A RESOLUTION submitting a proposition to the qualified electors of the City, at the general election to be held on November 5, 2002, to amend Article XX, Sections 1 and 2, to modify the requirements for publishing notice of amendments to the City Charter proposed by the City Council or by the voters, to be consistent with state law; calling on the City Clerk to certify the proposed amendments to the Director of the Department of Records and Elections of King County and directing such Director to submit the proposition to City voters; and providing for the publication of such proposed amendments.

WHEREAS, Article XX, Sections 1 and 2 of the Seattle City Charter require that before an election to decide on a proposed amendment to the City Charter, the proposed amendment be published for at least thirty days in two daily newspapers; and

WHEREAS, current Washington state law (RCW 35.22.170) requires that proposed city charter amendments be published at least once each week for the four weeks immediately preceding the election in the newspaper of largest general circulation in the City; and

WHEREAS, publishing proposed Charter amendments every day for a month in each of two daily newspapers is costly and is not likely to be more effective than publication in accordance with applicable Washington state law as established by the State Legislature from time to time; and

WHEREAS, the full text of proposed Charter amendments is generally available electronically from home computers and for free at terminals in public libraries; and

WHEREAS, while Washington state law regarding the publication of proposed Charter amendments may change from time to time, the City will comply with the state law in effect at any given time; and

WHEREAS, modifying the City Charter to comport with state law would create uniformity between these two bodies of law, greater legal clarity, and would result in a reduction in publishing costs to the City of Seattle,

**NOW THEREFORE,**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE AS**

**CITY OF SEATTLE CHARTER AMENDMENT NO. \_\_\_\_\_**

**Publishing Charter Amendments**

The Seattle City Council has adopted Resolution --- concerning proposed amendments to Article XX of the Seattle City Charter. This measure would change the requirements for publishing notice of proposed Charter amendments. Whether proposed by the City Council or by the voters through petition, the full text of the proposed amendments would have to be published according to state law. State law presently calls for four weekly publications immediately prior to the election in the paper of largest circulation. The Charter currently requires publication in two daily newspapers for at least 30 days prior to the election.

Should the proposed Charter amendments be:

Approved ..... \_

Rejected ..... \_

Section 3. The City Clerk shall certify to the Director of the Department of Records and Elections of King County as Supervisor of Elections the charter amendments proposed herein in the form of a ballot title conforming to the foregoing statement of the same, with any alterations the City Attorney shall deem appropriate in carrying out his duties pursuant to RCW 29.27.066, and shall certify a copy of the proposed Charter amendment, and the same shall be published by the City Clerk in two daily newspapers in the city for at least thirty (30) days prior to such election as required by the City Charter, and as required by RCW 35.22.170.

Section 4. Should the voters approve both this proposition and the proposition being submitted at the same election to amend Article XX, Section 2, of the Seattle City Charter to modify the requirement for verification of signatures on citizen's initiatives and citizens' petitions to amend the Charter, then both the modifications made by that other proposition and the modifications made by this proposition shall be given effect.

**Subject:** Resolutions Proposing Charter Amendments

Attached to this memo you will find four (4) Resolutions that propose amendments to the City Charter, and the related fiscal notes. These Resolutions will be presented to the Full Council at its Regular Meeting on Tuesday, September 3, 2002, for Introduction and Adoption.

The concepts addressed in, and the reasons for, these charter amendments were presented to you and to each Councilmember earlier this year. It is desired that these charter amendments be placed on the November 5, 2002 ballot. The table below shows summaries of the proposed changes:

PROPOSED CHARTER CHANGES		
Article/Section	Proposed Change	Purpose
Art IV Subsection 13A	Allow publishing of summaries of ordinances passed as allowed by state law (instead of whole text, which is expensive to publish)	Cost saving
Art XX, Sections 1 & 2	Allow publishing of Charter amendments once a week for four weeks (as allowed in state law) instead of for 30 days in two newspapers as required by the Charter.	Cost saving
Art IV Subsection 1B	Modify the Charter's timeline for the Clerk to report to Council on the sufficiency of petition signatures for initiatives. The Charter gives 20 days from date of filing of the petition. The state gives the responsibility for verifying signatures to the County. The City cannot control the time the County takes. The change is to require the Clerk to report within 20 days of receiving the report from the County on the sufficiency of the signatures.	Replacing a responsibility that the City cannot fulfill with one the City can fulfill.
Art IV Subsection 1B and Art XX Section 2	Replace language that holds the Clerk responsible for verifying the sufficiency of petition signatures with language that acknowledges this duty is assigned by state law, (and is currently assigned to the County Auditor).	Correcting outdated assignment of responsibility.

