Dear Ms. Gray,

On February 11, 2013, the Airport Planning staff made a presentation to King County International Airport Roundtable regarding the vacation of 15th Avenue South. The presentation included information contained in the City of Seattle's required Street Vacation Petition, as well as a discussion of the Fuel Farm relocation issues.

Following the presentation and discussion the KCIA Roundtable recommended vacating 15th Avenue South and proceeding with the Street Vacation Petition. This recommendation is also being forwarded to the Dow Constantine, County Executive, as the Street Vacation Petition will also require County action.

The Airport Roundtable was established by the King County Council to advise the King County International Airport. The Roundtable's 16 members represent the interests of adjacent and surrounding communities, airport tenants, labor, and the general public. The Roundtable also independently advises the King County Executive and King County Council on issues affecting the airport and communities.

We encourage the City to approve the 15th Avenue South Street Vacation Petition. Respectfully, submitted on behalf of the King County International Airport Roundtable.

Sincerely,

Richard Lentz, Chair
King County International Airport Roundtable
