Subject: Council Clerk File: Human Services Department (HSD) Navigation Team Q2 2020 Proviso Report

This report marks the first installment of 2020 proviso reporting on the Navigation Team and reflects Quarter 1 (Q1) data, which spans **January 1 - March 31, 2020**. The Navigation Team is responsible for addressing impacts of unmanaged encampments on City property while offering shelter and services to individuals encountered in the course of its work.

The Q1 timeframe included two unique circumstances, severe winter weather in January and the early stages of COVID-19 response in March. Both events found the Navigation Team on the front lines, providing critical services to people living unsheltered. The data in this report clearly shows the Navigation Team's continued impact during these challenges. **This report only captures March data relating to COVID-19** response and does not include data pertaining to the [95 new spaces at tiny house villages and enhanced shelter](#) that came online in April.

In January, the Human Services Department (HSD) put into action its severe winter weather response plan during a multi-day stretch of cold weather and storms. This action, in partnership with Seattle Parks and Recreation (SPR), created 450 additional emergency beds for people living unsheltered. During this event, the Navigation Team conducted 196 site visits, made over 550 contacts with people living unsheltered, transported 44 people to shelter and connected 77 individuals to emergency shelters.

With the local outbreak of COVID-19 at the beginning of March, the Navigation Team expanded its outreach focus by sharing public health information through flyers and one-on-one interactions and providing hygiene kits to unsheltered individuals. In March alone, the Navigation Team distributed 1,147 public health flyers and 1,000 hygiene kits. This outreach, which is ongoing, is done in parallel to work connecting unsheltered individuals to essential services and shelter.

Lastly, the team's outreach data regarding referrals to shelter is similar to non-profit outreach providers, with the Navigation Team referring 29% people they contact in the field to shelter. The City's contracted outreach programs achieve 28%. The team also continues to refine its analysis of shelter enrollments to better connect the team's outreach work to shelter programs—a standard no other outreach program is held to and is an incomplete analysis due to differing data sets and client privacy. A memo prepared by Council staff to HSD's previous report did not point out these important details. We agree it is critical to know who arrives at shelter after being contacted by the Navigation Team and we continue to improve that tool. However, no other outreach program funded by the City is measured in this way and therefore there are no reference points for comparison.

The Navigation Team remains one of the City's front-line responses during the COVID-19 crisis, providing services in the community 7-days per week and supports the HSD's Continuity of Operations Plan, which requires efforts to support people living unsheltered to continue during a crisis. This ongoing work underscores the urgency and importance of addressing public health concerns and connecting people living unsheltered to safe indoor shelter during this emergency.

Sincerely,

Jason Johnson

Report Summary

This report satisfies 2020 Seattle City Council Budget Action HOM-15-C-1 “Impose a Proviso on Navigation Team Appropriations in HSD.” This report contains the following items:

1. Reporting Requirements for Every Quarter:

- Performance Measures Reflected in the Updated Theory of Change. These metrics include: 1) connecting individuals living unsheltered to services, 2) connecting people to safer spaces, and 3) addressing hazardous and unsafe conditions stemming from, and found within, unmanaged encampments.
- Analysis of Emerging Trends
- Progress in Developing and Implementing a Racial Equity Toolkit
- Trainings and Workshops Attended by Navigation Team Members
- Upcoming Opportunities for Staff Development and Continual Improvement
- Qualitative Updates on New Shelter Resources and/or Notable Trends
- Navigation Team Meeting Summaries

2. Additional Requirements for the Quarter 2 Report:

- Discuss the Results of the Training Curriculum and Core Competencies Review

*Navigation Team System Navigators ask 100% of the individuals they engage about their self-identified needs

^This number reflects the number of engagements that System Navigators had with individuals in response to calls from Field Coordinators or SPD

~No Centralized Diversion Funds have been available since June 2019.

Q1 Trends

- The number of unduplicated contacts remained stable from Q4 2019 to Q1 2020 but the number of duplicated contacts in Q1 was close to 1000 less. This is likely due to the fact that REACH stopped reporting engagement data in early Q1¹ and capture of SPD engagements had not yet resumed.²
- The Navigation Team met significantly more requests for basic needs in Q1 2020 compared to Q4 2019. Basic needs are defined as granola bar/snack, water, and socks. The Navigation Team is exploring adding feminine hygiene supplies to its basic needs distribution.
- Shelter referral data slightly improved across Q4 2019 to Q1 2020.
- The Navigation Team supported significantly less CPT/Bikes obstruction work in Q1 2020 compared with Q4 2019.

