Action Text: The Motion carried, the Council Bill (CB) was passed as amended by the following vote, and the President signed the Bill:
Notes: ACTION 1:

Motion was made by Councilmember O'Brien, duly seconded and carried, to amend Council Bill 118736, by amending Seattle Municipal Code Section 23.58.C, Section 1.B, as shown in the strike through and underlined language below.

B. Amendment of payment and performance amounts

1. Ongoing review. The Council directs that, during the first six months of 2018 and annually after July 1, 2018, the Director of the Seattle Department of Construction and Inspections (SDCI) and Director of Housing shall report on the performance of the mandatory affordable housing program provided in Chapter 23.58C, including the amount of payments collected under the payment option, the number of units produced with such payments, and the number of units constructed through the performance option. The July 1, 2018 report shall compare changes in the Consumer Price Index, All Urban Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), with changes in multifamily residential rents and other housing market variables used to determine initial payment amounts since passage of the Ordinance introduced as Council Bill 118736. If the Consumer Price Index has lagged or exceeded rents or other housing market

variables, the Director of Housing shall propose an alternative measure or index upon which to base changes in program requirements. The July 1, 2019 report should include an assessment of past and anticipated program performance, including an assessment of whether a developer building outside of the Downtown and South Lake Union Urban Centers would be economically indifferent between performance and payment given market conditions at that time. If the Council determines that ~~adopted in-lieu fee payments for developers of projects~~, other than smaller projects and projects ~~outside~~ inside of the Downtown and South Lake Union Urban Centers, favor the payment option, the Council will consider raising payment amounts to avoid a bias towards payment, consistent with statutory authority. Units produced under the mandatory housing affordability program provided in Chapter 23.58C shall be measured as net new units. Existing rent- and income-restricted affordable units demolished for development subject to the program are subtracted from the target production.

ACTION 3:

Motion was made by Councilmember Johnson, duly seconded and carried, to amend Council Bill 118736, by adding a new Section 1, and Attachment A, as shown in the underlined language below, and by renumbering the remaining sections accordingly:

Section 1. The City Council hereby makes the Findings of Fact in Attachment A to this ordinance.

ACTION 4:

Motion was made and duly seconded to pass Council Bill 118736 as amended.

In Favor: 8 Councilmember Bagshaw, Councilmember Burgess, Councilmember
González , Council President Harrell, Councilmember Herbold,
Councilmember Johnson, Councilmember Juarez, Councilmember
O'Brien

CITY OF SEATTLE

ORDINANCE

125108

COUNCIL BILL

118736

AN ORDINANCE relating to land use and zoning; adding a new Chapter 23.58C of the Seattle Municipal Code (SMC) to establish the framework for mandatory housing affordability for residential development; and amending Section 23.34.004, subsections 23.40.020.A, 23.76.006.B, and 23.76.032.B, Sections 23.90.002 and 23.90.015, and subsection 23.90.018.C of the SMC.

WHEREAS, in May 2013 the City Council adopted Resolution 31444, which established a work program for reviewing and potentially modifying the City's affordable housing incentive programs; and

WHEREAS, according to Resolution 31444, the City Council commissioned reports examining national best practices for increasing the availability of affordable housing to identify new strategies for Seattle; and

WHEREAS, in September 2014 the City Council adopted Resolution 31546, in which the Council and Mayor proposed that a Seattle Housing Affordability and Livability Agenda (HALA) Advisory Committee be jointly convened by the Council and the Mayor to evaluate potential housing strategies; and

WHEREAS, the HALA Advisory Committee provided final recommendations to the Mayor and City Council on July 13, 2015; and

WHEREAS, the HALA Advisory Committee recommended extensive citywide upzoning of residential and commercial zones and, in connection with such upzones, implementation of a mandatory inclusionary housing requirement for new construction residential development and commercial linkage fees for new construction commercial development; and

1 WHEREAS, the HALA Advisory Committee recommended that the mandatory inclusionary
2 housing requirement offer developers the option of building affordable housing or
3 making a cash contribution to fund preservation and production of affordable housing,
4 and that the requirement be implemented upon approval of extensive citywide upzoning
5 of residential and commercial zones; and

6 WHEREAS, in November 2015 the City Council adopted Resolution 31612, stating the
7 Council's intent to make changes to zoning and land use regulations to implement a
8 mandatory inclusionary affordable housing program for residential development
9 recommended by the HALA Advisory Committee and the Mayor; and

10 WHEREAS, the City has the authority to require mandatory housing affordability for residential
11 development according to its police power; and

12 WHEREAS, a mandatory housing affordability requirement for residential development is one of
13 many actions the City intends to undertake to implement the Comprehensive Plan's goals
14 and policies for housing affordability; and

15 WHEREAS the Countywide Planning Policies, as ratified by the King County Council, provide
16 that jurisdictions may consider a full range of programs, from optional to mandatory, that
17 will assist in meeting the jurisdiction's share of the countywide need for affordable
18 housing; and

19 WHEREAS, one of the City's planning goals under the Growth Management Act, chapter
20 36.70A RCW, is to make adequate provision for the housing needs of all economic
21 segments of the city; and

22 WHEREAS, the Affordable Housing Incentives Program Act, RCW 36.70A.540, authorizes and
23 encourages cities to enact or expand affordable housing incentive programs providing for

1 the development of low-income housing units through development regulations or
2 conditions on rezoning or permit decisions, or both; and

3 WHEREAS, according to the Affordable Housing Incentives Program Act, jurisdictions may
4 establish a minimum amount of affordable housing that must be provided by all
5 residential developments in areas where increased residential development capacity has
6 been provided; and

7 WHEREAS, to facilitate implementation of a mandatory housing affordability requirement for
8 residential development as recommended by the HALA Advisory Committee, the City
9 Council deems it advisable to promptly adopt the governing framework for such a
10 program; and

11 WHEREAS, the July 13, 2015, Statement of Intent for Basic Framework for Mandatory
12 Inclusionary Housing and Commercial Linkage Fee (commonly referred to as the “Grand
13 Bargain”) states that the mandatory housing affordability requirements for residential and
14 commercial development should achieve a projected production level by 2025 of no less
15 than 6,000 units of housing affordable to households with incomes no greater than 60
16 percent of median income, and that, if the projected production level falls below the
17 target, all parties agree to develop and consider options to achieve the agreed-upon
18 production target; and

19 WHEREAS, this ordinance provides a framework by which residential development in areas
20 receiving increases in residential development capacity will be required to provide
21 affordable housing, as authorized by RCW 36.70A.540; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The City Council hereby makes the Findings of Fact in Attachment A to this ordinance.

Section 2. The Council expresses the following intent as to implementation of Seattle Municipal Code Chapter 23.58C:

A. Initial implementation

1. The Council intends that the initial implementation phase of Seattle Municipal Code Chapter 23.58C will consist of:

a. An increase in residential development capacity for all zones in the Downtown and South Lake Union Urban Centers except the Downtown Harborfront 1 (DH-1), International District Mixed 75-85 (IDM 75-85), Pike Market Mixed (PMM), Pioneer Square Mixed (PSM), Seattle Mixed 85/65-160 (SM 85/65-160), Seattle Mixed 85-240 (SM 85-240), and Commercial 2-40 (C2-40) zones, to be enacted no later than September 2016;

b. Zone-wide increases in residential development capacity in all Neighborhood Commercial (NC), Commercial (C), Seattle Mixed (SM), Lowrise (LR), Midrise (MR), and Highrise (HR) zones, and zoning changes to increase the residential development capacity of lands zoned single-family within designated Urban Villages and Urban Centers, outside the Downtown and South Lake Union Urban Centers, to be enacted no later than September 2017; and

c. Increases in residential development capacity through rezones of any portions of the University District that are upzoned in accordance with the University District urban design framework process.

2. Setting initial payment and performance amounts

1 a. Payment and performance amounts are not included in Chapter 23.58C
2 in this Council Bill 118736. Payment and performance amounts for particular zones will be
3 added to Tables A and B for 23.58C.040 and Tables A and B for 23.58C.050 at the time
4 development capacity is increased in those zones during the initial implementation phase
5 according to subsection A.1 of this section. The Council intends to consider whether to include
6 higher performance and payment amounts, subject to statutory limits, for those areas where the
7 increase in development capacity would be likely to increase displacement risk. Factors to
8 consider are (a) areas that have been identified in *Seattle 2035, Growth and Equity, Analyzing*
9 *Impacts on Displacement and Opportunity Related to Seattle's Growth Strategy*, May 2016, as
10 having a high displacement risk; (b) areas where the increment of increased development
11 capacity is greater than the standard MHA-implementing zone change; and (c) areas where
12 planning processes, including, but not limited to, the SEPA process for MHA-R implementation
13 have identified affordable units at risk of demolition, the Council will consider whether to
14 implement additional or alternate MHA program measures to increase affordable units sufficient
15 to offset the affordable units at risk of demolition as a result of the increase in development
16 capacity due to MHA.

17 b. The Council recognizes that, after Chapter 23.58C is amended to
18 include payment and performance amounts for particular zones, additional amendments to the
19 payment and performance amounts provided in Chapter 23.58C for those zones may be needed
20 during the initial implementation phase according to subsection A.1 of this section to further the
21 target production level of no less than 6,000 affordable units for households with incomes no
22 higher than 60 percent of median income over a ten-year period described in the July 13, 2015,
23 Statement of Intent for Basic Framework for Mandatory Inclusionary Housing and Commercial

1 Linkage Fee. Such amendments could include changes to the payment and performance amounts
2 in Tables A and B for 23.58C.040 and Tables A and B for 23.58C.050, and adding amounts for
3 additional zones or portions of zones in connection with rezones of specific subareas such as
4 portions of the University District. The Council intends that amendments during the initial
5 implementation phase be preceded by a robust stakeholder engagement process including
6 representatives of the for-profit and non-profit development sectors who participated in the July
7 13, 2015, Statement of Intent for Basic Framework for Mandatory Inclusionary Housing and
8 Commercial Linkage Fee.

9 B. Amendment of payment and performance amounts

10 1. Ongoing review. The Council directs that, during the first six months of 2018
11 and annually after July 1, 2018, the Director of the Seattle Department of Construction and
12 Inspections (SDCI) and Director of Housing shall report on the performance of the mandatory
13 affordable housing program provided in Chapter 23.58C, including the amount of payments
14 collected under the payment option, the number of units produced with such payments, and the
15 number of units constructed through the performance option. The July 1, 2018 report shall
16 compare changes in the Consumer Price Index, All Urban Consumers, Seattle-Tacoma-
17 Bremerton, WA, All Items (1982-1984 = 100), with changes in multifamily residential rents and
18 other housing market variables used to determine initial payment amounts since passage of the
19 Ordinance introduced as Council Bill 118736. If the Consumer Price Index has lagged or
20 exceeded rents or other housing market variables, the Director of Housing shall propose an
21 alternative measure or index upon which to base changes in program requirements. The July 1,
22 2019 report should include an assessment of past and anticipated program performance,
23 including an assessment of whether a developer building outside of the Downtown and South

1 Lake Union Urban Centers would be economically indifferent between performance and
2 payment given market conditions at that time. If the Council determines that developers of
3 projects, other than smaller projects and projects inside of the Downtown and South Lake Union
4 Urban Centers, favor the payment option, the Council will consider raising payment amounts to
5 avoid a bias towards payment, consistent with statutory authority. Units produced under the
6 mandatory housing affordability program provided in Chapter 23.58C shall be measured as net
7 new units. Existing rent- and income-restricted affordable units demolished for development
8 subject to the program are subtracted from the target production.

