8 C. Member contributions as provided in ~~((subsection 4.36.540.A))~~ this Section 4.36.540  
9 shall be deducted by the Director of Finance ~~((and Administrative Services))~~ and shall be paid  
10 into the retirement fund, provided for in this ~~((chapter))~~ Chapter 4.36, and shall be credited by  
11 the Board together with regular interest.

12  
13 Every member shall be deemed to consent and agree to the contribution made and provided for  
14 in this ~~((section))~~ Section 4.36.540, and ~~((shall receipt))~~ to have been provided in full ~~((for))~~ ~~((his~~  
15 ~~or her))~~ the member's salary or compensation. Payment of such salary or contribution less said  
16 contributions shall be a full and complete discharge of all claims and demands whatsoever for  
17 the service rendered by such person during the period covered by such payment, except ~~((his or~~  
18 ~~her))~~ the member's claim to the benefits to which ~~((he or she))~~ the member may be entitled under  
19 the provisions of this ~~((chapter))~~ Chapter 4.36.

20 Section 19. Section 4.36.545 of the Seattle Municipal Code, last amended by Ordinance  
21 124574, is amended as follows:

22 **4.36.545 Contributions – City**

1 The City shall match the normal contributions of members described in ~~((Section))~~ subsection  
2 4.36.540.A and provide for payment of the matching contributions into the retirement fund at the  
3 earliest time possible. The City shall also contribute, in excess of the matching contributions, the  
4 actuarially determined City contribution to provide the moneys necessary to guarantee benefits  
5 payable under Sections 4.36.605, 4.36.608, and 4.36.650, as well as all other benefits allowable  
6 to members and their beneficiaries under the provisions of this chapter including death benefits,  
7 except such as are provided by the accumulated contributions and death benefit assessments of  
8 members. All contributions of the City from all of its departments are available for payment of  
9 obligations of the retirement system without segregation by employing departments.

10 Section 20. Section 4.36.550 of the Seattle Municipal Code, last amended by Ordinance  
11 124574, is amended as follows:

12 **4.36.550 City obligations**

13 A. The payments of the City due the retirement fund as provided for in this chapter are  
14 made obligations of the City except as provided in subsection 4.36.550.B ~~((of this section))~~. The  
15 Board shall annually, ~~((on or))~~ before ~~((the tenth day of July))~~ August each year, prepare and  
16 submit to the City Council an estimate of the amounts necessary to meet such obligations, and  
17 the City Council shall provide for the raising of such amounts as are necessary to make such  
18 payments.

19 B. The City may at any time change, modify, or repeal this ~~((chapter))~~ Chapter 4.36 or  
20 any part thereof in respect to its future obligations to ~~((any member not at that time receiving or~~  
21 ~~being eligible to a pension hereunder. It is specifically provided, however, and the City~~  
22 ~~covenants and guarantees, that the City's obligation to those members receiving or eligible to a~~  
23 ~~retirement allowance prior to such change, modification or repeal shall continue in full force and~~

1 ~~effect as provided in this chapter, and that the City's obligation to those members not receiving~~  
2 ~~or being eligible to a pension at the time of such change, modification or repeal, will be a~~  
3 ~~retirement allowance at pension age equal to the actuarial equivalent of the accumulated value of~~  
4 ~~the member's contribution standing to his credit at date of pension, and the value of the City's~~  
5 ~~obligation as actuarially determined under Section 4.36.545 to the date of such change,~~  
6 ~~modification or repeal)) the extent permitted by law.~~

7 Section 21. Section 4.36.555 of the Seattle Municipal Code, last amended by Ordinance  
8 124575, is amended as follows:

9 **4.36.555 Determination of creditable service**

10 A. A member who has served continuously in a full-time position and not realized any  
11 time loss will accrue a creditable year of service for 12 months' service. No additional credit is  
12 given for ~~((Leap Year's Day))~~ February 29.

13 B. For all other members, a creditable year of service is measured as 2,088 hours of  
14 compensated service at straight-time pay.

15 C. When shown on the City's payroll, paid vacation, sick leave, military leave, funeral  
16 leave, and, if the employee pays ~~((his or her))~~ contribution, "time loss" on worker's compensation  
17 or time during family and medical leave under Chapter 4.26, are counted. Overtime (whether or  
18 not paid), unpaid leave, time not worked during a layoff, strike or disciplinary suspension, and  
19 service as a volunteer are not counted. Service on a temporary City assignment to another  
20 government or organization may be counted, in the discretion of the Board, if the member or the  
21 member's employer pays the employee contribution.

22 D. Creditable service is calculated by an employee's hours or time worked, as certified by  
23 the Director of Finance ~~((and Administrative Services))~~ to the retirement system. When payroll

1 records are available, the Director of Finance (~~((and Administrative Services))~~) shall multiply the  
2 hours worked by a temporary, interim, seasonal, or provisional worker, or by (~~((and))~~) a worker in  
3 a part-time position (~~((of less than 20 hours per week over a one year period))~~) exempt from the  
4 Civil Service by a factor of 1.135 in reporting creditable service to the retirement system, to  
5 account for paid leave which was not received and for premium pay which may be substituted  
6 for paid leave. The Director of Finance (~~((and Administrative Services))~~) shall reduce the hours or  
7 days determined by application of the multiplier by the amount of any paid leave actually  
8 provided to the employee and counted in the hours or days worked.

9 E. No creditable service may accrue for City employment during which the City  
10 contributes to another retirement system on the employee's behalf or for a member's City  
11 employment after (~~((he or she))~~) that employee or member retires on a service retirement and,  
12 except for the annual death benefit assessment, no deduction shall be made from (~~((his or her))~~)  
13 that employee or member's pay for retirement purposes.

14 Section 22. Section 4.36.560 of the Seattle Municipal Code, last amended by Ordinance  
15 124574, is amended as follows:

16 **4.36.560 Estimate length of service**

17 If it shall be impracticable for the Board to determine from the records the length of service, the  
18 compensation, or the age of any member, the Board may estimate, for the purpose of this  
19 (~~((chapter))~~) Chapter 4.36, such length of service, compensation, or age.

20 Section 23. Section 4.36.565 of the Seattle Municipal Code, last amended by Ordinance  
21 124574, is amended as follows:

22 **4.36.565 Modification of (~~((allowance))~~) benefits for service**

1 Subject to the following and all other provisions of this (~~chapter~~) Chapter 4.36, including such  
2 rules and regulations as the Board shall adopt in pursuance thereof, the Board, subject to the  
3 approval of the City Council, shall determine and may modify (~~allowance~~) benefits for service  
4 as provided in this Section 4.36.565.

5  
6 Time during leave on account of sickness or injury, time during family and medical leave under  
7 Chapter 4.26, (~~or~~) time served in either the Police or Fire Departments, (~~or~~) time during  
8 which a member was under temporary or provisional appointment before becoming a member, or  
9 time during which a member was on extended leave of absence while serving as an officer of a  
10 labor organization the membership of which includes City employees, may be allowed in  
11 computing creditable service, provided such members shall pay into the retirement fund an  
12 amount equal to the normal contributions covering the period for which creditable service is  
13 claimed; and provided, further, that as to employees who commenced City service on or before  
14 December 31, 1987, the first six (~~6~~) months of such members' employment shall be allowed  
15 in computing creditable service without such payment. Time during which a member is absent  
16 on leave without pay for reasons other than those specified in this (~~section~~) Section 4.36.565  
17 shall not be allowed in computing creditable service.

18  
19 Each member shall file with the Board such information affecting (~~his or her~~) the member's  
20 status as a member of the retirement system as the Board may require.

21 Section 24. Section 4.36.567 of the Seattle Municipal Code, enacted by Ordinance  
22 124574, is amended as follows:

23 **4.36.567 Purchase of creditable service**

1           A. Redeposit of ~~((Creditable Service))~~ creditable service for eligible employees  
2 reentering City service who had previously withdrawn contributions as provided for in Section  
3 4.36.665.

4           1. ~~((Any))~~ Except as provided in subsection 4.36.567.D, any member or former  
5 member who reenters City service may redeposit in the retirement fund an amount equal to that  
6 which ~~((he or she))~~ the member or former member previously withdrew therefrom, or some part  
7 thereof, plus compound interest, at the actuarial assumed rate of investment return, which would  
8 have accumulated on the amount, as determined by the Board, between the date of ~~((his or her))~~  
9 last termination of ~~((his or her))~~ membership and the date of redeposit. Within two years after  
10 ~~((his or her))~~ re-entry into City service, a former member must redeposit the entire sum  
11 determined to be due to purchase all, or part of, their former creditable service, or sign and file  
12 with the Board a redeposit contract in accord with subsection ~~((4.36.567.B))~~ 4.36.567.C in order  
13 to reestablish all or part of ~~((his or her))~~ the former creditable service. In the event such redeposit  
14 is made by a member, the City shall reinstate all or that part of the former creditable service  
15 purchased by the member.

16           2. ~~((If))~~ Except as provided in subsection 4.36.567.D, if a member ~~((within two~~  
17 years after reentering the retirement system after a termination of his or her membership does not  
18 make such a redeposit or file a properly executed redeposit contract)) otherwise eligible to make  
19 a redeposit or enter a redeposit contract does not do so as provided above in subsection  
20 4.36.567.A.1 within two years from reentry into City service, ~~((he or she))~~ the member may  
21 purchase all, or some part of, ~~((his or her))~~ the member's former creditable service ~~((only by~~  
22 paying into the retirement fund the amount, or some part thereof, he or she previously withdrew  
23 plus compound interest as determined by the Board. The following provisions apply to redeposits

1 ~~made pursuant to this subsection 4.36.567.A.2))~~ by redepositing the amount withdrawn as  
2 follows:

3 a. Determination of applicable interest rates. The interest rate for each year  
4 since the date of withdrawal of contributions shall be the greater of the rate the retirement fund  
5 has earned, net of fees, as reported by the Retirement System's Investment Performance  
6 Consultant, or the interest rate equivalent to the actuarial assumed rate of investment return at the  
7 time of executing the redeposit contract.

8 b. Calculation of "accumulated contributions." For purposes of  
9 determining a member's accumulated contributions pursuant to Section 4.36.030, only a portion  
10 of the total amount deposited shall be considered. The portion to be considered as the member's  
11 accumulated contributions shall be only the amount previously withdrawn as the member's  
12 contributions including interest, plus interest calculated at the actuarial assumed rate of  
13 investment return.

14 c. Withdrawal of contributions limited. The total amount deposited for the  
15 purchase of said former creditable service will be available for withdrawal by the member only if  
16 the member terminates employment with the City and withdraws his or her total accumulated  
17 contributions prior to retirement or dies and benefits are not payable under subsections  
18 4.36.680.B and 4.36.680.C. In the event such redeposit is made by a member, ~~((his))~~ the  
19 member's rate of contribution shall be as determined under ~~((subsection))~~ Section  
20 4.36.540((-A)), and the City shall reinstate all, or that part of, the former creditable service  
21 purchased by the member.

22 B. Purchase of ~~((Creditable Service))~~ creditable service

1                   1. Unless otherwise stated, members allowed to purchase creditable service  
2 pursuant to Chapter 4.36 shall pay, as a single lump sum payment at the time of retirement, the  
3 actuarial present value of the resulting increase in their benefit as provided in this subsection  
4 4.36.567.B.1.

5                   a. The actuarial present value shall be calculated by the Retirement Board  
6 using the current actuarial assumptions as approved by the Retirement Board.

7                   b. For purposes of determining the member's accumulated contributions  
8 pursuant to Section 4.36.030, only a portion of the total amount deposited shall be considered.  
9 The portion to be considered as the member's accumulated contributions shall be calculated at  
10 the employee's current hourly rate times the current contribution rate times the number of hours  
11 to be purchased.

12                   c. If a member elects to pay at resignation from City service, the actuarial  
13 present value will be estimated at the time of resignation and adjusted at retirement for factors  
14 existing at the time of retirement, if necessary, according to rules established by the Retirement  
15 Board.

