DEPARTMENT OF PARKS AND RECREATION FEES AND CHARGES

AUTHORITY AND GENERAL PROVISIONS

- **Authority**

Fees and charges are necessary to provide financial support to the Department of Parks and Recreation (the Department) for the operation and maintenance of programs, facilities, and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from park and recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund.

Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and, by ordinance, authorize the Department to collect these fees and charges.

- **General Provisions**

The Superintendent of the Department of Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of the Department of Parks and Recreation is authorized, as provided in Seattle Municipal Code (SMC) Chapter 18.28, to waive or reduce any fees in this Schedule.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC Chapter 18.28, to establish experimental rates, and to engage in special promotional and marketing activities to enhance Departmental programs. These include, but are not limited to, use of 2 for 1 coupons, 50% discount coupons and free admission days for children. Discounts for Senior Adults (age 65 and over) vary per program. These types of activities may occur at various Department facilities throughout the year.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC Chapters 18.04 and 18.28, to approve the free use of Department facilities by the Associated Recreation Council, recognized recreation advisory councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use, and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them.

Fees contained in this Fee Schedule shall not apply to permits issued pursuant to SMC Chapter 15.35 "Filming."

REVOCABLE USE PERMIT FEE SCHEDULE

- **General Provisions & Fees**

Revocable Permits to Use or Occupy Park Property, commonly called Revocable Use Permits, are issued by the Superintendent of Parks and Recreation, under authority of Seattle Municipal Code

(SMC) 18.12.042, 18.12.045, and 18.12.275, for various short-term or on-going (i.e., Limited Term or Continuing Use, respectively) non-park uses of public land under the control of the Department of Parks and Recreation. Permits are revocable upon thirty (30) days notice or immediately upon failure of the Permittee to comply with the terms and conditions of the Permit. Unauthorized use of park property, including failure to apply for and obtain a Revocable Use Permit, is unlawful and subject to enforcement actions or other remedies as specified in SMC 18.30 or other applicable law.

In accordance with the Policy on Non-Park Uses of Park Lands, as endorsed by City Council Resolution 29475, it is the policy of the Department of Parks and Recreation to limit authorized non-park uses of park land to the fullest extent practicable. Fees and conditions set for Revocable Use Permits are intended to discourage private, non-park uses of park lands; encourage the elimination of encroachments; and promote private and public cooperation in maintenance of park lands in a manner consistent with a public park-like character.

Consideration of any permit application requires payment of an Application Fee, unless City action to a public right-of-way resulted in inaccessibility from other than park property. The Application Fee is non-refundable. Issuance of a permit requires payment of a Permit Fee which is:

- o a fixed daily fee (i.e., Limited Term permit fee); and/or
- o calculated in accordance with a formula (Continuing Use permit fee); or
- o a minimum Permit Fee.

Application Fees and Permit Fees are set periodically by ordinance. Under exceptional circumstances, the Superintendent of Parks and Recreation may waive or reduce the Revocable Use Permit Fee, in accordance with criteria established by SMC 18.28.030 or SMC 18.28.040. Creek restoration projects proposed by other City departments are specifically exempted from permit fees of any kind as the City recognizes these projects as valuable enhancements to its parks and recreation assets. In determining whether the Permit Fee should be waived or reduced, the Superintendent shall be guided by:

- o The benefit to the public and the direct benefit to the park system;
- o The frequency and/or amount of usage requested;
- o The effect on and fairness to other park users;
- o Consistency with policies underlying the fee schedule and SMC Chapter 18; and
- o The consequences of denying the request.

The Superintendent may, at his or her discretion, authorize the acceptance of permanent physical improvements, such as constructed improvements or landscaping, as compensation in lieu of the Permit Fee in those circumstances where the proposed in lieu compensation can be shown to be equal to, or greater, in value than the calculated or set amount of the Permit Fee.

Waiver or reduction of the Permit Fee does not necessarily waive or reduce other fees, charges, requirements, or obligations in connection with issuance of a Revocable Use Permit including Application Fee, Inspection Fee, processing charges, insurance or indemnity requirements, or restoration requirements.