9 2. Post-initial implementation phase review. Except as provided according to
10 subsection B.3 of this section, the Council intends that, after the completion of the initial
11 implementation phase according to subsection A.1 of this section, amendments to the payment
12 and performance amounts in Tables A and B for 23.58C.040 and Tables A and B for 23.58C.050
13 shall be consistent with the following provisions:

14 a. Amendments may be considered if:

15 1. After five years from the effective date of the ordinance
16 introduced as Council Bill 118736, there is a failure to meet expectations for program
17 performance;

18 2. There are significant positive or negative changes in real estate
19 development market conditions;

20 3. There is a need to adjust the relationship between the amounts
21 for the payment option according to Section 23.58C.040 and the performance option according
22 to Section 23.58C.050; or

1 4. None of the preceding criteria is met and ten years have elapsed
2 since the completion of the initial implementation phase according to subsection A.1 of this
3 section.

4 b. If amendments are considered according to subsection B.2.a of this
5 section, the Mayor and Council shall appoint a Technical Review Committee whose membership
6 includes appropriate stakeholder representation, including representatives of the for-profit and
7 non-profit development sectors and members of community-based groups, and shall provide the
8 Committee with clear objectives to be accomplished by a revision of the payment and
9 performance amounts in Chapter 23.58C.

10 c. If appointed, the Technical Review Committee shall recommend
11 amendments to the payment and performance amounts in Tables A and B for 23.58C.040 and
12 Tables A and B for 23.58C.050. The Mayor shall consider the Technical Review Committee's
13 recommendations and shall transmit them to the Council along with any recommendation by the
14 Mayor for amendments.

15 3. Amendments concurrent with increased capacity. In conjunction with any
16 increase in residential development capacity other than those increases in development capacity
17 identified according to subsection A.1 of this section, the Council will apply Chapter 23.58C to
18 the zones in which capacity is increased and may amend Tables A and B for 23.58C.040 and
19 Tables A and B for 23.58C.050 for those zones in which capacity is increased.

20 C. Process for modifications of development standards

21 1. The Council intends that, at the time reference to Chapter 23.58C is made in the
22 provisions of a zone, Land Use Code changes will be adopted providing a process by which the
23 Director of SDCI would be authorized to modify certain dimensional development standards to

1 ensure that, in most cases, utilization of the increased development capacity is not prohibited by
2 development standards. The provisions for such modification of development standards are not
3 included in Chapter 23.58C in this Council Bill 118736, but placeholders for references to such
4 provisions are included in this Council Bill 118736 by using the language “[CODE SECTION
5 RESERVED].”

6 2. To enable development of such Land Use Code changes, the Director of SDCI
7 shall report on which development standards, if any, might be appropriate for modification in
8 particular zones and the extent to which modifications might be allowed from particular
9 standards.

10 3. If there are cases in which a portion of the increased development capacity
11 cannot be used because of a development standard from which a modification is not available or
12 is not granted, and not because of decisions of the applicant, the Council intends that any
13 development standard modification process will provide for a reduction of the payment and/or
14 performance amounts. The expectation is that the number of cases where development standards
15 would preclude use of some of the additional capacity, such that payment and/or performance
16 amounts would be reduced, would be limited. Specific provisions for such modification of
17 payment and/or performance amounts are not included in Chapter 23.58C in this Council Bill
18 118736, but a placeholder for such provisions is included in this Council Bill 118736 as
19 subsection 23.58C.035.B.

20 4. The intent is that the need for the provisions described in this subsection C for
21 modification of development standards and payment and/or performance amounts will be
22 reevaluated after five years from the effective date of the ordinance introduced as Council Bill
23 118736 and that these provisions ultimately will be phased out.

1 Section 3. Section 23.34.004 of the Seattle Municipal Code, which section was last
2 amended by Ordinance 123913, is amended as follows:

3 **23.34.004 Contract rezones**

4 A. Property Use and Development Agreement. The Council may approve a map
5 amendment subject to the execution, delivery, and recording of a property use and development
6 agreement (PUDA) executed by the legal or beneficial owner of the property to be rezoned
7 containing self-imposed restrictions upon the use and development of the property in order to
8 ameliorate adverse impacts that could occur from unrestricted use and development permitted by
9 development regulations otherwise applicable after the rezone. All restrictions imposed by the
10 PUDA shall be directly related to the impacts that may be expected to result from the rezone.

11 B. Notwithstanding any contrary provision of subsection 23.34.004.A, the Council may
12 approve a map amendment subject to execution, delivery, and recording of a property use and
13 development agreement (PUDA) executed by the legal or beneficial owner of the property to be
14 rezoned containing self-imposed restrictions applying the provisions of Chapter 23.58B or
15 Chapter 23.58C to the property. The Director shall by rule establish payment and performance
16 amounts for purposes of subsections 23.58C.040.A and 23.58C.050.A that shall apply to a
17 contract rezone until Chapter 23.58C is amended to provide such payment and performance
18 amounts for the zone designation resulting from a contract rezone.

19 C. A contract rezone shall be conditioned on performance or compliance with the terms
20 and conditions of the PUDA. Council may revoke a contract rezone or take other appropriate
21 action allowed by law for failure to comply with a PUDA. The PUDA shall be approved as to
22 form by the City Attorney, and shall not be construed as a relinquishment by the City of its
23 discretionary powers.

1 ((B)) D. Waiver of Certain Requirements. The ordinance accepting the PUDA may waive
2 specific bulk or off-street parking and loading requirements if the Council determines that the
3 waivers are necessary under the agreement to achieve a better development than would otherwise
4 result from the application of regulations of the zone. No waiver of requirements shall be granted
5 that would be materially detrimental to the public welfare or injurious to property in the zone or
6 vicinity in which the property is located.

7 Section 4. A new Chapter 23.58C is added to Division 2, Authorized Uses and
8 Development Standards, within Subtitle III, Land Use Regulations, of Title 23 of the Seattle
9 Municipal Code as follows:

10 **Chapter 23.58C Mandatory Housing Affordability for Residential Development**

11 **23.58C.005 Intent for implementation**

12 Section 1 of the ordinance introduced as Council Bill 118736 provides a statement of
13 intent for implementation of this Chapter 23.58C that generally addresses the Council's intent as
14 to an initial implementation phase of this Chapter 23.58C, the setting and changing of payment
15 and performance amounts during that initial implementation phase, review of program
16 performance, the amendment of payment and performance amounts after the initial
17 implementation phase, and the establishment of additional processes for modifying dimensional
18 development standards and/or payment and performance amounts.

19 **23.58C.010 Purpose**

20 The purpose of this Chapter 23.58C is to implement an affordable housing incentive
21 program authorized by RCW 36.70A.540, as it may be amended, as well as by other authority.

23.58C.015 Scope of chapter

This Chapter 23.58C contains requirements that apply only where provisions of the zone refer to this Chapter 23.58C, or through the terms of a contract rezone according to Section 23.34.004.

23.58C.020 Definition

For purposes of this Chapter 23.58C, unless otherwise specified in this Chapter 23.58C, the term “unit” refers to a dwelling unit, except an accessory dwelling unit or detached accessory dwelling unit; live-work unit; or congregate residence sleeping room.

23.58C.025 Applicability and general requirements

A. General. If an applicant seeks approval of a permit for development as described according to subsection 23.58C.025.B, the applicant shall comply with this Chapter 23.58C, either through the payment option according to Section 23.58C.040 or the performance option according to Section 23.58C.050.

B. Applicability. Except as provided according to subsection 23.58C.025.C, this Chapter 23.58C shall apply to development that includes units, whether such development occurs through one or more of the following:

1. Construction of a new structure;
2. Construction of an addition to an existing structure that results in an increase in the total number of units;
3. Alterations within an existing structure that result in an increase in the total number of units; or
4. Change of use that results in an increase in the total number of units.

1 C. Exemptions. Development is exempt from the requirements of this Chapter 23.58C if
2 it receives public funding and/or an allocation of federal low-income housing tax credits, and is
3 subject to a regulatory agreement, covenant or other legal instrument recorded on the property
4 title and enforceable by The City of Seattle, Washington State Housing Finance Commission,
5 State of Washington, King County, U.S. Department of Housing and Urban Development, or
6 other similar entity as approved by the Director of Housing, which restricts at least 40 percent of
7 the units to occupancy by households earning no greater than 60 percent of median income, and
8 controls the rents that may be charged, for a minimum period of 40 years.

9 D. Relationship to incentive zoning. Where the provisions of the zone refer to this
10 Chapter 23.58C and where bonus residential floor area or extra residential floor area may be
11 achieved according to the provisions of the zone and/or Chapter 23.58A, the following
12 provisions apply:

13 1. All affordable housing requirements for achieving bonus residential floor area
14 or extra residential floor area according to the provisions of the zone and/or Chapter 23.58A shall
15 be satisfied solely by compliance with this Chapter 23.58C.

16 2. Any non-housing requirements for achieving bonus residential floor area or
17 extra residential floor area shall be satisfied according to the provisions of the zone and/or
18 Chapter 23.58A.

19 **23.58C.030 Permit documentation**

20 A. General

21 1. For any development to which this Chapter 23.58C applies, the Master Use
22 Permit application and the first building permit application that includes the structural frame for
23 the structure shall include the following:

1 a. If the applicant elects the payment option, the amount of the required
2 cash contribution according to subsection 23.58C.040.A;

3 b. If the applicant elects the performance option, the number of units
4 required to be provided according to subsection 23.58C.050.A, the amount of any cash
5 contribution according to subsection 23.58C.050.A.3.b, and a proposal for units that meet the
6 requirements according to subsection 23.58C.050.C; and

7 c. If the applicant seeks relief according to [CODE SECTION
8 RESERVED] or seeks a modification according to subsection 23.58C.035.B or subsection
9 23.58C.035.C, the earliest application according to this subsection 23.58C.030.A.1 shall include
10 requests for such relief or modifications including all supporting materials required for a decision
11 on the requests.

12 2. The Director shall, as a Type I decision and in consultation with the Director of
13 Housing, determine:

14 a. If the applicant elects to comply with this Chapter 23.58C through the
15 payment option according to Section 23.58C.040, the amount of the cash contribution;

16 b. If the applicant elects to comply with this Chapter 23.58C through the
17 performance option according to Section 23.58C.050, the number of units that shall meet the
18 requirements according to subsection 23.58C.050.C, the amount of any cash contribution
19 according to subsection 23.58C.050.A.3.b, and the compliance of the proposal required
20 according to subsection 23.58C.030.A.1.b with the requirements according to subsection
21 23.58C.050.C.

22 3. The Director shall, as a special exception according to Chapter 23.76,
23 Procedures for Master Use Permits and Council Land Use Decisions, in consultation with the

1 Director of Housing, determine any modification according to subsections 23.58C.035.B and
2 23.58C.035.C.

3 4. The final plans that include the structural frame for the structure shall
4 demonstrate compliance with the requirements according to Section 23.58C.040 or Section
5 23.58C.050 and state the ongoing requirements according to Section 23.58C.050.

6 5. If the applicant elects to comply with this Chapter 23.58C through the
7 performance option according to Section 23.58C.050, the requirements according to Section
8 23.58C.050 shall be considered terms of the first building permit that includes the structural
9 frame for the structure.

10 6. Unit substitution according to subsection 23.58C.050.C.6.f and conversion to
11 ownership housing according to subsection 23.58C.050.C.6.i shall require a separate review and
12 approval by the Director in consultation with the Director of Housing.

