The project scope of work includes rock scaling and slope stabilization of the hillside along the base road of the Powerhouse-to-Dam access road between the Powerhouse and the first tunnel west of the Powerhouse. On 3/14/2010, a large rock/landslide destroyed three docks and a portion of the access road on Ross Lake. These facilities provided access for powerhouse operations and park services. Work includes constructing two new docks on each side of the slide, and reconstructing the road, once the rock slide area is made safe.

The project scope of work includes construction of a concrete foundation slab (2 feet thick) and a containment building which will be used for 1 year to contain lead paint being removed during the rehab of the 320 Ton Sluice Maintenance Gate (SMG). Following the use as a containment structure the building will be relocated to a new permanent slab and used as a warehouse in the service area. The containment structure will be constructed after the SMG has been sited on the slab and disassembled. The containment structure will then be removed when the SMG has been remediated and recoated to allow for final assembly of the SMG prior to it being floated and returned to service.

This project replaces approximately 500 linear feet of collapsed drainage pipe located in south Seattle along Martin Luther King Way and adjacent streets. This project enhances the existing stormwater system in this area by reducing flooding problems, eliminating bypasses to the sanitary sewer system, providing a functioning conveyance system for future roadway and drainage improvements proposed by Sound Transit, and reducing overall long-term maintenance costs.

2010 - 2015 Adopted Capital Improvement Program

FISCAL NOTE FOR NON-CAPITAL PROJECTS

Department:	Contact Person/Phone:	DOF Analyst/Phone:
Department of Finance	Hall Walker 233-7065	Thomas L. Taylor 233-5032

Legislation Title:

AN ORDINANCE amending Ordinance 123177, which adopted the 2010 Budget, including the 2010-2015 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; adding new projects and revising project allocations for certain projects in the 2010-2015 CIP; creating positions, one of which is exempt from Civil Service; lifting a proviso; and ratifying and confirming certain prior acts, all by a three-fourths vote of the City Council.

- **Summary of the Legislation:** This Council Bill, which is the first quarterly supplemental ordinance in 2010, proposes several adjustments to the 2010 Adopted Budget. Additionally, this legislation abandons appropriations from various funds for capital projects administered by the Seattle Public Utilities (SPU) and Seattle City Light (SCL). The proposed abandonments will remove unneeded and unexpended budget authority for projects that have either been completed, are fully funded, or have funding-source changes.

- **Background:** The Department of Finance compiles the majority of departmental requests for spending adjustments to the Adopted Budget into a quarterly Supplemental Ordinance for review and approval by the City Council. These quarterly Bills accomplish the following:
 - implement programs approved in the Adopted Budget or subsequent legislation;
 - create new capital improvement projects;
 - adjust for unanticipated actual and projected revenues;
 - abandon unused or unneeded appropriation;
 - appropriate funding backed by new revenue sources, such as grants and private donations; and/or
 - correct technical mistakes in the Adopted Budget.

This quarterly Supplemental Ordinance is accompanied by a quarterly Grant Acceptance Ordinance.

 This legislation does not have any financial implications. *(Stop here and delete the remainder of this document prior to saving and printing.)*

 X **This legislation has financial implications.**

Information on the following pages provide descriptions of the financial and program implications of this ordinance.

1.6	<p>This item decreases appropriation authority by \$76,044 in the Annual Certification and Inspection BCL. The decrease reflects necessary expenditure reductions made in January 2010 in response to a continuing downturn in permit revenues that exceeds the conservative revenue projections used for the development of the 2010 Adopted Budget. Adjustments were made department-wide and included the un-funding of 34 regular positions in Construction Services, Land Use Services and Department Leadership, as well as various non-labor reductions throughout the department.</p> <p>Process Improvements and Technology Reduction (Department of Planning and Development - Planning and Development Fund - 15700)</p> <p>This item decreases appropriation authority by \$133,024 in the Process Improvements and Technology BCL. The decrease reflects necessary expenditure reductions made in January 2010 in response to a continuing downturn in permit revenues that exceeds the conservative revenue projections used for the development of the 2010 Adopted Budget. As a result, a corresponding reduction was made to department funding for Process Improvement and Technology.</p>	-\$133,024
Section 2 – Appropriation Increases		
2.1	<p>Golf Capital Improvement Project (Department of Parks and Recreation - Park and Recreation Fund - 10200)</p> <p>This item increases appropriation authority by \$376,651 in the Golf Capital Reserves BCL (K410A). The purpose of this BCL is to transfer resources from the Park and Recreation Fund to the Cumulative Reserve Sub fund, Unrestricted Sub account (CRS-U). The amount transferred reflects the net operating income from City golf facilities. By City policy, all such net income is transferred to CRS-U where it is spent on Golf Program capital projects. In 2009, the actual net income was \$376,651 greater than the amount anticipated in the 2009 Adopted Budget. This item enables all net income to be transferred to the capital program and another item appropriates these resources for capital improvements in 2010.</p>	\$376,651
2.2	<p>Planning Division Technical Adjustment (Department of Planning and Development - Planning and Development Fund - 15700)</p>	\$223,185

