SUBJECT: PROPOSED CHANGES FOR CERTAIN REGULATORY LICENSE FEES

The enclosed ordinances propose changes in certain regulatory license fees.

The attached schedule, "Proposed New Regulatory License Fees", lists those certain regulatory licenses administered by the City, the last year the fee for the license was set, the present annual license fee, the proposed new fee, the number of licenses presently active, the amount of revenue that would accrue in 1993 if the fee were not changed, and the amount of revenue that would accrue to the City if the new fee were adopted.

It should be noted that the list contains only those regulatory licenses for which a fee change is proposed.

It should also be noted that the business license fee is not listed on the attached schedule although changes are being proposed for that fee. Proposed adjustments to the business license fee are contained in separate ordinances.

The proposed new fees were developed by adjusting the current fee by the amount of inflation, as measured by the Local Consumer Price Index, that has occurred since the fee was last set. The attached schedule notes the year the fee was last set.