13 B. Timing

14 1. Master Use Permit. Prior to the issuance of a Type II Master Use Permit, the
15 applicant shall provide the following:

16 a. If the applicant elects the payment option, the amount of the required
17 cash contribution according to subsection 23.58C.040.A; or

18 b. If the applicant elects the performance option, the number of units
19 required to be provided according to subsection 23.58C.050.A, the amount of any cash
20 contribution according to subsection 23.58C.050.A.3.b, a proposal for units that meet the
21 requirements according to subsection 23.58C.050.C, and a draft agreement according to
22 subsection 23.58C.050.E.

2. Building permit. Prior to issuance of the first building permit that includes the structural frame for the structure, the applicant shall provide the following:

a. If the applicant elects to comply with this Chapter 23.58C through the payment option according to Section 23.58C.040:

1) Final plans that include the structural frame for the structure showing the calculation of the amount of the required cash contribution according to subsection 23.58C.040.A; and

2) Documentation from the Director of Housing of receipt of payment of the required cash contribution according to subsection 23.58C.040.A; or

b. If the applicant elects to comply with this Chapter 23.58C through the performance option according to Section 23.58C.050:

1) Final plans that include the structural frame for the structure that:

a) Include the calculation of the number of units required to be provided according to subsection 23.58C.050.A;

b) Demonstrate compliance with the requirements according to Section 23.58C.050 and state the ongoing requirements according to Section 23.58C.050; and

c) Include the calculation of the amount of any cash contribution according to subsection 23.58C.050.A.3.b;

2) Documentation from the Director of Housing of receipt of payment of any cash contribution according to subsection 23.58C.050.A.3.b; and

3) The executed and recorded agreement required according to subsection 23.58C.050.E.

c. The applicant may change its election between performance and payment prior to issuance of the first building permit that includes the structural frame for the structure, provided that an applicant changing its election shall obtain any necessary approvals affected by the change in election. Review and approval of a change in election between performance and payment is a Type I decision, unless the requested change affects a modification according to subsection 23.58C.035.C.

23.58C.035 Modification of payment/performance amounts

A. General

1. An applicant may request a modification, according to this Section 23.58C.035, of the amount of payment required according to subsection 23.58C.040.A or the amount of performance required according to subsection 23.58C.050.A.

2. An applicant requesting a modification according to subsection 23.58C.035.B shall have requested any available relief according to [CODE SECTION RESERVED], and the Director will evaluate relief according to [CODE SECTION RESERVED] before evaluating a modification according to subsection 23.58C.035.B. An applicant requesting a modification according to subsection 23.58C.035.C shall have requested any available relief according to [CODE SECTION RESERVED] and any available modification according to subsection 23.58C.035.B, and the Director will evaluate relief according to [CODE SECTION RESERVED] and a modification according to subsection 23.58C.035.B before evaluating a modification according to subsection 23.58C.035.C.

1 3. The decision on any modification according to subsection 23.58C.035.B or
2 subsection 23.58C.035.C shall specify a per-square-foot payment amount for the development
3 and/or a percentage of units in each structure that shall meet the requirements of subsection
4 23.58C.050.C, as applicable, that can be applied to the final plans for the development or, in the
5 case of a modification according to subsection 23.58C.035.C, an absolute payment amount for
6 the development or number of units in each structure that shall meet the requirements according
7 to subsection 23.58C.050.C along with a limitation on the degree of change in the final plans that
8 is permissible without a redetermination of the modification.

9 B. [Reserved]

10 C. Modification based on severe economic impact

11 1. The purpose of this subsection 23.58C.035.C is to allow the Director to modify
12 the amount of payment required according to subsection 23.58C.040.A or the amount of
13 performance required according to subsection 23.58C.050.A if the applicant can demonstrate
14 facts supporting a determination of severe economic impact at such a level that a property
15 owner's constitutional rights may be at risk.

16 2. For purposes of this subsection 23.58C.035.C, the Director is not making a
17 determination of the constitutional rights of a property owner, but instead is reviewing the
18 credibility and strength of facts demonstrating severe economic impact.

19 3. The Director may, as a special exception according to Chapter 23.76, waive or
20 reduce the amount of payment required according to subsection 23.58C.040.A or the number of
21 units required to meet the requirements according to subsection 23.58C.050.C if the applicant
22 shows that application of the requirements of this Chapter 23.58C would:

1 a. Create severe economic impact by depriving a property owner of all
2 economically beneficial use of the property; or

3 b. Create severe economic impact, not reaching deprivation of all
4 economically beneficial use, but reaching the level of an undue burden that should not be borne
5 by the property owner.

6 4. In determining whether there is a severe economic impact reaching the level of
7 an undue burden that should not be borne by the property owner, the Director may weigh the
8 following nonexclusive factors:

9 a. The severity of the economic impact caused by the application of the
10 requirements of this Chapter 23.58C;

11 b. The degree to which the requirements of this Chapter 23.58C were or
12 could have been anticipated;

13 c. The extent to which alternative uses of the property or configurations of
14 the proposed development would alleviate the need for the requested waiver or reduction;

15 d. The extent to which any economic impact was due to decisions by the
16 applicant and/or property owner; and

17 e. Other factors relevant to whether the burden should be borne by the
18 property owner.

19 5. The waiver or reduction may be approved only to the extent necessary to grant
20 relief from the severe economic impact.

21 6. A request to the Director for a modification according to this subsection
22 23.58C.035.C shall include, at a minimum, all of the following:

1 a. A description of the requested waiver or reduction, including the
2 proposed payment or performance amount;

3 b. Documentation showing that any relief available according to [CODE
4 SECTION RESERVED] or subsection 23.58C.035.B would not eliminate the need for the
5 requested waiver or reduction;

6 c. The identity of the property owner and the date of the owner's
7 acquisition of the property;

8 d. Documentation showing the use of the property at the time of the
9 request or, if the property is vacant at that time, the use of the property prior to commencement
10 of vacancy;

11 e. Documentation explaining and supporting the claim of economic
12 impact; and

13 f. Documentation showing that a different development configuration that
14 satisfied the requirements of this Chapter 23.58C would not alleviate the need for the requested
15 waiver or reduction.

16 7. The applicant shall provide any additional information as may be required by
17 the Director to make a determination on the request. The applicant shall have the burden of
18 proving by a preponderance of the evidence that a waiver or reduction authorized according to
19 this subsection 23.58C.035.C is justified.

20 8. None of the following, standing alone and without consideration of the full
21 range of relevant factors including those according to subsection 23.58C.035.C.4, shall be a
22 sufficient basis for the Director to grant a waiver or reduction authorized according to this
23 subsection 23.58C.035.C:

a. The fact of a decrease in property value;

b. The fact that a property owner is unable to utilize the full amount of any

increase in residential development capacity enacted in connection with implementation of this

Chapter 23.58C in the zone in which the property is located; or

c. The fact that any such increase in residential development capacity,

combined with the requirements of this Chapter 23.58C, did not leave the property owner in a

better financial position than would have been the case with no increase in residential

development capacity and no application of the requirements of this Chapter 23.58C.

9. In any appeal to the Hearing Examiner, the parties will have an additional

opportunity to make a record on the factual issues consistent with due process.

23.58C.040 Affordable housing – Payment option

A. Payment amount

1. An applicant complying with this Chapter 23.58C through the payment option

shall provide a cash contribution to the City, calculated by multiplying the payment amount per

square foot according to Table A or Table B for 23.58C.040 and Map A for 23.58C.050, as

applicable, by the total gross floor area in the development, excluding the floor area of parking

located in stories or portions of stories that are underground, as follows:

a. In the case of construction of a new structure, the gross floor area in

residential use and the gross floor area of live-work units;

b. In the case of construction of an addition to an existing structure that

results in an increase in the total number of units within the structure, the gross floor area in

residential use and the gross floor area of live-work units in the addition;

c. In the case of alterations within an existing structure that result in an increase in the total number of units within the structure, the gross floor area calculated by dividing the total gross floor area in residential use and gross floor area of live-work units by the total number of units in the proposed development, and multiplying that quotient by the net increase in units in the structure;

d. In the case of change of use that results in an increase in the total number of units, the gross floor area that changed to residential use or live-work units; or

e. Any combination of the above.

Table A for 23.58C.040

**Payment calculation amounts:
inside Downtown and SM-SLU zones**

Zone category	Dollars per square foot of gross floor area according to subsection 23.58C.040.A.1
[RESERVED]	[RESERVED]

Table B for 23.58C.040

**Payment calculation amounts:
outside Downtown and SM-SLU zones**

Zone category	Dollars per square foot of gross floor area according to subsection 23.58C.040.A.1		
	Low	Medium	High
[RESERVED]	[RESERVED]	[RESERVED]	[RESERVED]

The location of the zone, by low, medium, or high area, is as shown on Map A for 23.58C.050.

2. Automatic adjustments to initial payment amounts. On March 1, 2017, and on the same day each year thereafter, the amounts for payment calculations according to Table A and Table B for 23.58C.040 shall automatically adjust in proportion to the annual change for the previous calendar year (January 1 through December 31) in the Consumer Price Index, All Urban Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), as determined by the U.S. Department of Labor, Bureau of Labor Statistics or successor index.

1 B. Use of cash contributions

2 1. The Director of Housing shall be authorized to accept all cash contributions on
3 behalf of the City. Cash contributions shall be deposited by the Director of Housing in a special
4 account and shall be used for purposes authorized by RCW 36.70A.540. Earnings on balances in
5 the special account shall accrue to that account.

6 2. Income levels

7 a. Rental housing supported by cash contributions shall be rent- and
8 income-restricted to serve households with incomes no greater than 60 percent of median income
9 for a minimum period of 50 years, with an expectation of ongoing affordability.

10 b. Ownership housing supported by cash contributions shall be priced to
11 serve and sold to households with incomes no greater than 80 percent of median income for a
12 minimum period of 50 years, with an expectation of ongoing affordability.

13 3. Location. For purposes of determining the location for use of cash
14 contributions, the City shall consider the extent to which the housing supported by cash
15 contributions advances the following factors:

- 16 a. Affirmatively furthering fair housing choice;
- 17 b. Locating within an urban center or urban village;
- 18 c. Locating in proximity to frequent bus service or current or planned light
19 rail or streetcar stops;
- 20 d. Furthering City policies to promote economic opportunity and
21 community development and addressing the needs of communities vulnerable to displacement
22 and;
- 23 e. locating near developments that generate cash contributions.

23.58C.050 Affordable housing – Performance option

A. Performance amount

1. An applicant complying with this Chapter 23.58C through the performance option shall provide, as part of the units to be developed in each structure, a number of units that meet the requirements according to subsection 23.58C.050.C calculated by multiplying the percentage set aside according to Table A or Table B for 23.58C.050 and Map A for 23.58C.050, as applicable, by the total number of units to be developed in each structure.

2. If the number of units that meet the requirements according to subsection 23.58C.050.C calculated according to subsection 23.58C.050.A.1 equals less than two, the applicant shall:

a. Round up to two units; or

b. Provide one dwelling unit that meets the requirements according to subsection 23.58C.050.C that is three bedrooms or larger, as determined by the Director of Housing.

3. If the number of units that meet the requirements according to subsection 23.58C.050.C calculated according to subsection 23.58C.050.A.1 equals two or more and includes a fraction of a unit, the applicant shall:

a. Round up to the nearest whole unit; or

b. Round down to the nearest whole unit and pay a cash contribution for the fraction of a unit not otherwise provided, calculated by multiplying the amount per square foot according to Table A or Table B for 23.58C.040 and Map A for 23.58C.050, as applicable, by the total gross floor area to be developed as measured according to subsection 23.58C.040.A.1, multiplying that product by the fraction of a unit not provided, and dividing the

1 resulting number by the total number of units required to be provided based on the calculation
2 according to subsection 23.58C.050.A.1. Use of cash contributions according to this subsection
3 23.58C.050.A.3.b shall be governed according to subsection 23.58C.040.B.