Progress in Developing a Racial Equity Toolkit

- On January 30, the full Navigation Team met and reviewed 2019 racial equity service data. Individuals met in small groups to review and evaluate the data and brainstorm potential focus areas for the Racial Equity Toolkit.
- On March 3, the Toolkit workgroup, a subset of the larger Navigation Team, met to review the proposals generated from the large group meeting and recommend the top four potential focus areas.
- On March 17, the workgroup discussed the recommendations and settled on the topic of storage.
- On March 30, the group began brainstorming consumer and stakeholder engagement questions.

Trainings and Workshops Attended by Navigation Team Members in Q1 2020*

Name of Training	Training Hours	Attendees
OCR RSJI Implicit Bias-01	3 hours	1 Admin Spec
Citywide Commercial Card Purchase and Approval	40 minutes	1 Admin Spec 2 System Navigators
OCR RSJI Understanding Power	3 hours	1 Admin Spec
Business Ethics for Managers and Leaders	1 hour	1 Resource Coordinator
Nav App 2.0 - Site Mapping	2 hours	2 System Navigators 2 Field Coordinators
Whistleblower Protection Code Training	15 minutes	1 Field Coordinator

*SPD-specific trainings are not included in this report.

¹ In early 2020 HSD modified the REACH contract to create equity among outreach providers. This modification removed the requirement that REACH report engagement data to the Navigation Team.

² SPD did not enter engagement data from June 2019-Q1 2020. During this time HSD and SPD were refining outreach definitions and data collection requirements across roles. Capture of SPD engagement data resumed April 1 and will be reflected in Q2 data which will be reported in the Q3 report.

Upcoming Opportunities for Staff Development and Continual Improvement

Opportunities for staff development are currently on hold given the Navigation Team’s role in COVID-19 response efforts.

Qualitative Updates on New Shelter Resources

No permanent beds were added in Q1 2020. COVID-19 related shelter capacity was under development and added towards the end of Q1 and not reflected in this report.

Meeting Agendas, Attendees, and Minutes

The meetings in the table below meet the reporting requirement outlined in the Proviso.

Navigation Team Coordination Meetings	Purpose
Daily Dispatch	Review Operations Plan for the Day Prior to Arriving on Location
Weekly Outreach-Specific Dispatch	Create Operational Awareness for Outreach Providers in Advance of Operations and Case Consultation/Collaboration
Weekly Operations Planning	Operations Scheduling, and Resource Planning

Agendas and minutes captured for these meetings in Q1 2020 can be viewed via this City SharePoint link (note—these files are public record but for this report, only available via City digital platforms):

Reporting Requirement: *Discuss the results of the training curriculum and core competencies review (including trauma-informed care) that was due to be completed in third quarter of 2019, including:*

- a. List of identified competencies and training requirements, prior to completing the review, for each Navigation Team position;*
- b. Gaps or deficiencies identified in competencies or training;*
- c. How the core competencies or training requirements were changed to address the gaps or deficiencies; and*
- d. New list of core requirements and trainings by position (including requirements related to trauma-informed care and racial equity impacts).*

Response:

Training requirements for staff that work directly with individuals experiencing homelessness, and their direct supervisors, were included in this analysis. General Seattle Police Department trainings for officers were not included in the analysis or in the lists below. City of Seattle and Human Services Department-specific training requirements for all employees, including workplace expectations, and annual RSJI requirements were also not included.

In the tables below, a “No” in the *Gap Identified* column indicates that a regular training cadence exists for this competency. A “Yes” in the *Gap Identified* column, except where otherwise noted, indicates that training in this area has been intermittent to-date and a regular training cadence is being created to address this.

In reviewing training cadence and tracking a need was identified for a comprehensive tracking document as well as standardized guidance for supervisors on managing employee training records. The Navigation Team data analysts are working with supervisors on the development of a comprehensive tracking document and documentation processes.
