Legislation Title:

AN ORDINANCE vacating a portion of Wolcott Avenue between the east margin of Rainier Avenue South and the west margin of the alley in Block 17, C.D. Hillman's Atlantic City Addition to the City of Seattle Division No. 2, on the petition of Housing Resources Group and Chung Tai International Chan Buddhist Association; suspending the vacation compensation provision of Seattle Municipal Code subsection 15.62.090A to accept one-half the appraised value for the purposes of this ordinance only; and accepting a Property Use and Development Agreement as reflected in Clerk File 309627.

Summary of the Legislation:

This Council Bill completes the vacation process for a portion of Wolcott Avenue between the east margin of Rainier Avenue South and the west margin of the alley in Block 17, C.D. Hillman's Atlantic City Addition to the City of Seattle Division No. 2, on the petition of Housing Resources Group and Chung Tai International Chan Buddhist Association and accepts a Property Use and Development Agreement. This legislation temporarily suspends SMC 15.62.090A, which establishes the compensation amount for the street vacation process.

Background: (Include a brief description of the purpose and context of legislation and include record of previous legislation and funding history, if applicable.)

On May 26, 2009, the City Council voted to conditionally grant the petition to vacate a portion of Wolcott Avenue. HRG subsequently constructed Phase One consisting of a four-story, mixed-use building with a below-grade parking garage at the southern end of the site at Rainier Avenue South and South Rose Street. A portion of the building is located on the proposed vacation area. The building includes 71 one and two-bedroom units for low-income individuals and families, and some ground-floor commercial space.

To meet its public benefit requirement, HRG extended the sidewalk and traffic island on the south side of the intersection of Rainier Avenue South and South Rose Street to the north, shortening the size of the pedestrian crossing and supporting transit use. The completed project also incorporates improvements such as a small residential courtyard on South Rose Street with benches, a pedestrian sidewalk path on the north side, and bicycle racks on Rainier Avenue South.

Unique circumstances associated with the vacation were considered by City Council regarding the vacation fee, including the unusual size and orientation of the right-of-way which impedes the ability to develop the adjacent parcels, the location of the property in an economically

depressed area, the fact that the property has been vacant and undeveloped for an extended period of time, the suitability of the development to support transit use given its location on an arterial at a major bus stop location, the City Council support for the provision of low-income housing, and City investment in developing low-income housing. For these reasons, the SMC 15.62.090A provision establishing the compensation amount for a vacated street was suspended and a fee in the amount of one-half of the appraised value was accepted.

This legislation does not accept or appropriate funds. The Seattle Department of Transportation received a vacation fee of \$232,800 in 2011, at which time 50 percent was deposited in the CRS Unrestricted Subaccount and 50 Percent in the CRS Street Vacation Subaccount.

Honorable Richard Conlin
President

City Hall, 2nd Floor

Dear Council President Conlin:

I am pleased to transmit the attached proposed Council Bill that would complete the vacation process for the petitioners Housing Resources Group (HRG) and Chung Tai International Chan Buddhist Association that would allow a new mixed-use development project to be built in the Rainier Valley between the Rainier Beach and Hillman City neighborhoods in Seattle. The Petitioners sought to vacate the portion of Wolcott Avenue between Rainier Avenue South and the alley in Block 17, C.D. Hillman's Atlantic City Addition to the City of Seattle Division No. 2. This legislation also accepts a Property Use and Development Agreement that commits HRG and their successors to fulfill ongoing public benefit obligations in connection with this project.

On May 26, 2009, the City Council voted to conditionally grant the petition to vacate a portion of Wolcott Avenue for the affordable housing project. HRG subsequently constructed Phase One of the project consisting of a four-story, mixed-use building with a below-grade parking garage at the southern end of the site at Rainier Avenue South and South Rose Street. A portion of the building is located on the proposed vacation area. The building includes 71 one and two-bedroom units for low-income individuals and families, and some ground-floor commercial space.

To meet its public benefit requirement, HRG extended the sidewalk and traffic island on the south side of the intersection of Rainier Avenue South and South Rose Street to the north, shortening the pedestrian crossing and supporting transit use. The project also incorporates improvements such as a small residential courtyard on South Rose Street with benches, a pedestrian sidewalk path on the north side, and bicycle racks on Rainier Avenue South.

Thank you for your support of this legislation that supports the creation of high-density, affordable-housing units adjacent to transit, and allows the City to leverage its ongoing transit investment in the Rainier Valley. If you have any questions please contact Beverly Barnett at (206) 684-7564.

Sincerely,

Michael McGinn