4 4. When the applicant elects to comply with this Chapter 23.58C through the
5 performance option for a development that contains multiple structures and the calculation
6 according to subsection 23.58C.050.A.1 results in fractions of units in more than one structure,
7 the Director may, as a Type I decision in consultation with the Director of Housing, allow such
8 fractions of units to be combined, provided:

9 a. If the sum of the combined fractions of units calculated according to this
10 subsection 23.58C.050.A.4 equals fewer than two, the applicant shall:

11 1) Round up to two units; or
12 2) Provide one dwelling unit that meets the requirements according
13 to subsection 23.58C.050.C that is three bedrooms or larger, as determined by the Director of
14 Housing;

15 b. If the sum of the combined fractions of units calculated according to
16 this subsection 23.58C.050.A.4 equals two or more and includes a fraction of a unit, the
17 applicant shall:

18 1) Round up to the nearest whole unit; or
19 2) Round down to the nearest whole unit and pay a cash
20 contribution for the fraction of a unit not otherwise provided, calculated according to subsection
21 23.58C.050.A.3.b; and

22 c. The construction of the structure(s) containing the units that meet the
23 requirements according to subsection 23.58C.050.C shall be completed at the same time or at an

earlier time than completion of construction of other structures in the development containing units.

[RESERVED]

B. Duration. The obligation, as to a structure that includes units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B, to provide units that meet the requirements according to subsection 23.58C.050.C in the amount required according to subsection 23.58C.050.A, subject to any applicable modifications, shall last:

1. If rental units are provided to comply with this Chapter 23.58C:

a. For a period of 75 years from the date of certificate of occupancy or, if a certificate of occupancy is not required, from the date of the final building permit inspection, for the development to which this Chapter 23.58C applies according to subsection 23.58C.025.B, or

b. Until such earlier time when:

1) The structure is demolished, or its use is changed, so as to eliminate all of the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B in that structure, and the requirements according to subsection 23.58C.050.C.6.j are met; or

2) All of the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B in the structure are converted to ownership housing, and the requirements according to subsection 23.58C.050.C.6.i are met; or

2. If ownership units are provided to comply with this Chapter 23.58C, for a period of 75 years from the date of certificate of occupancy or, if a certificate of occupancy is not required, from the date of the final building permit inspection, for the development to which this Chapter 23.58C applies according to subsection 23.58C.025.B.

C. Performance requirements. Units provided to comply with this Chapter 23.58C through the performance option shall meet the following requirements:

1. Distribution. Units provided through the performance option shall be generally distributed throughout each structure in the development containing units.

2. Unit size, type, and term of lease

a. Units provided through the performance option shall be comparable to the other units to be developed in terms of the following:

1) Status as a dwelling unit, live-work unit, or congregate residence sleeping room;

2) Number of bedrooms and bathrooms;

3) Net unit area by square feet;

4) Access to amenity areas;

5) Functionality; and

6) Term of the lease.

b. The bedroom and bathroom sizes for units provided through the performance option shall be generally comparable to the bedroom and bathroom sizes for the other units to be developed.

3. Eligible households. Units provided through the performance option shall serve only:

a. At initial occupancy by a household:

1) For a rental unit with net unit area of 400 square feet or less, households with incomes no greater than 40 percent of median income;

2) For a rental unit with net unit area of greater than 400 square feet, households with incomes no greater than 60 percent of median income;

3) For an ownership unit, households with incomes no greater than 80 percent of median income, and that meet a reasonable limit on assets. The Director of Housing shall establish by rule the method to establish a reasonable limit on assets.

b. At the time of annual certification according to subsection 23.58C.050.C.6.c:

1) For a rental unit with net unit area of 400 square feet or less, households with incomes no greater than 60 percent of median income;

2) For a rental unit with net unit area of greater than 400 square feet, households with incomes no greater than 80 percent of median income.

4. Affirmative marketing. Units provided through the performance option shall be affirmatively marketed to attract eligible households from all racial, ethnic, and gender groups in the housing market area of the property, particularly to inform and solicit applications from households who are otherwise unlikely to apply for housing in the development. Proposed marketing efforts shall be submitted to the Office of Housing for review and approval. Records documenting affirmative marketing efforts shall be maintained and submitted to the Office of Housing upon request.

5. Public subsidy. If any public subsidy, including the Multifamily Housing Property Tax Exemption authorized by Chapter 5.73 and chapter 84.14 RCW, is used for a development containing units provided to comply with this Chapter 23.58C through the performance option, and the public subsidy operates through subjecting some of the units in the development to restrictions on the income levels of occupants and the rents or sale prices that

1 may be charged, the units provided to comply with this Chapter 23.58C shall be different units
2 than the units that are subject to such restrictions as a condition of the public subsidy.

3 6. Additional requirements for rental units provided through the performance
4 option

5 a. Rent levels. Monthly rent shall not exceed 30 percent of 60 percent of
6 median income or, in the case of rental units with net unit area of 400 square feet or less, 30
7 percent of 40 percent of median income. For purposes of this subsection 23.58C.050.C.6.a,
8 “monthly rent” includes a utility allowance for heat, gas, electricity, water, sewer, and refuse
9 collection, to the extent such items are not paid for tenants by the owner, and any recurring fees
10 that are required as a condition of tenancy.

11 b. Limitation on charges. Fees charged to eligible households upon move-
12 in or transfer within the development shall be limited to a reasonable level to be established by
13 the Director of Housing by rule. No tenant of a rental unit may be charged fees for income
14 verifications or reporting requirements related to this Chapter 23.58C.

15 c. Annual certification, third party verification

16 1) The owner of the rental unit shall obtain from each tenant, no
17 less than annually, a certification of household size and annual income in a form acceptable to
18 the City. The owner shall examine the income of each tenant household in accordance with 24
19 CFR 5.609, with guidance from the HUD Occupancy Handbook 4350.3, Chapter 5. The owner
20 also shall examine the income and household size of any tenant at any time when there is
21 evidence that the tenant’s written statement was not complete or accurate. If so requested by the
22 City, the owner shall obtain such certifications and/or examine incomes and household sizes at
23 any other times upon reasonable advance notice from the City. The owner shall maintain all

certifications and documentation obtained according to this subsection 23.58C.050.C.6.c.1 on file for at least six years after they are obtained, and shall make them available to the City for inspection and copying promptly upon request.

2) Owners of rental units shall attempt to obtain third party verification whenever possible to substantiate income at each certification, which shall include contacting the individual income source(s) supplied by the household. The verification documents shall be supplied directly to the independent source by the owner and returned directly to the owner from the independent source. In the event that the independent source does not respond to the owner's faxed, mailed, or emailed request for information, the owner may pursue oral third party verification. If written or oral third party documentation is not available, the owner may accept original documents (pay stubs, W-2, etc.) at the discretion of the Director of Housing and shall document why third party verification was not available. At the discretion of the Director of Housing, the owner may accept tenant self-certifications after the initial income verification and first annual recertification.

d. Reporting. At such times as may be authorized by the Director of Housing, but no less than annually, the owner of the rental unit shall submit to the Director of Housing a written report, verified upon oath or affirmation by the owner, demonstrating compliance with this Chapter 23.58C. The written report shall state, at a minimum, the occupancy and vacancy of each rental unit, the monthly rent charged for the unit, and the income and size of the household occupying the unit. The Director of Housing may require other documentation to ensure compliance with this subsection 23.58C.050.C, including but not limited to documentation of rents, copies of tenant certifications, documentation supporting determinations of tenant income (including employer's verification or check stubs), and other

1 documentation necessary to track program outcomes and the demographics of households
2 served. The first annual report shall include documentation of issuance of the certificate of
3 occupancy or final building permit inspection for the rental unit. The Director of Housing is
4 authorized to assess a late fee of \$50 per day, to accrue starting 14 days from the date the Office
5 of Housing notifies the owner of the rental unit that the report is overdue, until the report is
6 submitted.

7 e. Annual fee. The owner of the rental unit shall pay the Office of Housing
8 an annual fee of \$150 per rental unit for the purposes of monitoring compliance with the
9 requirements according to this Section 23.58C.050. On March 1, 2017, and on the same day each
10 year thereafter, the annual fee shall automatically adjust in proportion to the annual change for
11 the previous calendar year (January 1 through December 31) in the Consumer Price Index, All
12 Urban Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), as determined
13 by the U.S. Department of Labor, Bureau of Labor Statistics or successor index.

14 f. Over-income households; unit substitution. If, based on any
15 certification, a previously eligible household occupying a rental unit provided through the
16 performance option is determined to be ineligible due to exceeding the income limits according
17 to subsection 23.58C.050.C.3.b, the owner of the development to which this Chapter 23.58C
18 applies shall, through the process according to subsection 23.58C.030.A.6, designate a
19 comparable substitute rental unit within the development, as approved by the Director of
20 Housing, as soon as such a unit becomes available, and upon such designation the requirements
21 according to this subsection 23.58C.050.C shall transfer to the substitute unit. Upon such
22 determination that a previously eligible household is ineligible, the owner shall promptly give the
23 ineligible household notice of such determination and notice that the requirements according to

1 this subsection 23.58C.050.C will transfer to a substitute unit when such unit becomes available.
2 Upon the transfer of the requirements, the owner shall give the ineligible household six months'
3 notice prior to any rent increase.

4 g. Maintenance, insurance. Rental units provided through the performance
5 option, and the structure in which they are located, shall be maintained by the owner in decent
6 and habitable condition, including the provision of adequate basic appliances. The owner shall
7 keep such units, and the structure in which they are located, insured by an insurance company
8 licensed to do business in the state of Washington and reasonably acceptable to the City, against
9 loss by fire and other hazards included with broad form coverage, in the amount of 100 percent
10 of the replacement value.

11 h. Casualty

12 1) If a rental unit provided through the performance option is
13 destroyed or rendered unfit for occupancy by casualty that does not affect all of the other units in
14 the development to which this Chapter 23.58C applies, the owner of the development shall,
15 through the process according to subsection 23.58C.030.A.6, designate a comparable substitute
16 rental unit within the development, as approved by the Director of Housing, as soon as such a
17 unit becomes available, which the tenant household of the unit affected by casualty shall be
18 allowed to move into, and upon such designation the requirements according to this subsection
19 23.58C.050.C shall transfer to the substitute unit.

20 2) If all of the units in the development to which this Chapter
21 23.58C applies are substantially destroyed by casualty, including by earthquake or fire, the
22 requirements according to this subsection 23.58C.050.C shall terminate.

1 i. Conversion to ownership housing. If all of the units to whose
2 development this Chapter 23.58C applies according to subsection 23.58C.025.B in a structure are
3 converted to ownership housing, including through a conversion to condominiums, prior to 75
4 years from the date of certificate of occupancy or, if a certificate of occupancy is not required,
5 from the date of the final building permit inspection, for the development to which this Chapter
6 23.58C applies according to subsection 23.58C.025.B:

7 1) The owner of the development shall, at the time of such
8 conversion, either pay to the City a payment in lieu of continuing affordability or convert the
9 rental units provided through the performance option to ownership units provided through the
10 performance option, as follows:

11 a) Where a payment in lieu of continuing affordability is
12 made, the amount of the payment shall be equal to the amount of the cash contribution according
13 to subsection 23.58C.040.A that would have been required at the time of issuance of the first
14 building permit that includes the structural frame for the structure if the applicant had elected the
15 payment option, adjusted for each calendar year following issuance of that permit in proportion
16 to the annual change in the Consumer Price Index, All Urban Consumers, Seattle-Tacoma-
17 Bremerton, WA, All Items (1982-1984 = 100), as determined by the U.S. Department of Labor,
18 Bureau of Labor Statistics or successor index, multiplied times the percentage in Table C for
19 23.58C.050 that corresponds to the number of years that the rental units provided through the
20 performance option satisfied the requirements according to this subsection 23.58C.050.C. The
21 City shall use the payment to support continued housing affordability in The City of Seattle
22 consistent with applicable statutory requirements.