Report Item	Title/Description	Amount/FTE
	<p>This item increases appropriation authority by \$223,185 in the Planning BCL. This increase reflects the upward revision in the Planning Division's share of total DPD overhead costs that was caused by the January 2010 reductions in the fee-supported divisions in DPD, as described by other items in this legislation. DPD overhead costs are allocated across divisions using a labor allocation process. As divisions in DPD increase or decrease their headcount, their share of the total department overhead also needs to be adjusted. The Planning Division was not impacted by the January 2010 reductions, and so its total share of department head count and overhead has increased. This technical adjustment provides the necessary budget authority to accommodate the redistribution of overhead.</p>	
2.3	<p>Use of reserve funds to increase appropriation authority to Arts & Cultural Affairs by \$47,500 for funding awards (Office of Arts and Cultural Affairs - Arts Account - 00140)</p> <p>This item increases appropriation authority by \$47,500 in the Arts Account BCL using Arts Account fund balance. The funds are available in the Arts Account reserve. This request is in response to a technical issue from 2009. Arts had a contract for encumbrance, but it was mis-categorized. DEA fixed the issue, but not after the carry forward deadline had passed. Arts' is requesting a supplemental to reinstate the encumbrance for the contract. This is from the Arts fund.</p>	\$47,500
2.4	<p>Use of reserve funds to increase appropriation authority to Arts & Cultural Affairs by \$60,000 to fund use of a temporary position. (Office of Arts and Cultural Affairs - Arts Account - 00140)</p> <p>This item increases appropriation authority by \$60,000 in the Arts Account BCL using Arts Account fund balance. The amount will fund the use of a temporary employee to backfill for a position where the incumbent has left on paid medical leave. The funds are available in the Arts Account reserve.</p>	\$60,000
2.5	<p>Applicant Tracking System License Fee (Personnel Department - General Subfund - 00100)</p> <p>This item increases appropriation authority by \$55,000 in the Employment and Training BCL (N1000). This item is necessary to cover costs associated with the annual license fee for the Applicant Tracking System (ATS) that were not included in the 2010 Adopted Budget.</p>	\$55,000
2.6	<p>Tax Impact from 4.5% Surcharge for 2010 Rate Stabilization Account (Seattle City Light - City Light Fund - 41000)</p> <p>This item increases appropriation authority by \$760,000 in the Taxes BCL (SCL820). This request is necessary to pay the State of Washington public utility taxes on the 4.5% surcharge related to the creation of the 2010 Rate Stabilization Account, via Ordinance 123260. This request will cover taxes owed for May through December 2010.</p>	\$760,000
2.7	<p>Tax Impacts on 4.5% Surcharge for 2010 Rate Stabilization Account (Seattle City Light - City Light Fund - 41000)</p>	\$1,140,000

Report Item	Title/Description	Amount/FTE
2.8	<p>This item increases appropriation authority by \$1,140,000 in the Taxes BCL (SCL820). This request is necessary to pay the City of Seattle occupation taxes on the 4.5% surcharge related to the creation of the 2010 Rate Stabilization Account, via Ordinance 123260. This amount will cover additional taxes owed for May through December 2010.</p> <p>Crane Safety Rescue Team (Seattle Fire Department - General Subfund - 00100)</p> <p>This item increases appropriation authority by \$19,288 to the Grants and Reimbursables BCL (F6000) for the overtime cost to locate an off duty rescue team at the site of a crane temporarily positioned on the top of the Seattle Municipal Tower. A large piece of window washing equipment was lifted to the roof of the building for installation. SFD crews were prepositioned as a precaution given the nature of the work. This was requested by the Crane Company with whom a service and reimbursement agreement was executed before the work took place. There is no net impact to the General Fund as these costs are fully reimbursed.</p>	\$19,288
3.1	<p>Section 3 – Appropriation Increases with Auto Carry-fwd provision</p> <p>Station 11 Ladder Truck (Seattle Fire Department - General Subfund - 00100)</p> <p>This item increases appropriation authority by \$81,023 in the Grants and Reimbursables BCL (F6000) from a federal grant managed by SDOT, providing a slight augmentation to the funds already included in the 2010 Adopted Budget for this work, based on the latest project cost estimates agreed to by SFD and SDOT. The additional ladder truck will maintain emergency unit response times in West Seattle that would otherwise have been impacted by the temporary closure of the westbound access ramps to the Spokane Street Viaduct during the Spokane Street Viaduct Widening Project. The ladder truck will be staffed by firefighters from various battalions working overtime, and the costs are provided by the capital project's construction budget. The SFD costs will be fully reimbursed by the SDOT capital project and there is no net impact to the General Fund as a result of this item.</p>	\$81,023
4.1	<p>Section 4 – Capital Project Appropriation Increases</p> <p>Additional CIP Appropriation to the Golf Capital Improvement Project (Department of Parks and Recreation - Cumulative Reserve Subfund - Unrestricted Subaccount (00164) - 00164)</p>	\$376,651

Report Item	Title/Description	Amount/FTE
	<p>This item increases appropriation authority by \$376,651 in the Golf Projects BCL (K72253). The amount reflects unanticipated net operating income from City golf facilities. By City policy, all such net income is transferred to CRS-U where it is spent on Golf Program capital projects. In 2009, the actual net income was \$376,651 greater than the amount anticipated in the 2009 Adopted Budget. This item enables the transfer of unanticipated golf income from the Park and Recreation Fund to CRS-U and ensures that all net income has been appropriated for Golf Capital Improvement projects.</p>	
4.2	<p>Yesler Gym Repair Appropriation (Department of Parks and Recreation - 1999 Seattle Center and Community Center Levy Fund - 33800)</p>	\$200,000
	<p>This item increases appropriation authority by \$200,000 in the Community Center Levy 99 BCL (K72654). This is necessary to complete the scope of the new Yesler Gym Repair project (K731535). These funds are derived from excess 1999 Community Center Levy levy interest earnings.</p>	
4.3	<p>Pro Parks Green Space Acquisitions Appropriation (Department of Parks and Recreation - 2000 Parks Levy Fund - 33850)</p>	\$110,000
	<p>This item increases appropriation authority by \$110,000 in the 2000 Parks Levy - Green Spaces Acquisitions BCL (K723002). This is necessary to fulfill the scope of the Green Space Acquisition General project (K733002). This project, which provides funding to cover costs associated with the acquisition of real property within the City's designated green spaces, will be used to complete the transfer of jurisdiction of West Duwamish- Sound Way and demolish structures at Westlake Greenbelt and Kubota Gardens. These funds are derived from the 2000 Parks Levy Fund.</p>	
4.4	<p>2008 Parks Neighborhood Parks Acquisition Appropriation (Department of Parks and Recreation - 2008 Parks Levy Fund - 33860)</p>	\$5,000,000
	<p>This item increases appropriation authority by \$5,000,000 in the 2008 Levy-Neighborhood Parks Acquisition BCL (K720010). This is necessary to fund anticipated property acquisitions in 2010 under the 2008 Levy Neighborhood Park Acquisition program. Specific areas to target for acquiring property are listed in Ordinance 122749. These funds are derived from the 2008 Parks Levy.</p>	
4.5	<p>Washington Park Arboretum Improvements Appropriation (Department of Parks and Recreation - 2008 Parks Levy Fund - 33860)</p>	\$500,000
	<p>This item increases appropriation authority by \$500,000 in the 2008 Levy-Major Parks BCL (K720023). This is necessary to complete the scope of the Washington Park Arboretum Improvement project (K730132). These improvements will further implement the Arboretum Master Plan, including projects such as the Pacific Connections Garden, trails, and other related elements. These funds are derived from the 2008 Parks Levy.</p>	
4.6	<p>Genesee Playfield #2 Appropriation (Department of Parks and Recreation - 2008 Parks Levy Fund - 33860)</p>	\$511,000