**Fiscal Note**

Each piece of legislation that appropriates funds, creates position authority, or will create a financial impact through policy direction or otherwise, requires a fiscal note. The fiscal note should be drafted by department staff and should include all relevant financial information. After preparation by departmental staff, the Department of Finance will review and make necessary revisions before transmittal to Council.

**Summary of the Legislation:**

This measure would change the requirements for publishing notice of proposed Charter amendments to comport with state law. **Background** (Include brief description which states the purpose and context of legislation and include record of previous legislation and funding history, if applicable):

The Charter currently requires that Charter amendments must be published for 30 days in two daily newspapers. The entire Charter section being amended must be published, not just the sentence(s) being amended. In 1999, when 13 different Charter amendments were placed on the ballot, the cost to publish was \$200,000. State law requires that Charter amendments be published once each week for four weeks prior to the election. These amendments to Article XX, sections 1 and 2 require publishing "in accordance with state law." The Charter provisions are archaic, since citizens now have ready access to the full text of proposed amendments electronically via the internet. By using state law as the standard, the City can shift its practice when state law changes, without having to go to the expense of a Charter amendment. This change will also allow future Charter amendments at much less cost to the City.

**The financial cost of not implementing the legislation** (Estimate the costs to the City of not implementing the legislation, including estimated costs to maintain or expand an existing facility or the cost avoidance due to replacement of an existing facility, potential conflicts with regulatory requirements, or other potential costs if the legislation is not implemented):

If this change is not made, the City will incur very high publishing costs every time it is necessary to propose an amendment to the Charter. The publishing costs for the three Charter amendments being proposed this year will be about \$130,000. If the voters pass this change, the cost to publish these same proposals would be approximately \$30,000.

**Possible alternatives to the legislation which could achieve the same or similar objectives**  
 (Include any potential alternatives to the proposed legislation, including using an existing facility to fulfill the uses envisioned by the proposed project, adding components to or subtracting components from the total proposed project, contracting with an outside organization to provide the services the proposed project would fill, or other alternatives):

Continue with the status quo, publishing for 30 days rather than 4 days as permitted by state law.

**Is the legislation subject to public hearing requirements** (If yes, what public hearings have been held to date):

No

**Other Issues** (including long-term implications of the legislation):

**Background** (Include brief description that states the purpose and context of legislation, the expected useful life, anticipated customers/users, assumed level of LEED or other sustainable design elements. Also include record of previous legislation and funding history, if applicable):

## Article XX Charter Amendments

**Section 1. PROPOSED BY COUNCIL:** Any amendment or amendments to this Charter may be proposed in the City Council, and if the same be agreed to by a majority of all the members elected, such proposed amendment or amendments shall be entered upon the journal with the yeas and nays of the members voting thereon. Upon the passage of any such amendment or amendments, the same shall be submitted to electors of the City for their ratification at the next general state or municipal election, which shall be at least sixty days after the adoption of such proposed amendment in the council; and if at such election any such amendment shall be ratified by a majority of the qualified electors voting thereon, the same shall thereby become a part of this Charter, and within five days after such election shall be by the Mayor by proclamation published in the City official newspaper and proclaimed a part thereof. Provided, that if more than one amendment be submitted at the same general state or municipal election the same shall be submitted at such election in such manner that each proposed amendment may be voted on separately without prejudice to others, and provided further, that after the passage of such proposed amendments through the Council the same shall be published in accordance with state law by the City Clerk (in two daily newspapers published in said City for at least thirty days) prior to the day of submitting the same to the electors for their approval (as above provided).