Limited Term Permit Fee

Limited Term permits may be issued for necessary uses of park property for brief periods of time, generally expected to be limited to ninety (90) days or less; however, Limited Term permits may be issued for uses expected to continue beyond ninety (90) days at the discretion of the Superintendent of Parks and Recreation. Examples of activities for which Limited Term permits may be issued include, but are not limited to, construction staging, temporary access, and utility installation.

The Limited Term permit fee will be charged at a daily rate from the date the permit is issued or the date the use or occupancy of park property began, whichever is earlier, until the activity is completed and all conditions of the permit, including restoration of any damage to park land, have been satisfied. If seasonal factors, such as planting conditions or construction prohibitions, warrant a delay between the time the use or occupancy of park property is completed and the time the restoration is completed, no Permit Fee shall be charged for the interim period, unless the park land is unavailable for the use or enjoyment of the public.

If a Revocable Use Permit is issued for a use of park land that is expected to continue for a limited period of time, such as a Limited Term permit, but for a period exceeding ninety (90) days, the fee shall be the daily rate set for Limited Term permits for the first ninety (90) days; the fee for the period exceeding ninety (90) days shall be calculated in accordance with the Continuing Use permit fee.

Under no circumstances shall a Limited Term permit fee be converted to a lesser fee due to extension of the anticipated completion date of the permitted activity. If upon inspection it is determined that the permit conditions have not been satisfied, charges for additional daily fees at the same rate shall accrue until conditions have been satisfied.

Continuing Use Permit Fee

Continuing Use permit fees shall be charged for uses expected to continue for an extended period of time, generally beyond ninety (90) days (e.g., encroachments or other non-park uses that will not be corrected or eliminated within a ninety (90) day period). Continuing Use permit fees shall be calculated using a formula based on land **Value**, **Area** of use, a **Barrier** factor, and a **Rate** of return ($V \times A \times B \times R$).

The **Value** of the park land used shall be determined by calculating the average of the **assessed value** per square foot of the benefited property and the assessed values per square foot of **comparable** (i.e., similarly zoned, having similar amenities such as waterfront or view), nearby (within a distance not to exceed 1,000 feet) **non-park properties**.

The **Area** shall be the total of the square footage of park land actually used or occupied for non-park purposes and/or the square footage of park land that is subject to a barrier to public use and/or enjoyment.

The **Barrier Factor** is a multiplier of 1 or less than 1, representing the extent of barrier to public use and enjoyment, as set by the following scale. If two or more Barrier Factors may apply, the greater factor shall apply.

Factor: **1.00** Full use and/or occupancy of area, preventing public use or occupancy of the area (e.g., a private structure); or creation of a physical barrier denying public use or access to the area (e.g., a fence or hedge);

.70 Creation of a perceptual barrier by improvements or actions that capture the public space for private use (e.g., paving, shrubbery, other plantings);

.35 Private landscaping or other improvements on park land that violate, exceed, or are inconsistent with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands (e.g., private access drive or walkway in excess of standard; private lighting or safety railings that exceed a security function).

The **Rate** of return (i.e., land capitalization rate) is set at 10%.

Continuing Use permit fees for permit periods of less than twelve (12) months are payable in full prior to permit issuance. Continuing use permit fees for permit periods anticipated to continue for twelve (12) months or more may be pro-rated and annualized and payable in advance for such annualized date as the Department shall establish. If the permit period is shorter than anticipated, the permit fees paid in advance shall be prorated for the time used and over-payment shall be refunded, except in the case of revocation due to Permittee's failure to comply with the terms and conditions of the permit, in which case no refund shall be given. Permits for utility installations, such as electrical, natural gas, or telephone service, shall be charged as Limited Term permits, based on the permit period necessary for installation.

There is no Permit Fee charged for Limited Term permits of ninety (90) days or less issued expressly to allow the removal or elimination of an encroachment onto park land.

There is no Permit Fee charged for certain non-park uses of park land which may be allowable by property right, such as driveway access from the roadway portion of a park boulevard if access is not available from any other right-of-way, or pedestrian walkway from a public sidewalk to the abutting private property, if such uses comply with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands.