16                   d. In the event such payment is made by a member, the City shall consider  
17 such City service previously rendered as creditable service for the member.

18                   2. Unless otherwise stated, the purchase price for the purchase of creditable  
19 service must be paid in full to the retirement fund prior to the time of resignation from City  
20 service or retirement, whichever occurs first.

21                   C. Redeposit and (~~Purchase Contracts~~) purchase contracts. These terms and conditions  
22 govern redeposit contracts for reentering City officers and employees, deposit contracts of

1 officers and employees joining the system under subsections 4.36.525.C, 4.36.525.E, and  
2 4.36.525.F ((of Section 4.36.525)) and the purchase of creditable service for past City service.

3           1. The unpaid balance shall accrue interest at the assumption rate established by  
4 the Board for actuarial purposes and in effect at the time the redeposit agreement is signed;

5           2. The redeposit must be completed within ten years from the date of the  
6 member's re-entry into City service;

7           3. After deducting any immediate redeposit, the balance shall be payable in  
8 approximately equal installments every pay period, computed by amortizing interest over the  
9 contract term, unless the Board by rule authorizes redeposit in installments of equal payments of  
10 principal with interest computed on declining balances;

11           4. Installment payments shall be deducted from the member's pay during each pay  
12 period; and

13           5. Redeposit agreements shall be subject to the approval of the Board. The Board  
14 of Administration in its discretion may include supplemental terms and conditions by rule or by  
15 approving a form of agreement on the following subjects, among others:

16                   a. A minimum installment payment per pay period;

17                   b. The deferral of a redeposit of an installment during a member's layoff,  
18 military leave, or other approved leave, with catch-up redeposits upon the member's resumption  
19 of pay status;

20                   c. Allocation of payments between interest and principal;

21                   d. Appropriate arrangements in the event of a member's suspension or  
22 separation from City service, including the making of set-offs, acceleration of payments,

1 continuation of payments from other sources during the interim, or adjusting creditable service  
2 being purchased on a pro-rata basis;

3 e. Other terms and conditions as the Board may deem appropriate.

4 D. No redeposit or repurchase rights for periods of service forfeited under subsection  
5 4.36.525.K. Notwithstanding anything to the contrary in this Chapter 4.36, a member who has  
6 made an election under subsection 4.36.525.K to join Plan 2 shall not retain any rights to  
7 redeposit contributions or to purchase or repurchase service credit for any of the member's  
8 contributions or service credit earned prior to the election to join Plan 2, nor shall such a member  
9 otherwise be eligible restore any creditable service or membership status under Plan 1.

10 Section 25. Section 4.36.570 of the Seattle Municipal Code, last amended by Ordinance  
11 124574, is amended as follows:

12 **4.36.570 Purchase of creditable service for initial six months of City service for employees**  
13 **hired during 1988 through 1998 period**

14 ~~((Buy-back.))~~ Employees who were hired during the period 1988 through 1998 who have not  
15 purchased creditable service for the initial six months of employment may purchase said  
16 creditable service by paying into the retirement fund, at the time of resignation or retirement  
17 from City service, the actuarial present value of the resulting increase in their benefit. The terms  
18 and conditions of purchase shall be in accordance with the provisions of ~~((Subsection))~~  
19 subsection 4.36.567.B.

20 Section 26. Section 4.36.575 of the Seattle Municipal Code, last amended by Ordinance  
21 124574, is amended as follows:

22 **4.36.575 Buy-in of creditable service by temporary, interim, intermittent, or provisional**  
23 **workers and ~~((part-time))~~ workers in part-time positions**

1 These terms and conditions apply to workers acquiring ("buying in") creditable service under  
2 Section 4.36.530 for earlier work in temporary, interim, intermittent, or ~~((and))~~ provisional  
3 positions, and ~~((or))~~ part-time positions ~~((of less than 20 hours per week during the course of the~~  
4 ~~year))~~ exempt from the Civil Service.

5 A. Eligible ~~((Services))~~ services. The first 1,044 hours of City service are not eligible for  
6 purchase of creditable service. Only hours in continuous City service as shown on City payrolls  
7 can be counted subject to the multiplier in Section 4.36.555. A break in the continuity of City  
8 service excludes hours before the break. Such a break in on-call, seasonal, or intermittent service  
9 occurs if a worker:

10 1. Removes ~~((his or her))~~ that worker's name from a roster or listing for work  
11 assignments;

12 2. In seasonal employment, declines the opportunity to work for a season; or, in  
13 other employment, fails to work at least 100 hours in any 12 month period;

14 3. Takes other actions indicating that ~~((he or she))~~ the worker has stopped or  
15 suspended for a year providing ~~((his or her))~~ services to the City; or

16 4. Is discharged from City employment.

17 B. Amount of ~~((Creditable Service))~~ creditable service. Creditable service shall be  
18 granted only for the hours for which both the worker and the City make contributions to the  
19 retirement system at the rate contemplated by Section 4.36.540. To receive creditable service for  
20 prior City service, ~~((such a))~~ the worker shall deposit into the retirement system an amount  
21 determined by the Board of Administration equal to the sum, or some part thereof, that ~~((he or~~  
22 ~~she))~~ the worker would have paid had ~~((he or she))~~ the worker become a member when first  
23 eligible and had deductions been made from ~~((his or her))~~ the worker's pay warrants, through the

1 years, for creditable service, together with interest thereon. Interest shall accrue at the Board's  
2 assumption rate established for actuarial purposes from the date of the wage or salary payment to  
3 the date of deposit and shall be compounded annually.

4 C. Waiting (~~(Period, Service Before)~~) period, service before 1988. A worker, who began  
5 (~~his or her~~) continuous City service on or before December 31, 1987 and has not already  
6 received such credit, shall receive creditable service for the first 1,044 hours, or portion thereof,  
7 of continuous service (~~that he or she~~) worked before January 1, 1988. This is a transitional  
8 exception to subsection 4.36.530.B (~~of Section 4.36.530~~).

9 D. Administration. The Board, in its discretion, may delegate to the Executive Director  
10 the calculation of the amount of contribution for such ((a)) worker to acquire ("buy in") in prior  
11 creditable service and may authorize its Executive Director to use an approximate formula to  
12 simplify computations and/or to determine credit for vacation and other paid leave when City  
13 records are not available therefor. For example, for hourly workers, who have held the same or  
14 similar positions over the duration of the buy-back period, the Board may determine the amount  
15 due by:

16 1. (~~Classifying~~) classifying the worker's creditable hours by the contribution rate  
17 in effect at the time the hours were worked;

18 2. (~~Multiplying~~) multiplying the creditable hours in each rate classification by  
19 the worker's current hourly wage rate and by the applicable contribution rate; and

20 3. (~~Adding~~) adding the total of the products of all such classifications together.

21 E. Deposit Contract. The Board may authorize such ((a)) worker to (~~make his or her~~)  
22 deposit under an agreement for installment payments under the following terms and conditions:

1                   1. The deposit must be completed within ten years from the date of the member's  
2 eligibility to join the retirement system.

3                   2. After deducting any immediate deposits, the balance shall be payable in  
4 approximately equal amortized installments unless the Board authorizes otherwise. Installments  
5 shall be deducted from the worker's pay whenever ~~((practical))~~ practicable. By rule the Board  
6 may establish a minimum initial deposit and allowable installment payment and may include  
7 other appropriate terms and conditions in the agreement.

8                   3. A member may accelerate and prepay all or part of ~~((his or her))~~ the deposits at  
9 any time before ~~((he or she))~~ the member dies, retires, or discontinues City service, whichever  
10 may be sooner. ~~((In the event of))~~ If extenuating circumstances ~~((that))~~ preclude an earlier  
11 payment, the Executive Director may allow a member up to ten days after ~~((his or her))~~  
12 retirement or discontinuance of City service to make a lump sum payment of the balance.

13                   4. If a member dies, retires, or discontinues city service before completion of the  
14 contract, the member shall receive creditable service on ~~((his or her))~~ the member's buy-in on a  
15 pro rata basis.

16                   5. The member is responsible for making any adjustments appropriate under the  
17 Internal Revenue Code with respect to individual retirement accounts and privately administered  
18 retirement plans.

19                   F. City ~~((Matching Money))~~ matching money. The City shall match the member's  
20 contributions and deposits, including interest, in the same manner as other members. If the  
21 worker provided services in two or more departments, at the request of the Director of Finance,  
22 the City Budget Director shall apportion the amount of the City contribution among the  
23 employing departments. The Director of Finance's determination of apportionment shall be final.

1 G. If not exercised, the opportunity described in this section 4.36.575 for a worker to  
2 acquire ("buy in") service credit for prior City service in a temporary, interim, intermittent, or  
3 provisional position, or a part-time position (~~(of less than 20 hours per week over a one-year~~  
4 ~~period)) exempt from the Civil Service, expires six calendar months after the worker becomes  
5 eligible for membership in the retirement system. Members who have otherwise failed to  
6 exercise an option to purchase creditable service for prior service previously rendered as a  
7 temporary worker, as that term is defined ~~((at))~~ in Section 4.04.030, shall be allowed to purchase  
8 creditable service for service previously rendered but not credited as a temporary worker, by  
9 paying into the retirement fund, at the time of resignation from City service or at retirement, the  
10 actuarial present value of the resulting increase in ~~((his or her))~~ benefit. The terms and conditions  
11 of purchase shall be in accordance with the provisions of ~~((Subsection))~~ subsection 4.36.567.B,  
12 and purchases of service credit will not be permitted to the extent forfeited under subsections  
13 4.35.525.K and/or 4.36.567.D.~~

14 Section 27. Section 4.36.580 of the Seattle Municipal Code, last amended by Ordinance  
15 124574, is amended as follows:

16 **4.36.580 Creditable service for military service – purchases and ~~((allowance.))~~ grants**

17 A. A member may purchase creditable service for past active duty in the armed forces of  
18 the United States of America or the State of Washington, by paying into the Retirement Fund, at  
19 the time of resignation from City service or at the time of retirement, the actuarial present value  
20 of the resulting increase in ~~((his or her))~~ benefit. Terms and conditions of purchase shall be in  
21 accordance with the provisions of ~~((Subsection))~~ Section 4.36.567. In no instance shall military  
22 service in excess of five ~~((5))~~ years be credited under this ~~((chapter))~~ Chapter 4.36.

1           B. Any member who shall make ((his)) normal contributions to the retirement system  
2 while on leave of absence under Section 1 of Ordinance 69816 or while absent in the active  
3 service of the United States Public Health Service in fulfillment of military service obligations  
4 under laws of the United States, or who after ((his)) returning to City service shall make the same  
5 in full or in monthly payments equal to ((his)) the member's current normal contribution, shall  
6 for the period of such leave of absence be entitled to all rights, privileges, and benefits allowable  
7 under such system, including the ((allowance)) grant of such time as creditable service. In  
8 addition, any member in the City service on December 27, 1972, who heretofore or who  
9 hereafter enters the active military or naval service after having been laid off from City  
10 employment and who reentered or reenters City service subsequent to such active military or  
11 naval service shall be entitled to all rights, privileges, and benefits allowable under such system,  
12 including the ((allowance)) grant of such period of military or naval service as creditable service  
13 provided that such member pay to the retirement system his normal contributions for such  
14 period.

15           Section 28. Section 4.36.585 of the Seattle Municipal Code, last amended by Ordinance  
16 124574, is amended as follows:

17           A. Direct ((Transfers)) transfers. Effective January 1, 2002, the retirement fund possesses  
18 the specific authority to enter into direct transfer of assets agreements with the trustees of an  
19 eligible plan under Section 457 of the ((Internal Revenue)) Code ((which)) that is maintained by  
20 a state, political subdivision of a state, or any agency or instrumentality of a state or political  
21 subdivision of a state, or from a plan under Section 403(b) of the ((Internal Revenue)) Code, for  
22 the purchase of creditable service otherwise available pursuant to ((SMC)) Chapter 4.36.