Report Item	Title/Description	Amount/FTE
	<p>This item increases appropriation authority by \$511,000 in the 2008 Parks Levy-Playfields BCL (K720022). This is necessary to complete the scope of the new Genesee Playfield, Field #2 Renovation project (K730142). Funds are available in the 2008 Parks Levy-Playfields BCL (K720022) due to savings in the Lower Woodland PF, Field #2 (K730125) and Lower Woodland PF, Field #7 (K730126) projects. This appropriation was approved by the 2008 Parks Levy Oversight Committee in the 2nd quarter of 2010. These funds are derived from the 2008 Parks Levy. (See related new CIP Project, created in Section 8 of this ordinance).</p>	
4.7	<p>Beach Restoration Program Appropriation (Department of Parks and Recreation - Beach Maintenance Trust Fund - 61500)</p> <p>This item increases appropriation authority by \$100,000 in the Docks/Floats/Seawalls/Shorelines BCL (K72447). This is necessary to fulfill the scope of the ongoing Beach Restoration Program (K732303). The Department of Parks and Recreation (DPR), in conjunction with the Army Corps of Engineers (ACOE), are moving forward with a re-nourishment project at Lincoln Park in 2010. Work includes, but is not limited to, laying sand and gravel to replenish beaches that have eroded and planting to protect the shoreline. A Local Cooperation Agreement with the ACOE approved in 1986 outlines cost sharing in which DPR pays 35% of the project costs. The proposed allocation amount reflects the DPR portion of the estimated total cost. These funds are derived from excess interest earnings in the Beach Maintenance Trust Fund (61500).</p>	\$100,000
4.8	<p>Supplemental Appropriation of KeyArena 2003 Renovation Fund Interest Earnings (Seattle Center - Key Arena Renovation Fund - 34050)</p> <p>This item increases appropriation authority by \$23,500 in the KeyArena BCL (S03P04). This request is necessary to spend remaining interest earnings and close the KeyArena 2003 Renovation Fund (34050) in 2010. Interest earnings will be used to fund improvements at KeyArena in conjunction with a series of equipment replacement, repairs, and reconfiguration of spaces necessitated by the departure of the Sonics and funded from KeyArena Settlement proceeds. No additional funds are needed, only appropriation authority.</p>	\$23,500
4.9	<p>Supplemental Appropriation of 2003 LTGO Capital Project Fund Interest Earnings (Seattle Center - 2003 LTGO Capital Project Fund - 34800)</p> <p>This item increases appropriation authority by \$15,725 in the Utility Infrastructure BCL (S03P03). This request is necessary to spend remaining interest earnings and close the 2003 LTGO Capital Project Fund (34800) in 2010. Interest earnings will be used to fund chiller repairs at the Seattle Center Central Utility Plant. No additional funds are needed, only appropriation authority.</p>	\$15,725

The grant is administered through WSDOT Highways and Local Program. This project will upgrade safety features of the signalized intersections along W Admiral Way to reduce collisions long the corridor with a series of low-cost, signal related improvements such as: upgrading signal lens sizes, installing reflective material on the back plates of signal heads, and installing pedestrian countdown signals.</p>	\$67,000
5.25	<p>WSDOT Grant - 2009 Focus School (Seattle Department of Transportation - Transportation Operating Fund - 10310)</p>	\$315,150

Report Item	Title/Description	Amount/FTE
5.26	<p>This item increases support to the Safe Routes to Schools program by \$315,150 from the WSDOT Safe Routes to Schools Program. This project is a coordinated partnership maximizing the resources and expertise of the Seattle Department of Education, Feet First, the Cascade Bicycle Club Education Foundation, SPD, Concord Elementary School and SDOT to improve pedestrian safety by constructing new sidewalks on designated school walking routes, provide pedestrian and bicycle safety education programming, launch walk and bike to school encouragement efforts and provide traffic enforcement support.</p> <p>FHWA Grant - SW Roxbury Street (Seattle Department of Transportation - Transportation Operating Fund - 10310)</p>	\$169,500
5.27	<p>This item increases support to the Traffic Signals Program by \$169,500 from the FHWA Highway Safety Improvement Program. The grant is administered through WSDOT Highways and Local Programs. The project will provide safety upgrades to the signalized intersections along SW Roxbury Street. The purpose of this project is to reduce collisions along the corridor with a series of low-cost, signalized improvements. These include upgrading signal lens sizes, installing reflective material on the back plates of signal heads and installing pedestrian countdown signals.</p> <p>FHWA Grant - Rainier Ave. S & S Alaska St. (Seattle Department of Transportation - Transportation Operating Fund - 10310)</p>	\$155,100
5.28	<p>This item increases budget authority for the Traffic Signals Program by \$155,100 from the Federal Highway Administration - Highway Safety Improvement Program. The grant is administered through WSDOT Highways and Local Programs. This project will provide safety upgrades to the signalized intersections along Rainier Ave. S, between S Alaska St. to S Henderson St. The purpose of this project is to reduce collisions along the corridor with a series of low-cost, signal-related improvements. These include upgrading signal lens sizes, installing reflective material on the back plates of signal heads, and installing pedestrian countdown signals.</p> <p>FHWA Grant - Crash Cushions (Seattle Department of Transportation - Transportation Operating Fund - 10310)</p>	\$60,000
5.29	<p>This item increases support to the Commuter Mobility Program by \$60,000 from the FHWA Highway Safety Improvement Program. The grant is administered through WSDOT Highways and Local Programs. This project will upgrade and/or rehabilitate substandard and damaged crash cushions throughout the city at locations within serious and fatal collision buffer zones. These locations are high speed and volume arterials.</p> <p>Arson Dog Program (Seattle Fire Department - General Subfund - 00100)</p>	\$16,300