Additional on-site charges at \$100.00 per hour may be assessed, for on-site inspections and/or monitoring, if specified in the Permit or if necessary in the Department's judgment, due to Applicant's or Permittee's action(s), or failure to comply with the terms and conditions of the permit.)
\$100.00	\$100.00	Limited Term Permit, per day, OR \$200 minimum, whichever is greater
Formula	Formula	Continuing Use Permit, determined by formula (V x A x B x R) OR \$200 minimum, whichever is greater
\$100.00	\$100.00	Processing Charges, per hour (costs of staff time in excess of four (4) hours to review and process permit applications; payable prior to permit issuance.)

• **View Tree Pruning Permit**

Private citizens may apply for a permit if they wish to hire a qualified, bonded tree service firm to perform view tree pruning which is not normally done as part of the Department tree maintenance program along its designated viewpoints and scenic drives. The request for this permit must be submitted in writing to the Manager of our Citywide Horticulture Unit. Three site inspections by a Department Landscape Supervisor will be performed: the first inspection to review the request and make a determination of allowed pruning, the second (if the request is approved) during the proposed work to ensure compliance with the permit, and a final inspection for satisfaction of all permit specifications.

2009	2010	
\$50.00	\$50.00	Application fee, non-refundable. Must be submitted with the written request for a View Tree Pruning Permit.
\$100.00	\$100.00	Permit fee, due upon issuance of the View Tree Pruning Permit
\$100.00	\$100.00	Bond from tree service firm must be submitted prior to work. The tree service firm is also required to submit proof of insurance in a minimum amount of \$1,000,000 bodily injury liability and \$5,000 property damage.

PROMOTIONAL & MARKETING FEE WAIVERS & REDUCTIONS

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC 18.28.020, to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of Park and Recreation programs.

EXAMPLES OF FEE WAIVERS & REDUCTIONS

Authorized activities include, but are not limited to, the following arrangements:

1. **Sponsored days:** A sponsored day or activity for which a sponsor pays the Department a fixed fee, a matching amount, or supplies advertising, service, or other benefit. In exchange, the Department provides free public entry use of the facility, or free or reduced entry for a certain segment of the public (e.g., children under 12, senior citizens, anyone donating clothing or food for a drive for those in need); for a special group of the public (e.g., participants in a community parade); or to the first entrants up to a specified number.
2. **Bonus and prizes:** The Department may distribute to users or entrants an item supplied by the sponsor (e.g., a button, a balloon, literature, an item of apparel, or a donated prize for an achievement).
3. **Combination tickets:** The Superintendent may issue a combination ticket for use of multiple City facilities or participation in multiple City events. A combination ticket may also take the form of a reciprocal discount or credit. For example, presentation of a ticket stub or coupon from an aquarium in another city may entitle the holder to a credit on admission to the Seattle Aquarium when a receipt for paid entry to Seattle's Aquarium entitles the holder to like privileges in the facility of the other city. In those cases where a combination ticket is authorized, combining multiple events and facilities:
 - o The combined ticket price may be less than the amount that would be paid for each entry or event singly;
 - o The combined ticket shall expire within a time period after the ticket's sale or first usage, with said period to be determined by the Superintendent of the Department of Parks and Recreation or his or her designee; and
 - o The City and any other participant organizations shall apportion the revenue from the combined sale by a ratio or formula.
4. **Discount Coupons:** A coupon allowing two people to enter for the price of one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The Department may also use coupons as a way of reaching out to a group or segment of the citizenry, who would not attend or use the facility at the established fee.

5. Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.
6. Departmental Free or Half-Price Days: "Senior citizens' days" may be offered during which time people over a minimum age are admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; on a "Kids' Day" or "Neighborhood Day," admission may be free for children and low income adults; a free golf lesson day for kids may be provided; or free swimming day at our pools may be provided.
7. Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance at our park facilities. Some examples include, but are not limited to, the following:
 - (a) Extended Aquarium hours and special discounts during the summer.
 - (b) Extended special discount for swimming fees during the summer.