1 B. Other (~~(Rollovers)~~) rollovers. Effective January 1, 2002, the retirement fund may

Section 35. Section 4.36.610 of the Seattle Municipal Code, last amended by Ordinance 124574, is amended as follows:

**4.36.610 Optional ((lesser)) reduced retirement ((allowances and distribution of benefits upon death of a member who has been retired for service)) benefits and beneficiary benefits**

A. Election of ((Optional Lesser Retirement Allowances)) optional reduced retirement benefits. A member may elect to receive, in lieu of the retirement ((allowance)) benefit provided for Plan 1 members in Section 4.36.605 or Plan 2 members in Section 4.36.608, its actuarial equivalent in the form of a ((lesser)) reduced monthly retirement ((allowance)) benefit, payable in accordance with the terms and conditions of one of the options set forth in Options A through E ((of this Section)) , subsections 4.36.610.C.1 through 4.36.610.C.5. In addition, Options F and/or G (subsections 4.36.610.C.6 and 4.36.610.C.7) may be elected alone or in conjunction with one of ((the options set forth in)) Options A through E. The election of Option F or G will result in the actuarial equivalent of the retirement ((allowance)) benefit otherwise payable. Option G includes the lump sum payment of a partial refund. If a combination is elected, the ((lesser)) reduced retirement ((allowance)) benefit shall be determined by first applying the Option G factor, ((if applicable,)) then the Option F factor, ((if applicable,)) and then finally the Option A – E factor, as applicable.

Election of any option must be made by written application filed with the Board of Administration at least 30 days in advance of retirement as provided in Section 4.36.600 or

1 4.36.607, and shall not be effective unless approved by the Board (~~(prior to retirement of the~~  
2 ~~member)~~). The amount paid to a member, a beneficiary, or a surviving spouse shall be reduced  
3 by payments made to an alternate payee under a court or department order as contemplated by  
4 Section 4.36.630.

5 B. Distribution of (~~(Benefits Upon Death of a Retired Member)~~) benefits upon death of a  
6 retired member. Upon the death of a retired member, any death benefits will be payable in  
7 accordance with the provisions of the options elected under this (~~(section)~~) Section 4.36.610, if  
8 any.

9 C. Options A through G (~~(-)~~)

10 1. OPTION A. The (~~(lesser)~~) reduced monthly retirement (~~(allowance)~~) benefit  
11 shall be payable to the member throughout (~~(his)~~) the member's life; provided, that if (~~(he)~~) the  
12 member dies before (~~(he receives)~~) receiving in annuity payments pursuant to (~~(subsection~~  
13 ~~4.36.605.A.1)~~) Section 4.36.605 or 4.36.608 a total amount equal to the amount of (~~(his)~~) the  
14 member's accumulated contributions as of the date of (~~(his)~~) retirement, the balance of such  
15 accumulated contributions shall be paid in one lump sum to (~~(his)~~) the member's estate or to  
16 such person as (~~(he)~~) the member shall nominate by written designation duly executed and filed  
17 with the Board.

18 2. OPTION B. The (~~(lesser)~~) reduced monthly retirement (~~(allowance)~~) benefit  
19 shall be payable to a member throughout (~~(his)~~) the member's life; provided, that if (~~(he)~~) the  
20 member dies before (~~(he receives)~~) receiving in annuity payments pursuant to (~~(subsection~~  
21 ~~4.36.605.A.1)~~) Section 4.36.605 or 4.36.608 a total amount equal to the amount of (~~(his)~~) the  
22 member's accumulated contributions as of the date of (~~(his)~~) retirement, the annuity payments  
23 resulting from (~~(his)~~) the member's accumulated contributions shall be continued and paid to

1 ((his)) the member's estate or to such person as ((he)) the member shall nominate by written  
2 designation duly executed and filed with the Board, until the total amount of annuity payment  
3 shall equal the amount of ((his)) the member's accumulated contributions as it was at the date of  
4 ((his)) retirement.

5           3. OPTION C. The member shall elect a "guaranteed period" of any number of  
6 years. If ((he)) the member dies before the ((lesser)) reduced monthly retirement ((allowance))  
7 benefit has been paid to ((him)) the member for the number of years elected by ((him)) the  
8 member as the "guaranteed period," the ((lesser)) reduced monthly retirement ((allowance))  
9 benefit shall be continued to the end of the "guaranteed period," and during such continuation  
10 shall be paid to ((his)) the member's estate or to such person as ((he)) the member shall nominate  
11 by written designation duly executed and filed with the Board.

12           4. OPTION D. The ((lesser)) reduced monthly retirement ((allowance)) benefit  
13 shall be payable to the member throughout life, and after the death of the member, 1/2 of the  
14 ((lesser)) reduced monthly retirement ((allowance)) benefit shall be continued throughout the life  
15 of and paid to the individual who was the spouse or domestic partner of the member at the time  
16 of retirement. If the spouse or domestic partner predeceases the member, then upon receipt of  
17 written notice of such death by the Board, the member's retirement ((allowance)) benefit shall  
18 increase to the amount that would have been provided ((as)) if the member had not selected this  
19 option.

20           5. OPTION E. The ((lesser)) reduced monthly retirement ((allowance)) benefit  
21 shall be payable to the member throughout life, and after death of the member it shall be  
22 continued throughout the life of and paid to the individual who was the spouse or domestic  
23 partner of the member at the time of retirement. If the spouse or domestic partner predeceases the

1 member, then upon receipt of written notice of such death by the Board, the member's retirement  
2 ~~((allowance))~~ benefit shall increase to the amount that would have been provided as if the  
3 member had not selected this option.

4           6. OPTION F. A member who retires from service prior to the age of becoming  
5 eligible for retirement payments under the federal system, commonly known as Social Security,  
6 and who at the time of retiring ~~((is fully insured under the federal system))~~ provides a proper  
7 written estimate of Social Security retirement benefits, may elect to have ~~((his))~~ the member's  
8 retirement ~~((allowance))~~ benefit payable ~~((during his or her life only, increased prior to the age at~~  
9 ~~which the member could elect an unreduced Social Security retirement benefit and reduced after~~  
10 ~~such age by amounts which have equivalent actuarial values. Prior to retirement, the member~~  
11 ~~shall obtain, and provide to the Board, a written estimate of his Old Age Benefit for the age at~~  
12 ~~which the member could elect an unreduced Social Security benefit))~~ over the member's lifetime  
13 in a greater amount prior to Social Security retirement age and a lesser amount after Social  
14 Security retirement age, with the goal of providing a reasonably level amount of combined  
15 retirement benefits under this retirement system and Social Security. Under this option, the  
16 benefit payable under the retirement system before the member's age of eligibility for unreduced  
17 Social Security benefits is increased, and the member's benefit payable after such age is  
18 decreased, with the difference between those two amounts to be the estimated amount of benefits  
19 payable to the member in unreduced Social Security retirement benefits. The amounts payable  
20 before and after unreduced Social Security retirement eligibility are determined on an actuarial  
21 basis, to provide an actuarially equivalent benefit to what the member would receive if not  
22 selecting this option, and based on an estimated Social Security retirement benefit that assumes  
23 that the member will continue to work and earn credit for Social Security retirement benefits

1 until the member's date of eligibility for unreduced Social Security retirement. If selected,  
2 benefits payable under this option will change at the member's predetermined date of eligibility  
3 for unreduced Social Security retirement benefits, regardless of whether the member elects  
4 Social Security benefits at an earlier or later date, and benefits under this system will not change  
5 based on any differences between estimated and actual Social Security benefits. If Option F is  
6 elected and the member's death occurs prior to the age at which the member could have elected  
7 an unreduced Social Security retirement benefit, any death benefit payable under any other  
8 option after the date the member would have attained such age, shall reflect the expected  
9 ~~((lesser))~~ reduced amount of Option F.

10           7. OPTION G. The member may elect to receive a lump sum payment upon  
11 retirement, of either 50 percent or 100 percent of ~~((his or her))~~ the member's accumulated  
12 contributions. The member's retirement ~~((allowance))~~ benefit as provided for in Section 4.36.605  
13 or 4.36.608 shall be reduced by the actuarial equivalent of the withdrawn lump sum.

14           Section 36. Section 4.36.615 of the Seattle Municipal Code, last amended by Ordinance  
15 124574, is amended as follows:

16 **4.36.615 Annual cost of living adjustment**

17           A. Effective with the retirement ~~((allowance))~~ benefit payable on or about December  
18 ~~((1st))~~ 1 of each year, a member's or beneficiary's adjusted benefit shall be increased by 1 1/2  
19 percent, except as otherwise provided in this ~~((section))~~ Section 4.36.615.

20           B. For any calendar year, the member or beneficiary shall receive the greater of:

- 21           1. ~~((The))~~ the adjusted benefit; or
- 22           2. ~~((Sixty-five))~~ 65 percent of the indexed benefit.

1 Pursuant to Ordinance 120685, effective January 1 of the year the Retirement Board files  
2 with the City Clerk notification that the funding ratio of the retirement fund is 100 percent or  
3 higher, subsection ~~((4.36.215.B.2))~~ 4.36.615.B.2 shall read “Seventy percent of the indexed  
4 benefit.”

5 Section 37. Section 4.36.620 of the Seattle Municipal Code, last amended by Ordinance  
6 124574, is amended as follows:

7 **4.36.620 Payments in monthly installments**

8 A pension, annuity, or a retirement ~~((allowance))~~ benefit granted under the provisions of  
9 this ~~((chapter))~~ Chapter 4.36, unless otherwise specified herein, shall be payable in monthly  
10 installments, and each installment shall be for the current calendar month.

11 Section 38. Section 4.36.625 of the Seattle Municipal Code, last amended by Ordinance  
12 124574, is amended as follows:

13 **4.36.625 Benefits not subject to garnishment or attachment**

14 The right of a person to a death benefit, pension, ~~((an))~~ annuity, or ~~((a))~~ retirement  
15 ~~((allowance))~~ benefit, ~~((to))~~ or the return of contributions, ~~((the death benefit, pension, annuity or~~  
16 ~~retirement allowance itself,))~~ or the benefit payments themselves, any optional benefit, any other  
17 right accrued or accruing to any person under the provisions of this ~~((chapter))~~ Chapter 4.36, and  
18 the moneys in the fund created under this ~~((chapter))~~ Chapter 4.36 shall not be subject to  
19 execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable  
20 except as ~~((in this chapter))~~ specifically provided in this Chapter 4.36.

1 Section 39. Section 4.36.630 of the Seattle Municipal Code, last amended by Ordinance  
2 124574, is amended as follows:

3 **4.36.630 Qualified domestic relations orders—Orders of State Department of Social and**  
4 **Health Services to withhold and deliver**

5 A. Authority. The Director may make payments to:

6 1. A spouse, former spouse, child, or other dependent of a member as directed in  
7 an order of the court that constitutes a qualified domestic relations order under 26 U.S.C.

8 § 414(p); and/or

9 2. The Washington State Department of Social and Health Services as directed in  
10 an order to withhold and deliver under RCW ~~((70.20A.080))~~ 74.20A.080, each subject to the  
11 terms and conditions of this section, and to supplemental requirements that may be adopted by  
12 the Director by rule consistent with state and federal law to implement ~~((the ordinance codified~~  
13 ~~in this section))~~ this Chapter 4.36.

14 The term “order” as used in this ~~((section))~~ Section 4.36.630 means either or both of the  
15 ~~((foregoing))~~ orders in this subsection 4.36.630.A, and the term “alternate payee” means the  
16 recipient of payment on account of an order.