Table C for 23.58C.050

Payment in lieu of affordability calculation percentages for conversion to ownership housing

Number of years units provided through performance option satisfied the requirements according to subsection 23.58C.050.C	Percentage
Less than 7.5	100%
Between 7.5 and 15	95%
Between 15 and 22.5	90%
Between 22.5 and 30	85%
Between 30 and 37.5	80%
Between 37.5 and 45	75%
Between 45 and 52.5	65%
Between 52.5 and 60	55%
Between 60 and 67.5	40%
Between 67.5 and 75	20%

b) Where rental units provided through the performance option are converted to ownership units provided through the performance option, the converted units shall meet the requirements of subsections 23.58C.050.C.1 through 23.58C.050.C.5 and subsection 23.58C.050.C.7.

2) If the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B are in multiple structures, conversion to ownership housing of such units in an individual structure shall not be a basis for reducing the number of rental units provided through the performance option in the other structures.

3) If a rental unit provided through the performance option is converted to a condominium, the owner shall comply with the requirements according to Section 22.903.030 and Section 22.903.035, the requirement of RCW Ch. 63.34.440(2) to offer to convey the unit to the tenant who leases the unit, and any other applicable requirements.

j. Demolition or change of use

1) If the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B are in a single structure and the structure is demolished, or its use is changed, prior to 75 years from the date of certificate of occupancy or, if a certificate of occupancy is not required, from the date of the final building permit inspection, for the development to which this Chapter 23.58C applies according to subsection 23.58C.025.B, so as to eliminate all of the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B in that structure, the owner of the development shall pay to the City a payment in lieu of continuing affordability for each rental unit provided through the performance option that is eliminated, as follows:

a) The payment shall be based on the difference between the monthly restricted rent according to subsection 23.58C.050.C.6.a for each rental unit provided through the performance option that is eliminated and the average monthly rent of a comparable unit according to subsection 23.58C.050.C.2 that is not subject to rent and income restrictions and is located in the same payment and performance area as shown on Map A for 23.58C.050, multiplied by the typical number of months between demolition of multifamily housing on a property and completion of redevelopment of a property in the zone in which the eliminated rental unit is located, not to exceed 30 months. The Director shall by rule establish an appropriate methodology and inputs for determining the payment amount in particular zones.

b) The City shall use the payment to support continued housing affordability in The City of Seattle, including but not limited to providing rental assistance to the tenants of rental units provided through the performance option that were eliminated.

2) If the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B are in multiple structures and an individual structure is demolished, or its use is changed, prior to 75 years from the date of certificate of occupancy or, if a certificate of occupancy is not required, from the date of the final building permit inspection, for the development to which this Chapter 23.58C applies according to subsection 23.58C.025.B, so as to eliminate all of the units to whose development this Chapter 23.58C applies according to subsection 23.58C.025.B in the individual structure, the owner of the development shall:

a) Except as provided according to subsection 23.58C.050.C.6.j.2.b, pay to the City a payment in lieu of continuing affordability according to subsection 23.58C.050.C.6.j.1.a for each rental unit provided through the performance option that is eliminated; or

b) If a rental unit that is eliminated resulted from the combination of fractions of units according to subsection 23.58C.050.A.4, designate, subject to review by the Director in consultation with the Director of Housing, a comparable substitute rental unit within the other structures to replace each such unit that is eliminated or, if such designation is not possible, pay to the City a payment in lieu of continuing affordability according to subsection 23.58C.050.C.6.j.1.a.

c) Demolition or change of use of an individual structure shall not be a basis for reducing the number of rental units provided through the performance option in the other structures and any comparable substitute rental units shall be in addition to any existing rental units provided through the performance option in the other structures.

7. Additional requirements for ownership units provided through the performance option

1 a. Affordable sale price; down payment. The initial sales price for an
2 ownership unit provided through the performance option shall be an amount according to which
3 total ongoing housing costs do not exceed 35 percent of 65 percent of median income, in order to
4 allow for equity growth for individual homeowners while maintaining affordability for future
5 buyers. The Director of Housing shall establish by rule the method for calculating the initial sales
6 price including standard assumptions for determining upfront housing costs, including the down
7 payment, and ongoing housing costs, which shall include mortgage principal and interest
8 payments, homeowner's insurance payments, homeowner or condominium association dues and
9 assessments, and real estate taxes and other charges included in county tax billings. The Director
10 of Housing may establish a maximum down payment amount for eligible households at initial
11 sale of an ownership unit. The applicant for the development to which this Chapter 23.58C
12 applies shall be responsible for any costs incurred in the initial sale of an ownership unit
13 necessary to ensure compliance with this Chapter 23.58C, including but not limited to marketing
14 to eligible households, income verification, buyer education, and verification of buyer financing.

15 b. Affordable resale price. For an ownership unit provided through
16 the performance option, the sale price for sales subsequent to the initial sale shall be calculated to
17 allow modest growth in homeowner equity while maintaining long-term affordability for future
18 buyers. All buyers of an ownership unit subsequent to the initial sale shall be households with
19 incomes no greater than 80 percent of median income at initial occupancy. The Director of
20 Housing shall by rule:

21 1) Establish the method for calculating the resale price and may
22 establish a maximum down payment amount for eligible households at resale,

2) Establish specific requirements for documents ensuring affordability requirements are met at resale, and

3) Provide for recovery of reasonable administrative costs.

c. Other restrictions. An eligible household purchasing an ownership unit provided through the performance option, either at initial sale or resale, shall:

1) Occupy the unit as its principal residence for the duration of its ownership and shall not lease the unit, unless the Director of Housing approves a limited short-term exception, and

2) Comply with all other program rules established by the Director of Housing as necessary to maintain the long-term viability of the unit. Such rules may include, but are not limited to, refinancing approvals and debt limits; limits on credit for capital improvements at the time of resale; requirements for basic maintenance, inspections, and compliance procedures; minimum insurance requirements; obligations to provide information regarding compliance when and as requested; and fees to cover the full costs of calculating the maximum sales price at resale, marketing to eligible households, and screening and selecting eligible households to purchase the unit at resale.

d. Annual fee. The owner of the ownership unit shall pay the Office of Housing an annual fee, payable in 12 equal payments, for the purposes of monitoring compliance with the requirements according to this Section 23.58C.050. The initial fee shall be established by the Director of Housing by rule. On March 1, 2017, and on the same day each year thereafter, the annual fee shall automatically adjust in proportion to the annual change for the previous calendar year (January 1 through December 31) in the Consumer Price Index, All Urban

1 Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), as determined by the
2 U.S. Department of Labor, Bureau of Labor Statistics or successor index.

3 e. Ongoing stewardship. Either prior to or subsequent to the initial sale,
4 the Director of Housing is authorized to designate an agency or organization with sufficient
5 capacity, as approved by the Director of Housing, to perform ongoing stewardship and
6 management functions for ownership units provided through the performance option, including
7 but not limited to the following:

- 8 1) Calculating maximum sale prices;
- 9 2) Marketing sales to eligible households;
- 10 3) Screening, educating, and selecting eligible households;
- 11 4) Approving buyer financing; and
- 12 5) Managing successive resales to eligible households.

13 D. Enforcement. The requirements according to this Section 23.58C.050 shall be terms of
14 the building permit according to subsection 23.58C.030.A.5. In addition to any other remedies
15 available to the City, the City is authorized to enforce such permit terms using the procedures of
16 Chapter 23.90.

17 E. Agreement. If the applicant elects to comply with this Chapter 23.58C through the
18 performance option, the City and the property owner of the development to which this Chapter
19 23.58C applies shall enter into an agreement specifying the requirements according to this
20 Section 23.58C.050. The agreement shall be recorded on the title of the property on which that
21 development is located. The requirements specified in the agreement shall be consistent with the
22 final plans.

Section 5. Subsection 23.40.020.A of the Seattle Municipal Code, which section was last amended by Ordinance 124895, is amended as follows:

23.40.020 Variances

A. Variances may be sought from the provisions of Subtitle III, Divisions 2, 3, and 4 of this Title 23, except for the establishment of a use that is otherwise not permitted in the zone in which it is proposed, for a structure height in excess of that shown on the Official Land Use Map or in excess of a height limit established in Chapter 23.75, from the provisions of subsection 23.55.014.A, or from the provisions of Chapter 23.52, Chapter 23.58A, ~~((and))~~ Chapter ~~((23.52B))~~ 23.58B, and Chapter 23.58C. Applications for prohibited variances shall not be accepted for filing.

* * *

Section 6. Subsection 23.76.006.B of the Seattle Municipal Code, which section was last amended by Ordinance 124895, is amended as follows:

23.76.006 Master Use Permits required

* * *

B. The following decisions are Type I:

1. Determination that a proposal complies with development standards;
2. Establishment or change of use for uses permitted outright, interim use parking under subsection 23.42.040.G, uses allowed under Section 23.42.038, temporary relocation of police and fire stations for 24 months or less, transitional encampment interim use, ~~((and))~~ temporary uses for four weeks or less not otherwise permitted in the zone, and renewals of temporary uses for up to six months, except temporary uses and facilities for light rail transit facility construction and transitional encampments;

3. The following street use approvals:

a. Curb cut for access to parking whether associated with a development proposal or not;

b. Concept approval of street improvements associated with a development proposal, such as additional on-street parking, street landscaping, curbs and gutters, street drainage, sidewalks, and paving;

c. Structural building overhangs associated with a development proposal;

d. Areaways associated with a development proposal;

4. Lot boundary adjustments;

5. Modification of the following features bonused under Title 24:

a. Plazas;

b. Shopping plazas;

c. Arcades;

d. Shopping arcades;

e. Voluntary building setbacks;

6. Determinations of Significance (determination that an environmental impact statement is required) for Master Use Permits and for building, demolition, grading, and other construction permits (supplemental procedures for environmental review are established in Chapter 25.05, Environmental Policies and Procedures), except for Determinations of Significance based solely on historic and cultural preservation;

7. Discretionary exceptions for certain business signs authorized by subsection 23.55.042.D;

8. Waiver or modification of required right-of-way improvements;

9. Special accommodation pursuant to Section 23.44.015;

10. Reasonable accommodation;

11. Minor amendment to Major Phased Development Permit;

12. Determination of public benefit for combined lot development;

13. Streamlined design review decisions pursuant to Section 23.41.018 if no development standard departures are requested pursuant to Section 23.41.012, and design review decisions in an MPC zone if no development standard departures are requested pursuant to Section 23.41.012;

14. Shoreline special use approvals that are not part of a shoreline substantial development permit;

15. Determination that a project is consistent with a planned action ordinance, except as provided in subsection 23.76.006.C;

16. Decision to approve, condition, or deny, based on SEPA policies, a permit for a project determined to be consistent with a planned action ordinance;

17. Modification of mitigation amounts under Section 23.58B.040 or Section 23.58B.050 pursuant to subsection 23.58B.025.B.2; ~~((and))~~

18. Determination of requirements according to subsections 23.58C.030.A.2.a and 23.58C.030.A.2.b; and

19. Other Type I decisions.

C. The following are Type II decisions:

1 2. The following decisions are subject to appeal to the Hearing Examiner (except
2 shoreline decisions and related environmental determinations that are appealable to the
3 Shorelines Hearings Board):

