onto park land.

There is no Permit Fee charged for certain non-park uses of park land which may be allowable by property right, such as driveway access from the roadway portion of a park boulevard if access is not available from any other right-of-way, or pedestrian walkway access from a public sidewalk to the abutting private property, if such uses comply with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands.

Three site inspections by a Department Landscape Supervisor will be performed: the first inspection to review the request and make a determination of allowed pruning, the second (if the request is approved) during the proposed work to ensure compliance with the permit, and a final inspection for satisfaction of all permit specifications.

PROMOTIONAL & MARKETING FEE WAIVERS & REDUCTIONS

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC 18.28.020, to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of Park and Recreation programs.

EXAMPLES OF FEE WAIVERS & REDUCTIONS

Authorized activities include, but are not limited to, the following arrangements:

- (1) Sponsored days: A sponsored day or activity for which a sponsor pays the Department a fixed fee, a matching amount, or supplies advertising, service, or other benefit. In exchange, the Department provides free public entry use of the facility, or free or reduced entry for a certain segment of the public (e.g., children under 12, senior citizens, anyone donating clothing or food for a drive for those in need); for a special group of the public (e.g., participants in a community parade); or to the first entrants up to a specified number.
- (2) Bonus and prizes: The Department may distribute to users or entrants an item supplied by the sponsor (e.g., a button, a balloon, literature, an item of apparel, or a donated prize for an achievement).
- (3) Combination tickets: The Superintendent may issue a combination ticket for use of multiple City facilities or participation in multiple City events. A combination ticket may also take the form of a reciprocal discount or credit. For example, presentation of a ticket stub or coupon from an Aquarium in another city may entitle the holder to a credit on admission to the Seattle Aquarium when a receipt for paid entry to Seattle's Aquarium entitles the holder to like privileges in the facility of the other city. In those cases where a combination ticket is authorized, combining multiple events and facilities:
 - The combined ticket price may be less than the amount that would be paid for each entry or event singly;
 - The combined ticket shall expire within a time period after the ticket's sale or first usage, with said period to be determined by the Superintendent of the Department of Parks and Recreation or his or her designee; and
 - The City and any other participant organizations shall apportion the revenue from the combined sale by a ratio or formula.
- (4) Discount Coupons: A coupon allowing two people to enter for the price of one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The Department may also use coupons as a way of reaching out to a group or segment of the citizenry, who would not attend or use the facility at the established fee.
- (5) Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants

may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.

- (6) Departmental Free or Half-Price Days: "Senior citizens' days" may be offered during which time people over a minimum age are admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; on a "Kids' Day" or "Neighborhood Day," admission may be free for children and low income adults; a free golf lesson day for kids may be provided; or free swimming day at our pools may be provided.
- (7) Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance at our park facilities. Some examples include, but are not limited to, the following:
- (a) Extended Aquarium hours and special discounts during the summer.
 - (b) Extended special discount for swimming fees during the summer.

Legislation Title: AN ORDINANCE relating to the Department of Parks and Recreation, establishing the revised 2005-2006 fee schedule for the use of park properties and other park and recreation facilities and services; superseding previous park and recreation fee schedules; and amending Section 18.28.010 of the Seattle Municipal Code.

- **Summary of the Legislation:**

This legislation revises the Department of Parks and Recreation's (DPR's) 2005-2006 Fees and Charges Schedule, which was adopted with the 2005 Adopted and 2006 Endorsed Budgets. The revisions include an increase in staff support of facility rentals, and changes to fees and charges to Volunteer Park Conservatory revenues, Seattle Aquarium admission fees, sports use fees, permits for use of DPR facilities and parks, and permits for inspections.

- **Background:** DPR's fees and charges are necessary to provide financial support for the operation and maintenance of DPR programs, facilities, and park grounds. The DPR fee structure addresses the key elements of inflation, market conditions, improved cost recovery, and sensitivity to customer acceptance of fee changes.