17 B. Limitations ~~((:))~~

18 1. Any payment to an alternate payee pursuant to an order shall reduce by a like  
19 amount the payment of benefits or withdrawal of contributions that would otherwise have been  
20 payable to or on account of the member without the order. Payment of an order shall first  
21 commence when benefits or a withdrawal of contributions is made to or on account of the  
22 member. The amount paid shall not exceed the benefits payable under this ~~((chapter))~~ Chapter

1 4.36 and the retirement option selected by the member ((;)) or, in the case of a withdrawal of  
2 accumulated contributions, the amount on deposit to the credit of the member.

3           2. A payment to the alternate payee shall cease if the payment to a member would  
4 end on account of ((his or her)) the member's death under a retirement option (Sections 4.36.605,  
5 4.36.608, ((through)) or 4.36.610) or the member's reemployment (Sections 4.36.655 and  
6 4.36.635) in the absence of the order. The Director may not, on account of such an order, limit or  
7 coerce the decision of an eligible member to accept a disability ((allowance)) benefit (Sections  
8 4.36.645 through 4.36.650) or, if on disability retirement, to return to City employment (Sections  
9 4.36.655 and 4.36.660), or to convert to a service retirement ((allowance)) benefit (Section  
10 4.36.655); to withdraw accumulated contributions or to leave his or her contributions on deposit  
11 (Section 4.36.665), or to select a payment option (Sections 4.36.605, 4.36.608, ((through)) or  
12 4.36.610).

13           C. Formula for ((Determination.)) determination

14           1. If the member is already receiving benefits or has arranged to receive payment  
15 at a proximate date, the order must identify the alternate payee and the amount to be paid as:

16                   a. ((A)) a precise sum to be paid in a single payment or in equal monthly  
17 installments and the duration of the installment payments; or

18                   b. ((A)) a fixed percentage of the member's "disposable earnings" as  
19 defined in RCW 74.20A.090 or "disposable benefits" as defined in RCW 41.50.500(2), which  
20 are payable under the payment option that the member has selected.

21           2. If the member is not yet receiving benefits or has not arranged to receive  
22 payment at a proximate date, the order may also determine the amount payable to an alternate  
23 payee by a formula or ratio that becomes complete upon the Director supplying the member's

1 creditable or gross contributions; for example, a ratio that measures the member's creditable  
2 service on the date of the order to the member's creditable service at the time of retirement, or  
3 the member's contributions at a stated date, or a stipulated amount to the member's total  
4 contributions at the time benefits commence, or a withdrawal of accumulated contributions  
5 occurs. The City will not increase payments by an interest factor or adjust dollar values by a  
6 price index in calculating the payment to an alternate payee.

7 D. Rounding of ~~((Numbers))~~ numbers. A percentage of disposable benefits or a ratio on a  
8 formula must be capable of being expressed as a decimal to no more than three places; fractions  
9 extending beyond the third decimal place will be rounded to the nearest number at the third  
10 decimal place and the amount of any warrant rounded to the nearest cent.

11 E. Filing of ~~((Orders for Future Use))~~ orders for future use. The Director may keep orders  
12 on file until such time as the member makes a withdrawal of accumulated contributions or draws  
13 benefits. If such an order is on file as to a member, the Director may delay payment of benefits  
14 or of accumulated contributions for up to 30 days beyond the date payments would otherwise be  
15 made in order to determine whether or not the order is current and in effect.

16 F. Alternate ~~((Payee's Responsibility))~~ payee's responsibility. An alternate payee has the  
17 responsibility of supplying and maintaining with the Director a current mailing address for  
18 making payments; if payments are to commence upon occurrence of an event, informing the  
19 Director when the event occurs; and in the event of an erroneous overpayment, returning such  
20 overpayment to the City ~~((the warrant or check))~~ for issuance of another payment in the correct  
21 amount. ~~((Warrants or checks))~~ Forms of payment returned on account of an incorrect address  
22 may be held as unclaimed property.

1 Section 40. Section 4.36.635 of the Seattle Municipal Code, last amended by Ordinance  
2 124574, is amended as follows:

3 **4.36.635 Retired members who are employed on salary**

4 Annuity payments funded by the member's accumulated contributions shall be paid to a retired  
5 ~~((members))~~ member who ~~((are))~~ is in City service, but ~~((all))~~ the pension portion of payments  
6 funded by City contributions shall be suspended while such retired members are employed on  
7 salary by the City, except as to the amount ~~((such))~~ that the pension payments funded by City  
8 contributions ~~((may))~~ exceed the member's salary for the same period; provided, that ~~((such))~~ the  
9 pension ~~((part))~~ portion of the retirement ~~((allowancees))~~ benefit funded by City contributions  
10 shall not be suspended as to any member who is temporarily employed in City service for  
11 periods not to exceed 1,040 hours in any one year.

12 Section 41. Section 4.36.640 of the Seattle Municipal Code, last amended by Ordinance  
13 124574, is amended as follows:

14 **4.36.640 Maximum benefits payable**

15 A. The maximum benefits payable to any member shall not exceed the limitation for  
16 defined benefit plans for qualified pension trusts established by 26 U.S.C. § 415 ~~((, a copy of~~  
17 ~~which is attached hereto as Appendix "A" and by this reference incorporated herein))~~.

18 B. The Board of Administration shall determine this limitation ~~((;))~~ and advise members  
19 on inquiry as to its amount ~~((, and include a general description of the limitations in its annual~~  
20 ~~report to members))~~.

21 Section 42. Section 4.36.645 of the Seattle Municipal Code, last amended by Ordinance  
22 124574, is amended as follows:

1 **4.36.645 Retirement for disability**

2 A. Any member may be retired for permanent and total disability (~~(either ordinary or~~  
3 ~~accidental,))~~ occurring while in City service upon examination as hereinafter set forth, if such  
4 employee meets either of the following requirements:

5 1. The disability of such member arose out of and in the course of ~~((his))~~ the  
6 member's employment as an employee of the City; or

7 2. Such member had, at the time of occurrence of such disability, at least ten years  
8 of City service, over a period of not to exceed 15 years immediately preceding retirement,  
9 provided that City service lost while on previous disability retirement shall not be considered in  
10 determining if the applicant has City service in the limits specified.

11 B. Any member while in the City service, or within three months after the discontinuance  
12 of City service, or while physically or mentally incapacitated for the performance of duty, if such  
13 incapacity has been continuous from discontinuance of City service, shall be examined by a  
14 physician or surgeon, appointed by the Board of Administration, upon the application of the head  
15 of the office or department in which the member is employed, or upon application of the  
16 member, or a person acting in ~~((his))~~ the member's behalf, stating that the member is  
17 permanently and totally incapacitated, either physically or mentally, for the performance of duty  
18 in any position in City service and ought to be retired. If such medical examination shows, to the  
19 satisfaction of the Board, that the member is permanently and totally incapacitated either  
20 physically or mentally for the performance of duty in any position in City service and ought to be  
21 retired, the Board shall retire the member for disability forthwith.

1 C. The Board shall secure such medical services and advice as it may deem necessary to  
2 carry out the purpose of this ~~((section))~~ Section 4.36.645 and of Section 4.36.655, and shall pay  
3 for such medical services and advice such compensation as the Board shall deem reasonable.

4 ~~((D. The provisions of this section shall not be applicable to employees pensioned for  
5 permanent and total disability, as defined in and pursuant to state law.))~~

6 Section 43. Section 4.36.650 of the Seattle Municipal Code, last amended by Ordinance  
7 124574, is amended as follows:

8 **4.36.650 Disability ~~((allowances))~~ benefits designated**

9 A. Upon retirement for disability, as provided in Section 4.36.645, provided the disability  
10 is not due to ~~((intemperance,))~~ willful misconduct or violation of law, of which the Board shall  
11 be the judge, a member shall receive a retirement ~~((allowance))~~ benefit calculated as follows:

12 For a member, making application for disability retirement after December 31, 2012,  
13 with less than ~~((10))~~ ten years of actual City service, but who otherwise qualifies for a disability  
14 retirement under the portability provisions of RCW 41.54.032, 1 1/2 percent of final  
15 compensation multiplied by years of creditable City service. For all other members with at least  
16 ~~((10))~~ ten years of actual City service, 1 1/2 percent of final compensation multiplied by years of  
17 creditable service, if such ~~((retirement allowance))~~ disability benefit exceeds 1/3 of ~~((his))~~ the  
18 member's final compensation; otherwise 1 1/2 percent of final compensation multiplied by years  
19 of service which would be creditable to ~~((him))~~ the member were ~~((his))~~ the member's services  
20 to continue until attainment of age 62, but such alternative disability ~~((retirement allowance))~~  
21 benefit shall not exceed 1/3 of such final compensation; provided, that no disability ~~((retirement~~  
22 ~~allowance))~~ benefit shall exceed 60 percent of final compensation. For purposes of this Section  
23 4.36.650, "final compensation" is determined in accordance with the applicable definition in

1 Section 4.36.050, but with the modification that if the member has not attained the number of  
2 consecutive biweekly pay periods stated therein, final compensation shall be determined instead  
3 based on the highest number of consecutive biweekly pay periods attained by the member.

4 Notwithstanding any provision of this ~~((section))~~ Section 4.36.650 to the contrary, the minimum  
5 ~~((retirement allowance))~~ disability benefit shall be \$140 per month.

6 ~~((The retirement allowance as above calculated shall consist of:~~

7 1. ~~An annuity which shall be the actuarial equivalent of the member's~~  
8 ~~accumulated normal contributions;~~

9 2. ~~A pension which shall be the actuarial equivalent of the City's matching~~  
10 ~~contributions;~~

11 3. ~~An additional pension, provided by contributions of the City, should the~~  
12 ~~calculation of the allowance show that subsections 4.36.650.A.1, 2 and 3 above are not enough to~~  
13 ~~produce the retirement allowance indicated;~~

14 4.)) When use of proper annuity and pension rates results in a retirement ~~((allowance))~~  
15 benefit amounting to more than would be realized by adherence to the formula indicated in ~~((the~~  
16 ~~second paragraph of))~~ this ~~((section))~~ Section 4.36.650, the Board shall allow the higher amount.

17 B. If disability is due to ~~((intemperance,))~~ willful misconduct ~~((;))~~ or violation of law ~~((;))~~  
18 on the part of the member, the Board in its discretion ~~((;))~~ may pay to the member, in one lump  
19 sum ~~((his))~~ the member's accumulated contributions in lieu of a ~~((retirement allowance))~~  
20 disability benefit; and such payment shall constitute full satisfaction of all obligations of the City  
21 to such member; and upon receipt of such payment ~~((he))~~ the member shall cease to be a member  
22 of the system.

1 C. ~~((For distribution of benefits paid upon the death of a member while in receipt of a~~  
2 ~~disability retirement allowance, see subsection 4.36.680.B.)) Distribution of benefits upon the  
3 death of a member who has been retired for disability~~

4 1. Upon the death of any member who has been retired for disability, such  
5 member's accumulated contributions less any payments therefrom already made to such member  
6 shall be paid to such member's surviving spouse or domestic partner; or if the deceased member  
7 does not have a surviving spouse or domestic partner, or if the surviving spouse prior to the death  
8 of such member consented in writing to the naming as hereafter provided of a different  
9 beneficiary or beneficiaries, then to such member's estate, or to such person or persons as such  
10 member shall have nominated by written designation duly executed and filed with the Board.

