RE: Sufficiency of Signatures – City of Seattle Charter Amendment No. 29

Dear Ms. Martinez Simmons:

King County Elections has completed verification of the signatures submitted to our office for City of Seattle Charter Amendment No. 29.

Of the signatures that were compared against those on file with our office, it was determined that the required number of 33,060 were determined to be registered voters. Therefore, it is determined that the petition is sufficient. A certificate of sufficient is enclosed.

If you have any questions, please do not hesitate to contact me directly or my staff.

Sincerely,

Julie Wise
Director of Elections