Report Item	Title/Description	Amount/FTE
5.30	<p>This item increases support to the Grants and Reimbursables BCL by \$16,300 from the Federal Government. This grant will provide funding for overtime labor costs associated with requests by other jurisdictions for assistance with fire investigations. There is no local match required and there are no positions supported by this grant. Labor will be provided and paid for through the grant on an overtime basis for currently sworn fire investigators. The agreement has been executed to provide funding on a reimbursable basis from the U.S. Department of Justice, Bureau of Alcohol, Tobacco, Firearms and Explosives.</p> <p>Ulink Tunnel Rescue Services (Seattle Fire Department - General Subfund - 00100)</p>	\$1,096,777
5.31	<p>This item increases support from Sound Transit by \$1,096,777 in the Grants and Reimbursables BCL. The funding will provide construction services assistance (CSA) for fire code compliance during the planning, design and construction of the University Link project and to provide tunnel rescue services during tunnel construction. Funding will provide for training and equipment costs to augment the on duty confined space team. There is no local match required.</p> <p>MMRS Mass Casualty Response (Seattle Fire Department - General Subfund - 00100)</p>	\$311,385
5.32	<p>This Item increases support to the Grants and Reimbursables BCL by \$311,385 from the Federal Government to sustain the Fire Department's capacity for mass casualty responses. Seattle is one of a limited number of metropolitan areas that receive this federal assistance for maintaining a Metropolitan Medical Response System (MMRS). The MMRS program was established in the mid 1990s to provide resources, planning and training to enhance medical response to mass casualty incidents. This grant is intended to sustain that system locally. There are no positions created due to this grant and there is no local match.</p> <p>Mass Casualty Incident Transport (Seattle Fire Department - General Subfund - 00100)</p>	\$502,158
5.33	<p>This item increases support to the Grants and Reimbursables BCL by \$502,158 from the federal government and passed through King County as the regional manager for such sub-grants. The grant funds will be used to purchase a Mass Casualty Incident transport vehicle to move patients from the incident site to the medical facility or a safe holding area. Portable backboards will be purchased, as well as chem-bio protective suits and respiratory masks for first responders. No city match is required and no positions are supported by this grant.</p> <p>Terrorism Intervention & Management Training (Seattle Fire Department - General Subfund - 00100)</p>	\$54,780

Report Item	Title/Description	Amount/FTE
5.34	<p>This item increases support to the Grants and Reimbursables BCL by \$54,780 from the federal government. The grant funds will be used for the costs of assigning a firefighter to a cross training program in terrorism intervention and management. This funding is from of a federal training program provided by the Department of Homeland Security. Funds have been awarded for a six month continuation of the currently assigned firefighter to complete training. The initial assignment was for one year and costs have been fully reimbursed. No city match is required and no positions are created in association with this grant.</p> <p>Grants/Contracts Under \$15,000 (Seattle Fire Department - General Subfund - 00100)</p>	\$36,574
5.35	<p>This item increases support to the Grants and Reimbursables BCL by \$36,574 from three separate grant/contracts, each valued less than \$15,000, as follows: 1) Reimbursable agreement with Pierce County, the Urban Search and Rescue (USR) team manager, for training in the areas of Weapons of Mass Destruction: (\$1,127), Hazardous Material Training (\$4,700), Logistical Training (\$447), Rescue equipment and supply management (\$3,000) and for the cost associated with deploying a SFD member to logistical relief planning (\$10,000); 2) Donation from Fireman's Fund Insurance for equipment and supplies to support the Fire Investigation Unit (\$11,000); 3) The State of Washington for EMS equipment (\$1,800); and for radio operation training (\$4,500). None of these items has a matching requirement.</p> <p>Regional Catastrophic Planning Grant - Phase 2 (Seattle Police Department - General Subfund - 00100)</p> <p>This item increases support to the Chief of Police program of the Seattle Police Department by \$1,378,249 from the U.S. Department of Homeland Security under the Regional Catastrophic Planning Grant (RCPG) program to the nation's highest risk urban areas. These funds will support a second phase of planning activities following the receipt of the initial grant to the seven-county greater Seattle region in 2008. The 24-month period covered by the Phase 2 grant runs from August 1, 2009 through July 31, 2011. Activities under this grant will ensure that planning activities in the Seattle region are aligned with both national and regional priorities, that any gaps in regional catastrophic planning are addressed, that regional planning processes and planning committees are established, and that operational and capabilities-based planning for resource allocation are linked. This grant will continue support for 2.5 FTE existing positions that will sunset July 31, 2011 unless new funding is secured. This item also includes a \$237,423 transfer to the Seattle Fire Department for work on the program. A 25% in-kind matching requirement will be met by contributions from partner jurisdictions within the region. There are no capital improvement projects associated with this item.</p>	\$1,378,249

Report Item	Title/Description	Amount/FTE
5.36	<p>SHA Grant for Police Officers (Seattle Police Department - General Subfund - 00100)</p> <p>This item increases support to the Patrol Operations Administration program of the Seattle Police Department by \$470,000 from the Seattle Housing Authority (SHA). These funds provide continuing salary and benefits support for four existing Police Officer-Patrol positions that provide police services to selected public housing projects managed by the SHA. The proactive police services provided with this grant are vitally important to public safety and the quality of life enjoyed by SHA residents and nearby Seattle residents and businesses. Funding is for the 12-month period beginning January 1, 2010. These positions will sunset in the future if grant support is discontinued and an alternate source of funding cannot be secured. There are no matching requirements or capital improvement projects associated with this item.</p>	\$470,000
5.37	<p>FFY 2010 Juvenile Accountability Incentive Block Grant (Seattle Police Department - General Subfund - 00100)</p> <p>This item increases support to the Chief of Police program of the Seattle Police Department by \$20,000 from the U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention under the FFY 2010 Juvenile Accountability Incentive Block Grant (JAIBG). This block grant will provide the Department with supplemental funding to address youth truancy problems and promote crime prevention activities in the South Park neighborhood. The term for this grant runs from September 1, 2009 through August 31, 2010. There are no matching requirements or capital improvement projects associated with this item.</p>	\$20,000
5.38	<p>IBRD Lieutenant Grant Extension (Seattle Police Department - General Subfund - 00100)</p> <p>This item increases support to the Chief of Police program of the Seattle Police Department by \$35,000 from the Battelle Memorial Institute, Pacific Northwest National Labs. The purpose of this grant extension is to continue support for one existing Police Lieutenant position through June 30, 2010 for completion of work under the original grant agreement. The work under this Integrated Biological Response Demonstration (IBRD) grant involves the development of protocols for response to a biological attack contingency in the greater Seattle area and coordination of the related efforts of the Seattle Urban Area Security Initiative (UASI) partners with those of the Pacific Northwest National Labs in Richland, Washington. It is expected that the position will sunset at the conclusion of this grant extension unless new sources of funding are secured. There are no matching requirements or capital improvement projects associated with this item.</p>	\$35,000
5.39	<p>Traffic Emphasis at John Muir Elementary School (Seattle Police Department - General Subfund - 00100)</p>	\$26,000