11 ~~((D-))~~ 2. Any surviving spouse or domestic partner of a member receiving a  
12 disability ~~((retirement allowance))~~ benefit may ~~((;))~~ if named as a beneficiary and eligible based  
13 on the member's age at death and years of creditable service ~~((;))~~ elect to receive, ~~((and~~  
14 ~~thereupon shall be paid))~~ in lieu of applicable benefits under subsection 4.36.650.C.1, a monthly  
15 benefit the equivalent of a survivor's "Option E" retirement ~~((allowance))~~ benefit computed on  
16 the basis of their age and the member's age at date of death, ~~((years of creditable service, and~~  
17 ~~normal and matching contributions))~~ actuarially reduced by all sums theretofore paid the  
18 deceased member. ~~((as annuity on normal contributions and pension on matching contributions,~~  
19 ~~and, if applicable,))~~ The amount paid shall be reduced by payments to an alternate payee under a  
20 court or department order as contemplated by Section 4.36.630. The spouse or domestic partner  
21 may, however, elect to receive in lieu of either the above benefits or the benefits under  
22 subsection 4.36.650.C.1 a reduced monthly benefit, to cease at such spouse's or domestic  
23 partner's death, and in addition a cash payment of not to exceed 1/2 of the deceased member's

1 remaining ~~((normal))~~ accumulated contributions. ~~((, and such))~~ Such cash payment shall effect a  
2 reduction of the survivor's monthly benefit by the amount of annuity such payment would have  
3 purchased.

4 Section 44. Section 4.36.655 of the Seattle Municipal Code, last amended by Ordinance  
5 124574, is amended as follows:

6 **4.36.655 Examination of disability ~~((beneficiary))~~ retiree—Cancellation of ~~((allowance))~~**  
7 **benefit**

8 A. The Board may require any disability ~~((beneficiary))~~ retiree, under age 62 years, to  
9 undergo medical examination by a physician or surgeon, appointed by the Board at a place to be  
10 designated by the Board. Upon the basis of such examination the Board shall determine whether  
11 such disability ~~((beneficiary))~~ retiree is still totally and permanently incapacitated, either  
12 physically or mentally, for the performance of duty in any position in City service. If the Board  
13 shall determine that ~~((the beneficiary))~~ the retiree is no longer so incapacitated, ~~((he))~~ the retiree  
14 shall be returned to City service at the earliest opportunity in accordance with civil service rules  
15 and regulations and upon such return ~~((his retirement allowance))~~ the retiree's disability benefit  
16 shall be cancelled.

17 B. Should a disability ~~((beneficiary))~~ retiree reenter City service, ~~((his retirement~~  
18 ~~allowance))~~ the retiree's disability benefit shall be cancelled and ~~((he))~~ the retiree shall  
19 immediately become a member of the retirement system, ~~((his))~~ with the rate of contribution for  
20 future years ~~((being that))~~ established ~~((for his age))~~ at the time of ~~((such))~~ reentry. ~~((His))~~ The  
21 member's individual account shall be credited with ~~((his))~~ the member's accumulated normal  
22 contributions less the annuity payments made to ~~((him))~~ the member, except as provided in  
23 subsection 4.36.655.C. Such member shall receive credit for previous service ~~((in the same~~

1 ~~manner as if he had never been~~) in the retirement system before the member was retired for  
2 disability.

3 C. Should any disability ((beneficiary)) retiree under age 62 refuse to submit to medical  
4 examination, ((his pension)) the retiree's disability benefit may be suspended, and should refusal  
5 continue for one year, ((his retirement allowance)) the retiree's disability benefit may be  
6 cancelled. Should any such disability ((beneficiary)) retiree engage in a gainful occupation,  
7 ((he)) the retiree shall immediately report ((his)) gross monthly income to the Board and upon  
8 receipt of such information the Board shall reduce the ((retirement allowance)) disability benefit  
9 to an amount ((, which)) that, when added to the compensation earned ((by him)) in such  
10 occupation, shall not exceed the amount of the salary or wages presently attached to the regular  
11 position held by the disability ((beneficiary)) retiree at the time of ((his)) retirement.

12 Should any such disability ((beneficiary)) retiree fail to report his gainful occupation, the  
13 Board shall, whenever information regarding such gainful occupation is received, cause ((his))  
14 the retiree's ((retirement allowance)) disability benefit to be suspended either partially or in full,  
15 for the period of time necessary to make up for disability ((retirement allowance)) benefit  
16 payments drawn by ((him)) the person during the time suspension should have been in effect,  
17 and should such a ((beneficiary)) person die before suspended disability ((retirement allowance))  
18 benefit payments have equaled payments illegally drawn, the Board shall recover such payments  
19 from any benefits which would otherwise be payable to ((his)) the person's estate or to a  
20 designated beneficiary. Suspension of a disability ((retirement allowance)) benefit under such  
21 circumstances may be made even after such a disability beneficiary has attained age 62. Should  
22 such disability ((beneficiary)) retiree reenter City service, the Board may reduce the accumulated  
23 contributions which would otherwise be credited to ((his)) the person's account, as contemplated

1 in subsection 4.36.655.B, to compensate for payments drawn during time suspension should have  
2 been in effect.

3 When any disability ~~((beneficiary))~~ retiree reaches age 62, ~~((his retirement allowance))~~  
4 the person's benefit shall be established at the disability benefit amount which would normally  
5 be payable to ~~((him))~~ the person prior to any reductions for gainful employment and shall not be  
6 modified for any cause except as suspended, canceled, or otherwise provided in this ~~((chapter))~~  
7 Chapter 4.36.

8 D. Should the ~~((retirement allowance))~~ disability benefit of any disability ~~((beneficiary))~~  
9 retiree be cancelled for any cause other than reentrance into City service, ~~((he))~~ the retiree shall  
10 be paid ~~((his))~~ the retiree's accumulated contributions, less annuity payments made to ~~((him))~~ the  
11 retiree.

12 If, in the judgment of the Board, a disability ~~((beneficiary))~~ retiree has failed to properly  
13 report ~~((his))~~ earnings from gainful occupation, the Board may cancel ~~((his))~~ the retiree's  
14 disability ~~((retirement allowance))~~ benefit.

15 E. Should any disability ~~((beneficiary))~~ retiree, who was eligible to receive a ~~((service))~~  
16 retirement ~~((allowance))~~ benefit at the time ~~((he))~~ the person was retired for disability, desire to  
17 convert ~~((his))~~ disability ~~((retirement allowance))~~ benefit into the ~~((service))~~ retirement  
18 ~~((allowance))~~ benefit for which the person ~~((he))~~ was eligible ~~((to))~~ at time of retirement on  
19 disability, the Board may grant ~~((his))~~ the petition ~~((so))~~ to do so.

20 Section 45. Section 4.36.660 of the Seattle Municipal Code, last amended by Ordinance  
21 124574, is amended as follows:

1 **4.36.660 Temporary total disability**

2 A. Any member who has not attained the age of 65 and who also has at least ten years of  
3 City service over a period of not to exceed 15 years may, upon ~~((his))~~ the member's application  
4 therefor, be retired by the Board for temporary total disability occurring while in City service.  
5 Such temporary total disability shall include only a physical or mental incapacity which the  
6 Board finds and determines temporarily and totally incapacitates such member for the  
7 performance of duty in any position in City service.

8 B. Temporary total disability retirement ~~((allowances))~~ benefits shall be computed and  
9 paid until such disability has ceased, in the same manner and amounts as for permanent and total  
10 disability, and shall commence immediately after termination of all payments to the member on  
11 account of sick leave, vacation, accumulated time, industrial insurance benefits, and disability  
12 payments ~~((under Charter Article XVI, Section 24)),~~ or any other such benefits.

13 C. Upon determining that any such temporary total disability has ceased, the Board shall  
14 terminate the temporary total disability retirement, and the ~~((retirement allowance))~~ disability  
15 benefit therefor shall be cancelled; or if a member is otherwise eligible, the Board shall convert  
16 such temporary total disability ~~((retirement))~~ benefit to a permanent total disability ~~((retirement))~~  
17 benefit or a ~~((service))~~ retirement benefit.

18 D. In determining eligibility for temporary total disability retirement and termination  
19 thereof, the Board may secure such medical assistance as it deems necessary. The Board shall  
20 have the authority to require a medical re-examination of a member retired for temporary total  
21 disability at least once every 24 months following the effective date of the temporary total  
22 disability retirement until such time as the member has attained regular service retirement age,  
23 and at any time if there is reason to believe the temporary total disability has ceased.

1 E. Upon termination of any temporary total disability retirement, a member who returns  
2 to active City service shall be reinstated as a nonretired member of the retirement system and  
3 ((his)) the member's accumulated contributions less annuity payments shall be credited to ((his))  
4 the member's account and ((he)) the member shall contribute at the rate applicable to him at the  
5 time ((he)) the member was retired. Any member who does not return to City service after  
6 termination of temporary total disability retirement shall be entitled to ((his)) the member's  
7 accumulated contributions less any annuity payments made to ((him)) the member.

8 F. Periods during which a member is retired for temporary total disability shall not be  
9 recognized as creditable service on any subsequent retirement.

10 Section 46. Section 4.36.665 of the Seattle Municipal Code, last amended by Ordinance  
11 124574, is amended as follows:

12 **4.36.665 Discontinuance of eligible employee**

13 A. Should the City service of a member not eligible for retirement under the provisions of  
14 this chapter ((;)) be discontinued, except by death, prior to completion of five ((years<sup>2</sup>  
15 membership)) years of creditable service in the retirement system, ((he)) the member shall be  
16 paid ((six months after the date of discontinuance such part of his)) the member's accumulated  
17 contributions ((as he shall demand)) upon request ((; provided, however, that such member may  
18 apply to the Board and by unanimous vote the Board may grant a request for immediate  
19 withdrawal of contributions)). If in the opinion of the Board such member is permanently  
20 separated from City service by reason of such discontinuance, ((he)) the member shall be paid  
21 forthwith all ((his)) the member's accumulated contributions, with interest. Should the City  
22 service of an employee not eligible for retirement under ((subsections A and B of)) Section  
23 4.36.600 or 4.36.607 who has been a member of the retirement system for at least five years be

1 discontinued, except by death, ~~((he))~~ the member may apply for immediate withdrawal of ~~((his))~~  
2 the member's accumulated contributions as hereinabove provided, or elect ~~((in writing within six~~  
3 ~~months after such termination))~~ to leave ~~((his))~~ the member's accumulated contributions in the  
4 retirement fund, and thereafter, upon reaching the required age and making application therefor,  
5 ~~((he))~~ the member shall receive a retirement ~~((allowance))~~ benefit as provided in Section  
6 4.36.600 ~~((€))~~ or 4.36.607; provided, that if discontinuance of City service is caused by  
7 ~~((intemperance, wilful))~~ willful misconduct or violation of law on the part of the member, of  
8 which the Board shall be the judge, the Board, in its discretion, may pay to the member, in one  
9 lump sum, ~~((his))~~ the member's accumulated contributions, in lieu of all other rights, privileges,  
10 or benefits under this ~~((chapter))~~ Chapter 4.36; and such payment shall constitute full satisfaction  
11 of all obligations of the City to such member, and upon receipt of such payment ~~((he))~~ the  
12 member shall cease to be a member of the system.

13 B. Any member eligible for retirement under ~~((subsections 4.36.600.A and B))~~ Section  
14 4.36.600 or 4.36.607 whose City service has been discontinued, except by death, and any  
15 member whose City service has been discontinued and who has elected to leave ~~((his))~~ the  
16 member's accumulated contributions in the retirement fund, may, in the manner hereinabove  
17 provided, apply to the Board for withdrawal of contributions, ~~((, but in such case the Board may,~~  
18 ~~in its discretion, approve such request or disapprove the same and, if such member then be~~  
19 ~~eligible, authorize his retirement. Upon withdrawal of contributions the full amount deposited by~~  
20 ~~the City in the retirement fund for such member's benefit, plus interest, shall be available to meet~~  
21 ~~the obligations of the City under this chapter.))~~

1 Section 47. Section 4.36.670 of the Seattle Municipal Code, last amended by Ordinance  
2 124574, is amended as follows:

3 **4.36.670 Election to rollover to an eligible retirement plan**

4 ~~((1.))~~ A. This ~~((section))~~ Section 4.36.670 applies notwithstanding any contrary provision  
5 that would otherwise limit a distributee's ability to make a rollover election. A distributee may  
6 elect, at the time and in the manner prescribed under this ~~((chapter))~~ Chapter 4.36, to have any  
7 portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by  
8 the distributee in a direct rollover.

