Ordinance No. 124750

Council Bill No. CB 118311

CB 118311
AN ORDINANCE relating to the Seattle Shoreline Master Program; amending the Seattle Comprehensive Plan provisions in the Shoreline District; amending Sections 23.60A.020, 23.60A.066, 23.60A.090, 23.60A.152, 23.60A.154, 23.60A.156, 23.60A.157, 23.60A.164, 23.60A.167, 23.60A.172, 23.60A.187, 23.60A.190, 23.60A.193, 23.60A.200, 23.60A.202, 23.60A.204, 23.60A.206, 23.60A.214, 23.60A.215, 23.60A.217, 23.60A.224, 23.60A.240, 23.60A.252, 23.60A.282, 23.60A.294, 23.60A.310, 23.60A.382, 23.60A.384, 23.60A.386, 23.60A.388, 23.60A.390, 23.60A.392, 23.60A.394, 23.60A.402, 23.60A.410, 23.60A.442, 23.60A.446, 23.60A.450, 23.60A.460, 23.60A.482, 23.60A.484,

Relate 23.60A.486, 23.60A.490, 23.60A.502, 23.60A.504, 23.60A.506, 23.60A.508, 23.60A.510, 23.60A.512, 23.60A.540, 23.60A.575, 23.60A.578, 23.60A.902, 23.60A.906, 23.60A.908, 23.60A.912, 23.60A.914, 23.60A.916, 23.60A.918, 23.60A.924, 23.60A.926, 23.60A.928, 23.60A.930, 23.60A.934, 23.60A.936, 23.60A.938, 23.60A.942, 23.60A.944, 23.60A.958, 23.60A.970, 23.72.006, 23.91.002 of the Shoreline Master Program Regulations of the SMC, adding new Sections 23.60A.155, 23.60A.159, 23.60A.203, 23.60A.383, 23.60A.483, 23.60A.503 and repealing Sections 23.60A.092 of the Shoreline Master Program Regulations; amending Section 25.09.020 of the environmentally critical areas regulations, and adding a new Section 25.09.016 to the environmentally critical areas regulations of the Seattle Municipal Code.

CITY OF SEATTLE

ORDINANCE 124750

COUNCIL BILL 118311

AN ORDINANCE relating to the Seattle Shoreline Master Program; amending the Seattle Comprehensive Plan provisions in the Shoreline District; amending Sections 23.60A.020, 23.60A.066, 23.60A.090, 23.60A.152, 23.60A.154, 23.60A.156, 23.60A.157, 23.60A.164, 23.60A.167, 23.60A.172, 23.60A.187, 23.60A.190, 23.60A.193, 23.60A.200, 23.60A.202, 23.60A.204, 23.60A.206, 23.60A.214, 23.60A.215, 23.60A.217, 23.60A.224, 23.60A.240, 23.60A.252, 23.60A.282, 23.60A.294, 23.60A.310, 23.60A.382, 23.60A.384, 23.60A.386, 23.60A.388, 23.60A.390, 23.60A.392, 23.60A.394, 23.60A.402, 23.60A.410, 23.60A.442, 23.60A.446, 23.60A.450, 23.60A.460, 23.60A.482, 23.60A.484, 23.60A.486, 23.60A.490, 23.60A.502, 23.60A.504, 23.60A.506, 23.60A.508, 23.60A.510, 23.60A.512, 23.60A.540, 23.60A.575, 23.60A.578, 23.60A.902, 23.60A.906, 23.60A.908, 23.60A.912, 23.60A.914, 23.60A.916, 23.60A.918, 23.60A.924, 23.60A.926, 23.60A.928, 23.60A.930, 23.60A.934, 23.60A.936, 23.60A.938, 23.60A.942, 23.60A.944, 23.60A.958, 23.60A.970, 23.72.006, 23.91.002 of the Shoreline Master Program Regulations of the SMC, adding new Sections 23.60A.155, 23.60A.159, 23.60A.203, 23.60A.383, 23.60A.483, 23.60A.503 and repealing Sections 23.60A.092 of the Shoreline Master Program Regulations; amending Section 25.09.020 of the environmentally critical areas regulations, and adding a new Section 25.09.016 to the environmentally critical areas regulations of the Seattle Municipal Code.

WHEREAS the State of Washington has mandated that all local jurisdictions update their Shoreline Master Programs pursuant to the Shoreline Management Act; and

WHEREAS the City Council adopted Ordinance 124105 to comply with the State mandate, subject to approval by the Washington State Department of Ecology (DOE); and

WHEREAS, on June 5, 2014, DOE identified recommended and required changes to the Shoreline Master Program as adopted in Ordinance 124105; and

WHEREAS, this ordinance includes all of the changes identified by DOE and additional changes proposed by the City; and

WHEREAS, in designating critical areas in the Shoreline District the City has considered the science and technical information described in Washington Administrative Code Section 173-26-201(2)(a); and

WHEREAS the proposed amendments further the City's interest in protecting the public health, safety, and welfare; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Seattle Comprehensive Plan, last amended by Ordinance 124458, is amended as follows:

C-4 Shorelines

* * *

shoreline protection and restoration

* * *

LU255 Avoid development in areas identified as special wildlife or priority saltwater or fresh water habitat unless no feasible alternative locations exist except for a water-dependent use or water-related use that has a functional requirement for a location over water and is located in saltwater habitat that is priority habitat solely due to its use by anadromous fish for migration, if the((~~and the new~~)) development((~~ is designed to~~)) mitigates impacts to achieve no net loss of ecological function.

* * *

LU258 Consider the Lower Duwamish Watershed Habitat Restoration Plan (Weiner, K.S. and Clark, J.A. 1996).((~~;~~)) the Port of Seattle Lower Duwamish River Habitat Restoration Plan, the Final Lower Duwamish River NRDA Restoration Plan and Programmatic Environmental Impact Statement, ((~~and~~))the WRIA 8 Chinook Salmon Conservation Plan and implementation documents, and WRIA 9 Salmon Habitat Plan and implementation documents when conducting planning, permitting, mitigation, and restoration activities within the Duwamish/Green River and Cedar River watersheds.

* * *

shoreline economic development

* * *

LU270 Identify and designate appropriate land for water-dependent business and industrial uses as follows:

1. Cargo Handling Facilities:

a. Reserve space in deep water areas with adequate vessel maneuvering areas to permit the Port of Seattle and other marine industries to remain competitive with other ports.

b. Work with the Port of Seattle to develop a long-range port plan in order to provide predictability for property owners and private industry in the Duwamish and in Elliott Bay.

2. Tug ((&))and Barge Facilities: Retain Seattle's role as the Gateway to Alaska and ensure ample area is designated for uses that serve Puget Sound and Pacific trade.

3. Shipbuilding, Boat Building, and((&)) Repairs: Maintain a critical mass of facilities in Seattle in order to meet the needs of the diverse fleets that visit or have a home port in Seattle, including fishing, transport, recreation, and military vessels.

4. Moorage: Meet the long-term and transient needs of ships and boats, including fishing, transport, recreation, and military. Support long-term moorage in sheltered areas close to services, and short-term moorage in more open areas. Support the efficient use of Fishermen's Terminal, Shilshole Bay Marina, and other public moorage facilities. Protect commercial and recreational moorage from displacement by encouraging the full use of submerged lands for recreational moorage in areas less suited for commercial moorage and less sensitive to environmental degradation. Require large recreational marinas to provide some commercial transient moorage as part of their facilities.

* * *

height in the shoreline district

LU319 The 35-foot height limit provided in the Shoreline Management Act shall be the standard for maximum height in the Seattle Shoreline District. Exceptions in the development

standards of a shoreline environment may be made consistent with the Act and with underlying zoning and special districts where:

1. a greater height will decrease the impact of the development on the ecological condition;

2. a greater height will not obstruct views from public trails and viewpoints;

3. a greater height will not obstruct shoreline views from a substantial number of residences((,)) on areas adjoining the "shorelines of the state" as defined in RCW 90.58.030(1)(g) that are in Seattle and will serve a beneficial public interest; or

4. greater height is necessary for bridges, or equipment of water-dependent or water-related uses, or manufacturing uses.

LU320 Heights lower than 35 feet:

1. shall be the standard for structures over water; and

2. where a reduced height is warranted because of the underlying residential zone; or

3. where a reduced height is warranted because public views or the views of a substantial number of residences on areas adjoining the "shorelines of the state" as defined in RCW 90.58.030(1)(g) that are in Seattle could be blocked.

* * *

Section 2. Section 23.60A.020 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.020 Permits and exemptions

* * *

C. Exemptions. The following substantial developments are exempt from obtaining a shoreline substantial development permit from the Director:

* * *

2. Construction of a "normal protective bulkhead" common to single-family residences. A "normal protective bulkhead" means those structural and nonstructural

developments installed at or near, and parallel to, the ((~~ordinary high water~~))OHW mark for the sole purpose of protecting an existing single-family residence and appurtenant structures from loss or damage by erosion. Construction of a normal protective bulkhead or repair is exempt if:

* * *

((~~17. Temporary development of four weeks or fewer if the development:~~

~~a. Does not remove any native vegetation;~~

~~b. Does not remove any trees greater than 6 inches DBH;~~

~~c. Does not include the erection of a permanent structure; and~~

~~d. Does not cause or contribute to permanent adverse impacts to ecological functions and mitigates any temporary adverse impacts to ecological function including impacts caused by overwater structures.~~))

((~~18~~))17. Development on that portion of land that is brought under shoreline jurisdiction due to a lawful shoreline restoration project creating a landward shift in the OHW mark, except when substantial development is proposed that would be partly on such land and partly on other land within the Shoreline District.

* * *

E. If a use is allowed, allowed as a special use, or allowed as a conditional use and either the use is limited to a maximum percentage of development or the use is required to be on a site containing a minimum percentage of another use, the permit issued shall identify the specific uses and gross floor areas of each use that is relied upon to meet the applicable use percentage requirements.

Section 3. Section 23.60A.066 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.066 Procedure and criteria for ((~~Optional Plan Shoreline Permits~~))determining feasible alternative locations

A. Optional Plan Shoreline Permits

1. If a utility service use, utility line, or sewage treatment plant is allowed in the Shoreline District after a determination that no ((~~reasonable~~))feasible alternative location exists, the applicant may request the determination whether such alternative exists be made as part of the project-specific permit application or as an independent shoreline permit decision prior to submission of an application for a project-specific shoreline permit for the development. This latter determination is called a "Plan Shoreline Permit" decision.

* * *

D. Criteria for Decision. The decision whether no feasible alternative location exists((~~as to the reasonableness of alternatives~~)) shall be based upon the Shoreline Policies in the Seattle Comprehensive Plan and upon the Shoreline Management Act, as amended, and a full consideration ((~~of the~~))shall be given to balancing environmental, social, and economic impacts on the community.

* * *

F. Project-specific shoreline substantial development permits relying on a Plan Shoreline Permit. An application for substantial development that is allowed in the Shoreline District after a determination that no ((~~reasonable~~))feasible alternative location ((~~alternative~~))exists and that relies upon a Plan Shoreline Permit may be approved if it complies with the provisions of this Chapter 23.60A, including mitigation sequencing, and is in substantial conformance with the Plan Shoreline Permit. Substantial conformance includes, but is not limited to, a determination that all of the following standards have been met:

* * *

Section 4. Section 23.60A.090 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Subchapter III: General Provisions

Part 1 Use Standards

23.60A.090 Identification of principal and accessory uses

A. In all shoreline environments all uses on waterfront lots are prohibited over water as a principal or accessory use unless the use is allowed or allowed as a special use, a shoreline conditional use, or a Council conditional use in the shoreline environment where the use is proposed and the use is:

1. Boat moorage, off-loading goods from boats, dry((-))docks, swimming platforms, uses on vessels authorized under Sections 23.60A.214 and 23.60A.215, or other use components that by their nature require an over water location to operate;

2. Railroad, rail transit, streets, bridges, and tunnels that reasonably need to cross water that is regulated in this Chapter 23.60A; ((~~or~~))

3. Floating home moorages, floating homes, house barges, and floating on-water residences authorized under Section 23.60A.202, 23.60A.204, and 23.60A.203; or

4. Allowed, allowed as a special use, allowed as a shoreline conditional use, or allowed as a Council conditional use as a use ((~~overwater~~))over water in the specific regulations for the type of use or for the shoreline environment.