Report Item	Title/Description	Amount/FTE
5.40	<p>This item increases support to the Chief of Police program of the Seattle Police Department by \$26,000 from the Seattle School District under the state-supported Safe Routes to School Program and the John Muir "Green Feet" project. This grant will reimburse the Department for the cost of traffic enforcement emphasis operations around the school, including the costs of officer overtime and equipment, from March 15, 2010 through June 30, 2011. It is expected that grant activities will lower vehicular speeds and enhance the safety of children, staff, parents and other visitors to the John Muir Elementary School. There are no matching requirements or capital improvement projects associated with this item.</p> <p>Radar Speed Trailer Purchase (Seattle Police Department - General Subfund - 00100)</p>	\$20,500
5.41	<p>This item increases support to the Chief of Police program of the Seattle Police Department by \$20,500 from the Washington Traffic Safety Commission. Funds from this grant will enable the purchase of one radar speed trailer for use in speed enforcement operations in and around school zones, helping to lower speeds and enhance the safety of children, school staff, parents and other visitors. The purchase will be completed no later than June 30, 2010. There are no matching requirements or capital improvement projects associated with this item.</p> <p>Workplace 911 (Seattle Public Library - Library Non-Operating Fund - 10420)</p>	\$50,000
5.42	<p>The Seattle Public Library signed a grant contract in November 2009 for this Workplace 911 grant from the Washington State Library. The grant period will run from November 2009 to July 2010. SPL will bring together a series of live and virtual services to address the needs of three groups of Library users: job seekers, workers worried about losing their job, and employers dealing with personnel issues related to tough economic times. Deliverables include public programs and pod casts. Twelve 90-second video clips as well as an online e-blog will be developed.</p> <p>Renew Washington Communications Grant (Seattle Public Library - Library Non-Operating Fund - 10420)</p> <p>The Seattle Public Library signed a grant contract with the Washington State Library for work that will be completed between April 2010 and November 2010. The Seattle Public Library will translate patron surveys into four languages and will place ads in ethnic newspapers to encourage the participation of Seattle's many ethnic communities in developing the Library's strategic plan.</p>	\$5,000
5.43	<p>Union Bay Aquatic Plant Management Pass-through Grant (Seattle Public Utilities - Drainage and Wastewater Fund - 44010)</p>	\$30,000

Report Item	Title/Description	Amount/FTE
5.44	<p>This item increases support to the Drainage and Wastewater Quality Division in the Other Operating Budget Control Level by \$30,000 from the Department of Ecology (DOE). This is a pass-through grant; the City would be acting as a conduit to pass the State dollars along to Save Union Bay Association (SUBA), a non-profit group. This grant is for Union Bay aquatic plant management. SUBA would be responsible for the matching funds. The City would not be financially impacted. The grant funding runs from February 1, 2010 to September 1, 2011.</p>	
5.45	<p>Puget Sound Science Connections Curriculum Extensions Grant (Seattle Public Utilities - Drainage and Wastewater Fund - 44010)</p> <p>This item increases support to the Restore Our Waters and Stormwater Regulations (N7312) project by \$95,740 from the Washington State Department of Ecology (DoE). This Puget Sound Science Connections Curriculum Extensions grant would provide funding for work with regional municipalities to make educational materials for schools that promote Stormwater Best Management Practices. Partners include City of Tacoma, Everett Public Schools, Tacoma Public Schools and Seattle Public Schools. Additionally, the funding would help Seattle meet the NPDES stormwater regulatory requirements. The work would be funded 100% by the grant. There is not a required City match. Grant funding would run from February 25, 2010 through June 30, 2011.</p>	\$95,740
5.45	<p>Automated Data Validation Software for NPDES Permit Holders Grant (Seattle Public Utilities - Drainage and Wastewater Fund - 44010)</p> <p>This item increases support to Seattle Public Utilities (SPU) Water Quality Division Source Control and Monitoring (N7314) project by \$97,693 granted by the Washington State Department of Ecology (DOE) for the Automated Data Validation Software for National Pollution Discharge Elimination System (NPDES) Permit Holders. The funding would allow SPU to hire a vendor to develop software for stormwater sampling data validation in response to the Phase 1 Municipal NPDES Stormwater Permit requirements and would benefit Snohomish, Clark, King and Pierce counties and the Cities of Seattle and Tacoma. This work would be funded 100% by the grant. There is not a required City match. Grant money would run from December 31, 2009 through June 30, 2011.</p>	\$97,693

	<p>This item transfers appropriation authority in the amount of \$25,000 from the Office of Electronic Communications BCL (D4400) to the Technology Infrastructure BCL (D3300). This transfer is necessary to reallocate the budget reductions associated with the Council's Discretionary Cost Budget Reductions in the 2010 Adopted budget (Green Sheet 122-1-A-1) to the appropriate BCL.</p>	
6.4	<p>Transfer to correct 2010 Furlough Adjustment (To: Fleets and Facilities Department - Fleets and Facilities Fund - 50300; From: Fleets and Facilities Department - Fleets and Facilities Fund - 50300)</p> <p>This item transfers appropriation authority in the amount of \$30,000 from the Facility Services BCL to the Administrative Services BCL. Detailed analyses of salary reductions due to furloughs indicate A1000 is budgeted for too large a reduction while A3000 is not budgeted for enough of a reduction. The two items are budget neutral within the Fleets and Facilities Department and would not change net appropriation to the department as a whole.</p>	\$30,000
	<p>Items 6.5-6.9 are reserved.</p>	
6.10	<p>Expansion of Commercial Lighting Direct Install Program known as "Quick Lighting" (To: Seattle City Light - City Light Fund - 41000; From: Seattle City Light - City Light Fund - 41000)</p>	\$1,940,000