9 ~~((2.))~~ B. The following definitions apply to this Section 4.36.670:

10 ~~((a.))~~ 1. "Direct rollover" means a payment under this ~~((chapter))~~ Chapter 4.36 to  
11 the eligible retirement plan specified by the distributee.

12 ~~((b.))~~ 2. "Distributee" means an employee or former employee. It also includes  
13 the employee's or former employee's surviving spouse and the employee's or former employee's  
14 spouse or former spouse who is the alternate payee under a qualified domestic relations order, as  
15 defined in ~~((Section 414(p) of the Internal Revenue Code))~~ Code § 414(p), are distributees with  
16 regard to the interest of the spouse or former spouse.

17 ~~((c.))~~ 3. "Eligible retirement plan" means an individual retirement account  
18 described in Code § 408(a), an individual retirement annuity described in Code § 408(b), an  
19 annuity plan described in Code § 403(a), a qualified trust described in Code § 401(a), an  
20 arrangement described in Code § 403(b), an eligible governmental deferred compensation plan  
21 described in Code § 457(b), or for distributions made after December 31, 2007, a Roth IRA  
22 described in Code § 408A(b).

1                    ~~((d.))~~ 4. “Eligible rollover distribution” means any distribution of all or any  
2 portion of the member’s benefits under this chapter, except: (a) any distribution which is one of a  
3 series of substantially equal periodic payments (not less frequently than annually) made for the  
4 life (or life expectancy) of the member or the joint lives (or joint life expectancies) of the  
5 member and the member’s Designated Beneficiary, or for a specified period of ten years or  
6 more; (b) any distribution to the extent required under Code § 401(a)(9); (c) the portion of any  
7 distribution which is not includible in gross income; (d) any hardship distribution; (e) a  
8 corrective distribution; (f) a deemed distribution resulting from a defaulted member loan which  
9 is not also an offset distribution; (g) any other distributions described in Treas. Reg. § 1.402(c)-2;  
10 and (h) as to a direct rollover, any distributions during that calendar year that are reasonably  
11 expected to total less than \$200.

12                    ~~((e.))~~ 5. “Individual retirement plan” means an individual retirement account  
13 (“IRA”) described in Code § 408(a) or an individual retirement annuity described in Code  
14 § 408(b), and, as the context requires, includes a Roth IRA or a Roth individual retirement  
15 annuity.

16                    ~~((3.))~~ C. ~~((Non-Spouse-Designated Beneficiary Direct Rollover))~~ Non-spouse designated  
17 beneficiary direct rollover. For distributions made after December 31, 2006, a non-spouse  
18 designated beneficiary (including a trust which qualifies as a designated beneficiary), may, by  
19 direct rollover, roll over an eligible rollover distribution to an eligible retirement plan; provided  
20 that for this purpose, an eligible retirement plan is an individual retirement plan that the non-  
21 spouse designated beneficiary establishes for purposes of receiving the distribution and which is  
22 treated as an inherited IRA under Code § 408(d)(3)(C). If a ~~((non-Spouse-Designated~~

1 ~~Beneficiary~~) non-spouse designated beneficiary receives a distribution from the ~~((Plan))~~ plan,  
2 the distribution is not eligible for a 60-day rollover.

3 ~~((4.))~~ D. Certain ~~((Requirements Not Applicable Before))~~ requirements not applicable  
4 before 2010. Although a ~~((non-Spouse Designated Beneficiary))~~ non-spouse designated  
5 beneficiary may roll over directly a distribution as provided in this ~~((section))~~ Section 4.36.670,  
6 any distribution made prior to January 1, 2010, is not subject to the ~~((Direct Rollover))~~ direct  
7 rollover requirements of Code § 401(a)(31) (including Code § 401(a)(31)(B)), the notice  
8 requirements of Code § 402(f), or the mandatory withholding requirements of Code § 3405(c).

9 ~~((5.))~~ E. Effective January 1, 2006, in the event of a mandatory lump sum distribution in  
10 an amount greater than \$1,000, if the participant does not elect to have such distribution paid  
11 directly to an eligible retirement plan specified by the participant in a direct rollover or to receive  
12 the distribution directly, then such distribution shall be paid in a direct rollover to an individual  
13 retirement plan designated by the Board.

14 Section 48. Section 4.36.675 of the Seattle Municipal Code, last amended by Ordinance  
15 124574, is amended as follows:

16 **4.36.675 Discontinuance of membership of terminally ill member**

17 A. Authority. The Board of Administration may in its discretion authorize an employee to  
18 discontinue ~~((his or her))~~ the employee's membership in the City Employee's Retirement System  
19 and it may refund all ~~((contribution))~~ contributions that the employee has made, together with  
20 interest thereon, if the employee makes written application therefor and all the conditions in  
21 subsection 4.36.675.B ~~((of this section))~~ are met.

22 B. Conditions and ~~((Application))~~ application. The member's application shall be  
23 accompanied by the following documents:

1                   1. Competent medical evidence that the member is suffering from a terminal  
2 illness or condition, that is, a disease or infirmity which will most probably cause ~~((his or her))~~  
3 death within two years, and the member's prospects of recovery or a longer life span are low;

4                   2. The member's acknowledgment that, by discontinuing ~~((his or her))~~  
5 membership in the system, ~~((he or she))~~ the member will become ineligible for all retirement  
6 benefits under the system; for death benefits under Sections 4.36.690 ~~((—))~~ through 4.36.695;  
7 and for reentry into the system under Section 4.36.567 for one year, and then may reenter only  
8 with consent of the Board; that, if the member has a spouse or domestic partner, discontinuing  
9 membership will render ~~((his or her))~~ the member's spouse or domestic partner ineligible for  
10 spousal or domestic partner benefits upon a member's death or disability; and that refund of ~~((his~~  
11 ~~or her))~~ the member's contributions may result in withholdings, taxes, and penalties under the  
12 Internal Revenue Code; and

13                   3. If the member is married, a signed written consent of the member's spouse to  
14 ~~((his or her))~~ the member's discontinuance of membership and withdrawal of contributions,  
15 including an acknowledgment that discontinuing the employee's membership may forgo spousal  
16 benefits in event of the employee's death.

17                   C. Examination. The Board may require an applicant to undergo a physical examination  
18 by a physician selected by the Board and/or require the applicant to permit verification of ~~((his or~~  
19 ~~her))~~ the applicant's medical condition by allowing an examination of the applicant's medical  
20 records or an interview with ~~((his or her))~~ the applicant's doctor or caregiver.

21                   D. ~~((Reentry/Redeposit))~~ Reentry/redeposit. After the lapse of one year, the Board of  
22 Administration may in its discretion allow a member who has discontinued membership and  
23 recovers from ~~((his or her))~~ terminal illness to reenter the City Employee's Retirement System. If

1 the member's application is granted, the member upon commencement of making contributions  
2 to the retirement fund shall accrue service credit from the date of ~~((his or her))~~ reentry into the  
3 system, provided, that if the member's application for reentry occurs within three years after the  
4 date of the member's discontinuance of ~~((his or her))~~ membership, the Board may allow the  
5 member to make redeposit into the retirement fund of ~~((his or her))~~ the member's withdrawn  
6 contributions plus interest in the manner contemplated by Section 4.36.567, and, upon  
7 completing all such payments, thereby acquire creditable service for the earlier period.

8 E. Discretionary ~~((Determination))~~ determination. This ~~((section))~~ Section 4.36.675  
9 confers enabling authority on the Board to be exercised in extraordinary circumstances and it  
10 imposes no duty upon the Board to grant any particular application. The Board's decision upon  
11 an application shall be final.

12 Section 49. Section 4.36.680 of the Seattle Municipal Code, last amended by Ordinance  
13 124574, is amended as follows:

14 **4.36.680 Distribution of benefits upon death of a member**

15 A. Distribution of benefits upon the death of a member who has been retired for service.  
16 See Section 4.36.610.

17 B. Distribution of benefits upon the death of a member ~~((who has not been retired or))~~  
18 who has been retired for disability. ~~((The terms of this subsection apply upon the death of a~~  
19 ~~member who has been retired for disability with the exception of the requirement that such~~  
20 ~~member's surviving spouse waive in writing all rights to benefits under Subsection 4.36.680.C.~~

21 ~~Upon the death of any member who has not been retired or who has been retired for~~  
22 ~~disability, such member's accumulated contributions less any payments therefrom already made~~  
23 ~~to such member shall be paid to such member's surviving spouse or domestic partner, or if the~~

1 ~~deceased member does not have a surviving spouse or domestic partner, or if the surviving~~  
2 ~~spouse prior to the death of such member consented in writing to the naming as hereafter~~  
3 ~~provided of a different beneficiary or beneficiaries and waived in writing all rights to benefits~~  
4 ~~under subsection 4.36.680.C, then to such member's estate, or to such person or persons as such~~  
5 ~~member shall have nominated by written designation duly executed and filed with the Board.~~  
6 ~~Such payment may be made in one lump sum or may be paid in installments over a period of not~~  
7 ~~to exceed five years, as may be designated by the member or his beneficiary, with such rate of~~  
8 ~~interest as may be determined by the Board.)) See Section 4.36.650.~~

9 C. Distribution of benefits upon the death of a member who has not been retired.

10 1. Upon the death of any member who has not been retired, such member's  
11 accumulated contributions less any payments therefrom already made to such member shall be  
12 paid to such member's surviving spouse or domestic partner; or if the deceased member does not  
13 have a surviving spouse or domestic partner, or if the surviving spouse prior to the death of such  
14 member consented in writing to the naming as hereafter provided of a different beneficiary or  
15 beneficiaries and waived in writing all rights to benefits under this subsection 4.36.680.C, then to  
16 such member's estate, or to such person or persons as the member shall have nominated by  
17 written designation duly executed and filed with the Board.

18 ~~((1.))~~ 2. Any surviving spouse or domestic partner, of a member not retired but  
19 having at the date of death at least ten years of creditable service as defined in this ~~((chapter))~~  
20 Chapter 4.36, who is entitled to receive such deceased member's accumulated contributions as  
21 provided in this subsection ~~((4.36.680.B))~~ 4.36.680.C, may elect to receive, ~~((and thereupon shall~~  
22 ~~be paid))~~ in lieu of applicable benefits under subsection ~~((4.36.680.B))~~ 4.36.680.C.1, a benefit  
23 the equivalent of a survivor's "Option E" retirement ~~((allowance))~~ benefit based on the amount

1 payable if the member would have been eligible for this benefit based on age and years of  
2 creditable service at death. The spouse or domestic partner may, however, elect to receive in lieu  
3 of either the above retirement ((allowance)) benefit or the benefits under subsection  
4 ((4.36.680.B)) 4.36.680.C.1, a ((lesser)) reduced monthly retirement ((allowance)) benefit to  
5 cease at such spouse's or domestic partner's death and in addition a cash payment not to exceed  
6 1/2 of the deceased member's accumulated normal contributions. ((However, such withdrawal  
7 shall not serve to reduce such lesser retirement allowance except by the amount of annuity which  
8 such withdrawal would have purchased.)) Such cash payment shall reduce the survivor's  
9 monthly benefit by the actuarial equivalent value of such payment.

