CITY OF SEATTLE

ORDINANCE 125620

COUNCIL BILL 119266

AN ORDINANCE relating to the safe storage of and access to firearms; adding a new Chapter 10.79 to the Seattle Municipal Code.

WHEREAS, gun violence is a public health and public safety crisis in the United States; and

WHEREAS, in 2016, the Centers for Disease Control and Prevention reported that the total number of firearm deaths for all ages was 38,658, and the total number firearm deaths for persons under 20 years old was 3,155; and

WHEREAS, in 2015, 714 Washington State residents died from a firearm injury, including 39 children under the age of 18; and

WHEREAS, 78 percent of firearm deaths in Washington State between 2010 and 2017 were due to suicide; and

WHEREAS, in 2015, a child or teen under the age of 17 was killed by gunfire in Washington State every nine days, on average; and

WHEREAS, crime statistics show guns play a significant role in many crimes against persons in Seattle, with crime reports indicating the involvement of a firearm in 66 percent of homicides, 17 percent of robbery incidents, and nine percent of aggravated assaults from 2015 through 2017; and

WHEREAS, the Seattle Police Department has taken 3,153 firearms into custody between 2015 and 2017 through the course of its regular duties; and

WHEREAS, according to the federal Bureau of Justice Statistics, an average of at least 232,000 guns were stolen per year from 2005 to 2010; and

1 WHEREAS, in the City of Seattle, guns are stolen from homes and cars, including at least 250
2 guns that were reported stolen in the City of Seattle in 2017; and

3 WHEREAS, an estimated 150,000 adults in King County reported keeping a firearm unlocked in
4 their homes in 2015; and

5 WHEREAS, Seattle and King County have long taken a public health approach to reducing gun
6 violence, including the “LOK-IT-UP” initiative, which informs the public about the
7 importance of safe storage and partners with firearm retailers to increase availability of
8 safe storage devices to their customers; and

9 WHEREAS, the Harborview Injury Prevention and Research Center and Seattle Children’s
10 Hospital have joined with Public Health—Seattle & King County and other community
11 partners to organize safe firearm storage giveaway events in Seattle and around
12 Washington State, and through such events have already given away 4,067 lock boxes to
13 the public, and anticipate continuing to organize such events; and

14 WHEREAS, across the nation, youth are organizing and leading the call for change to our gun
15 laws, including organizing the National School Walkout on March 14, 2018, and the
16 March for Our Lives on March 24, 2018, both of which were supported by The City of
17 Seattle and its residents; and

18 WHEREAS, a February 2018 Politico/Morning Consult poll found that 76 percent of registered
19 voters across America supported requiring that all gun owners store their guns in a safe
20 storage unit; and

21 WHEREAS, a study conducted at the Harborview Injury Prevention and Research Center found
22 that safe storage of guns decreased the risk of accidental firearm injuries and suicides to
23 youth by 73 percent; and

1 WHEREAS, available evidence, as compiled by the RAND Corporation, indicates that child
2 access prevention laws or safe storage laws reduce self-inflicted fatal or nonfatal firearm
3 injuries among youth and reduce unintentional firearm injuries or unintentional firearm
4 deaths among children; and

5 WHEREAS, requiring guns to be safely locked when not carried or in the control of a person in
6 no way violates an individual's Second Amendment rights or Washington State law; and

7 WHEREAS, this ordinance does not impose criminal penalties on any person for any act or
8 omission, and is not intended to regulate the registration, licensing, possession, purchase,
9 sale, acquisition, transfer, discharge, or transportation of firearms, or any other element
10 relating to firearms or parts thereof, including ammunition and reloader components; and

11 WHEREAS, a requirement of safe storage for firearms by The City of Seattle is an evidence-
12 based approach to addressing the public health and public safety crisis of gun violence
13 with a three-pronged impact of reducing stolen guns getting into the hands of criminals,
14 reducing accidental shootings by children, and reducing the risk of suicide; NOW,

15 THEREFORE,