## Section 2. PROPOSED BY VOTERS:

Whenever fifteen percent in number of the registered voters of the City voting at the last preceding election for the office of Mayor shall file with the City Council a petition for a specified Charter amendment, which shall be set forth in full in such petition, it shall be the duty of the City Council to submit said amendment to the voters of the City for their ratification or rejection at the next general municipal election occurring at least sixty days after the filing of such petition; such amendment shall be submitted in the manner provided by law for the submission of propositions to the voters of the City, provided that when such petition is filed with the City Council it shall be the duty of the City Clerk to examine and verify all signatures thereto from a comparison with the registration lists in his or her office and to report to the City Council his or her findings as to such petition. The Council shall provide by ordinance a penalty for affixing to any such petition any false signature. If at the general municipal election at which such amendment is submitted, a majority of the lawful voters voting thereon shall by their vote ratify any amendment so submitted, the same shall thereby become a part of the Charter and within five days after such election it shall, by proclamation of the Mayor, which shall be published in the city official newspaper, be so proclaimed, provided that if more than one amendment be petitioned for and submitted at the same election such amendments shall be submitted in such manner that the electors may vote for or against each amendment separately, and provided further, that after submission by the City Council, every such amendment shall be published by the City Clerk (in two daily newspapers published in said City for at least thirty days) in accordance with state law prior to such election and such other notice shall be given (as above provided) as may be required by state law for the submission of propositions to the voters of the City for their ratification or rejection.

The Resolution placing this proposed charter amendment on the ballot also provides as follows: "Should the voters approve both this proposition and the proposition being submitted at the same election to amend Article XX, Section 2, of the Seattle City Charter to modify the requirement for verification of signatures on citizens' initiatives and citizens' petitions to amend the Charter, then both the modifications made by that other proposition and the modifications made by this proposition shall be given effect."

## CITY OF SEATTLE CHARTER AMENDMENT NO. 3

### Time Period for Transmitting Initiative Petition and Signatures

#### Ballot Title

The Seattle City Council has adopted Resolution 30516 concerning a proposed amendment to City Charter Article IV, Subsection 1B. This measure would modify the Charter provision to require the City Clerk to report to the City Council concerning the sufficiency of initiative petition signatures at a regular meeting not more than 20 days after the Clerk receives verification of the sufficiency of such petition signatures from the officer responsible under state law for such verification. The Charter currently requires the City Clerk to so report within 20 days after the filing of the signed petition.

Should the proposed City of Seattle Charter Amendment be: Approved \_\_\_\_\_  
Rejected \_\_\_\_\_

#### Proposed Amendment

Subject to the approval of a proposition by a majority of the qualified electors casting votes thereon, Article IV, Subsection 1B of the Charter of the City of Seattle is amended as follows:

## ARTICLE IV. Legislative Department.

### Section 1.\*\*\*

#### B. INITIATIVE AND REFERENDUM; HOW EXERCISED; PETITIONS;

#### VERIFICATION OF SIGNATURES; COMPLETION OF PETITION, CONSIDERATION IN COUNCIL: The first power

reserved by the people is the initiative. It may be exercised on petition of a number of registered voters equal to not less than ten (10) percent of the total number of votes cast for the office of Mayor at the last preceding municipal election, proposing and asking for the enactment as an ordinance of a bill or measure, the full text of which shall be included in the petition. Prior to circulation for signatures, such petition shall be filed with the City Clerk in the form prescribed by ordinance, and by such officer assigned a serial number, dated, and approved or rejected as to form, and the petitioner so notified within five (5) days after such filing. Signed petitions shall be filed with the City Clerk within one hundred eighty (180) days after the date of approval of the form of such petitions. Upon such filing, the City Clerk shall cause the verification of the sufficiency of the signatures to the petition, and transmit it, together with his or her report thereon to the City Council at a regular meeting not more than twenty (20) days after the City Clerk has received verification of the sufficiency of such (signed) petition(s) signatures from the officer responsible for verification of the sufficiency of signatures under state law, and such transmission shall be the introduction of the initiative bill or measure in the City Council. If the Clerk shall find any petition, which, upon filing had a sufficient number of signatures, has (to-be) insufficient verified signatures, he or she shall notify the principal petitioner, and an additional twenty (20) days shall be allowed them in which to complete such petition to the required percentage. Consideration of such initiative petition shall take precedence over all other business before the City Council, except appropriation bills and emergency measures.

### Verifying Petition Signatures

#### Ballot Title

The Seattle City Council has adopted Resolution 30517 concerning proposed amendments to Seattle City Charter Articles IV and XX. This measure would change Charter provisions regarding the verification of the sufficiency of voter signatures on initiative petitions and City Charter-amendment petitions to make those provisions consistent with state law. The Charter currently imposes verification duties on the City Clerk. State law, however, presently calls for verification of such signatures by the County Auditor.
