The goals of the program are to reduce the number and severity of crashes involving pedestrians; make Seattle a more walkable city for all through equity in public engagement, service delivery, accessibility, and capital investments; develop a pedestrian environment that sustains healthy communities and supports a vibrant economy; and raise awareness of the important role of walking in promoting health and preventing disease. This program supports Walk Bike Ride by implementing the Pedestrian Master Plan. In the 2012 budget process, Council adopted a related proviso.

City of Seattle
Office of the Mayor

July 16, 2013

Honorable Sally J. Clark
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill that accepts various grant funds and executes related agreements for the transportation improvement projects listed below:

- Design and construction of 23rd Ave. corridor improvements
- Construction of Beacon Avenue S. sidewalk improvements
- Rehabilitation of the Fairview Ave. N, east and west bridges
- Replacement of the Yesler Way over 4th Ave. S. bridge
- Deck overlay on the 15th Ave W. Interchange Bridge
- Safety education and awareness
- Funding for Puget Sound Bike Share to implement bike sharing in South Lake Union

The grant funding for these projects will enhance pedestrian safety through improvements to sidewalks, the pedestrian environment, lighting, bus stops and transit reliability and accessibility. The investments in our bridges will enhance seismic performance, replace aging and deteriorating construction and preserve traffic and pedestrian mobility. In addition, the rehabilitation of the Yesler Way Bridge will retain key historic elements of the bridge.

Thank you for your consideration of this legislation. Should you have questions, please contact Jana Duran (SDOT) at 684-0344.

Sincerely,

Michael McGinn
Mayor of Seattle