* * *

Section 5. Section 23.60A.092 of the Seattle Municipal Code, as enacted by Ordinance 124105 and that currently reads as follows, is repealed:

((~~**23.60A.092 Temporary development, shoreline modifications and uses**~~

~~A. Development, shoreline modification limited to floats, and uses that will occur for four weeks or less may be exempt from obtaining a shoreline substantial development permit as provided in Section 23.60A.020; developments that are exempt shall comply with the Shoreline Management Act and the standards and provisions of this Chapter 23.60A.~~

~~B. Development or Uses for Up to Six Months~~

~~1. The Director may approve a permit for a development, shoreline modification or use for a time period of up to six months if the development, shoreline modification, or use~~

~~complies with the standards and provisions of this Chapter 23.60A, except as provided in subsection 23.60A.092.B.2, and the following standards:~~

~~a. Does not include the erection of a permanent structure;~~

~~b. Does not cause or contribute to permanent adverse impacts to ecological functions and mitigates any temporary adverse impacts to ecological function;~~

~~c. Does not remove or harm native vegetation; and~~

~~d. If new impervious surface is created, this surface is removed and planted with native vegetation at the end of the temporary use.~~

~~2. If no reasonable alternative exists, in approving a temporary development or use the Director may allow:~~

~~a. Views to be blocked;~~

~~b. Public access to be blocked for a period of up to three months; and~~

~~c. Development within the shoreline setback but farther than 15 feet from the OHW mark.~~

~~C. Temporary development, floats, or uses shall not interrupt any legally established permanent use of a property.~~))

Section 6. Section 23.60A.152 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.152 General development

* * *

I. All shoreline developments, shoreline modifications, and uses shall be located, designed, constructed, operated, and managed to: protect the quality and quantity of surface and ground water on and adjacent to the development lot by using best management practices as follows:

1. Keep all material on the property appropriately stored, and maintain all structures, machinery, and materials on the property to prevent the entry of debris and waste materials into any water body.

2. Pave((~~ing~~)) and/or berm((~~ing of~~)) drum storage areas, and control fugitive dust ((~~control~~))to prevent contamination of land or water((~~;~~)).

((~~2~~))3. Minimize((~~ing~~)) the ((~~amount of~~))impervious surface on the site, and use((~~utilizing~~)) permeable surfacing where practicable, except where other required state or federal permits prohibit such actions.

((~~3~~))4. Use((~~ing~~)) other control measures as appropriate, including((~~,~~)) but ((~~are~~))not limited to bioretention, rainwater harvesting, downspout dispersion, filters, catch basins, and planted buffers((~~ as appropriate~~)).

* * *

Section 7. Section 23.60A.154 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.154 Standards for archaeological and historic resources

A. Developments, shoreline modifications, and uses on any site((s)) having historic, cultural, scientific, or educational value((~~of historic or archeological significance or sites containing items of historic or archeological significance~~)), as defined by the Washington State Department of Archaeology and Historic Preservation and local tribes, shall reasonably avoid disruption of the historic, cultural, scientific, or educational((~~ or archeological~~)) resource.

B. Applications ((~~that include excavation~~))in areas documented by the Washington State Department of Archaeology and Historic Preservation to contain archaeological resources shall include a preliminary cultural resource evaluation or site inspection, and a written report prepared by a qualified professional archaeologist in compliance with Section 106 of the National Historic Preservation Act or State Executive Order 05-05, approved by the City, prior to the issuance of a permit. In addition, the archaeologist also shall provide copies of the draft

report to affected tribes and the Washington State Department of Archaeology and Historic Preservation. After consultation with these tribes and agencies, the archaeologist shall provide a final report that includes any recommendations from affected tribes and the Washington State Department of Archaeology and Historic Preservation on avoidance or mitigation of the proposed project's impacts. The Director shall condition project approval based on the final report from the archaeologist to avoid, minimize, and mitigate impacts to the site consistent with federal and state law.

C. If any archaeological resources are uncovered during the proposed work((~~excavation~~)), work shall be stopped immediately, and the applicant shall notify the City, affected tribes, and the Washington State Department of Archeology and Historic Preservation. The applicant shall submit a site inspection and evaluation report by a qualified professional archaeologist, approved by the City, that identifies all possible valuable archaeological data and makes recommendations on how to handle the data properly. When the report is prepared, the applicant shall notify affected tribes and the Washington State Department of Archaeology and Historic Preservation and provide them with copies of the report.

* * *

Section 8. A new Section 23.60A.155 is added to the Seattle Municipal Code as follows:

23.60A.155 Best management practices for over-water uses and structures

A. In addition to the provisions in Section 23.60A.152 and the standards set out in Subchapter III of this Chapter 23.60A, owners, operators, and tenants of floating homes, floating on-water residences, house barges, and vessels shall use best management practices to minimize impacts on the aquatic environment. The best management practices include, but are not limited to, the following:

1. If lawfully not connected to the City's waste-water disposal system, eliminate sewage discharge by:

a. holding sewage and conveying sewage discharge to an approved disposal facility using a pump out station, a pump out service, or other appropriate method, such as a port-a-potty or similar device, and disposing the sewage at a facility that is connected to the City's waste-water disposal system; or

b. directly connecting and discharging sewage to the City's waste-water disposal system;

2. Limit the amount of gray water produced by minimizing water use and by using on shore facilities to the fullest extent reasonable;

3. Dispose of garbage, food scraps, and other compostable material, waste material, and recyclables into the appropriate on-land receptacles;

4. Use non-toxic, phosphate-free, and biodegradable cleaners and other household products if they drain into the water from the interior of a vessel, house barge, floating on-water residence, floating home, or other structure;

5. Use non-hazardous and non-toxic products and material for outside areas and on the exterior of a vessel, house barge, floating on-water residence, floating home, or other structure to the fullest extent reasonable;

6. Use a double containment system or other method to collect any spills of hazardous and/or toxic products when using these products to prevent them from entering the water;

7. Do not leave hazardous or toxic material in open containers unattended in areas that can drain into the water;

8. Do not use herbicides, pesticides, or fertilizers, except as allowed in subsection 23.60A.190.J.2;

9. Use non-toxic building material for exterior areas to the fullest extent reasonable; see subsection 23.60A.152.K; and

10. Store all outside materials, such as chairs, barbeque grills, and potted plants, in a secure manner so that they do not enter the water because of wind or wave action.

B. The Director by Director's Rule may establish alternative best management practices to implement the requirements of Section 23.60A.155 or may add or clarify best management practices to minimize impacts on the aquatic environment based on the science and technical information described in WAC 173-26-201(2)(a) and consistent with RCW 90.58.270(5) and 90.58.270(6). The Director shall consult with the Floating Homes Association, Lake Union Liveaboard Association, and affected stakeholders concerning interpretation and enforcement of best management practices when adopting a rule.

Section 9. Section 23.60A.156 of the Seattle Municipal Code, was enacted by Ordinance 124447, is amended as follows:

23.60A.156 Standards for environmentally critical areas in the Shoreline District

A. All development, shoreline modifications, and uses shall protect environmentally critical areas located in the Shoreline District by complying with the standards and procedures in this Section 23.60A.156, in addition to the provisions of this Chapter 23.60A.

B. Applicable regulations((.))

1. Environmentally critical areas within the Shoreline District. Chapter 25.09, as set out in Ordinance 122050 and amended by Ordinances 122370, 122738, 124105,124447, and by this ordinance introduced as C.B. ((~~117913~~)) 118311, is incorporated by reference into this Chapter 23.60A ((~~with respect to the shorelines~~))and applies to environmentally critical areas within the Shoreline District. The designations, standards, and procedures in Chapter 25.09 are modified as set out in subsections 23.60A.156.C and 23.60A.156.E through 23.60A.156.O((~~N~~))for environmentally critical areas in the Shoreline District. If there are any conflicts between the standards and procedures in Chapter 25.09 incorporated into this Chapter 23.60A and other provisions of the Shoreline Master Program, the requirements most protective

of ecological functions apply, except when preempted by federal or state law or where this Shoreline Master Program expressly states that these regulations do not apply.

2. Environmentally critical areas that are outside the Shoreline District are regulated in Chapter 25.09.

C. ((~~Critical Areas are designated as set out in Section 25.09.020, as amended by this Ordinances and are located as set out in Section 25.09.030.~~))Environmentally critical areas designation and location

1. Environmentally critical areas within the Shoreline District are geologic hazard areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat areas, and abandoned landfills, all as designated in Section 25.09.020.

2. Environmentally critical areas are located as follows:

a. Areas designated in Section 25.09.020 are geographically located pursuant to Section 25.09.030, except for priority habitat areas and shoreline setbacks, which are geographically located pursuant to subsection 25.09.020.D.6 and Sections 23.60A.160 and 23.60A.167.

b. ((~~Identification of w~~))Wetlands and delineation of their boundaries pursuant to ((~~this~~)) Chapter 25.09 shall be done in accordance with the approved federal wetland delineation manual and applicable regional supplements in lieu of the "Washington State Wetlands Identification and Delineation Manual" as adopted by Ecology (Publication #96-94).

* * *

G. In applying the designation of flood-prone areas in subsection 25.09.020.B, areas of special flood hazard in Section 25.06.030 shall be determined using the Flood Insurance Rate Maps that accompany the Flood Insurance Study for King County, Washington and incorporated areas, dated May 16, 1995. ((~~Development standards for flood-prone areas. Development in flood-prone areas shall comply with the standards set out in Section 25.09.100.~~))

* * *

J. Development standards for fish and wildlife habitat areas

1. ((F))Riparian corridors. If access is allowed within the Shoreline District over a watercourse in a riparian corridor under subsection 25.09.200.A.2.a, the Director shall require mitigation of impacts to ecological function, including the associated hyporheic zone, pursuant to Section 23.60A.158.

2. Priority habitat areas and shoreline setbacks that are designated critical areas in subsection 25.09.020.D.6 are regulated as set out in Sections 23.60A.160 and 23.60A.167 and this Chapter 23.60A, the Shoreline Master Program, and not by Chapter 25.09, Environmentally Critical Areas. Other types of environmentally critical areas, such as geologic hazard areas and wetlands, that are located within priority habitat areas or within a shoreline setback that is designated a critical area are regulated by the standards applicable to that type of critical area under this Section 23.60A.156.

* * *

N. Vegetation management within environmentally critical areas shall comply with Section 23.60A.190, and Section 25.09.320 and subsection 25.090.060.L do((es)) not apply in the Shoreline District. In the Shoreline District critical area standards that require compliance with Section 25.09.320 or subsection 25.090.060.L shall be construed to require compliance with Section 23.60A.190.

* * *

Section 10. Section 23.60A.157 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.157 Essential ((P))public ((F))facilities

A. Uses, accessory uses, temporary uses, and shoreline modifications comprising essential public facilities defined in Section 23.84A.010 may be located in the Shoreline District in compliance with this Chapter 23.60A.

B. If a proposed essential public facility includes a use or shoreline modification that is prohibited in the shoreline environment where it is proposed, that use or shoreline modification is allowed if it is infeasible to locate it outside the Shoreline District. The use or shoreline modification shall comply with all applicable use and shoreline modification standards and with the development standards in this Chapter 23.60A, including standards in Section 23.60A.158 for mitigation sequencing, and shall mitigate all adverse impacts to water-dependent and water-related uses. If shoreline modification or use is nonwater-oriented, ecological restoration equivalent to the gross floor area of the new nonwater-oriented use shall be provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)).

* * *

Section 11. A new Section 23.60A.159 is added to the Seattle Municipal Code as follows:

23.60A.159 Standards for ecological restoration location and ecological mitigation location

A. Priority for the location of ecological restoration in relation to the action that is requiring the ecological restoration shall be in the following order:

1. Within the same geographic area as the action;
2. Within the same type of water (i.e. fresh water or marine water);
3. Within the City of Seattle;
4. Within the same watershed;
5. Within a different watershed.

B. Priority for the location of ecological mitigation in relation to the action that requires ecological mitigation for Step E of Mitigation Sequencing pursuant to Section 23.60A.158 shall be in the following order and the lower priority restoration location shall be allowed only if it benefits the same population of aquatic species that is negatively impacted and the higher priority location is infeasible:

1. At the development site;
2. Within the same geographic area as the action;

3. Within the same type of water (i.e. fresh water or marine water as the action);

4. Within the City of Seattle.

5. Within the same watershed.

Section 12. Section 23.60A.164 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.164 Standards for regulated public access

* * *

H. All regulated public access points shall be provided through an easement, covenant, or similar legal agreement recorded with the King County Recorder's Office, except for public access on publicly controlled land.

* * *

Section 13. Section 23.60A.167 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.167 Standards for shoreline setbacks

* * *

E. All development, shoreline modifications, and uses allowed in the shoreline setback shall address the following when applying mitigation sequencing, to the greatest extent applicable and reasonable for the allowed use:

* * *

6. When native vegetation is proposed to meet the requirements of subsection 23.60A.158.B.1.e (Step E), prioritize planting this vegetation as close to OHW as possible, and secondly adjacent to existing vegetation where possible without altering existing structures or established uses.