4 a. Establishment or change of use for temporary uses more than four weeks not
5 otherwise permitted in the zone or not meeting development standards, including the
6 establishment of temporary uses and facilities to construct a light rail transit system for so long
7 as is necessary to construct the system as provided in subsection 23.42.040.F, but excepting
8 temporary relocation of police and fire stations for 24 months or less;

9 b. Short subdivisions;

10 c. Variances; provided that the decision on variances sought as part of a Council
11 land use decision shall be made by the Council pursuant to Section 23.76.036;

12 d. Special exceptions; provided that the decision on special exceptions sought as
13 part of a Council land use decision shall be made by the Council pursuant to Section 23.76.036;

14 e. Design review decisions, except for streamlined design review decisions pursuant
15 to Section 23.41.018 if no development standard departures are requested pursuant to Section
16 23.41.012, and except for design review decisions in an MPC zone pursuant to Section 23.41.020
17 if no development standard departures are requested pursuant to Section 23.41.012;

18 f. Administrative conditional uses, provided that the decision on administrative
19 conditional uses sought as part of a Council land use decision shall be made by the Council
20 pursuant to Section 23.76.036;

1 g. The following shoreline decisions; provided that these decisions shall be made by
2 the Council pursuant to Section 23.76.036 when they are sought as part of a Council land use
3 decision (supplemental procedures for shoreline decisions are established in Chapter 23.60A):

4 1) Shoreline substantial development permits;

5 2) Shoreline variances; and

6 3) Shoreline conditional uses;

7 h. Major Phased Developments;

8 i. Determination of project consistency with a planned action ordinance, only if the
9 project requires another Type II decision;

10 j. Establishment of light rail transit facilities necessary to operate and maintain a
11 light rail transit system, in accordance with the provisions of Section 23.80.004;

12 k. Downtown planned community developments;

13 l. Establishment of temporary uses for transitional encampments, except
14 transitional encampment interim uses provided for in subsection 23.76.006.B.2;

15 m. Modification of mitigation amounts under Section 23.58B.040 or Section
16 23.58B.050 pursuant to subsection 23.58B.025.B.3;

17 n. Modification of payment or performance amounts under subsection
18 23.58C.040.A or subsection 23.58C.050.A pursuant to section 23.58C.035; and

o. Except for projects determined to be consistent with a planned action ordinance, decisions to approve, condition, or deny based on SEPA policies if such decisions are integrated with the decisions listed in subsections 23.76.006.C.2.a. through 23.76.006.C.2.i; provided that, for decisions listed in subsections 23.76.006.C.2.c, 23.76.006.C.2.d, 23.76.006.C.2.f, and 23.76.006.C.2.g that are made by the Council, integrated decisions to approve, condition, or deny based on SEPA policies are made by the Council pursuant to Section 23.76.036.

Section 7. Subsection 23.76.032.B of the Seattle Municipal Code, which section was last amended by Ordinance 124873, is amended as follows:

23.76.032 Expiration and renewal of Type I and II Master Use Permits

* * *

B. If a Master Use Permit is issued for a project, a building permit is issued for the project, and the project is constructed pursuant to the building permit ((7)) :

1. ~~((conditions))~~ Conditions of or incorporated in the Master Use Permit shall remain in effect, notwithstanding expiration of the Master Use Permit pursuant to subsection 23.76.032.A, until the project is demolished or until an earlier date on which:

(((1))) a. The condition by its terms expires or is fully satisfied;

(((2))) b. The condition is removed through a permitting decision; or

(((3))) c. If the condition was imposed as to a specific use within the project, that use is terminated ((:)) ; and

2. Terms of a building permit relating to requirements according to Section 23.58C.050 shall remain in effect for the time period specified according to subsection 23.58C.050.B, notwithstanding:

a. Expiration of the Master Use Permit according to subsection

23.76.032.A, or

b. Any contrary provision of Title 22.

* * *

Section 8, Section 23.90.002 of the Seattle Municipal Code, last amended by Ordinance 122050, is amended as follows:

23.90.002 Violations ((-))

A. It is a violation of this Title 23 for any person to initiate or maintain or cause to be initiated or maintained the use of any structure, land, or property within ~~((The))~~ the City of Seattle without first obtaining the permits or authorizations required for the use by this Title 23.

B. It is a violation of this Title 23 for any person to use, construct, locate, demolish, or cause to be used, constructed, located, or demolished any structure, land, or property within The City of Seattle in any manner that is not permitted by the terms of any permit or authorization issued pursuant to this Title 23 or previous codes, provided that the terms or conditions are explicitly stated on the permit or the approved plans.

C. It is a violation of this Title 23 to remove or deface any sign, notice, complaint, or order required by or posted in accordance with this Title 23.

D. It is a violation of this Title 23 to misrepresent any material fact in any application, plans, or other information submitted to obtain any land use authorization.

E. It is a violation of this Title 23 for anyone to fail to comply with the requirements of this Title 23.

F. It is a violation of this Title 23 for any person to construct or use any structure or portion thereof in a manner contrary to a permit term related to Chapter 23.58C.

Section 9. Section 23.90.015 of the Seattle Municipal Code, enacted by Ordinance 122407, is amended as follows:

23.90.015 Order of the Director ((-))

A. Where review by the Director has been conducted pursuant to Section 23.90.014, the Director shall issue an order of the Director containing the decision within ~~((fifteen (15)))~~ 15 days of the date that the review is completed and shall cause the same to be mailed by regular first class mail to the person or persons named on the notice of violation and, if possible, mailed to the complainant.

B. Unless a request for review before the Director is made pursuant to Section 23.90.014, the notice of violation shall become the order of the Director.

C. ~~((Because civil actions to enforce Title 23 SMC are brought in Seattle Municipal Court pursuant to Section 23.90.018, orders))~~ Orders of the Director issued under this ~~((chapter))~~ Chapter 23.90 are not subject to judicial review pursuant to chapter 36.70C RCW, except for orders of the Director involving compliance with permit terms related to Chapter 23.58C.

Section 10. Subsection 23.90.018.C of the Seattle Municipal Code, which section was last amended by Ordinance 124919, is amended as follows:

23.90.018 Civil enforcement proceedings and penalties

* * *

C. Civil actions to enforce this Title 23 shall be brought exclusively in Seattle Municipal Court except for violations of permit terms related to Chapter 23.58C or as otherwise required by law or court rule. The Director shall request in writing that the City Attorney take enforcement action. The City Attorney shall, with the assistance of the Director, take appropriate action to enforce this Title 23. In any civil action filed pursuant to this ~~((chapter))~~ Chapter 23.90, the City

1 has the burden of proving by a preponderance of the evidence that a violation exists or existed.
2 The issuance of the notice of violation or of an order following a review by the Director is not
3 itself evidence that a violation exists.

4 * * *

5 Section 11. Report by the Office of Housing on Ongoing Affordable Ownership. The
6 Council requests that the Director of Housing report to the Council by March 31, 2017 on
7 options for maintaining affordability for ownership units provided through the performance
8 option. The report shall examine the volatility of local homeowner and condominium
9 association dues and examine best practices from other jurisdictions of addressing the cost of
10 capital improvements and special assessments borne by owners of affordable units and
11 incorporating the value of capital improvements from special assessments into affordable unit
12 resale prices.

13 Section 12. The provisions of this ordinance are declared to be separate and severable and
14 the invalidity of any clause, sentence, paragraph, subdivision, section, or portion of this
15 ordinance, or the invalidity of the application thereof to any person or circumstance, shall not
16 affect the validity of the remainder of this ordinance or the validity of its application to other
17 persons or circumstances.

Section 13. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the 15th day of August, 2016,
and signed by me in open session in authentication of its passage this 15th day of August, 2016.

President _____ of the City Council

Approved by me this 17th day of August, 2016.

Edward B. Murray, Mayor

Filed by me this 17th day of August, 2016.

Monica Martinez Simmons, City Clerk

(Seal)

Attachment A – Findings of Fact

Attachment A

CITY OF SEATTLE

FINDINGS OF FACT

Overview

1. The City Council is implementing an affordable housing incentive program under RCW 36.70A.540, to apply within the City of Seattle or portions thereof. Implementation of this affordable housing incentive program will address the need for increased residential development, consistent with the City of Seattle's local growth management and housing policies.
2. In order to do so, the City Council will adopt a residential framework bill and then one or more subsequent bills to address various geographic areas and/or zones. Council Bill 118736 is the residential framework legislation. This framework legislation neither increases residential development capacity, nor contains substantive performance or payment requirements, the amounts of which will be determined in subsequent bills.
3. There is a need for increased residential development in Seattle. The City's Comprehensive Plan recognizes that, over the next 20 years, the City will need to accommodate at least 70,000 additional housing units.
4. While the Council is not, in this ordinance, determining the particular areas where the affordable housing incentive program addressed by this ordinance will be applied, there are land use designations and geographical areas where increased residential development will assist in achieving the City's growth management and housing policies.
5. The City's comprehensive planning efforts call for the bulk of Seattle's future growth to take place in areas designated as urban centers and urban villages. The City's planning efforts similarly recognize the importance of focusing growth in areas well-served by transit. The City's Downtown and South Lake Union Urban Centers, the University Community Urban Center, as well as Commercial, Multifamily and Seattle Mixed zones, offer substantial locations where increased residential development is appropriate and where additional affordable housing will be critical to achieving the City's planning objectives.
6. In subsequent legislation, the City Council intends to:
 - a. Identify certain land use designations within a geographic area where increased residential development will assist in achieving local growth management and housing policies.
 - b. Provide increased residential development capacity through zoning changes, bonus densities, height and bulk increases, parking reductions, or other regulatory changes or other incentives.

- c. Determine that increased residential development capacity or other incentives can be achieved within the identified area, subject to consideration of other regulatory controls on development; and
- d. Establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations, consistent with the requirements of RCW 36.70A.540, including, but not limited to, an appropriate amount of payment allowed in lieu of providing low-income housing units.

RCW 36.70A.540 Background

- 7. In 2006, the Washington State Legislature found that as new market-rate housing developments are constructed and housing costs rise, there is a significant and growing number of low-income households that cannot afford market-rate housing in Washington State.
- 8. The Washington State Legislature also found that, absent incentives to provide low-income housing, market conditions would result in housing developments in many areas that lack units affordable to low-income households, and this would lead to adverse socioeconomic effects.
- 9. Municipal governments have an interest in ensuring affordable housing for households of all income levels, because households that pay more than 30 percent of their income for housing costs (“cost burdened households”) may have difficulty affording necessities such as food, clothing, transportation, and medical care.
- 10. Shelter is a basic human need. Housing supports health and general welfare and is essential for the public good.
- 11. Households paying more than 50 percent of their household income for housing costs (“severely cost burdened households”) may have even greater difficulty affording necessities. Thus, while shelter is itself a basic need, lack of affordable shelter jeopardizes other basic needs.
- 12. The Washington State Legislature sought to address these public concerns, characterized as “a serious, statewide problem,” by enacting RCW 36.70A.540. This tool allows the City to “establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations.”

Need to Increase Affordable Housing

- 13. The City of Seattle is facing increasing affordability concerns emblematic of the concerns raised by the Washington State Legislature in 2006.
- 14. There is insufficient supply of housing in the City of Seattle affordable to households at or below 80% of Area Median Income (“AMI”). As explained in the Housing

Appendix to the Comprehensive Plan, there are shortages of affordable and available rental units at the 0-30, 0-50, and 0-80% of AMI levels.