10 ~~((2. If there is no surviving spouse or domestic partner at the time of death of a~~  
11 ~~member not retired, but having at least ten years of creditable service as defined in this chapter,~~  
12 ~~and such member has surviving one or more children under the age of 18 years, and if such child~~  
13 ~~or children are named as beneficiary or if the contributions of the deceased member are payable~~  
14 ~~to such member's estate under the provisions of subsection 4.36.270.B, then the legal guardian of~~  
15 ~~such child or children may elect for such child or children a monthly benefit as hereinafter~~  
16 ~~provided, which monthly benefit shall be paid in lieu of the benefits payable under subsection~~  
17 ~~4.36.680.B. Such monthly benefits shall be equal to the monthly benefit which would have been~~  
18 ~~paid to the last spouse of such deceased member if such last spouse had been living and married~~  
19 ~~to the deceased member at the time of his death and was otherwise eligible for and elected to~~  
20 ~~receive the benefits provided in subsection 4.36.680.C equivalent to a survivor's "Option B"~~  
21 ~~retirement allowance without a cash payment of a portion of the deceased member's~~  
22 ~~accumulated normal contributions. The guardian may, however, elect to receive in lieu of either~~  
23 ~~the above benefits or the benefits under subsection 4.36.680.B, a lesser retirement allowance~~

1 ~~which will continue until such child or children reach the age of 18 years and in addition a cash~~  
2 ~~payment not to exceed ½ of the deceased member's accumulated normal contributions.~~

3 ~~However, such withdrawal shall not serve to reduce such lesser allowance except by the amount~~  
4 ~~of annuity which such withdrawal would have purchased. All benefits payable under this~~  
5 ~~subsection shall be paid to the legal guardian of such child or children under the age of 18 years~~  
6 ~~until all of such children have reached the age of 18 years, and shall be for the benefit of such~~  
7 ~~minor children.))~~

8 ((3.)) 2. The amount paid to a member's estate, beneficiary, or surviving spouse  
9 or domestic partner may be reduced by payments made to an alternate payee under a court or  
10 department order as contemplated by Section 4.36.630.

11 ((4.)) 3. If the member's estate is not being probated, the Board, in its discretion,  
12 may as an alternative to making payment to ((his or her)) the estate ((,)) authorize payment to an  
13 heir who would inherit if the estate were probated, such as a surviving spouse named under a  
14 community property agreement or in the member's will.

15 Section 50. Section 4.36.690 of the Seattle Municipal Code, last amended by Ordinance  
16 124574, is amended as follows:

17 **4.36.690 Death benefits—Payment**

18 A. Upon proof of the death of a member of the retirement system who has paid all death  
19 benefit assessments as hereinafter provided, the sum of \$2,000 as a death benefit shall be paid to  
20 such member's surviving spouse or domestic partner; or if such deceased member does not have  
21 a surviving spouse or domestic partner, or if the surviving spouse prior to the death of such  
22 member consented in writing to the naming as hereinafter provided of a different beneficiary or  
23 beneficiaries, then to such member's estate or to such person or persons as such member shall

1 have nominated by written designation duly executed and filed with the Board. If the member's  
2 estate is not being probated, the Board, in its discretion, may as an alternative to making payment  
3 to ~~((his or her))~~ the member's estate ~~((;))~~ authorize payment to an heir who would inherit if the  
4 estate were probated, such as a surviving spouse named under a community property agreement  
5 or in the member's will.

6 B. Any member of the retirement system may elect to continue ~~((in the))~~ eligibility for a  
7 death benefit ~~((system and pay))~~ by paying the death benefit assessments: provided, that such  
8 payment shall not be required of a member retiring for disability ~~((until age 60, whereupon such~~  
9 ~~member shall be required to pay all death benefit assessments thereafter accruing if he or she~~  
10 ~~desires to continue in the death benefit system))~~. Upon proof of the death of such member, the  
11 payment shall be \$2,000.

12 Section 52. Section 4.36.695 of the Seattle Municipal Code, last amended by Ordinance  
13 124574, is amended as follows:

14 **4.36.695 Death benefits—Specifications**

15 A. All moneys paid into or out of the retirement fund on account of ~~((the))~~ death benefit  
16 ~~((system))~~ shall be accounted for by double entry separately in the records of the retirement  
17 system in such a manner as to reveal currently the amount of money held for payment of death  
18 benefits.

19 B. Death benefit assessments shall become due and payable January ~~((1st))~~ 1 of each year  
20 and collectible by payroll deduction or otherwise as directed by the Board. In order to insure  
21 coverage of members laid off or on leave of absence or on family or medical leave under Chapter  
22 4.26, the Board is authorized to transfer amounts necessary to pay assessments due from such  
23 members from their normal contributions as temporary loans to be repaid by such members on

1 return to City service. Death benefit assessments shall be in such amount as shall be determined  
2 by the Board but shall not exceed the sum of \$12 in any calendar year.

3 C. An employee becoming a member of the system during the year shall pay the death  
4 benefit assessment fixed for that year if such membership is effective prior to October ~~((1st))~~ 1,  
5 which assessment shall be collectible by payroll deduction when the first normal contribution is  
6 made. Employees becoming members in October, November, ~~((and))~~ or December shall pay  
7 only 1/2 of that annual assessment.

8 D. The City shall match all death benefit assessments collected from members and such  
9 matching payments shall become due and payable immediately following determination of the  
10 amount necessary, and should ~~((the))~~ death benefit ~~((system))~~ amount require payments by the  
11 City of more than the amount necessary to match an assessment of not to exceed \$12, as  
12 determined by the Board on advice of its actuary, the same may be made from undivided  
13 earnings of the City and the ~~((employee))~~ member in the retirement fund is not otherwise  
14 obligated. All payments by the City shall be due and payable annually on January ~~((1st))~~ 1.  
15 Assessments collected from retired members shall be matched by funds from departments from  
16 which such members retired.

17 E. Membership ~~((in the))~~ eligibility regarding death ~~((benefit system))~~ benefits shall  
18 terminate when any member resigns, quits, or is discharged and no refund of any portion of death  
19 benefit assessments shall be made by reason thereof. Should the Board determine that a member  
20 of the retirement system not in City service was maintaining membership for the sole purpose of  
21 possibly receiving retirement benefits in the future, the Board shall deny ~~((participation in the))~~  
22 death ~~((benefit system))~~ benefits to such member.

1 F. The Board of Administration shall make all rules and regulations necessary to  
2 supplement the death benefit provisions of this ((chapter)) Chapter 4.36.

3 Section 52. Section 4.36.705 of the Seattle Municipal Code, last amended by Ordinance  
4 124574, is amended as follows:

5 **4.36.705 Trust fund**

6 A. The retirement fund shall be a trust fund for the exclusive benefit of the members of  
7 the City Employees' Retirement System and their beneficiaries. No part of the corpus or income  
8 of the retirement fund shall be used for, or diverted to, purposes other than for the exclusive  
9 benefit of the members of the system or their beneficiaries and the payment of fees and expenses  
10 of maintaining and administering the system.

11 B. This ((section)) Section 4.36.705 shall be interpreted to allow the following:

12 1. A return of a contribution to the City within one year after the payment of the  
13 contribution or, alternatively, its application as a credit on future contributions, after the Board  
14 determines that the City has paid or overpaid the contribution under a mistake of fact, excluding,  
15 however, any interest earnings on such mistaken contributions and deducting any losses;

16 2. The making of refunds required by law; and

17 3. Termination of the retirement system and distribution of its assets after all  
18 liabilities with respect to the members of the retirement system and their beneficiaries have been  
19 satisfied.

20 C. The Board in its discretion may authorize trust-to-trust transfers of assets from the  
21 retirement fund to another retirement trust fund to the extent the Board determines that  
22 contributions received by the retirement fund should be credited to another retirement trust fund.

1 Section 53. Section 4.36.710 of the Seattle Municipal Code, last amended by Ordinance  
2 124574, is amended as follows:

3 **4.36.710 Status of benefits in event of termination of system**

4 If the City terminates or partially terminates the retirement system, members shall have a  
5 nonforfeitable right to benefits accrued prior to the date of such termination or partial  
6 terminations to the extent funded as of that date, or the amounts credited to the employees'  
7 accounts. As used in this ~~((section))~~ Section 4.36.710, "terminate" means to discontinue the  
8 system completely without a comparable replacement plan; "partially terminate" means to  
9 exclude a segment of employees from coverage without the provision of a comparable  
10 replacement; and "nonforfeitable" means that a member's or beneficiary's right to an immediate  
11 or deferred benefit that arises from the member's City service is unconditional and legally  
12 enforceable against the retirement system to the extent then accrued, except that rights to a  
13 benefit based upon the City's contribution and completion of a minimum term of City service  
14 may be lost by death of the member before the term has expired.

15 Section 54. Section 4.36.715 of the Seattle Municipal Code, last amended by Ordinance  
16 124574, is amended as follows:

17 **4.36.715 Compliance with Internal Revenue Code**

18 A. In ~~((General))~~ general. This ~~((chapter))~~ Chapter 4.36 shall be administered in a manner  
19 to comply with the applicable requirements of 26 U.S.C. ~~((Section))~~ § 401(a), and the Board is  
20 authorized to promulgate rules as it deems necessary to effectuate such compliance.

21 B. Compliance with Code § 401(a)(2) – Exclusive ~~((Benefit))~~ benefit. See Section  
22 4.36.705.

1 C. Compliance with Code § 401(a)(9) – ~~((Required Minimum Distributions))~~ required  
2 minimum distributions

3 1. The requirements of this ~~((section))~~ Section 4.36.715 will take precedence over  
4 any inconsistent provisions of this ~~((chapter))~~ Chapter 4.36.

5 2. All benefits and distributions required under this ~~((section))~~ Section 4.36.715  
6 will be determined and paid in accordance with a reasonable and good faith interpretation of the  
7 requirements of Code § 401(a)(9) and the regulations thereunder, as applicable to a governmental  
8 plan within the meaning of Code § 414(d).

9 3. Distributions to a member and ~~((his or her))~~ the member's beneficiaries under  
10 this ~~((section))~~ Section 4.36.715 shall only be made in accordance with the incidental death  
11 benefit requirements of IRC § 401(a)(9)(G) and the Treasury Regulations thereunder.

12 4. The Board will begin distributions of a member's retirement benefits under this  
13 ~~((chapter))~~ Chapter 4.36 no later than the member's "required beginning date." A member's  
14 "required beginning date" is the later of the April ~~((1st))~~ 1 following the close of the calendar  
15 year in which the member leaves City employment or ~~((5))~~ the April ~~((1st))~~ 1 following the close  
16 of the calendar year in which the member attains the age of 70 1/2.

17 5. If the member dies before distributions begin, the member's retirement benefits  
18 must begin to be distributed, no later than as follows:

19 i. If the member's surviving spouse is the member's sole designated  
20 beneficiary, then distributions to the surviving spouse will begin by December 31 of the calendar  
21 year immediately following the calendar year in which the member died, or by December 31 of  
22 the calendar year in which the member would have attained age 70 1/2, if later.

1                   ii. If the member's surviving spouse is not the member's sole designated  
2 beneficiary, then distributions to the designated beneficiary will begin by December 31 of the  
3 calendar year immediately following the calendar year in which the member died.

4                   iii. If there is no designated beneficiary as of September 30 of the year  
5 following the year of the member's death, the member's entire interest will be distributed by  
6 December 31 of the calendar year containing the fifth anniversary of the member's death.

7                   iv. If the member's surviving spouse is the member's sole designated  
8 beneficiary and the surviving spouse dies after the member but before distributions to the  
9 surviving spouse begin, this ((subparagraph)) subsection 4.36.715.C.5.iv (rather than  
10 ((subparagraph)) subsection 4.36.715.C.5.i ((above))) will apply as if the surviving spouse were  
11 the member. For purposes of this subsection 4.36.715.C.5, unless this ((subparagraph))  
12 subsection 4.36.715.C.5.iv applies, distributions are considered to begin on the member's  
13 required beginning date. If this ((subparagraph)) subsection 4.36.715.C.5.iv applies, distributions  
14 are considered to begin on the date distributions are required to begin to the surviving spouse  
15 under ((subparagraph)) subsection 4.36.715.C.5.i ((above)). If distributions under an annuity  
16 purchased from an insurance company irrevocably commence to the member before the  
17 member's required beginning date or to the member's surviving spouse before the date  
18 distributions are required to begin to the surviving spouse, the date distributions are considered  
19 to begin is the date distributions actually commence.