* * *

Section 14. Section 23.60A.172 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 4 Standards Applicable to Shoreline Modifications

23.60A.172 Applicable standards for shoreline modifications

A. All shoreline modifications are subject to the standards set out in Subchapter III of this Chapter 23.60A.

B. Any proposed shoreline modification located on state-owned aquatic lands must provide evidence of notification to DNR prior to obtaining authorization from the Director.

C. All shoreline modifications are prohibited except as allowed, allowed as a special use, or allowed as a shoreline conditional use in this Section 23.60A.172 and Table A for 23.60A.172. If Table A for 23.60A.172 lists a shoreline modification in association with a specific use or other shoreline modification, that use or shoreline modification must be allowed, allowed as a special use, or allowed as a shoreline conditional use in the shoreline environment for which the shoreline modification is proposed.

* * *

Section 15. Section 23.60A.187 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.187 Standards for piers and floats and overwater structures

* * *

B. Owners of piers and floats shall require moorage users at residential or non-residential moorage to use best management practices set out in Section 23.60A.155 to minimize impacts on the aquatic environment. The Director may establish appropriate best management practices to implement the requirements of this subsection 23.60A.187.B by Director's Rule.((~~The best management practices include the following:~~

~~1. Using on vessels non-toxic cleaners and other products that drain into the water;~~

~~2. Limiting the amount of gray water produced by minimizing water use;~~

~~3. Disposing of sewage at pump-out stations or through a pump-out service;~~

~~4. Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~

~~5. Storing all outside materials in a secure manner so that they do not enter the water because of wind or wave action;~~

~~6. Not using herbicides, pesticides or fertilizers; and~~

~~7. Using a double containment system when using products on the vessel to contain any spills in the second receptacle and prevent the products from entering the water.~~))

C. Piers and floats for residential development

* * *

9. Size and number of overwater structures

* * *

d. Over((-))water projections, boat lifts, and areas used for boat moorage shall be located no closer than 30 feet from the OHW mark unless located in an area where the water depth is at least 8 feet deep at the ordinary low water level((~~OHW mark~~)) in freshwater or mean lower low water (MLLW) in marine water((~~ or ordinary low water~~)).

e. Length of ((~~P~~))piers. Piers shall meet the following standards:

1) No pier shall extend waterward from the OHW mark more than to a point where the depth of the water at the end of the pier reaches 8 feet below the elevation of the ordinary low water level((~~OHW~~)) in freshwater or below MLLW in marine waters and no greater than 100 feet from the OHW mark in either fresh or salt water.

((~~2) If the water depth at 100 feet waterward from the OHW mark is less than 6 feet below the elevation of OHW in freshwater or below MLLW in marine water, then the maximum pier length shall be to a point where the water depth at the end of the pier is 6~~

~~feet below the elevation of OHW in freshwater or MLLW in marine water or 150 feet, whichever length is least.~~))

((~~3~~))2) No pier shall extend beyond the Outer Harbor or Pierhead Line, except in Lake Union where piers are not allowed to extend beyond the Construction Limit Line as shown upon the Official Land Use Map, Chapter 23.32, or except where authorized by this Chapter 23.60A and by DNR and the U.S. Army Corps of Engineers.

* * *

Section 16. Section 23.60A.190 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.190 Standards for vegetation and impervious surface management

* * *

D. Shoreline District landward of the OHW mark. Vegetation and impervious surface management activities are prohibited within the portion of the Shoreline District that is landward of the OHW mark, both within and outside the shoreline setback, except as follows or as otherwise provided in this Section 23.60A.190:

* * *

4. Permits authorizing development, shoreline modifications and uses may authorize disturbance areas and land clearing using mitigation sequencing set forth in Section 23.60A.158 and complying with the following standards:

a. Any surface disturbed or cleared of vegetation and not to be used for development shall be planted with native vegetation, except that pre-disturbance landscaped areas containing non-native vegetation located farther than 100 feet from the OHW((~~outside the shoreline setback~~)) may be re-landscaped using non-native, noninvasive vegetation;

* * *

H. Mitigation for vegetation alteration and increase in impervious surface. If vegetation is lawfully altered or removed other than as allowed in subsections 23.60A.190.D.1,

23.60A.190.E.1, and 23.60A.190.F.1 or if there is an increase in impervious surface that is required for work authorized pursuant to this Chapter 23.60A, adverse impacts to ecological functions shall be addressed as follows:

* * *

3. In applying mitigation sequencing the following actions are required to offset impacts of vegetation and impervious surface management, unless the applicant demonstrates the action is inapplicable, infeasible, or a different approach will be more effective in mitigating impacts.

* * *

f. Maintenance is required to ensure 80 percent survival of the new vegetation planted at the end of five years.

I. Vegetation monitoring is required for ((~~any~~))vegetation planted((~~ing~~)) within the Shoreline District that requires submittal of an application under this Section 23.60A.190 and for projects that required a shoreline substantial development permit or a building permit. If vegetation monitoring is required, a monitoring plan shall be submitted to the Department for approval, and the plan((~~The monitoring plans~~)) shall include:

1. Five years of monitoring that ensures ((~~eighty~~)) 80 percent survival of the new vegetation planted at the end of five years;

2. Annual inspections of the plants;

3. Replacement of failed plants;

4. Removal of exotic invasive species that may have become established; and

5. Photographic documentation of planting success.

J. Application of pesticides, herbicides, and fertilizers in the Shoreline District

1. Application of pesticides((~~,~~)) and herbicides is prohibited within the Shoreline District, ((~~and fertilizers farther than 50 feet from the OHW mark is allowed without submitting an application if best management practices, are followed, ~~))except as provided in subsection

((~~23.60A.190.J. 2~~))23.60A.190.J.2. The Director shall adopt a rule identifying best management practices including identifying pesticides, herbicides, and fertilizers that are prohibited due to impacts on ecological functions, using appropriate scientific and technical information as described in WAC 173-26-201(2)(a).

2. Application of pesticides and herbicides((~~fertilizers~~)) is prohibited in and over wetlands, riparian watercourses, and other water bodies and within ((~~50~~))200 feet of wetlands, riparian watercourses, and other water bodies and waterward of the OHW mark of riparian watercourses and other water bodies, except as provided in subsection 23.60A.190.C.2.b.4 or as allowed by the Director for the following circumstances and if the allowed pesticide or herbicide application is done by a licensed applicator:

a. The state or local Health Department recommends or directs their use to address a threat to public health;

b. A county, state, or federal agency with jurisdiction directs their use for control of a state listed noxious weed or plant pests covered by the Washington State Department of Agriculture plant pest program, and non-chemical alternatives have been evaluated;

c. If the Director determines the applicant has demonstrated that the use of pesticides will have no adverse impact to fish and wildlife. Such a determination may be in the form of concurring that the applicant has developed best management practices or an integrated pest management plan consistent with standards developed by the Director;

d. If the Director has determined that use of a pesticide to control invasive plants would have less overall adverse environmental impact than other control strategies; or

e. If the Director determines there is a serious threat to public safety, health, or the environment.

3. Application of synthetic fertilizers is prohibited within the Shoreline District. Application of organic fertilizers shall follow best management practices for use of fertilizers within 200 feet of water bodies, including limiting the use of fertilizers, hand mixing the

fertilizer with ingredients that do not dissolve quickly, and using composted dry grass clippings, leaves, and saw dust as fertilizer.

Section 17. Section 23.60A.193 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.193 Standards for agriculture

A. In shoreline environments where agriculture is allowed or allowed as a special use or a shoreline conditional use it shall comply with the standards for agriculture in this Section 23.60A.193.

B. Agricultural uses proposed on land not currently in agricultural use shall not remove native vegetation. ((~~; and~~))

C. Agricultural uses shall be sited in areas that result in the least disturbance to ecological functions.

Section 18. Section 23.60A.200 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.200 Standards for marinas, commercial and recreational

* * *

B. General standards. When new marinas are established or when substantial development occurs at an existing marina the following development standards apply:

1. Marina operators shall develop a best management practices (BMPs) document for marina tenants. This document shall, at a minimum, address the requirements of Section 23.60A.155 and subsection((~~s~~)) 23.60A.200.B.((~~2~~))3((~~ through B.5 of Section 23.60A.200~~)). Moorage agreements shall include the BMPs document and a section in the document that states that by signing the moorage agreement the tenant has read and agrees to comply with the BMPs.

2. ((~~Marina owners shall require owners and operators of vessels moored in recreational marinas or commercial marinas shall use BMPs to minimize impacts on the aquatic environment. The BMPs include the following:~~

~~a. Using non-toxic cleaners and other products used on vessels that drain into the water;~~

~~b. Limiting the amount of gray water produced by minimizing water use;~~

~~c. Disposing of sewage at pump-out stations or through a pump-out service;~~

~~d. Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~

~~e. Storing all outside materials in a secure manner so that they do not enter the water because of wind or wave action;~~

~~f. Not using herbicides, pesticides or fertilizers; and~~

~~g. Using a double containment system when using products on the vessel to contain any spills in the second receptacle and prevent the products from entering the water.~~

~~3.~~))Marinas shall be operated and managed in a manner to preserve water quality pursuant to Title 22, subchapter VIII, Stormwater Code, and to protect the public health. The Director shall adopt a rule establishing model BMPs based on Department of Ecology's Resource Manual for Pollution Prevention in Marinas May 1998, Revised 2009 Publication #9811 as a minimum standard.

3((4)). Non-commercial slip-side vessel and floating on-water residence maintenance is limited to:

a. Interior vessel and floating on-water residence repair and cleaning, replacement of running gear, and other cleaning and repair activities excluding hull scraping and painting, which is prohibited.

b. Twenty-five percent of the exterior of the vessel and floating on-water residence above the deck at any one time; exterior work involving paint, varnish, and other toxic substances below the deck is prohibited. The Director may establish appropriate BMPs based on

Department of Ecology's Resource Manual for Pollution Prevention in Marinas May 1998, Revised 2009 Publication #9811 in a Director's Rule.

4((~~5~~)). Marinas shall provide restrooms connected to the sewer system for use by any patron of the marina facility. At a minimum, the facilities are required to include one toilet and one washbasin. The Director shall determine the need for ((~~additional facilities to provide reasonable hygiene based on~~)) the number and type of hygiene facilities needed to reasonably serve the number of slips, percentage of live-aboard and floating on-water residences slips, and the number of transient moorage slips within the marina.

5((~~6~~)). Marinas having either more than 3,500 linear feet of moorage or slips large enough to accommodate vessels and floating on-water residences larger than 20 feet in length shall provide a sewage pump-out facility or the best available method of disposing of sewage wastes.

6((~~7~~)). In Lake Washington and the Puget Sound overwater projections, boat lifts, and areas used for vessel and floating on-water residence moorage shall be located a minimum distance of 30 feet waterward from the OHW mark or in a minimum water depth of 8 feet, whichever is less to the extent reasonable. In Lake Union and Portage Bay overwater projections, boat lifts, and areas used for vessel and floating on-water residence moorage shall be located a minimum distance of 15 feet waterward from the OHW mark or in a minimum water depth of 8 feet, whichever is less to the extent reasonable.

7((~~8~~)). Marinas shall be designed to prevent water stagnation and the need for dredging by creating two openings at the opposite ends so that water and sediment moves through the marina to the extent reasonable.

8((~~9~~)). Piers shall be oriented with currents or prevailing winds to prevent trapping surface debris and oily residue to the extent reasonable.

9((~~10~~)). Standards for piers and floats are provided in Section 23.60A.187.

* * *

D. Additional general development standards for new recreational marinas

1. Public access for new recreational marinas is required as follows:

* * *

e. Public access is required at publicly owned marinas but no ((~~E~~))easement((~~s are not~~)) is required for publicly owned marinas.

* * *

F. Commercial and recreational marinas may provide moorage for vessels used as live-aboard vessels and floating on-water residences if the marina meets the following standards, in addition to the general development standards in subsections 23.60A.200.A through 23.60A.200.D:

1. The live-aboard ((~~vessel~~))is the type of vessel or floating on-water residence allowed to be moored at the commercial or recreational marina; and

2. The marina provides shower facilities connected to a sanitary sewer that are reasonable ((~~adequate~~)) to provide good hygiene for the live-aboard residents and floating on-water residents based on((~~to serve~~)) the number of live-aboard vessels and floating on-water residences moored at the marina.