Report Item	Title/Description	Amount/FTE
6.11	<p>This item transfers appropriation authority in the amount of \$1,940,000 from the Power Supply BCL (SCL 210) to the Conservation Resources-Environmental Affairs BCL (SCL220). This transfer is needed to cover incentive payments for the Commercial Lighting Direct Install Program known as "Quick Lighting."</p> <p>Transfer appropriations for LED Streetlight Conversion Program - ARRA (8445) CIP project (To: Seattle City Light - City Light Fund - 41000; From: Seattle City Light - City Light Fund - 41000)</p>	\$1,000,000
6.12	<p>This item transfers appropriation authority in the amount of \$1,000,000 from the Customer Services BCL (SCL320) to the Customer Services and Energy Delivery - CIP BCL (SCL350). This transfer supports the LED Streetlight Conversion Program - ARRA (8445) CIP project, which is funded through an American Recovery and Reinvestment Act (ARRA) Energy Efficiency Conservation Block Grant (EECBG). This transfer corrects the ARRA grant acceptance ordinance (123116), which appropriated \$1,000,000 in the Customer Services BCL (SCL320) instead of the Customer Services and Energy Delivery - CIP BCL (SCL350).</p> <p>SFD Appropriation Transfer for RCPG Planning (To: Seattle Fire Department - General Subfund - 00100; From: Seattle Police Department - General Subfund - 00100)</p> <p>This item transfers appropriation authority in the amount of \$237,423 from the Chief of Police BCL (P1000) to the Grants & Reimbursables BCL (F6000) in the Seattle Fire Department. This transfer will allow SFD to cover expenses incurred in planning activities conducted in support of the Regional Catastrophic Planning Grant that has been accepted by Seattle Police Department on behalf of the City and its regional planning partners. Without this transfer, a key set of planning tasks critical to the safety of the region would remain undone.</p>	\$237,423

While the grant will support the Operations Division, Seattle Fire appropriates all grant funds in a separate BCL for more efficient financial management. These UASI 2009 grant funds were previously appropriated to the Operations BCL and should now be transferred to the Grants and Reimbursables BCL.</p>	\$1,050,000
6.14	<p>Transfer Appropriation Authority for Station 11 Ladder Truck (To: Seattle Fire Department - General Subfund - 00100; From: Seattle Fire Department - General Subfund - 00100)</p>	\$2,292,068

Report Item	Title/Description	Amount/FTE
	<p>This item transfers appropriation authority in the amount of \$2,292,068 from the Operations BCL to the Grants & Reimbursables BCL. This additional ladder truck will maintain emergency unit response times in West Seattle that would otherwise have been impacted by the temporary closure of the westbound access ramps to the Spokane Street Viaduct during the Spokane Street Viaduct Widening Project. The ladder truck will be staffed by firefighters from various battalions working overtime, and the costs are provided by the capital project's construction budget. While the grant will support the Operations Division, Seattle Fire clusters all grant funds in a separate BCL for more efficient financial management. These grant funds were previously appropriated to the Operations BCL and should now be transferred to the Grants and Reimbursables BCL for proper tracking and management.</p>

8.1	<p>Yesler Gym Repair (Department of Parks and Recreation for CIP Project: Yesler Gym Repair - ID:K731535)</p>	<p>\$ in 000's N/A</p>

Report Item	Title/Description	Amount/FTE
	<p>This item creates a new CIP Project: Yesler Gym Wall Repair-ID: K731535 Community Center Levy 99 BCL (K72654). This project provides for the repair and sealing of the walls of the Yesler Community Center building with a weatherproof coating, and performs other related work. This is necessary to prevent seepage of rain water through the pores of the CMU (Concrete Masonry Unit) facade. During rain and wind storms, water can be seen streaming down the insides of the walls, and puddles on the gymnasium floor. This is a potential safety problem for users and has caused cancellation of parks programs, and warping of the wood floor. This \$200,000 project is part of the 1999 Community Center Improvements Levy. The appropriation transfer to support this project is included in Item 4.2.</p>	
8.2	<p>Genesee Playfield #2 Renovation (Department of Parks and Recreation for CIP Project: Genesee Playfield, Field #2 Renovation - ID: K730142) This item creates a new CIP Project: Genesee Playfield, Field #2 Renovation-ID: K730142 in the 2008 Parks Levy-Playfields BCL (K720022). This project provides for the replacement of the existing synthetic sports field surface material on field #2 at Genesee Playfield with new synthetic surfacing material. This turf replacement project incorporates existing infrastructure including drainage and curbing to extend the useful life of the field, and perform other related work. This project is funded by \$511,000 from the 2008 Parks Levy. The appropriation transfer to support this project is included in Item 4.6.</p>	N/A

9.1	<p>Create LED Streetlight ARRA Project (Seattle City Light for CIP Project: LED Streetlight Conversion Program - ARRA - ID:8445) This item creates a new CIP Project: LED Streetlight Conversion Program - ARRA - ID: 8445 in the Customer Services-Energy Delivery CIP BCL (SCL350). This project will install 2,000 LED streetlights in conjunction with the 2010 group re-relamping maintenance project. The material will be purchased by City Light and the construction will be done by a contractor. This project is funded through an American Recovery and Reinvestment Act (ARRA) Energy Efficiency Conservation Block Grant (EECBG). Funding for this project is provided by Item 6.11. No additional appropriation is being requested.</p>	N/A
9.2	<p>Create Ross Rock Slide Remediation Project (Seattle City Light for CIP Project: Ross Rock Slide Remediation - ID:6516)</p>	N/A

Report Item	Title/Description	Amount/FTE
9.3	<p>This item creates a new CIP Project: Ross Rock Slide Remediation - ID: 6516 in the Power Supply & Environmental Affairs - CIP BCL (SCL250). This project will pay for rock scaling and slope stabilization of the hillside along the base road of the Powerhouse-to-Dam access road between the Powerhouse and the first tunnel west of the Powerhouse. Due to a large rock/land slide on 3/14/2010, the road has become inaccessible, and has destroyed three docks used for deliveries, large and small, for powerhouse operations, and for Parks Services to Ross Lake. Work includes constructing two new docks on each side of the slide, and reconstructing the road, once the rock slide area is made safe. These funds will be provided by a corresponding transfer of budget, in Item 10.13, from CIP project 6487. The transfer is possible due to project delays. No additional appropriation is being requested.</p> <p>Create Boundary Sluice Maintenance Gate Structure Project (Seattle City Light for CIP Project: Boundary Sluice Maintenance Gate Structure - ID:6511)</p> <p>This item creates a new CIP Project: Boundary Sluice Maintenance Gate Structure - ID: 6511 in the Power Supply & Environmental Affairs - CIP BCL (SCL250). This project will fund construction of a concrete foundation slab and a containment building which will be used for one year to contain lead paint being removed during the rehab of the 320 Ton Sluice Maintenance Gate (SMG). Following the use as a containment structure the building will be relocated to a new permanent slab and used as a warehouse in the service area. The containment structure will be constructed after the SMG has been sited on the slab and disassembled and will then be removed when the SMG has been remediated and recoated to allow for final assembly of the SMG prior to it being floated and returned to service. These funds will be provided by a corresponding transfer of budget from CIP Projects 6487, 6328, 6480 and 6365, in Item 10.12. The transfers are possible due to project delays. No additional appropriation is being requested.</p>	N/A
9.4	<p>New CIP Project: MLK Way/Norfolk Street Storm Improvement. (Seattle Public Utilities for CIP Project: MLK Way/Norfolk Street Storm Improvement - ID:C333205)</p>	N/A