2010-2011 BUDGET LEGISLATION FISCAL NOTE

Department:	Contact Person/Phone:	DOF Analyst/Phone:
Parks and Recreation	Korie Voorheis 684-4135	Jennifer Devore 615-1328

Legislation Title: AN ORDINANCE relating to the Department of Parks and Recreation; establishing the 2010 fee schedule for the use of park properties and other park and recreation facilities and services; superseding previous park and recreation fee schedules; and amending Section 18.28.010 of the Seattle Municipal Code.

- Summary of the Legislation:

This legislation establishes the Department of Parks and Recreation's (DPR's) Fee Schedule for 2010.

- Background:

DPR's fees and charges provide financial support for the operation and maintenance of DPR programs, facilities, and park grounds. The DPR Fee Schedule transmitted by this legislation includes new or increased fees to address inflation and improved cost recovery in 2010.

The revenue generated by these fees constitutes approximately 15% of the funding used for operating and maintaining Parks facilities, excluding revenue associated with the Golf Program, which is addressed in Ordinance 121351. All fees collected from DPR activities and concessions are used exclusively for Parks facilities, with the exception of fees related to the Joint Athletic Field Use Agreement between the City of Seattle and Seattle Public Schools (SPS). The City schedules and collects fees for the use of both City and SPS athletic fields, and retains a portion of SPS's field fees to recover administrative costs. The appropriate balance is then remitted to SPS.

DPR evaluates its fees and charges on an annual basis as part of the City's budget process. Attachment 2 to the Ordinance, "Changes from the Adopted 2009-2010 Fee Schedule to the Proposed 2010 Fee Schedule" reflects 2010 fee changes. DPR's fees are reviewed annually to determine whether fee increases, or changes to the fee structure, are warranted. Improved cost recovery is a consideration when developing fee increases and implementing cost of living adjustments, consistent with the City of Seattle Department of Finance's inflation guidelines. Additionally, the legislation restructures and simplifies certain fees, and corrects previous misprints or omissions. These changes are identified in Attachment 2 to the Ordinance.

- What is the financial cost of not implementing this legislation?

Not implementing this legislation as proposed would require reductions in services or programs within the DPR's 2010 proposed budget. Such reductions would impact the Department's ability to generate revenue that is used to pay for costs associated with maintaining its facilities.

- Does this legislation affect any departments besides the originating department? No.

- What are the possible alternatives to the legislation that could achieve the same or similar objectives?

In adjusting its Fees and Charges Schedule, the Department has considered all known external funding resources, such as grants and other one-time funding sources.

- Is the legislation subject to public hearing requirements? No

- Other Issues (including long-term implications of the legislation):

The changes contained in this proposal are part of a concerted effort on the part of DPR to improve its overall fee structure, maintain costs and, to the extent possible, increase cost recovery. DPR will continue to review its fee policies and schedules, in terms of the economy, changes in park and recreation services provided by other local jurisdictions, and other internal and external factors affecting the Department's budget.

DEPARTMENT OF PARKS AND RECREATION FEES AND CHARGES

AUTHORITY AND GENERAL PROVISIONS

- **Authority**

Fees and charges are necessary to provide financial support to the Department of Parks and Recreation (the Department) for the operation and maintenance of programs, facilities, and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from park and recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund.

Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and, by ordinance, authorize the Department to collect these fees and charges.

- **General Provisions**

The Superintendent of the Department of Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of the Department of Parks and Recreation is authorized, as provided in Seattle Municipal Code (SMC) Chapter 18.28, to waive or reduce any fees in this Schedule.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC Chapter 18.28, to establish experimental rates, and to engage in special promotional and marketing activities to enhance Departmental programs. These include, but are not limited to, use of 2 for 1 coupons, 50% discount coupons and free admission days for children. Discounts for Senior Adults (age 65 and over) vary per program. These types of activities may occur at various Department facilities throughout the year.

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC Chapters 18.04 and 18.28, to approve the free use of Department facilities by the Associated Recreation Council, recognized recreation advisory councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use, and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them.

Fees contained in this Fee Schedule shall not apply to permits issued pursuant to SMC Chapter 15.35 "Filming."