Section 19. Section 23.60A.202 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.202 Standards for ((~~F~~))floating homes and floating home moorages

A. Floating homes allowed and prohibited

1. Floating homes are allowed if they meet the standards ((~~either~~))in subsections 23.60A.202.A.1.a and 23.60A.202.A.1.b((~~ or in subsection 23.60.202.A.1.c~~)):

a. The floating home ((~~is~~)):

1) Is ((~~L~~))legally established or has a building permit on the effective date of this ordinance; or

2) Replaces a floating home legally established on the effective date of this ordinance and in compliance with subsection 23.60A.202.D.5 and the standards of this Section 23.60A.202; and

b. Occupies a floating home moorage that is legally established on the effective date of this ordinance, except as allowed under subsection 23.60A.202.B.2; ((~~or~~

~~c. The floating home complies with the standards of subsection 23.60A.202.D and occupies a floating home moorage that was established prior to January 1, 2011, and was not fully occupied on the effective date of this ordinance.~~))

2. Floating homes that do not meet the standards of subsection 23.60A.202.A.1 are prohibited.

B. Standards for floating home moorages and sites

1. Moorage Location

a. Every floating home moorage shall be located on privately owned or privately controlled premises. Floating home moorages are prohibited from being located in any waterway or fairway or in the public waters of any street or street end, except as provided in subsections 23.60A.202.B.1.b((~~, 23.60A.202.B.1.c, 23.60A.202.B.1.d and~~)) through 23.60A.202.B.1.e.

b. Floating home moorages that were located in public waters or any street or street end on January 1, 1974, or on property later dedicated to the City for street purposes are allowed if they:

1) Have continuously existed in such locations;

2) Comply with all the provisions of this Chapter 23.60A;

3) Are authorized by a use and occupancy permit approved by the Director of Transportation; and

4) Are not moved from its existing ((~~site~~))location.

c. Floating homes may not relocate to that portion of a floating home moorage occupying waters owned or controlled by the City or occupying any street or street ends existing on the effective date of this ordinance, or on property later dedicated to the City for street purposes, but floating homes that legally protrude into a submerged street right-of-way as of the effective date of this ordinance may relocate within the floating home moorage portion of that right-of-way or exchange places with another floating home within the floating home moorage portion of that right-of-way if:

1) The amount of protrusion into the right-of-way is not increased; and

2) The new location does not cause an increase in impairment of public access or navigation.

d. Floating home moorages are allowed to be located in Portage Bay in a submerged street segment lying generally parallel to the shoreline that terminates on the north and on the south in a submerged street area if the same person owns or leases the property abutting on both sides.

e. Floating home moorages existing as of January 1, 1974, are allowed to be located partially on private property and partially in submerged portions of Fairview Avenue East lying generally parallel to the shoreline, if the occupant of the floating home owns or leases the private portion of the floating home site and has obtained a long-term permit from the City to occupy the abutting street area.

2. New floating home moorages and sites

a. A new floating home moorage or a new floating home site at an existing floating home moorage is allowed in the UR Environment if:

1) The floating home moorage or site will be used to accommodate a floating home moored in a floating home moorage lawfully existing on the effective date of this ordinance;

2) It is located in Lake Union or Portage Bay; and

3) It complies with the standards in this Section 23.60A.202.

b. A new floating home moorage or a new floating home site at an existing floating home moorage is allowed in the UC Environment if:

1) The floating home moorage or site is necessary to accommodate a floating home moored in a floating home moorage lawfully existing on the effective date of this ordinance that is unable to continue to moor in that floating home moorage for the reasons set out in subsections 7.20.040.E((~~, F, G~~)) through 7.20.040.H((~~ of Section 7.20.040~~));

2) It is located in Lake Union or Portage Bay;

3) The floating home moorage ((~~or site~~))is added to a recreational marina((~~,~~)) or a commercial marina, or a new floating home site is added to a floating home moorage existing as of ((~~December 31, 1987~~))the effective date of this ordinance;

4) If the floating home moorage is to be located within a recreational marina or commercial marina, the marina has no more than ((~~two~~))five existing floating home sites at the marina;

5) No more than ((~~two such~~))five floating home moorages or sites may be added to any marina or floating home moorage in the UC Environment after April 1, 1987; and

6) ((~~It~~))The new floating home moorage or site complies with the standards in this Section 23.60A.202((~~.~~)), except that there are no parking or minimum floating home site area requirements, and modifications to the setback and float separation requirements are allowed throughout the moorage to the minimum extent necessary and consistent with Residential and Fire Code requirements.

c. Total water coverage, including all floating home moorage walkways, in the new floating home moorage or in the expanded portion of the existing floating home

moorage shall not occupy more than 45 percent of the submerged area, including the floating home.

d. Each new floating home site in a new or expanded floating home moorage shall meet the following standards:

1) The area for a floating home site is a minimum of 2,000 square feet;

2) Floating home sites shall have sufficient dimensions to accommodate a floating home meeting the standards of subsection 23.60A.202.D;

3) Floating home sites shall be configured so that a floating home cannot extend beyond the waterward end of the pier;

4) Floating home sites shall not be located within 15 feet of the OHW mark;

5) Floating home sites shall have direct access to a pier of not less than 5 feet of unobstructed width that is accessible from a street; and

6) Floating home sites shall have at least 20 feet of frontage on water continuously open to navigation.

e. A new floating home moorage or site established for a floating home that is unable to continue mooring in a floating home moorage lawfully existing as of the effective date of this ordinance for the reasons set out in subsections 7.20.040.E, 7.20.040.F, 7.20.040.G, or 7.20.010.H((~~ of Section 7.20.040~~)) "Safe Harbor", is not required to comply with parking or minimum floating home site area requirements, and modifications to the setback and float separation requirements are allowed throughout the moorage, to the minimum extent necessary to accommodate relocated floating homes, and consistent with Residential and Fire Code requirements.

3. Existing floating home moorages and sites

a. Total water coverage of floating home moorages, including all piers, shall not be increased above 45 percent of the submerged area or the currently existing coverage, whichever is greater, including the floating home, except as provided in subsection 23.60A.202.B.3.e;

b. The area of an existing floating home site shall not be reduced below 2,000 square feet or the currently existing area, whichever is less, except as provided in subsection 23.60A.202.B.3.e;

c. Existing floating home sites shall not be expanded in a manner that will result in the blockage of the view from the waterward end of a pier; and

d. Existing floating home moorages shall not be reconfigured and existing floating homes shall not be relocated within a floating home moorage site unless the standards of this Section 23.60A.202 are met, ((~~or the Director determines that the standards cannot be met at the site and the reconfiguration or relocation will result in improved ecological functions~~))except as provided in subsection 23.60A.202.B.3.e.

e. If a legally established floating home is displaced for any of the reasons set out in subsection 7.20.040.E, 7.20.040.F, 7.20.040.G, or 7.20.010.H "Safe Harbor", an existing floating home moorage and its sites may be reconfigured to accommodate up to five displaced floating homes as follows:

1) New parking is not required;

2) The area of reconfigured floating home sites shall not be reduced below 2,000 square feet or the currently existing area, whichever is less, to the extent practicable;

3) Modifications to the limits on total water coverage are allowed, to the minimum extent necessary, to accommodate the displaced floating homes;

4) All reconfigured floating home sites shall meet the standards for new floating home sites set forth in subsections 23.60A.202.B.2.d.2 through

23.60A.202.B.2.d.6, except that modifications to the setback and float separation requirements are allowed throughout the moorage, to the minimum extent necessary, and consistent with Residential and Fire Code requirements; and

5) The reconfiguration shall not result in the blockage of the view from the waterward end of a pier.

4. Floating home moorages shall not provide moorage to floating homes that do not display a registration number issued under subsection 23.60A.202.G.

* * *

D. Standards for floating homes

* * *

5. A floating home may be rebuilt, replaced, repaired, or remodeled consistent with the following standards and subsection 23.60A.202.D.6, if applicable:

a. The float area or over((-))water coverage of the floating home is not increased, including cantilevered portions that extend beyond the edge of the float.

b. No portion of any addition to a floating home exceeds:

1) 18 feet in height, as measured from the main deck or 3 feet above the surface of the water, whichever is lower, or

2) if current height as measured from the main deck or 3 feet above the surface of the water, whichever is lower, ((~~if~~))is above 18 feet, does not exceed its current height, but the height cannot exceed 21 feet as measured from the main deck or 3 feet above the surface of the water, whichever is lower, except to the minimum extent necessary to satisfy the provisions of the Building Code for open railings, chimneys, and mechanical vents. Open railings are limited to 36 inches in height.

* * *

h. Unenclosed Styrofoam or similar material that has the potential to break apart is prohibited for use in new floats or for repairing or replacing all or parts of existing floats or for other purposes that would allow the broken pieces to enter the water.

* * *

E. Owners and tenants of floating homes shall use best management practices pursuant to Section 23.60A.155.((~~to minimize impacts on the aquatic environment. Best management practices include, but are not limited to, the following:~~

~~1. Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~

~~2. Securing all outside furniture, barbeque grills, plant containers and other material to ensure these items do not enter the water because of wind or wave action;~~

~~3. Using non-toxic building material in exterior areas;~~

~~4. Using non-toxic cleaning and other household products in outside areas and on exterior structures;~~

~~5. Not using herbicides, pesticides or fertilizers in outside areas or on the exterior of the structure; and~~

~~6. Using a double containment system when using toxic liquid products on decks and other areas exposed to the outside to contain any spills in the second receptacle to prevent these products from entering the water.~~))

* * *

G. Registration numbers for floating homes((~~.~~))

1. The owner of each floating home that is allowed under subsection 23.60A.202.A is required to obtain from the Director a registration number within six months of the effective date of this ordinance and to pay a one-time fee established by the Director to recover the reasonable costs of the program for issuing registration numbers. The Director shall determine whether a floating home meets the standard in subsection 23.60A.202.A before

issuing a registration number. The owner shall display the registration number on the landward side of the floating home in numbers at least 3 inches high in a location legible from the pier, or if public access to the pier is not available then on a side visible from the water.

* * *

3. If an owner disputes the Director's denial of registration of a floating home, the owner may appeal the Director's determination to the hearing examiner, in conformance with the hearing examiner rules, within 30 days of date the Director's determination was mailed. The appeal shall be conducted de novo, and the City shall have the burden of showing by a preponderance of the evidence that the decision of the Director was correct. Nothing in this Section 23.60A.202 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the hearing examiner upholding the City's denial of floating home registration.

* * *

H. A determination by the City that a use or structure is legally established or lawfully existing does not mean that a use or structure is or was in compliance with other state or federal requirements or that a use or structure on waters managed by the Washington State Department of Natural Resources is "legally established" or "lawfully existing" with respect to DNR.

Section 20. A new Section 23.60A.203 is added to the Seattle Municipal Code as follows:

23.60A.203 Standards for floating on-water residences

A. Uses. Floating structures that contain dwelling units and vessels that contain dwelling units shall be regulated as floating homes pursuant to Section 23.60A.202, with the exception of floating on-water residences that comply with this Section 23.60A.203, house barges that comply with Section 23.60A.204, residences allowed under Section 23.60A.206, and vessels that comply with Section 23.60A.214.

B. For purposes of this Chapter 23.60A, a floating on-water residence is allowed only if it:

1. Was legally established as a floating on-water residence prior to July 1, 2014; to be legally established it must have been used as a dwelling unit within the City prior to July 1, 2014.

2. Was moored pursuant to a lease or ownership interest at a marina, as defined by Section 23.60A.926, within the City prior to July 1, 2014.

C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and replacement

1. Floating on-water residences legally established pursuant to subsection 23.60A.203.D are regulated as a conforming use, and relocation, repair and maintenance, remodeling, expansion, and replacement are allowed subject to the following standards:

a. Normal maintenance and repair, as defined in subsection 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for this type of structure.

b. Remodeling is limited to the interior and to changing the siding or architectural features on the exterior of the existing structure, except that exterior open railings may be added as part of a remodel as allowed in subsection 23.60A.203.C.1.c.

c. Open railings may be added to existing exterior spaces and stairs to access these spaces, but if the top of the railing exceeds the height limits in subsection 23.60A.203.C.1.e, the maximum height of the railing is 36 inches.

d. Relocation is allowed, and owners should update the floating on-water residence verification within 60 days. Failure to update relocation is a violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 but does not forfeit the owner's right to maintain a floating on-water residence.

e. Expansion is allowed provided that:

1) The height of the structure including any addition shall not exceed 18 feet if the current height of a floating on-water residence is 18 feet or lower, measured from the main deck or 3 feet above the surface of the water, whichever is lower;

2) The height of the structure including any addition shall not exceed the current height if the current height of a floating on-water residence is more than 18 feet but less than 21 feet, measured from the main deck or 3 feet above the surface of the water, whichever is lower;

3) The height of the structure including any addition shall not exceed 21 feet if the current height of a floating on-water residence is 21 feet or more, measured from the main deck or 3 feet above the surface of the water, whichever is lower; and

4) No expansion of overwater coverage is allowed, except a single expansion at or below the surface of the water may occur as follows:

a) The applicant provides documentation demonstrating that the expansion is the minimum necessary to provide stability as certified by a naval architect to correct stability problems for the structural size and configuration that existed before July 1, 2014, and the area of such expansion shall not be used for any purpose other than to provide stability; and

b) If an expansion is allowed under subsection 23.60A.203.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any purpose.