Report Item	Title/Description	Amount/FTE
	<p>This item creates a new CIP Project: MLK Way/Norfolk Street Storm Improvement (C333205) in the Flooding, Sewer Back-up, and Landslides BCL (C380). The MLK Way/Norfolk St. Storm Improvement project was expected to be completed by the end of 2009, so it was not included in the 2010-2015 Adopted Capital Improvement Program (CIP). However, a change order was added for construction of a new access gate, which has been on hold pending approval of a permit from WSDOT. The permit is expected to be received in early 2010. SPU plans to spend \$100,000 on construction of the access gate and remaining closeout activities in 2010. Savings are coming from the South Park Pump Station project in the same BCL, as shown in Item 10.18 of this legislation. No additional appropriation is being requested.</p>	
9.5	<p>New CIP Project: Sound Transit Central Link - DWF (Seattle Public Utilities for CIP Project: Sound Transit Central Link - DWF - ID:C4104-DWF)</p>	N/A
	<p>This item creates a new CIP Project: Sound Transit Central Link - DWF (C4104-DWF) in the Shared Cost Projects BCL (C410B-DW). The Sound Transit-Central Link-WF project was expected to be completed by the end of 2009, so it was not included in the 2010-2015 Adopted CIP. However, Sound Transit has revised the final end date to 2nd Quarter 2010 due to some unresolved issues with the contractor. SPU plans to spend an additional \$33,000 on closeout activities for this project in 2010. Savings are coming from the SR 519 Interchange project in the same BCL, as shown in Item 10.21 of this legislation. No additional appropriation is being requested.</p>	
9.6	<p>New CIP Project: I-405 Widening Cedar River Pipelines Impacts (Seattle Public Utilities for CIP Project: I-405 Widening Cedar River Pipelines Impacts - ID:C105096)</p>	N/A
	<p>This item creates a new CIP Project: I-405 Widening Cedar River Pipelines Impacts (C105096) in the Transmission BCL (C120B). The I-405 Widening-Cedar River Pipelines Impacts project was expected to be completed by the end of 2009, so it was not included in the 2010-2015 Adopted CIP. However, the final end date has been revised to 2nd Quarter 2010 due to some outstanding final inspection details and punch list work. SPU plans to spend an additional \$2,000 on closeout activities for this project in 2010. Savings are coming from the Transmission Pipeline Rehabilitation project in the same BCL, as shown in Item 10.19 of this legislation. No additional appropriation is being requested.</p>	
9.7	<p>New CIP Project: Sound Transit Central Link - WF (Seattle Public Utilities for CIP Project: Sound Transit Central Link - WF - ID:C4104-WF)</p>	N/A

Report Item	Title/Description	Amount/FTE
	<p>This item creates a new CIP Project: Sound Transit Central Link - WF (C4104-WF) in the Shared Cost Projects BCL (C410B-WU). The Sound Transit-Central Link-WF project was expected to be completed by the end of 2009, so it was not included in the 2010-2015 Adopted CIP. However, Sound Transit has revised the final end date to 2nd Quarter 2010 due to some unresolved issues with the contractor. SPU plans to spend an additional \$67,000 on closeout activities for this project in 2010. Savings are coming from the Sound Transit University Link project in the same BCL, as shown in Item 10.20 of this legislation. No additional appropriation is being requested.</p> <p>Section 10 – Adjust Allocation in Current Year CIP Projects</p>	
10.1	<p>This item makes a net zero transfer of project allocation within the Power Supply & Environmental Affairs - CIP BCL (SCL250). Allocations for the Diablo Powerhouse - Replace 5 kV Switchgear (6364) project are increased by \$1,414,000. Project scope has increased due to complexities involved in installing new switchgear while maintaining continuous operation of the powerhouse. Construction in 2010 includes installing temporary breakers and panels, activating temporary circuits, installing the permanent switchgear, activating the permanent gear, removing the temporary equipment, and closing out the project. Two new projects added in Section 9 are also supported here -- the Boundary Sluice Maintenance Gate Structure (6511) project and the Ross Rock Slide Remediation (6516) project. See Exhibits C and D to Section 9 for project descriptions. These three recipient projects are supported by reduced allocations to ten others in the same BCL, including the Gorge Powerhouse - AC/DC System Upgrade (6207) project by \$48,000, the Gorge Dam - Spillgate Rehabilitation (6221) project by \$5,000, the Gorge Powerhouse - Transformer Bank 10 Replacement (6224) project by \$99,000, the Gorge Powerhouse - Control and Power Cabling Replacement (6328) project by \$180,000, the Diablo Powerhouse - DC Lighting Systems Upgrade (6365) project by \$298,000, the Diablo Facility - Minor Improvements Program (6403) by \$346,000, the Skagit Facility - Oil Containment Improvements (6458) project by \$400,000, the Cedar Falls - Server Room (6480) project by \$158,000, and the Newhalem - Spare and Supplies Storage Building (6487) project by \$502,000.</p>	\$0