- **First Amendment Vending**

Eligible registered non-profit, tax-exempt organizations may apply for a permit to vend merchandise in which a political, religious, philosophical or ideological message is inextricably intertwined. Such "First Amendment Vending" is governed by regulations adopted by the Department of Parks and Recreation. When conducted on a park drive or boulevard, First Amendment Vending is subject to a base permit fee of seventy-five dollars (\$75.00) for a monthly site permit. When conducted within a park, First Amendment Vending is subject to a monthly base permit fee of seventy-five dollars (\$75.00) plus a fee of ten percent (10%) of gross receipts. Copies of the First Amendment Vending Regulations are available upon request.

- **Construction Contracts**

Construction Bidding Documents

There is a non-refundable \$35.00 fee for contractors to acquire a copy of the construction contract bidding documents. Requests should be made through the Planning and Development Division (Engineering and Design section) of the Department of Parks and Recreation 206/233-7920.

REVOCABLE USE PERMIT FEE SCHEDULE

- **General Provisions & Fees**

Revocable Permits to Use or Occupy Park Property, commonly called Revocable Use Permits, are issued by the Superintendent of Parks and Recreation, under authority of Seattle Municipal Code

(SMC) 18.12.042, 18.12.045, and 18.12.275, for various short-term or on-going (i.e., Limited Term or Continuing Use, respectively) non-park uses of public land under the control of the Department of Parks and Recreation. Permits are revocable upon thirty (30) days notice or immediately upon failure of the Permittee to comply with the terms and conditions of the Permit. Unauthorized use of park property, including failure to apply for and obtain a Revocable Use Permit, is unlawful and subject to enforcement actions or other remedies as specified in SMC 18.30 or other applicable law.

In accordance with the Policy on Non-Park Uses of Park Lands, as endorsed by City Council Resolution 29475, it is the policy of the Department of Parks and Recreation to limit authorized non-park uses of park land to the fullest extent practicable. Fees and conditions set for Revocable Use Permits are intended to discourage private, non-park uses of park lands; encourage the elimination of encroachments; and promote private and public cooperation in maintenance of park lands in a manner consistent with a public park-like character.

Consideration of any permit application requires payment of an Application Fee, unless City action to a public right-of-way resulted in inaccessibility from other than park property. The Application Fee is non-refundable. Issuance of a permit requires payment of a Permit Fee which is:

- o a fixed daily fee (i.e., Limited Term permit fee); and/or
- o calculated in accordance with a formula (Continuing Use permit fee); or
- o a minimum Permit Fee.

Application Fees and Permit Fees are set periodically by ordinance. Under exceptional circumstances, the Superintendent of Parks and Recreation may waive or reduce the Revocable Use Permit Fee, in accordance with criteria established by SMC 18.28.030 or SMC 18.28.040. Creek restoration projects proposed by other City departments are specifically exempted from permit fees of any kind as the City recognizes these projects as valuable enhancements to its parks and recreation assets. In determining whether the Permit Fee should be waived or reduced, the Superintendent shall be guided by:

- o The benefit to the public and the direct benefit to the park system;
- o The frequency and/or amount of usage requested;
- o The effect on and fairness to other park users;
- o Consistency with policies underlying the fee schedule and SMC Chapter 18; and
- o The consequences of denying the request.

The Superintendent may, at his or her discretion, authorize the acceptance of permanent physical improvements, such as constructed improvements or landscaping, as compensation in lieu of the Permit Fee in those circumstances where the proposed in lieu compensation can be shown to be equal to, or greater, in value than the calculated or set amount of the Permit Fee.

Waiver or reduction of the Permit Fee does not necessarily waive or reduce other fees, charges, requirements, or obligations in connection with issuance of a Revocable Use Permit including Application Fee, Inspection Fee, processing charges, insurance or indemnity requirements, or restoration requirements.

Limited Term Permit Fee

Limited Term permits may be issued for necessary uses of park property for brief periods of time, generally expected to be limited to ninety (90) days or less; however, Limited Term permits may be issued for uses expected to continue beyond ninety (90) days at the discretion of the Superintendent of Parks and Recreation. Examples of activities for which Limited Term permits may be issued include, but are not limited to, construction staging, temporary access, and utility installation.