5) If the total expansion over the life of the structure exceeds 120 square feet, gray-water containment or a waste-water hookup that disposes the gray water to the City's waste-water disposal system is required.

f. Replacement to the same size and configuration as established in the verification issued pursuant to subsection 23.60A.203.D, as it may be updated, is allowed, and a

verified structure is not considered nonconforming even though it may exceed the height limits for additions in subsection 23.60A.203.C.1.e.

g. Replacement with expansion shall comply with the standards in subsection 23.60A.203.C.1.e, including the requirement that expansions greater than 120 square feet shall provide gray-water containment or a waste-water hookup that disposes the gray water to the City's waste-water disposal system.

2. When an owner of a floating on-water residence intends to expand, rebuild, or replace the structure, prior to beginning any work:

a. The owner/applicant shall have or obtain the verification required in 23.60A.203.D;

b. The owner/applicant shall present information to the Director demonstrating that the floating on-water residence will comply with subsections 23.60A.203.C.1.e, 23.60A.203.C.1.f, and 23.60A.203.C.1.g, as applicable;

c. The owner/applicant shall demonstrate any expansion will not create future stability problems for the floating on-water residence; and

d. The owner/applicant shall update the verification records under subsection 23.60A.203.D based on changes made to the floating on-water residence.

D. Verification of a floating on-water residence

1. Each floating on-water residence shall be verified by the Director, and the owner shall pay a one-time fee to receive a verification number. The fee shall be established by the Director to recover the reasonable costs of the program for issuing a verification number. Owners of a floating on-water residence allowed pursuant to subsection 23.60A.203.B may apply to the Director for verification or may wait until the Director asks for verification information. If a floating on-water residence is not verified, the Director may require the owner to submit verification information and pay the required fee.

2. Verification shall constitute legal establishment of a floating on-water residence pursuant to the requirements of subsection 23.60A.203.B and the definition of floating on-water residence in Section 23.60A.912.

3. A house barge authorized under Section 23.60A.204 may submit verification and be regulated as a floating on-water residence rather than a house barge.

4. If an owner disputes the Director's denial of verification as a floating on-water residence, the owner may appeal the Director's determination to the hearing examiner, in conformance with the hearing examiner rules, within 30 days of date the Director's determination was mailed. The appeal shall be conducted de novo, and the City shall have the burden of showing by a preponderance of the evidence that the decision of the Director was correct. Nothing in this Section 23.60A.203 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the hearing examiner upholding the City's denial of floating on-water residence verification.

5. The owner shall display the verification number issued by the DPD on the pier and landward side of the floating on-water residence in numbers at least 3 inches high in a location legible from the pier, or on the side most commonly used for access from the pier, or if public access to the pier is not available then on a side visible from the water.

6. Failure to verify a floating on-water residence or to correctly display a verification number is a violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 and does not forfeit the owner's right to maintain a floating on-water residence.

7. Verification is transferable between owners but is not transferable to another floating on-water residence, except for a replaced floating on-water residence as provided in subsections 23.60A.203.C.1.f and 23.60A.203.C.1.g.

E. Owners and tenants of floating on-water residences shall use best management practices pursuant to Section 23.60A.155 to minimize impacts on the aquatic environment.

Section 21. Section 23.60A.204 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.204 Floating structures and ((~~S~~))standards for house barges

A. Floating structures

1. Floating structures, including vessels that do not have a means of self-propulsion and steering equipment and that are designed or used as a place of residence, with the exception of house barges ((~~moored within The City of Seattle in June 1990 and licensed by The City of Seattle~~))authorized under subsection 23.60A.204.B and floating on-water residences authorized under Section 23.60A.203, shall be regulated as floating homes pursuant to this Chapter 23.60A.

((~~2. Locating other nonwater-dependent uses over water on floating structures, including vessels that do not have a means of self-propulsion or steering equipment, is prohibited unless specifically permitted on house barges or historic ships by other sections of this Chapter 23.60A~~)).

B. For purposes of this Chapter 23.60A, house barges are only ((~~permitted~~))allowed under the following conditions:

1. The ((~~H~~))house barge ((~~permits~~))was moored at a recreational marina in the City before July 1990.

2.((~~a.~~)) A permit for the house barge((~~, which is transferable between owners but not transferable to another house barge, has been~~)) was secured from the ((~~Department of Planning and Development~~))DPD verifying that the house barge existed and was used for residential purposes within the City before July 1990((~~in June 1990~~)) and has been continuously used since that time((~~thereafter as provided in subsection 23.60A.204.C.2~~)).

((~~b. House barges not within the City and moored at a recreational marina before July 1990 are prohibited.~~

~~2. The house barge permit applicant must demonstrate compliance with state water quality standards for discharge by toilet as a condition of initial permit issuance.~~))

3. Verification

a. Each house barge must be verified by the Director, and owners shall pay a one-time fee to receive a verification number. The fee shall be established by the Director to recover the reasonable costs of the program for issuing a verification number. Owners of house barges authorized by this Section 23.60A.204 may apply to the Director for verification or may wait until the Director asks for verification information. If a house barge is not verified pursuant to this subsection 23.60A.204.C, the Director may require the owner to submit verification information and pay the required fee.

b. If an owner disputes the Director's denial of verification as a house barge under this Section 23.60A.204, the owner may appeal the Director's determination to the hearing examiner, in conformance with the hearing examiner rules, within 30 days of date the Director's determination was mailed. The appeal shall be conducted de novo, and the City shall have the burden of showing by a preponderance of the evidence that the decision of the Director was correct. Nothing in this Section 23.60A.204 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the hearing examiner upholding the City's denial of house barge verification.

c. The owner of a house barge that complies with the requirements of subsections 23.60A.204.B.1 and 23.60A.204.B.2 may choose to have the house barge verified and regulated as a floating on-water residence under Section 23.60A.203 instead of under this Section 23.60A.204.

d. The owner shall display the verification number issued by the DPD on the pier and landward side of the vessel, in numbers at least 3 inches high in a location legible from the pier, or on the side most commonly used for access from the pier, or if public access to the pier is not available then on a side visible from the water.

e. Failure to verify an authorized house barge or correctly display a verification number is a violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 and does not forfeit the owner's right to maintain an authorized house barge.

4. A house barge verification number is transferable between owners but is not transferable to another house barge, except to a house barge that has been replaced as provided in subsection 23.60A.204.C.

((~~3. Permits~~

~~a. The initial permit is effective for three years. At the expiration of three years, the permit may be renewed at the request of the owner, provided it is demonstrated, consistent with state water quality standards, that all overboard discharges have been sealed and that satisfactory means of conveying wastewater to an approved disposal facility has been provided.~~

~~b. The Director, after consultation with Ecology (Northwest Regional Office) water quality staff, may grant an exception to the requirement in subsection 23.60A.204.3.a based upon approval of a detailed plan that considers all feasible measures to control and minimize overboard discharge of wastewater. In such cases, the Director at the time of permit renewal, shall implement the plan by attaching conditions to the permit that limit overboard discharge of wastewater or the adverse environmental consequences thereof to the maximum extent practicable. Permit conditions may require implementation of best management practices for minimizing wastewater discharges, or the use of alternative treatment and disposal methods.~~

~~c. Compliance with conditions~~

~~1) Within 120 days of the effective date of this ordinance holders of initial permits issued under subsection 23.60A.204.B.1.a shall demonstrate to the Director that~~

~~a renewal permit has been issued under either subsection 23.60A.204.B.3.a or b or shall apply to the Department for a renewal permit under those subsections.~~

~~2) The absence of a record of a permit renewal in the Department's permit archives is prima facie evidence that a renewal permit was not issued.~~

~~3) In determining the feasibility of measures to control and minimize overboard discharge of wastewater under subsection 23.60A.204.B.3.b, the Director shall consider the factors set out in conditions 1 and 2 of the definition of "feasible" in Section 23.60A.912 and in addition shall consider the value of the house barge, the cost of implementing measures to control and minimize overboard discharge of wastewater, and the value of the house barge with wastewater controls.~~

~~4) The permit establishing the house barge use shall be rescinded, and the house barge shall be prohibited from relocating in Seattle waters if:~~

~~a) The permit holder does not timely comply with subsection 23.60A.204.B.3.c.1; or~~

~~b) The Department determines that a house barge is not in compliance with subsection 23.60A.204.B.2 or the conditions of a renewal permit issued under subsection 23.60A.204.B.3.a or b and the deficiency is not cured within 30 days.~~

~~5) Permit holders shall pay a fee to the Department commensurate with the cost to the Department of reviewing the submissions to comply with this subsection 23.60A.204.B.3.c.~~

~~d. In addition to any requirements or permit conditions under subsections 23.60A.204.B.2 and 23.60A.204.B.3, owners and tenants of house barges shall use best management practices to minimize impacts on the aquatic environment. The best management practices include, but are not limited to, the following:~~

~~1) Eliminating wastewater and sewage discharge by sealing overboard discharge and conveying them to an approved disposal facility using a pump out station or a pump out service;~~

~~2) Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~

~~3) Securing all outside furniture, barbeque grills, plant containers and other material to ensure that they do not enter the water because of wind or wave action;~~

~~4) Using non-toxic building material in exterior area;~~

~~5) Using non-toxic cleaning and other household products in outside areas and on exterior structures;~~

~~6) Not using herbicides, pesticides or fertilizers in outside areas or on the exterior of the structure; and~~

~~7) Using a double containment system when using liquid products outside to contain any spills in the second receptacle to prevent these products from entering the water.~~

~~e. The Director may establish appropriate best management practices to implement the requirements of subsection 23.60A.204.B by Director's Rule.~~))

((4))5. House barges must be moored at a recreational marina, as defined by Section 23.60A.926.

C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and replacement

1. House barges authorized under subsection 23.60A.204.B are regulated as a conforming use, and maintenance, repair, remodeling, relocation, expansion, rebuilding, and replacement are allowed subject to the following standards:

a. Normal maintenance and repair, as defined in subsection 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for this type of structure.

b. Remodeling is limited to the interior and to changing the siding or architectural features on the exterior of the existing house barge, but no portion of the house barge is expanded, except that exterior open railings may be added as part of a remodel as allowed in subsection 23.60A.204.C.1.c.

c. Open railings may be added to existing exterior spaces and stairs to access these spaces, but if the top of the railing exceeds the height limits in subsection 23.60A.204.C.1.e, the maximum height of the railing is 36 inches.

d. Relocation is allowed, and owners should update the house barge verification within 60 days. Failure to update relocation is a violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 but does not forfeit the owner's right to maintain a house barge.

e. Expansion is allowed provided that:

1) The height of the structure including any addition shall not exceed 18 feet if the current height of a house barge is 18 feet or lower, measured from the main deck or 3 feet above the surface of the water, whichever is lower;

2) The height of the structure including any addition shall not exceed the current height if the current height of the house barge is more than 18 feet but less than 21 feet, measured from the main deck or 3 feet above the surface of the water, whichever is lower;

3) The height of the structure including any addition shall not exceed 21 feet if the current height of a house barge is 21 feet or more, measured from the main deck or 3 feet above the surface of the water, whichever is lower; and

4) No expansion of overwater coverage is allowed, except a single expansion at or below the surface of the water may occur as follows:

a) The applicant provides documentation demonstrating that the expansion is the minimum necessary to provide stability as certified by a naval architect to correct stability problems for the structural size and configuration that existed before July 1990, and the area of such expansion shall not be used for any purpose other than to provide stability; and

b) If an expansion is allowed under subsection 23.60A.204.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any purpose.

5) If the total expansion over the life of the structure exceeds 120 square feet, gray water containment or a waste-water hookup that disposes the gray water to the City's waste-water disposal system is required.

f. Replacement to the same size and configuration as established in the verification issued pursuant to subsection 23.60A.204.B, as it may be updated, is allowed and a verified house barge structure is not considered nonconforming even though it may exceed the height limits for additions in subsection 23.60A.204.C.1.e.

g. Replacement with expansion shall comply with the standards in 23.60A.204.C.1.e, including the requirement that expansions greater than 120 square feet shall provide gray water containment or a waste-water hookup that disposes the gray water to the City's waste-water disposal system.

