ORDINANCE 123575

AN ORDINANCE amending the Seattle Comprehensive Plan to incorporate changes proposed as part of the 2010-2011 Comprehensive Plan annual amendment process.

WHEREAS, the City Council adopted procedures in Resolution 30261, as amended by Resolution 30976, for amending the Comprehensive Plan, consistent with the requirements for amendment prescribed by the Growth Management Act, RCW 36.70A; and

WHEREAS, pursuant to Council Resolution 30976, a number of proposals for Plan amendments were submitted for Council consideration, both from within City government and from the public; and

WHEREAS, on August 2, 2010, the City Council considered these proposed Comprehensive Plan amendments and adopted Council Resolution 31233 directing that City staff further review and analyze certain proposed amendments; and

WHEREAS, these proposed amendments have been reviewed and analyzed by the Department of Planning and Development and considered by the Council; and

WHEREAS, the City has provided for public participation in the development and review of these proposed amendments; and

WHEREAS, the Council has reviewed and considered the Executive's report and recommendations, public testimony made at the public hearing, and other pertinent material regarding the proposed amendments; and

WHEREAS, the Council finds that the amendments to be adopted are consistent with the Growth Management Act, and will protect and promote the health, safety, and welfare of the general public; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Seattle Comprehensive Plan, as last amended by Ordinance 123267, is amended as follows:

A. Environmental Leadership: Adopt the following new policy into Section E of the Environmental element:

1 Seattle will act as a regional and national leader by becoming carbon neutral. The Climate
2 Action Plan will identify strategies for reducing greenhouse gas emissions in the transportation,
3 building energy, and waste sectors, including establishing specific vehicle miles traveled
4 reduction goals by transportation mode or sector.

5 B. Master Planned Community:

6 1) Amend the Future Land Use Map to apply the designation "Master Planned
7 Community" to a portion of the Capitol Hill/First Hill Urban Center and a portion of the
8 Downtown Urban Center as shown in Attachment B.

9 2) Adopt the following new policy in the Land Use Element Section C to follow
10 policy LU179:

11 In order to address the unique opportunities that large site redevelopment presents in
12 dense areas of the city and to provide predictability to the City, community and potential
13 developer, establish a Master Planned Community designation on the Future Land Use Map.

14 Locations appropriate for that designation must be:

- 15
- 16 • large, multi-block sites located in urban centers
 - 17 • subject to unified ownership control
- 18

19 Establish a zone in the Land Use Code also to be named Master Planned Community.
20 Locations appropriate to be rezoned on the Official Land Use Map as Master Planned
21 Community are those that are designated on the Future Land Use Map as Master Planned
22 Community.
23

24 Specific standards for development within a proposed Master Planned Community should
25 be established by the City Council when a rezone to the Master Planned Community zone
26

1 occurs, and are expected to vary based on the location of the Master Planned Community.

2 However, all applications of a Master Planned Community zone should result in development
3 that provides:

- 4 • a mixture of uses
- 5 • appropriate urban density
- 6 • cohesive urban design throughout the development
- 7 • a higher level of environmental sustainability, affordable housing, and publicly
- 8 accessible open space than is typically provided through conventional lot-by-lot development.

9
10
11 3) In the Land Use Element, part A-1, titled The Future Land Use Map & the
12 Location of Zones, amend the first two paragraphs of the Discussion as follows:

13 Seattle is divided into a number of zones that regulate the uses and development in each
14 area. These zones implement the urban village strategy, and the current zoning is generally
15 appropriate.

16
17 This plan organizes these zones into broad land use categories (single-family,
18 multifamily, commercial / mixed-use, downtown, industrial, major institution, master planned
19 community), and describes how those categories of land use are intended to function. The Future
20 Land Use Map shows how those categories are distributed throughout the city.

21 C. North Beacon Hill Neighborhood Plan Update: Amend the Neighborhood Planning
22 element by replacing the existing North Beacon Hill Neighborhood Plan with the goals and
23 policies shown in Attachment C and amend the Future Land Use Map as shown in
24 Attachment D.

1 D. North Rainier Neighborhood Plan Update: Amend the Neighborhood Planning
2 element by replacing the existing North Rainier Neighborhood Plan with the goals and policies
3 shown in Attachment E and amend the Future Land Use Map as shown in Attachment F.

4 E. MLK @ Holly (Othello) Neighborhood Plan Update: Amend Neighborhood Planning
5 element by replacing the existing MLK @ Holly Neighborhood Plan with goals and policies
6 shown in Attachment G and amend the Future Land Use Map as shown in Attachment H.

7 F. Boundary Expansion for the 23rd @ Jackson Residential Urban Village: Amend the
8 Future Land Use Map as shown in Attachment I expanding the boundary of the 23rd @ Jackson-
9 Union Residential Urban Village, and redesignate the newly added land from single-family to
10 multifamily.
11

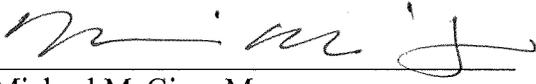

12
13
14 Section 2. This ordinance shall take effect and be in force 30 days from and after its
15 approval by the Mayor, but if not approved and returned by the Mayor within ten days after
16 presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

NBH-G2 A vibrant mix of housing close to the light rail station.

Land Use & Housing Policies

NBH-P1 Encourage sensitive transitions between development densities throughout the urban village; in particular between the Town Center and surrounding residential areas. ((Establish methods to focus future growth to areas within the urban village best served by existing and future transit and community services. As part of this effort, consider NC2/R-40 as well as less intensive commercial and multifamily zoning in areas abutting existing NC2 zones, including consideration of upzoning single family zoned areas approximately as shown on attached Map P-1.))

NBH-P2 To enable any implementation of rezoning to be considered under Policy P1, that portion of Beacon Avenue South located within the boundaries of the North Beacon Hill Residential Urban Village is designated a principal commercial street.

NBH-P3 Encourage a mix of unit prices and sizes through active use of incentives, direct City funding, and surplus property programs. ((Provide for a more diverse mix of housing types and densities, especially in the northern portion of the North Beacon Hill neighborhood.))

NBH-P4 Encourage affordable, family-sized homes through incentives, direct City funding, and surplus property programs. In particular, strive to preserve, or when needed, replace affordable family-sized apartments.

NBH-P6 Encourage the development of housing close to the light rail station.

NBH-P7 Capture the opportunity created by light rail to support affordable housing development close to the light rail station by including homes appropriate for different family

sizes, so that residents are able to stay in the neighborhood, even as the housing market changes over time.

NBH-P8 ((P4)) Seek to maintain the character of low density multifamily areas in the northern portion of the urban village while providing opportunities for additional mixed-use residential development in the retail core in the southern portion of the urban village.

~~((NBH-P5 Recognize areas within the urban village where future growth will support economic development of small neighborhood businesses and mixed-use residential buildings.))~~

NBH-P14 Support a multicultural gathering venue.

NBH-P15 Support mixed-use development on the El Centro site through appropriate zoning or regulatory changes.

NBH-P16 ((P7)) Recognize the importance of the library as a focal point for a community with an ethnically diverse population, a significant number of whom are young, and its role as a symbol of pride and identity.