15. The Housing Appendix to the Comprehensive Plan determined that, assuming an income distribution for new households that is the same as for existing households, 26% of the new households expected in the next twenty years would have incomes under 50% of AMI and 40% would have incomes under 80% of AMI.
16. The Housing Appendix further determined that addressing the affordability needs of the 70,000 new households would require production of roughly 27,500 to 36,500 housing units affordable at or below 80% of AMI, in addition to existing unmet need.
17. New market-rate housing is generally not affordable to lower-income households. At the same time, new market-rate housing creates an increased need for affordable housing.
18. The affordability challenges facing Seattle, and the insufficiency of existing programs to meet the need for affordable housing, are further described in the findings accompanying Ordinance 124895, and those findings are incorporated herein by reference.
19. Additional evidence of affordability concerns are present based on recent data. One-bedroom apartments are the most common size of apartment unit in Seattle. Between 2005 and 2014, the average rent for one-bedroom apartments increased an estimated 35%, and further increases have subsequently occurred.
20. A vacancy rate of 5% is commonly recognized as the equilibrium point signaling relative balance between supply and demand. As of fall 2014, market vacancy rates were averaging between 0.4% and 3.8% of units in complexes with 20 or more units. In Seattle's 3 most affordable rental market areas – Beacon Hill, Rainier Valley, and North Seattle – vacancy rates were averaging an estimated 2.2%.
21. Under the authority provided to the City of Seattle by RCW 36.70A.540, and its police power, the City Council seeks to prevent the public harm that stems from residential development that fails to help meet the housing needs of households of all income levels.
22. As described in the incorporated findings accompanying Ordinance 124895, the lack of affordable housing for those making less than 80% of AMI disproportionately impacts Seattle's communities of color.
23. The City Council also seeks to further the City's fair housing objectives including the provision of affordable housing to Seattle's communities of color.
24. The City of Seattle has an obligation under the Growth Management Act to plan for affordable housing. RCW 36.70A.070 requires counties and cities, in the housing element of their comprehensive plans, to make "adequate provisions for existing and

projected needs of all economic segments of the community.” The City of Seattle intends to advance its efforts to plan and provide for affordable housing for all segments of society by utilizing RCW 36.70A.540.

25. Moreover, the King County Countywide Planning Policies, as ratified by the King County Council, provide that jurisdictions may consider a full range of programs, from optional to mandatory, which will assist in meeting the jurisdiction’s share of the countywide need for affordable housing.

Council Work Program, HALA Recommendation and Grand Bargain

26. In May 2013 the Council adopted Resolution 31444, which established a work program for reviewing and potentially modifying the City’s affordable housing incentive zoning and other affordable housing programs.
27. In accordance with Resolution 31444, the Council commissioned reports to identify new strategies for Seattle, including:
 - a. Cornerstone Partnership produced reports dated February 4, 2014, entitled “Seattle Incentive Zoning Analysis of data relating to the historical production under Seattle’s Incentive Zoning System,” and July, 2014, entitled “Policy Options for Refining Seattle’s Incentive Zoning Program,” as well as a memo dated September 12, 2014, entitled “Recommendations for Implementation of an Affordable Housing Linkage Fee.”
 - b. Otak, Inc., in partnership with Paul Peninger, produced a report dated May 2014 entitled “Seattle Workforce Housing / Programs and Policies Related to Meeting Workforce Housing Needs in Seattle: A Survey and Analysis of Best Practices in Comparative Jurisdictions.”
 - c. David Paul Rosen & Associates (DRA) produced a report dated October 10, 2014, entitled “Seattle Affordable Housing Incentive Program Economic Analysis,” later supplemented by a memo dated May 18, 2015, containing economic impact analysis for additional prototypes.
28. The Department of Planning and Development issued a Determination of Non-Significance under SEPA, dated June 8, 2015, for a proposal for legislation requiring new development to provide affordable housing and related comprehensive plan amendments. The DNS was appealed but the appeal was withdrawn.
29. In July 2015, a 28-member Housing Affordability and Livability Agenda (“HALA”) Advisory Committee comprised of a cross section of interested community members; after 10 months of research, community meetings, and discussions with experts, forwarded a report to Mayor Murray and City Council with 65 recommended strategies.
30. Among the highest-profile recommendations, the HALA Advisory Committee recommended that the City boost market capacity by extensive citywide upzoning of residential and commercial zones and, in connection with such upzones, implement a mandatory inclusionary housing program for new residential

development and a commercial linkage fee program for development of new commercial floor area.

31. The HALA Committee's recommendation to increase development capacity and require mandatory affordable housing was further developed in the Statement of Intent for Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee, July 13, 2015 (commonly referred to as the "Grand Bargain"), signed by Mayor Murray, Councilmember O'Brien, the Co-Chairs of the HALA Committee, and representatives of the for-profit and non-profit development sectors.
32. The Grand Bargain identifies a goal of producing 6,000 units of affordable housing for households with incomes equal to or less than 60% of AMI through mandatory affordable housing strategies over 10 years.
33. In November of 2015, the Council adopted Ordinance 124895, which established the framework for an Affordable Housing Impact Mitigation Program for commercial development.

Previous RCW 36.70A.540 Efforts

34. The City of Seattle has utilized other approaches under RCW 36.70A.540 in the past. For instance, the City has administered a voluntary residential incentive zoning (IZ) program both in downtown, under SMC Chapter 23.49, and in selected other areas under SMC Chapter 23.58A.
35. Generally, residential developers opting to seek additional floor area above base height in IZ-eligible zones with maximum height limits of 85 feet or less can obtain such floor area by providing units affordable to households with incomes up to 80% of AMI for rental apartments or 100% of AMI for owner-occupied condominiums. At higher heights, developers can either include affordable housing units as part of their projects or make a contribution to the City to fund affordable housing.
36. The City engaged Cornerstone Partnership to make recommendations for improvements to Seattle's IZ program. Cornerstone Partnership found that, while a number of refinements could strengthen the program, even with the refinements, it appears unlikely that the voluntary incentive program will produce dramatically more affordable housing units in the future. One of the bases for this conclusion was that the incentive program only applies to projects where the developer chooses to build above the "base" level permitted by zoning.

Income Level to be Served

37. The program set forth in Council Bill 118736 establishes standards for affordable housing, including income levels consistent with local housing needs.
38. After a public hearing, the Council has determined that the 60% of AMI income level for rental housing set forth in Council Bill 118736 is needed to address local housing market conditions consistent with RCW 36.70A.540(2)(b)(iii).

39. Average rents for apartments in Seattle are not affordable to households with incomes at the 30%, 60%, and (except for studios) 80% of AMI levels, and the gap is even greater for apartments in newer buildings.
40. Over 80% of Seattle renter households with incomes 0-80% of AMI are in the 0-30% of AMI and 30-60% of AMI categories, which supports the Council's decision to address affordable housing needs for rental housing up to the 60% of AMI level.

Payment in Lieu of Performance

41. RCW 36.70A.540 provides that affordable housing incentive programs may allow a payment of money or property in lieu of low-income housing units if the jurisdiction determines that the payment achieves a result equal to or better than providing the affordable housing on-site, as long as the payment does not exceed the approximate cost of developing the same number and quality of housing units that would otherwise be developed.
42. The program set forth in Council Bill 118736 provides developers with the alternatives of either providing affordable units as part of the units being developed (the "performance option") or making a cash contribution to the City to be used for purposes authorized by RCW 36.70A.540 (the "payment option"). While Council Bill 118736 does not set the amounts of performance or payment requirements for any areas, the Council finds that it is appropriate to provide both options.
43. Unlike with affordable housing produced on-site, the investment of payment funds allows the flexibility to create housing affordable to households with incomes even lower than 60% of AMI. While this may create tradeoffs with the amount of housing produced, the City has in many cases made the policy choice to support housing for individuals and families with incomes lower than the maximum target income level, due to compelling cases that can be made for addressing the greatest needs.
44. Tenant households of Office of Housing-funded rental affordable housing are 42.9 percent White, 29.2 percent Black/African American, 12.2 percent Asian, 7.2 percent two-or-more-races, 5.7 percent Hispanic/Latino, and 2.9 percent Native American.
45. The Office of Housing has a history of promoting fair housing choice and opportunity by investing in housing throughout the city. Council Bill 118736 provides that the City will invest payment proceeds in locations that advance the following factors: (a) affirmatively furthering fair housing choice, (b) locating within an urban center or urban village, (c) locating in proximity to frequent bus service or current or planned light rail or streetcar stops, (d) furthering City policies to promote economic opportunity and community development and addressing the needs of communities vulnerable to displacement, and (e) locating near developments that generate cash contributions.
46. These locational factors support the recommended equitable development strategies identified in the Growth and Equity report prepared in connection with the proposed

Seattle 2035 Comprehensive Plan. The analysis in the Growth and Equity report confirms that the City has been successful in targeting affordable housing investments in areas with high access to opportunity, and high risk of displacement.

47. In general, the amount of payments received would yield a greater number of affordable housing units than otherwise would be produced on-site, due to the other public and private financing that these funds can leverage, a significant amount of which remains untapped by developers of rent/income-restricted housing. Among projects that utilize 4% Low Income Housing Tax Credits and tax exempt bonds, the City has leveraged approximately \$3 in non-City funding for every \$1 of City funding invested. Using an even more conservative estimate of \$2.25 in leverage for every \$1 of City funding in the future, payment will still produce substantially more affordable housing than would be achieved through on-site performance.
48. A number of prototype models have been constructed and reviewed by the City Council. These models support the conclusion that payment will yield significantly more units of affordable housing than performance.
49. Funds invested in affordable housing can result in a range of other community benefits. For instance, public investment can stimulate economic development in areas of the City that lack private investment; preserve historic buildings that would otherwise be lost to deterioration or demolition; and help stabilize rents in areas where residents are at risk of displacement. On the whole, funds can be strategically invested to maximize housing choice throughout the city. In addition to leveraging other investment in housing, public funds can also leverage investments for spaces for a wide range of non-residential purposes such as affordable childcare, small business space, and social service facilities. Finally, affordable housing projects often include resident service programs and other connections to social services that help individuals and families to thrive.
50. Thus, the Council finds that payment in lieu of performance achieves a result equal to or better than providing the affordable housing on-site.

Payments in Lieu of Continuing Affordability

51. Council Bill 118736 provides that, where an applicant complies through the performance option, the performance obligation lasts, for rental units, for a period of seventy-five years or until such earlier time when (a) the structure is demolished, or its use is changed, so as to eliminate all of the units to whose development Chapter 23.58C applies and a payment in lieu of continuing affordability is made for each rental unit provided through the performance option that is eliminated; (b) all of the units to whose development Chapter 23.58C applies in the structure are converted to ownership housing and a payment in lieu of continuing affordability is made or the rental units provided through the performance option are converted to ownership units provided through the performance option.

52. In the case of demolition or change of use, the payment in lieu of continuing affordability is based on the difference between the monthly restricted rent of the performance unit and the average monthly rent of a comparable unit that is not subject to rent and income restrictions, multiplied by the typical number of months between demolition of multifamily housing and completion of redevelopment of property in the zone, not to exceed 30 months. This approach reflects the fact that the City expects, and is drafting its Mandatory Housing Affordability programs to provide, that applicable subsequent redevelopment or use of the property will be subject to affordability requirements.
53. In the case of conversion to ownership housing, the payment in lieu of continuing affordability is equal to the inflation-adjusted amount of the cash contribution that would have been required at the time of permit issuance if the applicant had elected the payment option, reduced to reflect the portion of the performance term during which performance units were provided. The rate of reduction reflects the fact that delayed, smaller payments make it more difficult for the Office of Housing to effectively and efficiently deploy payment proceeds for construction of affordable housing.