2. When an owner of a house barge intends to expand, rebuild, or replace the house barge, prior to beginning any work:

a. The owner/applicant shall have or obtain the verification required in 23.60A.204.B.3;

b. The owner/applicant shall present information to the Director demonstrating that the house barge will comply with subsection 23.60A.204.C.1.e, 23.60A.204.C.1.f, and 23.60A.204.C.1.g, as applicable;

c. The owner/applicant shall demonstrate any expansion will not create future stability problems for the house barge; and

d. The owner/applicant shall update the verification records under subsection 23.60A.204.B.3 based on changes made to the house barge.

((~~C. Nonconforming uses, relocation, expansion and rescission.~~

~~1. House barges permitted under this Section 23.60A.204 shall be regulated as a nonconforming use and shall be subject to the standards of Section 23.60A.122, except that:~~

~~a. relocation of an established house barge to a different moorage within Seattle shall be permitted; and~~

~~b. House barges cannot expand or extend beyond existing external dimensions above or below water, notwithstanding the provisions of Section 23.60A.122.~~

~~2. When a house barge is removed from Seattle waters for more than six months, the permit establishing its use shall be rescinded and the house barge shall be prohibited from relocating in Seattle waters.~~))

D. Owners and tenants of house barges shall use best management practices pursuant to Section 23.60A.155 to minimize impacts on the aquatic environment.

Section 22. Section 23.60A.206 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.206 Standards for residences other than floating homes, floating on-water residences, house barges, and vessels ((~~used as~~))containing dwelling units

A. Floating homes, floating on-water residences, house barges, and vessels ((~~used as~~))containing dwelling units that comply with the standards of Sections 23.60A.202,

23.60A.203, 23.60A.204, and 23.60A.214, respectively, are not subject to the standards of this Section 23.60A.206.

* * *

Section 23. Section 23.60A.214 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.214 Standards for ((~~using~~))vessels ((~~as~~))containing dwelling units

A. Structures ((~~designed primarily as~~))containing dwelling units shall comply with the standards in subsection 23.60A.206.B, or Sections 23.60A.202, 23.60A.203, and 23.60A.204, and otherwise are prohibited over water.

B. As of the effective date of this ordinance, in addition to the structures allowed in subsection 23.60((~~.~~))A.214.A, a vessel that meets the definition for vessel in Section 23.60A.942 may contain((~~be used as~~)) a dwelling unit if the vessel meets((~~according to~~)) the following standards and is prohibited otherwise, except as allowed in subsection 23.60A.214.D:

1. Design. A vessel may be custom made or manufactured, and may be mono-hulled or multiple-hulled, and shall:

a. Be designed ((~~primarily~~))as a conventional recreational vessel exclusively of the types((~~as~~)) set out in this subsection 23.60A.214.B.1.a.1 through 23.60A.214.B.1.a.7 as follows:

1) A sail boat, such as those manufactured by Catalina, Pacific Seacraft, Hunter, or Hinckley;((~~.~~))

2) A cabin cruiser, such as those manufactured by Bayliner or Chris-Craft;

3) A trawler yacht, such as those manufactured by Grand Banks, Nordic, or Choy Lee;

4) A tug, such as those manufactured by Nordic Tug or Ranger Tugs;

5) A motor yacht cruiser, such as those manufactured by Bayliner, Sea Ray, and Carver;

6) A multi-hulled power boat, such as those manufactured by World Cat; and

7) A sport fishing boat, such as those manufactured by Glacier Bay, Grady White, and Boston Whaler; ((~~and~~

~~8) Not including shanty boats and houseboats, such as those manufactured by Destiny Yachts, Harbormaster, Adventure Craft, Harbormaster, Fantasy or Gibson, Atkin and Company and East Coast Houseboats;~~))or

b. Be designed ((~~primarily~~))and used as a commercial vessel and ((~~is~~))be a United States Coast Guard certified working tugboat;((~~or~~))

c. Be designed as a fishing vessel and have current fishing license issued by a federal or state commercial fishing regulatory agency; or

d. Be a registered military vessel used as a dwelling unit for the crew of a military vessel being repaired at the same location, if the military requires the crew to remain with the vessel.

2. The vessel is safely operable and operates under self-propulsion integrated into the hull and ((~~steerage~~))steering that is sufficient to reasonably move the vessel.

3. The vessel is moored at a recreational or commercial marina that complies with the standards set out in Section 23.60A.200.

C. Determination and appeal((~~Standards~~)) for conventional recreational vessels ((~~used as~~))containing dwelling units((~~.~~))

1. In considering whether a vessel meets the design standards in subsection 23.60A.214.B.1.a, the following configuration and features shall be considered:

a.((~~1.~~)) Hull shape: clearly defined bow, hull shaped to reduce resistance;

b.((~~2.~~)) Deck gear: cleats, chocks, anchors, scuppers, and bulwarks;

c.((~~3.~~)) Propulsion ((~~&~~))and steering system: inboard engine ((~~&~~))and transmission with propeller ((~~&~~))and rudder or inboard/outboard drive system; and((~~.~~))

d.((~~4.~~)) Helm station: layout of control ((~~&~~))and monitoring systems, and visibility for safe navigation.

2. If the Director determines a vessel containing a dwelling unit does not qualify as a conventional recreational vessel under subsections 23.60A.214.B.1.a, 23.60A.214.B.2 and 23.60A.214.B.3 and an owner disputes the Director's determination, the owner may appeal the Director's determination to the hearing examiner, in conformance with the hearing examiner rules, within 30 days of the date the Director's determination was mailed. The appeal shall be conducted de novo, and the City shall have the burden of showing by a preponderance of the evidence that the decision of the Director was correct. Nothing in this Section 23.60A.214 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the hearing examiner upholding the City's determination regarding whether a vessel qualifies as a conventional recreational vessel.

D. Other vessels containing((~~used as~~)) dwelling units

1. A vessel containing a dwelling unit that does not meet the standards of subsection 23.60A.214.B is allowed if it:

a. Complies with the definition of vessel in Section 23.60A.942; and

b. Was lawfully moored in the City and used as a dwelling unit prior to the effective date of this ordinance.

((~~If a vessel was moored in the City and used as a dwelling unit prior to the effective date of this ordinance, it may continue to be used as a dwelling unit if it is moored at a lawful location and complies with subsection 23.60A.214.D.2.~~

~~2. To be a vessel it shall be designed and used for navigation and not interfere with the normal public use of the water.~~))

2((~~3~~)). A ((~~dwelling unit on a~~))vessel, including the dwelling unit portion of the vessel, that meets the standards of subsection 23.60A.214.D.1 but that does not meet the standards of subsection 23.60A.214.((~~C is a nonconforming use.~~))B may be:

a. Maintained and repaired within the vessel overwater coverage existing as the date of this ordinance.

b. Remodeled and structurally altered within the vessel's existing envelope, including height, width, depth, and overwater coverage, as of the date of this ordinance, except new open railings up to 36 inches in height around existing spaces and stairs to access these spaces are allowed, if the vessel as remodeled or structurally altered will comply with the definition of vessel in Section 23.60A.942.

c. Relocated to a different moorage within Seattle if the new moorage is in compliance with the marina standards in Section 23.60A.200 and the verification required under subsection 23.60A.214.D.4 to legally establish the vessel is updated with its new marina location.

d. Replaced with a vessel that complies with subsection 23.60A.214.B.

e. Rebuilt if destroyed by fire, act of nature, or other causes beyond the control of the owner, excluding normal deterioration of vessels constructed in or over the water, and if:

1) Action toward replacement is commenced within 12 months after destruction;

2) The vessel or portion of the vessel is rebuilt to the same or smaller configuration existing immediately prior to the destruction; and

3) The vessel as rebuilt will comply with the definition of vessel in Section 23.60A.942.

3. When an owner of a vessel verified according to subsection 23.60A.214.D.4 containing a dwelling unit intends to remodel, structurally alter, or rebuild the vessel, prior to

beginning any work the owner shall present information to the Director demonstrating that the vessel as remodeled, structurally altered, or rebuilt will comply with subsections 23.60A.214.D.2.a through 23.60A.214.D.2.e, as applicable, and the verification records for the vessel shall be updated as part of this process.

4. Verification to legally establish a vessel containing a dwelling unit

a. The owner of each vessel allowed under subsection 23.60A.214.D.1 that does not qualify for verification under Section 23.60A.203 is required to apply to the Director for a verification number legally establishing the use within six months of the effective date of this ordinance and pay the hourly rate for land use review established by subsection 22.900B.010.B for the DPD review time spent to establish the use.

b. If the Director denies verification as a vessel containing a dwelling unit under this subsection 23.60A.214.D and an owner disputes the Director's denial of verification, the owner may appeal the Director's determination to the hearing examiner, in conformance with the hearing examiner rules, within 30 days of the date the Director's determination was mailed. The appeal shall be conducted de novo, and the City shall have the burden of showing by a preponderance of the evidence that the decision of the Director was correct. Nothing in this Section 23.60A.214 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the hearing examiner upholding the City's denial of verification under this subsection 23.60A.214.D.

c. The owner shall display the verification number plate issued by the DPD on the pier and landward side of the vessel, or on the side most commonly used for access from the pier, or if public access to the pier is not available then on a side visible from the water.

d. Failure to apply within six months for verification legally establishing the use as a vessel containing a dwelling unit or correctly display a verification number is a violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 but does not forfeit the owner's right to maintain a vessel containing a dwelling unit.

e. Verification is transferable between owners but is not transferable to another vessel, except to a rebuilt vessel as provided in subsection 23.60A.214.D.2.e.

E. Owners and tenants of vessels containing dwelling units shall use best management practices pursuant to Section 23.60A.155 to minimize impacts on the aquatic environment.

F. If the Director has issued an order finding a vessel does not qualify as a conventional recreational vessel under subsection 23.60A.214.B.1, the owner may appeal the Director's determination to the hearing examiner within 30 days of the date the Director's determination was mailed pursuant to the provisions in Chapter 23.76.

Section 24. Section 23.60A.215 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.215 Standards for uses on vessels

A. Activities and uses on a vessel, except as allowed in Section 23.60A.214, that are not customary to that type of vessel are prohibited while the vessel is moored.

B. Uses and activities customary to the type of vessel((~~Customary activities or uses occurring~~)) while the vessel is moored are subject to the moorage standards of the applicable shoreline environment unless incidental to the customary use of the vessel or the residential use allowed under Section 23.60A.214.

* * *

Section 25. Section 23.60A.217 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.217 Standards for utility lines

* * *

B. All new utility lines shall be located or constructed in the following order to the extent feasible; when determining that no feasible alternative location exists in these areas, the criteria in Section 23.60A.066 shall be used:

* * *

Section 26. Section 23.60A.224 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.224 Uses in the CM Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.224, and Table A for 23.60A.224. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.224.

2. If Table A for 23.60A.224 or the text of Section 23.60A.224 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Eating and drinking establishments and general sales and services are prohibited, except as provided in this subsection 23.60A.224.B and subsection 23.60A.224.C. Eating and drinking establishments and general retail sales and services, limited to health and fitness sales

and services, and retail sales that are consistent with and complementary to allowed recreation activities or directly support the general public's use of park, park amenities, or shoreline recreation are allowed as a shoreline conditional use if located:

1. In a public park, and if the use is not water-oriented, ecological restoration equivalent to the gross floor area of any new nonwater-oriented use is provided pursuant to Section 23.60A.159; or

2. On an historic ship if:

* * *

f. Ecological restoration equivalent to the gross floor area of any new nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)); or

* * *

C. Certain commercial uses

* * *

2. The uses in subsection 23.60A.224.C.1 are allowed in existing buildings within designated historic districts if:

a. The use is water-oriented; or

b. The use is nonwater-oriented, a water-dependent use occupying a minimum of 25 percent of the gross floor area of the building in the Shoreline District is operated on the site and ecological restoration equivalent to the area occupied by any nonwater-oriented use is provided in the Shoreline District pursuant to Section 23.60A.159((~~within the same geographic area of the site~~)).

D. Meeting rooms, offices and storage are prohibited, except these uses are allowed in existing buildings within designated historic districts if:

1. Located on the second floor; access may be provided on the ground floor; and

2. A water-dependent use occupying a minimum of 25 percent of the gross floor area of the building in the Shoreline District is operated on the site, and ecological restoration equivalent to the gross floor area of any nonwater-oriented use is provided within the Shoreline District pursuant to Section 23.60A.159((~~within the same geographic areas of the site~~)).