Report Item	Title/Description	Amount/FTE
10.2	<p>This item makes a net zero transfer of project allocation within the Customer Services and Energy Delivery - CIP BCL (SCL350). Allocation for the Massachusetts Street Substation - Networks (8202) project is increased by \$1,848,000. Additional work is needed to move nine distribution feeders in advance of soil stabilization work on the Alaskan Way Viaduct project. Allocation for the Network Maintenance Hole and Vault Rebuild (8130) program is increased by \$1,075,000. Additional resources allow SCL to address a backlog of network projects and will be used to add a structural survey contract. These increases are supported by a reduction of \$2,923,000 to the Network Additions and Services: Broad Street Substation (8363) project. The project budget has been reduced based on revised forecast of customer demand for new services.</p>	\$0
Items 10.3- 10.16 are reserved.		
10.17	<p>This item transfers \$2.8 million of appropriation authority from the Combined Sewer Overflows BCL (C360B) to the Rehabilitation BCL (C370B) to increase allocation for two projects. The Point Sewer Pipe Rehabilitation-Contract project is projected to spend \$4.2 million in 2010, an increase of more than \$1.7 million compared to the Revised Budget. The Point Sewer Pipe Rehabilitation-Crews project is projecting to spend \$1.8 million in 2010, an increase of more than \$1.1 million compared to the Revised Budget. Both projections reflect current information about the type of rehabilitation required and resource availability to accomplish the work. This funding is coming from savings in the Windermere CSO project.</p>	\$0
10.18	<p>This item re-allocates \$100,000 of appropriation authority within the Flooding, Sewer Backup, and Landslides BCL (C380B). The MLK Way/Norfolk St. Storm Improvement project was expected to be completed by the end of 2009, so it was not included in the 2010-2015 Adopted Capital Improvement Program (CIP). However, a change order was added for construction of a new access gate, which has been on hold pending approval of a permit from WSDOT. The permit is expected to be received in early 2010. SPU plans to spend \$100,000 on construction of the access gate and remaining closeout activities in 2010. This request will add this project back to the 2010-2015 CIP as described in the prior CIP. Savings are coming from the South Park Pump Station project in the same BCL</p>	\$0

10.21	This item reallocates \$33,000 of appropriation authority within the Shared Cost Projects BCL (C410B-DW). The Sound Transit-Central Link-DWF project was expected to be completed by the end of 2009, so it was not included in the 2010 Adopted Budget. However, Sound Transit has revised the final end date to 2nd Quarter 2010 due to some unresolved contractor issues. SPU plans to spend an additional \$33,000 on closeout activities on this project in 2010. This request will add this project back to the 2010-2015 CIP, as described in the prior CIP. Section 11 –Appropriation Authority Carryforwards		
11.1	DMPAC Balance (Department of Finance - General Subfund - 00100) This item provides resources to the Department of Finance to pay for costs related to the issuance, maintenance, management, and administration of debt in 2010. Per Ordinance 120643, appropriation authority and revenue in the Debt Management Policy Advisory Committee (DMPAC) project account will be carried over each year until fully expended.	\$170,912
11.2	Constituent Relationship Management (CRM) (Department of Information Technology - Information Technology Fund - 50410)	\$581,613

Report Item	Title/Description	Amount/FTE
	<p>This item provides resources to the Department of Information Technology (DoIT) for the Department of Executive Administration's Constituent Relationship Management project. CRM funds were used in 2009 for project management of the procurement phase only. Implementation has not started as the DEA Director has been awaiting input from the new administration. Contract is now ready for signature and expected to be signed by the end of March. Implementation start will be delayed until at least second quarter due to other constituent services priorities assigned by the Mayor. Carry forward of 2009 funds into 2010 is necessary to complete implementation in 2010.</p>	
11.3	<p>Skagit Settlement Project (Seattle City Light - City Light Fund - 41000)</p> <p>This item provides resources to City Light for the payment of legal commitments made by City Light in its 1995 License for the Skagit Project. Skagit mitigation obligations include set amounts of funding required for implementation of various projects by agencies such as the U.S. Forest Service, National Park Service, Washington Department of Fish and Wildlife, North Cascades Institute and Tribes. These funds were not spent in 2009 due to project delays by the agencies. Carry forward resources would allow City Light to move forward on these projects in 2010 as planned by the agencies.</p>	\$3,255,252

Report Item	Title/Description	Amount/FTE
	<p>This item eliminates the proviso imposed by the 2010 Adopted Green Sheet 76-1-A-1, which limited spending for Professional Services related to Citywide Special Events Coordination in the Recreation Facilities and Program BCL. The Council's green sheet imposed a proviso limiting expenditures to no more than \$55,000 for Professional Services related to Citywide Special Events Coordination. This was intended to allow a smooth transition of responsibility from the current consultant to an employee in the Executive Department by mid-2010. However, because of changes in the Executive Department these job duties are no longer transferring to the Executive Department. It is the intention of DPR to continue to contract for these services through the fall of 2010 in order to keep a continuity of staffing through the busy summer season. The Department of Parks and Recreation will be requesting permanent staffing for this function in its 2011-2012 budget submittal. This request does not require additional appropriation authority in 2010.</p>	

City of Seattle
Office of the Mayor

June 8, 2010

Honorable Richard Conlin
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Conlin:

I am transmitting the attached proposed Council Bill, which adjusts several departments' current-year budgets and Capital Improvement Programs based on requests that were submitted to the City Budget Office earlier this year.

The associated impact from this Bill to the City's General Fund totals \$226,000. Included in this amount is \$55,000 to cover costs associated with the annual license fee for the Applicant Tracking System which was not included in the 2010 Adopted Budget. The remaining amount of \$171,000 is associated with a 2009 carry forward item to the Department of Finance for the Debt Management Policy Advisory Committee (DMPAC) project. As was established in Ordinance 120643, appropriation authority will be carried over each year until the balance is fully expended. All other appropriation increases to General Fund supported agencies are either backed by offsetting revenues or existing non-General Fund resources.

In addition, the attached Bill reduces appropriations in the 2010 Adopted Budget from the Department of Planning and Development by \$4.7 million in recognition of a continuing downturn in permit revenues. This bill also acts as a vehicle to abandon approximately \$114 million in unspent, unneeded or unsustainable appropriations from various funds for capital projects administered by Seattle City Light and Seattle Public Utilities. This Bill also provides approximately \$1.9 million to Seattle City Light to pay for state public utility tax and City of Seattle occupation tax related to the 4.5% surcharge resulting from the creation of the 2010 Rate Stabilization Account. Resources supporting this increase will be paid by the utility in 2010. Other items of note are \$5.9 million of capital appropriations, supported by the 2008 Parks Levy, to fund anticipated 2010 property acquisitions, and to complete the Washington Park Arboretum Improvement and Delridge Playfield Renovation projects. This ordinance is also authorizing the carry forward of 2009 budget appropriations totaling \$4.2 million, \$3.5 million of which provides resources to Seattle City Light for the payment of legal commitments made by Seattle City Light in its 1995 license for the Skagit Settlement Project. Finally, this Bill authorizes approximately \$11 million in grant funding from 32 grant sources.

The attached legislation provides an opportunity for the City Council to review and approve several adjustments to the 2010 Adopted Budget in a single ordinance. Thank you for your consideration of this legislation. Should you have any questions, please contact Tom Taylor at 233-5032.

Sincerely,

Michael McGinn
Mayor of Seattle