Conclusions

54. The City will monitor progress on key issues addressed by the program set forth in Council Bill 118736, including the number of affordable housing units developed through performance and cash contributions. This monitoring allows the City to keep this program responsive to the needs of Seattle.
55. The residential framework bill creates a program reasonably related to the public harms identified above and to the City's legitimate public goals to fulfill its planning obligations under State law and to ensure access to affordable housing for all communities and households in Seattle, utilizing the tool of RCW 36.70A.540 provided by the Washington State Legislature.

SUMMARY and FISCAL NOTE

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to land use and zoning; adding a new Chapter 23.58C of the Seattle Municipal Code (SMC) to establish the framework for mandatory housing affordability for residential development; and amending Section 23.34.004, subsections 23.40.020.A, 23.76.006.B, and 23.76.032.B, Sections 23.90.002 and 23.90.015, and subsection 23.90.018.C of the SMC.

Summary and background of the Legislation:

***Note on legislative history:** On July 18, 2017, the Council introduced, under a new bill number, a new version of the proposal previously introduced as Council Bill 118692. The new version includes amendments to Seattle Municipal Code (SMC) Section 23.34.004, which (1) clarify how the MHA-R program would apply to quasi-judicial rezones and (2) delegate authority to the SDCI Director to promulgate, by Director's Rule, interim percentage and fee-amounts for projects seeking quasi-judicial rezones. Because the amendments reference a new SMC Section a new bill was introduced to comply with the requirements of SMC Section 1.01.030.*

This Council Bill would create a new Chapter 23.58C of the Seattle Municipal Code, which provides a framework for requiring affordable housing for residential development (referred to as Mandatory Housing Affordability for Residential Development, or MHA-R). The requirements apply to development that creates one or more new dwelling unit, live-work unit, or congregate residence sleeping room in zones where development capacity is increased. In October of 2015 a similar framework Ordinance was established for commercial development in a new Chapter 23.58B of the land use code. MHA-R is implemented with adoption of associated legislative changes to development standards (e.g. height, FAR, floor plate size) that increase residential development capacity. The purpose of MHA-R is to help address the need for affordable housing as Seattle continues to grow.

This Council Bill by itself does not implement MHA-R in any zone or area. Instead it creates a regulatory framework proposed to be implemented in 2016 and 2017 with adoption of zoning changes providing the necessary development capacity increases. The associated up-zones are in accordance with the terms of the "Statement of Intent for Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee" (commonly referred to as the "Grand Bargain"), and is a key strategy outlined in the Mayor's Action Plan to Address Seattle's Affordability Crisis, released in July 2015.

2. CAPITAL IMPROVEMENT PROGRAM

 This legislation creates, funds, or amends a CIP Project.

3. SUMMARY OF FINANCIAL IMPLICATIONS

 X This legislation does not have direct financial implications.

4. OTHER IMPLICATIONS

a) Does the legislation have indirect or long-term financial impacts to the City of Seattle that are not reflected in the above?

The framework legislation will have fiscal impacts, but not until actual implementation of MHA-R, which will happen as additional development capacity is provided through separate zoning legislation. The Office of Housing (OH) and the Seattle Department of Construction and Inspections (SDCI) both anticipate a need for additional staff to administer MHA (review of permit applications, expenditure of revenue, and long-term oversight of investments). Permit review of each development subject to Chapter 23.58C will involve a calculation of the number of units of affordable housing or in-lieu payments to be provided and a review of any requests for modification of such requirements and/or modification of development standards according to the provisions of the legislation.

Modifications to address limited cases of severe economic impact would require a discretionary review (Type II decision), which involves review of studies or other evidence brought forth by the applicant, and the potential for appeal by outside parties. SDCI would also need to undertake other administrative tasks, in coordination with OH, including reviewing housing agreements for execution and recording. These new requirements will increase the amount of staff time needed for permit reviews.

SDCI also anticipates impacts related to information technology and permit tracking. The need for tracking affordable housing and other public benefit features provided through incentive zoning, alley vacations, and development agreements has increased in recent years. This MHA-R legislation highlights the need for a record tracking system for all affordable housing units that are provided on-site, as well as in-lieu payments received. OH anticipates the need to supplement its data systems to provide for more substantial management and compliance functions. The scope and cost of such systems will depend in part on the final implementation of Accela.

All in-lieu payments for affordable housing from MHA-R by developers will be deposited directly to OH and used to support the development of rental and ownership affordable housing in the city of Seattle. OH anticipates additional impacts related to the initial administration of revenue contributed by residential developers under the payment option. Expenditure of revenue will entail soliciting and underwriting affordable housing proposals, preparation and review of legal documents, closing and disbursement of loans in coordination with other investors and lenders, monitoring of construction progress, and general oversight of projects to ensure consistency with funding policies and procedures such as payment of prevailing wages. Long-term impacts include ongoing monitoring to ensure affordable housing investments are

maintained for the required affordability term; activities include annual compliance reviews, physical inspections, tenant file reviews, and technical assistance to property owners. General administration of cash contributions made by developers electing the payment option will impact OH finance staff, who are responsible for administering the receipt, proper usage, and tracking of funds.

General administration related to affordable housing provided through the performance option, including reviewing project plans for comparable unit distribution, reviewing affirmative marketing plans, and drafting and executing required agreements will impact OH staff. OH will also incur costs for long-term monitoring of affordable housing provided by developers on-site through the performance option.

Administrative fees to cover costs of administration and monitoring costs are included in the MHA-R framework. For administration of the payment option-related activities described above, consistent with incentive zoning, OH will utilize 10% of MHA cash contributions for program administration, specifically review of affordable housing proposals and preparation of related loan documents. OH expects that amount will be sufficient to cover MHA staffing and related costs. The costs of administration of performance option-related activities will be paid for by a \$150 annual fee per affordable rental unit provided on-site, charged to the rental property owner. This amount will cover the monitoring costs. Homeowners in affordable ownership units will pay \$50 per month, as well as applicable transaction fees to cover the costs of ongoing stewardship services performed by OH and any sub-contracted agency.

b) Is there financial cost or other impacts of not implementing the legislation?

If the legislation is not adopted affordable housing dedicated for households earning 60% of area median income (AMI) or less will not be provided concurrent with residential growth in Seattle.

c) Does this legislation affect any departments besides the originating department?

Fiscal impacts, described herein, are primarily on the Office of Housing (OH) and Seattle Department of Construction and Inspections (SDCI). Other departments that may be impacted are the Office of Civil Rights (OCR) and, during the implementation phase, the Office of Planning & Community Development (OPCD), the Department of Neighborhoods (DON) and the Law Department (LAW).

d) Is a public hearing required for this legislation?

Yes. A public hearing is expected to be held on June 21, 2016.

e) Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

Publication is required in the Daily Journal of Commerce.

f) Does this legislation affect a piece of property?

The legislation will eventually apply to residential and live-work development in select Downtown, Seattle Mixed, commercial, multifamily, and industrial zones throughout the city, as well as areas within urban villages that are currently zoned single-family but may be rezoned as part of the process of implementing MHA outside of downtown.

g) Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?

MHA is a critical step to furthering City goals for racial and social justice. MHA-R will go in effect as residential development capacity is increased in multifamily and commercial zones across the city. The affordable housing that will be created will serve households with incomes no higher than 60% AMI.

The Office of Housing (OH) has a 30-year track record of leveraging payment dollars with other sources to build affordable housing in neighborhoods throughout Seattle, using a lens of equity. OH will invest MHA funds strategically in long-term affordable housing developments across the city. When determining the location of affordable housing funded with MHA cash contributions, the City will be considering the following factors:

1. Affirmatively furthering fair housing choice;
2. Locating within an urban center or urban village;
3. Locating in proximity to frequent bus service or current or planned light rail or street car stops; and
4. Furthering City policies to promote economic opportunity and community development and addressing the needs of communities vulnerable to displacement.

In addition to the locational criteria for expenditure of MHA payment dollars, OH's Housing Funding Policies' location criteria for affordable housing investments emphasizes housing choice, access to opportunity and community development investments, and preventing displacement. OH will encourage affordable housing locations that afford low-income residents the greatest access to jobs, quality education, parks and open space, and services. Affordable housing development will continue to support community development investments that improve quality of life in low-income communities and help mitigate displacement of low-income residents in locations where revitalization is driving up housing prices. Access to transit is a priority, since transportation costs are second only to housing costs for a majority of low-income households, many of whom do not own a car. Over half of the households served by providers of City-funded low-income housing are households of color. MHA enables the City to strategically locate affordable housing in neighborhoods to serve lower income households where displacement risk is high and where other community development efforts and investments clearly support the City's RSJI principles.

Inclusion of affordable housing within new market rate development in Seattle's fast-growing neighborhoods is another important way to increase access to opportunity for low-income households.

h) If this legislation includes a new initiative or a major programmatic expansion: What are the long-term and measurable goals of the program? Please describe how this legislation would help achieve the program's desired goals.

The 10 year goal of MHA-R and MHA-Commercial (MHA-C) when fully implemented is to produce at least 6,000 net new units of affordable housing set aside for households at or below 60% AMI. It is projected that MHA-R and MHA-C will help triple the production of affordable

housing in City of Seattle. Based on preliminary assumptions of future legislation adopting increases in development capacity, the program modeling developed by the City suggests that MHA-R will generate about 3,700 of these units. Approximately 1,500 units of affordable housing are expected to be included as part of otherwise market-rate developments through developers' use of the performance option. Approximately \$176M of payment-in-lieu revenue will generate about 2,200 new units serving households at or below 60% AMI (assuming \$80,000 per unit). These estimates will change as underlying assumptions are updated (e.g. capitalization rate, average market rents, per unit costs, proposed development capacity increases). The MHA-C program is anticipated to produce \$196M of payment-in-lieu revenue which can be used to generate about 2,400 new units serving households at or below 60% AMI (assuming \$80,000 per unit). OH is developing a tracking process for measuring progress toward this goal.

i) Other Issues: None.

Ordinance 125108

Council Bill 118736

AN ORDINANCE relating to land use and zoning; adding a new Chapter 23.58C of the Seattle Municipal Code (SMC) to establish the framework for mandatory housing affordability for residential development; and amending Section 23.34.004, subsections 23.40.020.A, 23.76.006.B, and 23.76.032.B, Sections 23.90.002 and 23.90.015, and subsection 23.90.018.C of the SMC.

Ordinance 125110

Council Bill 118739

AN ORDINANCE increasing the fee or tax on persons engaged in or carrying on the business of the collection of garbage, rubbish, trash, CDL waste, and other solid waste; amending Seattle Municipal Code Section 5.48.055; and providing a special referendum opportunity as required by state law.

Ordinance 125111

Council Bill 118740

AN ORDINANCE relating to the solid waste system of Seattle Public Utilities; revising rates and charges for solid waste services; revising credits to low income customers for solid waste services; and amending Chapters 21.40 and 21.76 of the Seattle Municipal Code.

Ordinance 125112

Council Bill 118745

AN ORDINANCE relating to grant funds from non-City sources; authorizing the Director of Seattle Public Utilities to accept specified grants and execute related agreements for and on behalf of the City; and amending Ordinance 124927, which adopted the 2016 Budget, to increase appropriations to Seattle Public Utilities.

Ordinance 125113

Council Bill 118754

AN ORDINANCE relating to international affairs and the Seattle Sister Cities program, amending Sections 3.14.440, 3.14.460, 3.14.460, and 3.14.470 of the Seattle Municipal Code.

Ordinance 125116

Council Bill 118758

AN ORDINANCE appropriating money to pay certain audited claims and ordering the payment thereof.

Date of publication in the Seattle Daily Journal of Commerce, August 30, 2016.

8/30(341085)