E. Sale or rental of boats, boat parts and accessories, and dry boat storage

1. Sale or rental of small boats, boat parts and accessories, sale and rental of large boats, and dry boat storage are allowed if:

a. They are in an existing building within designated historic districts;

b. Shoreline restoration that removes impervious surface and that plants native vegetation in an area equivalent to the area occupied by any outdoor storage and any increase in impervious surface is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)); and

c. Outdoor storage of boats is located to minimize interference with the public's use of the shoreline.

* * *

K. Sewage treatment plants

1. New sewage treatment plants are prohibited.

2. Existing sewage treatment plants are allowed subject to the following standards:

a. Expansion of an existing sewage treatment plant that does not add capacity or a new treatment level is allowed as a special use.

b. Expansion of an existing sewage treatment plant that adds capacity or a new treatment level is allowed as a Council conditional use if:

1) A determination has been made that an alternative design is infeasible, ((~~and~~))that no feasible alternative location for expanding the sewage treatment plant

outside the shoreline exists as determined under Section 23.60A.066, and Plan Shoreline Permit is obtained((~~an alternative location for expanding the sewage treatment plant is infeasible~~));

* * *

Section 27. Section 23.60A.240 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.240 Uses in the CN Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.240, and Table A for 23.60A.240. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.240.

2. If Table A for 23.60A.240 or the text of Section 23.60A.240 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Certain commercial uses

1. The following uses are allowed if they meet the conditions of subsections 23.60A.282.B.2 or 23.60A.282.B.3 and are otherwise prohibited:

a. Eating and drinking establishments;

* * *

e. Community centers, limited to small-craft centers, are allowed as a shoreline conditional use if located in a public park((,)) and are prohibited otherwise((~~, eating and drinking establishments~~)).

* * *

3. If the use in subsection 23.60A.282.B.1 is nonwater-oriented, it is allowed as a shoreline conditional use if a water-dependent use((~~s must occupy~~)) occupies an area equal to 50 percent of the surface area of the site, and ecological restoration equivalent to the gross floor area of the nonwater-oriented use((s)) is provided within the Shoreline District pursuant to Section 23.60A.159((~~within the same geographic area as the site~~)).

* * *

Section 30. Section 23.60A.294 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.294 Regulated public access in the CR Environment

A. Private property. Public access shall be provided and maintained on privately owned waterfront lots for the following developments:

1. Existing multifamily residential development containing more than four units with more than 75((~~100~~)) feet of shoreline((~~, except if located on saltwater shorelines where public access from a street is available within 600 feet of the lot line of the proposed development~~)); and

2. Development and uses that are:

a. Not residential and not water-dependent; or

b. Not water-related as defined in Section 23.60A.944, "Water-related use" ((#))number 1.

* * *

Section 31. Section 23.60A.310 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.310 Uses in the CW Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.310, and Table A for 23.60A.310. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.310.

2. If Table A for 23.60A.310 or the text of Section 23.60A.310 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. In addition to the use standards for the CW Environment, uses shall also meet the use standards of abutting shoreline environments.

C. On dry land, uses are allowed if accessory to conforming uses on abutting lots.

D. Uses may also need separate approval from DNR and/or Seattle Department of Transportation.

f. Ecological restoration equivalent to the gross floor area of any new nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

* * *

Section 32. Section 23.60A.382 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.382 Uses in the UC Environment

A. Use regulations on waterfront lots and over water in the UC Environment

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited on waterfront lots and over water pursuant to Section 23.60A.090, this Section 23.60A.382, and Table A for 23.60A.382, and Section 23.60A.384. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.382.

2. Waterfront lots, overwater uses,((~~Table A~~)) and water-dependent and water-related uses.

a. Table A for 23.60A.382 and subsections 23.60A.382.C through 23.60A.382.H apply to waterfront lots.

b. Uses over water on waterfront lots are regulated in Section 23.60A.384.

c. If Table A for 23.60A.382 or the text of Section 23.60A.382((~~, or Section 23.60A.384~~)) states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Uses on upland lots are regulated in Section 23.60A.383.

((~~1. All uses allowed, allowed as a special use, or allowed as a shoreline conditional use on waterfront lots are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

~~a. Transportation uses that are prohibited on waterfront lots;~~

~~b. Utility uses that are prohibited on waterfront lots;~~

~~c. Heavy manufacturing uses; and~~

~~d. High impact uses.~~))

4. Development that includes any of the uses listed in subsection 23.60A.382.C.1 that ((~~is~~))are not water-oriented shall be ((~~in~~))part of a development or on a site that includes a water-dependent use that occupies ((~~an area equal to~~))a minimum of 50 percent of the dry land area of the((~~surface of the~~)) site and complies with one of the following conditions or a

combination of conditions if the Director determines the combination would achieve a similar offset for siting a use that is not water-oriented:

* * *

b. Ecological restoration equivalent to the gross floor area of the new nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed nonwater-oriented use~~)); or

* * *

6. Permits issued pursuant to ((~~this~~))subsection 23.60A.382.C.1 shall identify the specific uses and gross floor areas of each use that is authorized by the permit under ((~~this~~)) subsection 23.60A.382.C.1 and the water-dependent uses that satisfy the requirement for a water-dependent use on a minimum of 50 percent of the dry land((~~lot~~)) area of the development site((~~requirement~~)).

* * *

Section 33. A new Section 23.60A.383 is added to the Seattle Municipal Code as follows:

23.60A.383 Uses allowed on upland lots in the UC Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section 23.60A.383, and Table A for 23.60A.383. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.383.

2. If Table A for 23.60A.383 or the text of Section 23.60A.383 states that a use is required to be water-oriented, a use that is not water-oriented is prohibited.

B. Uses accessory to floating homes, including storage, are allowed if located 35 feet or more waterward from the OHW mark.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Utility service uses are allowed if they reasonably require a shoreline location to operate.

Section 34. Section 23.60A.384 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.384 Uses allowed over water in the UC Environment

A. In addition to the uses allowed over water in Section 23.60A.090 and subsection 23.60A.384.C, the following uses are allowed over water on waterfront lots if the standards of subsection 23.60A.384.B are met, and are otherwise prohibited:

1. Commercial uses;

2. Entertainment uses;

3. Light and general manufacturing;

4. Colleges, vocational schools and institutes for advanced studies;

5. Passenger terminals;

6. Office uses, if accessory to a water-dependent or water-related use located on the same lot; and

7. Storage uses, if accessory to a water-dependent use and located on the same development site as such water-dependent use.

B. Standards required for the uses listed in subsection 23.60A.384.A are as follows:

1. The depth of dry land on all the waterfront lot area((~~depth~~)) is less than 35 feet;

2. The location of the use on dry land is not reasonable;

3. The use is on or in an existing structure;

((~~3~~))4. There is no increase in overwater coverage; and

((4))5. The uses allowed under subsections 23.60A.384.A.1 through 23.60A.384.A.5((4)) shall be:

a. Water-dependent;

b. Water-related and accessory to a water-dependent use on or in the structure; or

c. Water-related that meets the definition of "Water-related use" ((#))number 1 in Section 23.60A.944.

C. In addition to the uses allowed over water in Section 23.60A.090 and subsection 23.60A.384.A, if the following uses are not water-dependent or water-related, they are allowed as provided in subsection 23.60A.384.D, and are otherwise prohibited:

1. Eating and drinking establishments;

2. General sales and services;

3. Office uses;

4. Entertainment uses; and

5. Custom and craft work.

D. Standards for uses over water

1. The uses in subsection 23.60A.384.C are allowed as follows:

a. Over water on or in existing structures in the UC Environment if the depth of dry land on all the waterfront lot area((~~depth~~)) is less than 35 feet, there is no increase in overwater coverage and floor area, and if the requirements of subsections 23.60A.384.D.2 and 23.60A.384.D.3((~~ of this Section 23.60A.384~~)) are met; or

b. As a shoreline conditional use over water on or in existing structures in the UC Environment if the depth of dry land on all the waterfront lot area((~~depth~~)) is less than 35 feet, there is no increase in overwater coverage and floor area, and if the requirements of subsection 23.60A.384.D.3 are met((~~;~~)).

2. A water-dependent or water-related use occupies the lowest floor level of the existing building or structure.

3. Ecological restoration equivalent to the gross floor area of any new ((~~nonwater-dependent~~)) use that is not water-dependent is required pursuant to Section 23.60A.159((~~within the same Geographic Area as the project~~)).

Section 35. Section 23.60A.386 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 2 Development Standards

23.60A.386 Height in the UC Environment

A. Maximum height. The maximum heights in the UC Environment are as follows, as modified in subsections 23.60A.386.B through 23.60A.386.E:

* * *

3. The maximum height on upland lots along Harbor Avenue Southwest between California Way Southwest and Southwest Bronson Way, which is 665 feet south of the southern edge of Fairmont Avenue Southwest and is an unimproved right-of-way, see quarter section map or DPD GIS for location, is 65 feet.

* * *

Section 36. Section 23.60A.388 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.388 Lot coverage in the UC Environment

* * *

C. Lot coverage exceptions

1. On waterfront lots with less than an average of 50 feet of dry land between the OHW mark and the street right-of-way, a maximum lot coverage of 65 percent is allowed for structures on the dry land portion of the lot.

* * *

Section 37. Section 23.60A.390 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.390 Shoreline setbacks in the UC Environment

A. A shoreline setback of 35 feet from the OHW mark is required except for upland lots abutting the water, in which case the setback is measured from the most waterward side of the waterfront lot.

* * *

D. Existing structures and uses that would be considered nonconforming because they are located in the required shoreline setback in the UC Environment are not regulated as((~~a~~)) nonconforming structures based on setback standards. Such structures may not be expanded in any manner in the setback but may be replaced if an area of ecological restoration equivalent to the footprint of the structure located in the shoreline setback is provided pursuant to Section 23.60A.159((~~within the Shoreline District within the same geographic area as the site is provided~~)).

Section 38. Section 23.60A.392 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.392 Regulated public access in the UC Environment

A. Private property((~~.~~))

1. Public access shall be provided and maintained on privately owned waterfront lots for the following developments:

a. Residential developments containing more than four units with more than 75((~~100~~)) feet of shoreline((~~, except if located on saltwater shorelines where public access from a street is available within 600 feet of the lot line of the proposed development~~));

* * *

Section 39. Section 23.60A.394 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.394 View corridors in the UC Environment

* * *

D. The required view corridor width shall be reduced to 25 percent of the width of the lot if water-dependent or water-related uses that meet the definition of "Water-related use" ((#))number 1 in Section 23.60A.944 occupy ((~~more than~~))a minimum of 40 percent of the dry land area of the development site((~~lot~~)).

Section 40. Section 23.60A.402 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.402 Uses in the UG Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.402, and Table A for 23.60A.402. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.402.

2. ((~~Table A and~~))Waterfront and upland lots and water-dependent,((~~and~~)) water-related uses, and water-oriented uses

a. Table A for 23.60A.402 and subsections 23.60A.402.((~~C~~))B through ((~~F~~))23.60A.402.E apply to waterfront lots and to upland lots as indicated in the table.

b. If Table A for 23.60A.402 or the text of Section 23.60A.402 ((~~or 23.60A.404~~))states that a use is required to be water-dependent, ((~~or~~))water-related, or water-oriented, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

4. A commercial, institutional, or manufacturing use, other than a use required to be water-dependent or water-related, shall be water-oriented unless:

a. Either

1) The applicant demonstrates the development site is unsuited for water-oriented uses because it has limited or no water access; or

2) The use is ((~~in~~))part of a development or on a site that includes a water-dependent use occupying a minimum of 50 percent of the site; and

b. Ecological restoration occurs within the Shoreline District equivalent to the gross floor area of the proposed nonwater-oriented uses pursuant to Section 23.60A.159((~~within the same geographic area as the proposed use~~)).

((~~B. Uses on upland lots~~

~~1. All uses allowed, allowed as a special use or allowed as a shoreline conditional use on waterfront lots are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

~~a. Transportation uses that are prohibited on waterfront lots~~

~~b. Utility uses that are prohibited on waterfront lots;~~

~~c. Residential uses that are prohibited on waterfront lots;~~

~~d. Lodging;~~

~~e. Live-work units; and~~

~~f. High-impact uses that are not water-dependent or water-related.~~))

((~~F~~))E. Utility service uses are allowed if they reasonably require a shoreline location to operate.

Section 41. Section 23.60A.410 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.410 Shoreline setbacks in the UG Environment

A. A shoreline setback of ((~~15~~))35 feet from the OHW mark is required. No development, use, or shoreline modification is allowed within this shoreline setback except as allowed in Section 23.60A.167.