The Limited Term permit fee will be charged at a daily rate from the date the permit is issued or the date the use or occupancy of park property began, whichever is earlier, until the activity is completed and all conditions of the permit, including restoration of any damage to park land, have been satisfied. If seasonal factors, such as planting conditions or construction prohibitions, warrant a delay between the time the use or occupancy of park property is completed and the time the restoration is completed, no Permit Fee shall be charged for the interim period, unless the park land is unavailable for the use or enjoyment of the public.

If a Revocable Use Permit is issued for a use of park land that is expected to continue for a limited period of time, such as a Limited Term permit, but for a period exceeding ninety (90) days, the fee shall be the daily rate set for Limited Term permits for the first ninety (90) days; the fee for the period exceeding ninety (90) days shall be calculated in accordance with the Continuing Use permit fee.

Under no circumstances shall a Limited Term permit fee be converted to a lesser fee due to extension of the anticipated completion date of the permitted activity. If upon inspection it is determined that the permit conditions have not been satisfied, charges for additional daily fees at the same rate shall accrue until conditions have been satisfied.

Continuing Use Permit Fee

Continuing Use permit fees shall be charged for uses expected to continue for an extended period of time, generally beyond ninety (90) days (e.g., encroachments or other non-park uses that will not be corrected or eliminated within a ninety (90) day period). Continuing Use permit fees shall be calculated using a formula based on land **Value**, **Area** of use, a **Barrier** factor, and a **Rate** of return ($V \times A \times B \times R$).

The **Value** of the park land used shall be determined by calculating the average of the **assessed value** per square foot of the benefited property and the assessed values per square foot of **comparable** (i.e., similarly zoned, having similar amenities such as waterfront or view), nearby (within a distance not to exceed 1,000 feet) **non-park properties**.

The **Area** shall be the total of the square footage of park land actually used or occupied for non-park purposes and/or the square footage of park land that is subject to a barrier to public use and/or enjoyment.

The **Barrier Factor** is a multiplier of 1 or less than 1, representing the extent of barrier to public use and enjoyment, as set by the following scale. If two or more Barrier Factors may apply, the greater factor shall apply.

Factor: **1.00** Full use and/or occupancy of area, preventing public use or occupancy of the area (e.g., a private structure); or creation of a physical barrier denying public use or access to the area (e.g., a fence or hedge);

.70 Creation of a perceptual barrier by improvements or actions that capture the public space for private use (e.g., paving, shrubbery, other plantings);

.35 Private landscaping or other improvements on park land that violate, exceed, or are inconsistent with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands (e.g., private access drive or walkway in excess of standard; private lighting or safety railings that exceed a security function).

The **Rate** of return (i.e., land capitalization rate) is set at 10%.

Continuing Use permit fees for permit periods of less than twelve (12) months are payable in full prior to permit issuance. Continuing use permit fees for permit periods anticipated to continue for twelve (12) months or more may be pro-rated and annualized and payable in advance for such annualized date as the Department shall establish. If the permit period is shorter than anticipated, the permit fees paid in advance shall be prorated for the time used and over-payment shall be refunded, except in the case of revocation due to Permittee's failure to comply with the terms and conditions of the permit, in which case no refund shall be given. Permits for utility installations, such as electrical, natural gas, or telephone service, shall be charged as Limited Term permits, based on the permit period necessary for installation.

There is no Permit Fee charged for Limited Term permits of ninety (90) days or less issued expressly to allow the removal or elimination of an encroachment onto park land.

There is no Permit Fee charged for certain non-park uses of park land which may be allowable by property right, such as driveway access from the roadway portion of a park boulevard if access is not available from any other right-of-way, or pedestrian walkway from a public sidewalk to the abutting private property, if such uses comply with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands.

Additional on-site charges at \$100.00 per hour may be assessed, for on-site inspections and/or monitoring, if specified in the Permit or if necessary in the Department's judgment, due to Applicant's or Permittee's action(s), or failure to comply with the terms and conditions of the permit.)
\$100.00	\$100.00	Limited Term Permit, per day, OR \$200 minimum, whichever is greater

\$100.00	\$100.00	Processing Charges, per hour (costs of staff time in excess of four (4) hours to review and process permit applications; payable prior to permit issuance.)