The revenue generated by these fees constitutes approximately 14 percent of funds required for operating and maintaining the Parks system, excluding revenues associated with the Golf Program, which are addressed in Ordinance No. 121351. All fees collected from DPR activities and concessions are used exclusively for the Parks system, except for fees related to the Joint Athletic Field Use Agreement with the Seattle Public Schools (SPS). The City schedules and collects fees for use of both City and SPS fields, retains a portion for the cost of scheduling SPS fields, and remits the balance to SPS.

DPR proposes changes to its fees and charges each year as part of the City's budget process. The attached proposed changes to the 2006 Endorsed Budget, fees, and charges (Attachment A) provides a summary of DPR fee changes from the 2006 Endorsed Budget to the 2006 Proposed Budget. These fees are reviewed periodically to determine whether market conditions warrant increases; improve fee structures (particularly those that are no longer compatible with the implementation of the DPR CLASS scheduling system); and to establish new fees, when warranted. Improved cost recovery is a consideration when developing fee increases and implementing cost

of living adjustments, consistent with the City of Seattle Department of Finance's inflation guidelines.

DPR's Revised 2005-2006 Proposed Fees and Charges Schedule include the following changes from the existing 2005-2006 Schedule:

- Increases in Aquarium Admissions Fees, ranging from 4 % to 10%;
- An increase from \$2 to \$3 in voluntary donations at the Volunteer Park Conservatory in response to a 2005 City Council Statement of Legislative Intent; and
- A change in the Hourly Room and Gymnasium Non-refundable booking fee.

Additionally, the legislation restructures and simplifies certain fees, and corrects previous misprints or omissions. These changes are identified in Attachment A to this Fiscal Note.

 This legislation does not have any financial implications. (Stop here and delete the remainder of this document prior to saving and printing.)

 X This legislation has financial implications. (Please complete all relevant sections that follow.)

Anticipated Revenue/Reimbursement: (For budget legislation that raises fees, please provide detail on each fee that is being raised, when it was last raised, how the proposed fee compares with similar fees in the region, etc.)

See Attachment A to Fiscal Note for a complete list of changes.

Fund Name and Number	Department	Revenue Source	2006 Endorsed Revenue	2006 Proposed Revenue
10200	DPR	Fees and Charges ¹	\$14,974,259	\$15,218,806
TOTAL			\$14,974,259	\$15,218,806

Notes: (1) The revenues here exclude revenues from Golf that are addressed in separate golf management contracts approved by Ordinances 121351 and 121669, and which total \$9.3 million in the 2006 Endorsed budget and \$9.1 million in the 2006 Proposed budget. The Woodland Park Zoo no longer generates revenue for the Parks and Recreation Fund. Some of the revenue increases are volume-based, as well as due to fee increases. Some revenue increases are related to assumptions associated with revenue generation at newly opened Community Centers that will employ existing fee structures beginning in 2005.

What is the financial cost of not implementing this legislation?

Not implementing this legislation as proposed would require reductions in services or programs within DPR's 2006 proposed budget. Such reductions would impact the Department's ability to generate revenue that is used to pay for costs associated with maintaining its facilities.

- What are the possible alternatives to the legislation that could achieve the same or similar objectives?

There are no additional funding sources that DPR staff are aware of. In adjusting its Fees and Charges Schedule, the Department has considered all known external funding resources, such as grants and other one-time funding sources.

- Is the legislation subject to public hearing requirements?
Public hearings are not required, however, this legislation will be subject to public hearings as part of the 2006 Budget process. Notices will be posted throughout the Parks system to notify users of the proposed fee schedule.

- Other Issues *(including long-term implications of the legislation):*

The changes contained in this proposal are part of a concerted effort on the part of DPR to improve its overall fee structure, maintain costs and, to the extent possible, increase cost recovery. DPR will continue to review its fee policies and schedules, in terms of the economy, changes in park and recreation services provided by other local jurisdictions, and other internal and external factors affecting the Department's budget.