20                   If the member's interest is distributed in the form of an annuity purchased from an  
21 insurance company, distributions thereunder will be made in accordance with the requirements  
22 of Code § 401(a)(9) and the Treasury Regulations thereunder.

1 D. Compliance with Code § 401(a)(17) – Compensation (~~(Limit)~~) limit. The  
2 compensation limit is addressed under the definition of “Compensation” in Section 4.36.040.

3 E. Compliance with Code § 401(a)(31) – Eligible (~~(Rollover Distributions)~~) rollover  
4 distributions. See Section 4.36.670.

5 F. Compliance with Code § 414(p) – Qualified Domestic Relations Orders (QDRO). The  
6 treatment of QDROs under this (~~(chapter)~~) Chapter 4.36 is described under Section 4.36.630.

7 G. Compliance with Code § 415. See subsection 4.36.640.A.

8 H. Compliance with the Uniformed Services Employment and Reemployment Rights Act  
9 of 1994 (USERRA) and the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART  
10 Act)

11 1. HEART Act Death Benefits. In the case of a death occurring on or after  
12 January 1, 2007, if a member dies while performing qualified military service (as defined in  
13 Code § 414(u)(5)), the member’s beneficiary is entitled to any additional benefits (other than  
14 benefit accruals relating to the period of qualified military service) provided under this  
15 (~~(chapter)~~) Chapter 4.36 as if the member had resumed employment and then terminated  
16 employment on account of death. Moreover, the member’s qualified military service will count  
17 as service for vesting purposes, as though the member had resumed employment under USERRA  
18 immediately prior to the member’s death.

19 2. Effective January 1, 2009, to the extent required by Code §§ 414(u)(12) and  
20 3401(h), any member receiving a differential wage payment (as defined under Code  
21 § 3401(h)(2)) from an employer will be treated as employed by that employer, and the  
22 differential wage payment will be treated as compensation for purposes of applying the limits on

1 annual additions under Code § 415(c). This provision shall be applied to all similarly situated  
2 individuals in a reasonably equivalent manner.

3 Section 55. Section 4.36.720 of the Seattle Municipal Code, last amended by Ordinance  
4 124574, is amended as follows:

5 **4.36.720 Administration of chapter—Construction—Severability**

6 A. The retirement plan created by this ((chapter)) Chapter 4.36 shall be administered  
7 so as to comply with the federal Internal Revenue Code, Title 26 U.S.C., where applicable, and  
8 specifically with plan qualification requirements imposed on governmental plans by Section  
9 401(a) of the Internal Revenue Code.

10 B. Any section or provision of this ((chapter)) Chapter 4.36 which may be  
11 susceptible to more than one construction shall be interpreted in favor of the construction most  
12 likely to satisfy requirements imposed on governmental plans by Section 401(a) of the Internal  
13 Revenue Code.

14 C. If any section or provision of this ((chapter)) Chapter 4.36 is found to be in  
15 conflict with the plan qualification requirements for governmental plans in Section 401(a) of the  
16 Internal Revenue Code, the conflicting part of this ((chapter)) Chapter 4.36 is hereby inoperative  
17 solely to the extent of the conflict, and such finding shall not affect the operation of the  
18 remainder of this ((chapter)) Chapter 4.36.

19 Section 56. Section 4.36.900 of the Seattle Municipal Code, last amended by Ordinance  
20 124574, is amended as follows:

21 **4.36.900 Outdated provisions**

22 The following provisions no longer apply to current or possible future members of the  
23 system, or involve benefits already conferred on existing members. These provisions remain in

1 effect only to the extent necessary to determine already conferred benefits and for purposes of  
2 compliance with requirements of the Internal Revenue Code. None of these provisions is  
3 effective with respect to current or future members of the retirement system as of ~~((the effective~~  
4 ~~date of this Ordinance, introduced as Council Bill 118199))~~ October 19, 2014. References to  
5 enacting and amending ordinances follow each provision.

9 part-time positions of less than twenty (20) hours per week, who have exceeded the hours in  
10 Section 4.36.103 A3 on the effective date of Ordinance 114592 shall have six (6) months  
11 thereafter to acquire service credit for prior service in such positions. This section and Section  
12 4.36.195 provide the exclusive methods for temporary, interim, intermittent, provisional workers  
13 or workers in part-time positions of less than twenty (20) hours per week over a one (1) year  
14 period to become members of the retirement system.”

2 "One year window for purchase of creditable service for initial six months of City service  
3 for employees hired during 1988 through 1998 period

4 1. During a window period of one (1) year, beginning on the effective date of  
5 this section, employees who were hired during the period 1988 through 1998 who have not  
6 purchased creditable service for the initial six (6) months of City employment may purchase said  
7 creditable service by paying the purchase price, as determined by the Board, into the retirement  
8 fund, or signing a creditable service purchase contract pursuant to Subsection 4.36.567 C and  
9 filing it with the Retirement Board. The creditable service may be purchased based on the  
10 following price formula:

11 Current City Employees

12 (current hourly rate) × (current member contribution rate) × (amount of hours to be  
13 purchased).

14 Former City Employees

15 (final hourly rate as determined by the Board and adjusted for inflation) × (contribution  
16 rate in effect for new members as of effective date of Section 4.36.570) × (amount of hours to be  
17 purchased).

18 2. Purchases by former city employees made pursuant to Subsection 4.36.900 F.1  
19 must be paid in full by lump sum payment by the end of the window period established in said  
20 subsection or the date of retirement, whichever occurs first.

21 3. City Matching Contributions under Subsection 4.36.900 F.1. As matching  
22 contributions pursuant to Subsection 4.36.540 A, each year the employing department shall pay  
23 into the retirement fund the matching amount equivalent to any member lump sum payment

1 made pursuant to this section or, if a member purchased pursuant to a contract under Subsection  
2 4.36.567 C, the member's current year buy back payments all as billed by the Retirement office."

3 (Ord. 121365 § 6, 2003; Ord. 120684 § 6, 2001.)

4 G. Subsection 4.36.196, which reads as follows:

5 "Special option for purchase of creditable service by employees of the Seattle  
6 Firefighter's Pension Fund hired prior to January 1, 2007.

7 1. An officer or employee of the Seattle Firefighter's Pension Fund who was  
8 hired as an employee or officer thereof on or before the effective date of this Ordinance and who  
9 thereafter becomes and continues his or her service as an employee of the City may elect to join  
10 the City's retirement system and contract to purchase credit for prior service performed for the  
11 Seattle Firefighter's Pension Board by completing and filing an election form with the Board,  
12 and paying the purchase price, as determined by the Board, into the retirement fund on or before  
13 thirty days after the effective date of this ordinance. The creditable service may be purchased  
14 based on the following price formula:

15 (hourly rate) × (current member contribution rate (8.03% × (amount of hours to be  
16 purchased) × (interest factor as calculated below).

17 Creditable service shall be based on the employee's or officer's actual hours and salary in  
18 the period of time going back no more that 10 years from the effective date of this ordinance.  
19 The interest factor applied to the purchase price will be determined by approximating the net  
20 investment returns of the retirement fund that occurred during the period of time that relates to  
21 the buyback, with a minimum interest factor no less than the actuarially assumed rate of  
22 investment return for the same periods. The purchase price shall be calculated using an  
23 annualized interest rate, compounded bi-weekly. Notwithstanding the above purchase price

1 interest factor, the amount credited to the individual member accounts will be calculated by  
2 applying an interest rate 5.75% to approximate what the creditable amount would have been had  
3 the individual been a contributing member of the retirement system all along. Only the amount  
4 credited to the individual member accounts will be included in any benefit calculation or any  
5 future withdrawal.

6           2. An officer or employee subject to this section who fails to exercise his or her  
7 option under this subsection on or before thirty days after the effective date of this ordinance,  
8 may not thereafter purchase such credit provided, however, that nothing in this section shall  
9 affect such an officer or employee's right to elect to join the retirement system or to purchase  
10 creditable service earned subsequent to the effective date of this ordinance or at any time  
11 thereafter in the manner provided under Section 4.36.525 E of the Seattle Municipal Code.

12           3. The Seattle Firefighter's Pension Fund shall pay into the retirement fund the  
13 matching amount equivalent to any member lump sum payment made pursuant to this Section."

14           (Ord. 122591, § 4, 2007.)

17 shall on January 1, 1971, be increased by Twenty Dollars (\$20) per month over the monthly  
18 benefit payable immediately prior to January 1, 1971, but no such pension of members retired for  
19 disability shall be less than One Hundred Forty Dollars (\$140) per month as of such date.

20 Nothing in this subsection shall affect the amount of any bonus dividend declared pursuant to  
21 Section 4.36.900 E. Such increases shall be paid from available retirement system funds or from  
22 contributions of the City; provided, that such increases shall not be applicable to persons retired  
23 for disability on and after September 1, 1970 and on and before December 31, 1970 who

1 pursuant to Ordinance 99271 select benefits applicable to persons who retire on and after January  
2 1, 1971.”

**Summary and background of the Legislation:**

Following the losses to the pension system investments in 2008, and the resulting increases in pension costs to the City, the City Council passed a Statement of Legislative Intent in 2010 that directed an interdepartmental team to explore alternative benefit options to offer new hires. That work resulted in a report that was delivered back to City Council in 2012 and provided detail on a number of options the City could pursue.

In the fall of 2014, the City built on this work by evaluating different options and ultimately designing a new defined benefit plan for new eligible employees that was presented to the labor unions in the summer of 2015. The labor unions have since agreed with this proposed new plan.

The new plan (Plan 2), which would be effective for new employees hired on or after January 1, 2017, is similar in many respects to the current pension system (Plan 1). Both are defined benefit plans where the member vests after five years. Both have the same options available for structuring the pension benefit members receive. There are changes to the maximum earned benefit for years of service (reduced from 2.00% to 1.75%), and the calculation period and method for final average salary (including increasing the period from 24 months to 60 months). The minimum benefit has been eliminated (removed the minimum annuity based on member contributions known as "2X Match"), while the cap on the maximum pension has also been eliminated, allowing long term employees to receive more than 60% of their final average salary if they have more than 34.3 years of eligible service. The new plan also reduces employee (from

10.03% to 7.00%) and employer (from 5.76% to 4.90%) contribution rates for the “normal cost” of the benefit, while the City remains responsible for covering the current “unfunded liability” and ensuring that retirement benefits will be paid for all SCERS members.

This legislation also makes a number of clarifications to the language of the City code that do not have material fiscal impacts on the system or the benefits members receive. The labor unions have all review this proposed ordinance and are comfortable with it.

Appropriations Notes: SCERS Plan 2 will not have significant, near-term impacts on appropriations. However, over the long-term as more SCERS Plan 2 members join the retirement system, the lower employer contribution rate will result in smaller appropriations than would have been required with only the original pension plan.

**4. OTHER IMPLICATIONS**

**a) Does the legislation have indirect or long-term financial impacts to the City of Seattle that are not reflected in the above?**

In addition to the long-term impact on appropriations mentioned above, the reduced employer contribution rate will give departments greater ability to fund direct services while still maintaining the City’s commitment to fund actuarially required contributions to the pension system.

**b) Is there financial cost or other impacts of not implementing the legislation?**

Not implementing this legislation would limit the City’s flexibility in dealing with future investment downturns and would put greater pressure on department budgets to continue funding direct services while still meeting the City’s commitments to fund the pension system.

**c) Does this legislation affect any departments besides the originating department?**

The legislation affects all SCERS members, who are employed across the City.

**d) Is a public hearing required for this legislation?**

**e) Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?**

No.

**f) Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**

No.

**g) Does this legislation affect a piece of property?**

No.

**h) Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**

The legislation affects all SCERS members and is not expected to have any disproportionate impact on vulnerable or historically disadvantaged communities.

- i) If this legislation includes a new initiative or a major programmatic expansion:  
What are the long-term and measurable goals of the program? Please describe how  
this legislation would help achieve the program's desired goals.**