• **View Tree Pruning Permit**

Private citizens may apply for a permit if they wish to hire a qualified, bonded tree service firm to perform view tree pruning which is not normally done as part of the Department tree maintenance program along its designated viewpoints and scenic drives. The request for this permit must be submitted in writing to the Manager of our Citywide Horticulture Unit. Three site inspections by a Department Landscape Supervisor will be performed: the first inspection to review the request and make a determination of allowed pruning, the second (if the request is approved) during the proposed work to ensure compliance with the permit, and a final inspection for satisfaction of all permit specifications.

2009	2010	
\$50.00	\$50.00	Application fee, non-refundable. Must be submitted with the written request for a View Tree Pruning Permit.
\$100.00	\$100.00	Permit fee, due upon issuance of the View Tree Pruning Permit
\$100.00	\$100.00	Bond from tree service firm must be submitted prior to work. The tree service firm is also required to submit proof of insurance in a minimum amount of \$1,000,000 bodily injury liability and \$5,000 property damage.

PROMOTIONAL & MARKETING FEE WAIVERS & REDUCTIONS

The Superintendent of the Department of Parks and Recreation is authorized, as provided in SMC 18.28.020, to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of Park and Recreation programs.

EXAMPLES OF FEE WAIVERS & REDUCTIONS

Authorized activities include, but are not limited to, the following arrangements:

1. **Sponsored days:** A sponsored day or activity for which a sponsor pays the Department a fixed fee, a matching amount, or supplies advertising, service, or other benefit. In exchange, the Department provides free public entry use of the facility, or free or reduced entry for a certain segment of the public (e.g., children under 12, senior citizens, anyone donating clothing or food for a drive for those in need); for a special group of the public (e.g., participants in a community parade); or to the first entrants up to a specified number.
2. **Bonus and prizes:** The Department may distribute to users or entrants an item supplied by the sponsor (e.g., a button, a balloon, literature, an item of apparel, or a donated prize for an achievement).
3. **Combination tickets:** The Superintendent may issue a combination ticket for use of multiple City facilities or participation in multiple City events. A combination ticket may also take the form of a reciprocal discount or credit. For example, presentation of a ticket stub or coupon from an aquarium in another city may entitle the holder to a credit on admission to the Seattle Aquarium when a receipt for paid entry to Seattle's Aquarium entitles the holder to like privileges in the facility of the other city. In those cases where a combination ticket is authorized, combining multiple events and facilities:
 - o The combined ticket price may be less than the amount that would be paid for each entry or event singly;
 - o The combined ticket shall expire within a time period after the ticket's sale or first usage, with said period to be determined by the Superintendent of the Department of Parks and Recreation or his or her designee; and
 - o The City and any other participant organizations shall apportion the revenue from the combined sale by a ratio or formula.
4. **Discount Coupons:** A coupon allowing two people to enter for the price of one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The Department may also use coupons as a way of reaching out to a group or segment of the citizenry, who would not attend or use the facility at the established fee.

5. Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.
6. Departmental Free or Half-Price Days: "Senior citizens' days" may be offered during which time people over a minimum age are admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; on a "Kids' Day" or "Neighborhood Day," admission may be free for children and low income adults; a free golf lesson day for kids may be provided; or free swimming day at our pools may be provided.
7. Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance at our park facilities. Some examples include, but are not limited to, the following:
 - (a) Extended Aquarium hours and special discounts during the summer.
 - (b) Extended special discount for swimming fees during the summer.

Dear Council President Conlin:

I am transmitting the attached proposed Council Bill for consideration with the 2010 Proposed Budget. This legislation will establish the Department of Parks and Recreation's (DPR's) Fees and Charges Schedule for 2010.

Key changes include fee increases for the use of adult athletic fields and the Amy Yee Tennis Centers. The legislation also includes revisions made for clarification purposes to help assure consistency throughout the Schedule. A detailed account of DPR's proposed changes is reflected in Attachment 2 to the legislation.

The facility rental, admissions, special recreation, and aquatic fees set forth in this Bill will allow DPR to continue to provide high-quality park services and recreational facilities for the enjoyment of our city's residents and visitors. Thank you for your consideration of this legislation. Should you have questions, please contact Korie Voorehis at 684-4135.