B. Existing structures and uses that would be considered nonconforming because they are located in the required shoreline setback in the UG Environment are not regulated as((~~a~~)) nonconforming structures based on setback standards. Such structures may not expand in any manner in the setback but may be replaced if an area of ecological restoration equivalent to the area of the footprint of the structure located in the shoreline setback is provided((~~required~~)) within the Shoreline District pursuant to Section 23.60A.159((~~within the same geographic area as the site is provided~~)).

Section 42. Section 23.60A.442 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.442 Uses in the UH Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.442, and Table A for 23.60A.442. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.442.

2. If Table A for 23.60A.442 or the text of Section 23.60A.442 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Water-oriented and nonwater-oriented uses

1. Water-oriented uses

a. The following uses are allowed on the dry land portion of waterfront lots if the use is water-oriented:

1) Eating and drinking establishments;

2) Entertainment uses, except adult cabaret, adult motion picture theaters, and adult panorams, which are prohibited;

3) Parks and open space uses;

4) Custom and craft work;

5) Museums; and

6) Sales and services, general.

b. The uses in subsection 23.60A.442.B.1.a that are nonwater-oriented are allowed on the dry land portion of waterfront lots if the use is part of a mixed use project that includes:

1) A water-dependent use occupying a minimum of 25 percent of the gross floor area of the existing structures on the((~~project or on the~~)) development site and located on the level that is closest to the water; and

2) Ecological restoration equivalent to the gross floor area of the new nonwater-oriented use and that is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)).

2. The uses in subsection 23.60A.442.B.1.a are permitted over water, if they comply with the standards in subsection 23.60A.442.B.2.a and either subsection 23.60A.442.B.2.b or 23.60A.442.B.2.c; otherwise, they are prohibited over water, except as provided in subsection 23.60A.442.C.

a. If the use is nonwater-oriented, it is allowed if it is part of a mixed use project that includes:

1) A water-dependent use occupying a minimum of 25 percent of the gross floor area of the existing structures on the development site ((~~building~~))and located on the level that is closest to the water; and

2) Ecological restoration equivalent to the gross floor area of any new nonwater-oriented use and that is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)).

* * *

c. The uses are allowed as a shoreline conditional use if the following requirements are met:

1) The use is on existing or lawfully replaced structures;

2) The depth of dry land of all the waterfront lot area((~~depth~~)) is less than 35 feet measured from the OHW mark to the landward waterfront lot line;

3) An unenclosed water-enjoyment use is provided in the area between the building and 15 feet from the seaward end of the pier;

* * *

C. Commercial uses on historic ships

* * *

2. Development on historic ships that includes uses listed in subsection 23.60A.442.C.1 must comply with the following standards in addition to the criteria for shoreline conditional uses in Section 23.60A.034:

* * *

f. If the new use is not water-oriented, ecological restoration equivalent to the gross floor area of the new nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

D. Food processing uses, nonwater-oriented community centers, and wholesale showrooms are allowed or allowed as a shoreline conditional use as follows:

1. Food processing uses are allowed if water-oriented. Food processing uses that are nonwater-oriented are allowed if the standards in subsection 23.60A.442.D.4 are met;

2. Nonwater-oriented community centers are allowed if the standards in subsection 23.60A.440.D.4 are met; ((~~and~~))

3. Wholesale showrooms are allowed as a conditional use if the standards in subsection 23.60A.440.D.4 are met((~~.~~)); and

4. Uses identified in subsections 23.60A.442.D.1, 23.60A.442.D.2, and 23.60A.442.D.3 ((~~of Section 23.60.442~~))are required to:

a. Be located on a development site where a new or existing water-dependent use occupies a minimum of 25 percent of the developed portion of the development site and located on the level that is closest to the water; and

b. Provide ecological restoration in an amount equivalent to the gross floor area of the use that is nonwater-oriented and that is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)).

* * *

F. Offices and child care facilities on waterfront lots are allowed if they comply with the following standards:

1. The use is part of a development that includes:

a. New or existing water-dependent uses that occupy a minimum of 25 percent of the developed portion of the ((~~lot~~))development site; and

b. Ecological restoration in an amount equivalent in square footage to the gross floor area of the office or childcare facility and that is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)); and

2. If the use is over water, in addition to subsection 23.60A.442.F.1:

a. It is located on ((~~a~~))an existing or lawfully replaced wharf; and

b. Any offices are at least one story above wharf level.

* * *

H. Colleges, institutes for advanced studies, and vocational or fine art schools are:

1. Allowed if they are water-dependent or water-related;

2. Allowed as a shoreline conditional use if they are not water-dependent or water-related and the use is part of a development that includes:

a. New or existing water-dependent uses that occupy a minimum of 25 percent of the developed portion of the development site((~~lot~~)); and

b. Ecological restoration in an amount equivalent to the gross floor area of any use that is nonwater-oriented and that is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~)).

I. Light manufacturing

1. Light manufacturing is allowed if it is water-dependent or water-related.

2. Light manufacturing that is not water-dependent or water-related is allowed as a shoreline conditional use if:

a. Light manufacturing uses occupy no more than 25 percent of the developed portion of the development site((~~lot~~));

b. The use is part of a development that includes:

1) New or existing water-dependent uses that occupy a minimum of 25 percent of the developed portion of the development site((~~lot~~)); and

2) Ecological restoration in an amount equivalent to the gross floor area of any nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the project~~));

c. The use contributes to the maritime or tourist character of the area; and

d. The use on the development site((~~lot~~)) does not block the access to the water or interfere with the ((~~use of the site by~~))water-dependent or water-related uses on-site or on adjacent properties.

* * *

Section 43. Section 23.60A.446 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 2 Development Standards

23.60A.446 Height in the UH Environment

A. Maximum height. The maximum heights in the UH Environment are as follows, as modified in subsections 23.60A.446.B through 23.60A.446.((~~D~~))F:

* * *

F. Maximum height for rooftop features on upland lots between Bay St. and Yesler Way that require view corridor setbacks pursuant to Section 23.49.024 is determined by the underlying zone or special district, if height does not obstruct the view of the shoreline from a substantial number of residences within or adjoining the Shoreline District, in which case the Director may reduce the height allowed.

Section 44. Section 23.60A.450 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.450 Shoreline and side setbacks in the UH Environment

* * *

C. Existing structures and uses that would be considered nonconforming because they are located in the required shoreline setback in the UH Environment are not regulated as((~~a~~)) nonconforming structures based on setback standards. Such structures may not expand in any manner in the setback but may be replaced if an area of ecological restoration, equivalent to the footprint of the structure located in the shoreline setback, is provided pursuant to Section 23.60A.159((~~within the Shoreline District within the same geographic area as the site is provided~~)).

Section 45. Section 23.60A.460 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.460 Incentive for public open space and viewing areas at Colman Dock

* * *

B. Allowed departures

1. View corridor requirements. To create a unique viewing environment for observing harbor activity, Elliott Bay, and the City and surrounding natural features, departures from the standards of Section 23.60A.170, View corridors, and Section 23.60A.452, View

corridors in the UH Environment, may be permitted to consolidate required view corridors into a large public view observation area meeting the following conditions:

a. The view observation area is a public open space that, at a minimum, is open along its perimeter to views beyond pier development to the open water of Elliott Bay and the Olympic Mountains; and

b. The view observation area substituting for required view corridors may be located above street level, if the area meets the conditions for regulated public access above street level in subsection 23.((4))60A.460.B.2.b.

* * *

Section 46. Section 23.60A.482 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.482 Uses in the UI Environment

A. Use regulations

1. All uses on waterfront lots and over water are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.482, ((~~and~~))Table A for 23.60A.482, and Section 23.60A.484. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.482.

2. ((~~Table A~~))Waterfront lots, uses over water and water-dependent,((~~and~~)) water-related, and water-oriented uses

a. Table A for 23.60A.482 and subsections 23.60A.482.C through 23.60A.482.J apply to waterfront lots.

b. Uses over water are regulated in Section 23.60A.484.

c. If Table A for 23.60A.482 or the text of Section 23.60A.482 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Uses on upland lots are regulated in Section 23.60A.483.

((~~1. All uses allowed, allowed as a special use or allowed as a shoreline conditional use on waterfront lots are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

~~a. Transportation uses that are prohibited on waterfront lots; except for cargo terminals and passenger terminals;~~

~~b. Utility uses that are prohibited on waterfront lots except for:~~

~~1) Solid waste management that are not water-dependent or water-related excluding solid waste transfer stations; and~~

~~2) Recycling uses that are not water-dependent or water-related.~~

~~c. High Impact uses that are water-related; and~~

~~d. Heavy manufacturing uses, including the extraction and mining of raw materials.~~))

~~X = Prohibited~~))

C. Limited commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if they are nonwater-oriented and meet the standards of subsections 23.60A.482.C.2, 23.60A.482.D, or 23.60A.482.G((,)) and are prohibited otherwise:

a. Eating and drinking establishments, limited to an area equal to no more than 2,500 ((~~sq ft~~))square feet and not located within the Duwamish Manufacturing/Industrial Center((.));

b. Food processing and craft work, limited to material suppliers and repair services;

c. Sales and services, general, limited to grocery suppliers and hardware stores;

d. Sales and services, heavy, limited to material suppliers, repair services, fuel suppliers, and crane operators;

e. Storage uses, limited to cold storage; and

f. Manufacturing limited to material suppliers and repair services.

2. To be allowed as a nonwater-oriented use the uses listed in subsection 23.60A.482.C.1 shall:

a. Provide a service used by a water-dependent or water-related use located in the same sub-geographic area; and

b. The uses that are not water-dependent or water-related allowed in this subsection 23.60A.482.C and subsections 23.60A.482.D and 23.60A.482.E.1 occupy((~~are limited to an area equal to~~)) no more than 20 percent of the dry land area of the development site((~~lot~~)).

3. Permits issued pursuant to ((~~this~~))subsection 23.60A.482.C.2.b shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this

subsection 23.60A.482.C and the other uses that ((~~satisfy~~))occupy the 80 percent dry ((~~lot~~))land area on the site((~~requirement~~)).

D. General commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if the use is water-oriented and meet the standards of subsections 23.60A.482.C or 23.60A.482.G, or the standards of subsections 23.60A.482.D.2 through 23.60A.482.D.8; otherwise, these uses are prohibited:

a. Food processing and craft work;

b. Laboratories, research and development;

c. Offices, limited to office((~~s~~)) uses that facilitate water-dependent and water-related uses, such as yacht brokers, finance and insurance, and government agencies;

d. Sales and service, heavy, limited to heavy commercial sales, construction services, and building maintenance services. Commercial laundry is prohibited;

e. Storage uses, except that mini-warehouse uses shall not be located in the Duwamish Manufacturing/Industrial Center; and

f. Light, general and heavy manufacturing, except the heavy manufacturing use extraction and mining of raw material, which is prohibited.

2. The ((~~total of the allowed~~))uses that are not water-dependent or water-related as allowed in subsection 23.60A.482.C, this subsection 23.60A.482.D, and subsection 23.60A.482.E.1 occupy ((~~an~~))a total area equal to no more than 20 percent of the dry land area of the ((~~lot~~))site.

3. The uses are located on the site to prevent conflicts with water-dependent or water-related uses on-site and on abutting((~~adjacent sites~~)) properties.

4. Eating and drinking establishment and mini-warehouse uses shall not be located in the Duwamish Manufacturing/Industrial Center.

5. If the site contains a structure meeting the standards of subsection 23.60A.486.B.2, the use is located in the structure that contains accessory uses for the water-dependent and water-related use.

6. The use is part of a development or on a site that includes a water-dependent use; ((~~and~~))

7. Ecological restoration in an amount equivalent to the gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project.~~)); and

8. Permits issued pursuant to this subsection 23.60A.482.D shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this subsection 23.60A.482.D and the other uses that ((~~satisfy~~))occupy the 80 percent dry ((~~lot~~))land area on the site((~~requirement~~)).

E. Entertainment uses

1. The entertainment use of indoor sports and recreation is allowed as a special use if:

a. Located outside the Duwamish Manufacturing/Industrial Center;

b. Located in an existing building;

c. The use is located on site to prevent((~~does not~~)) conflict with the operation of any water-dependent or water-related use on((~~the~~))site or on abutting properties, or ((~~create a~~))jeopardize the safety ((~~issue~~))for users of the indoor sports and recreation use;

d. Parking is available to accommodate the use;

e. The ((~~total of the allowed~~))uses that are not water-dependent or water-related as allowed in subsections 23.60A.482.C, 23.60A.482.D, and this subsection 23.60A.482.E.1 occupy ((~~an~~))a total area equal to no more than 20 percent of the dry land area of the development site((~~lot~~)).

f. Ecological restoration in an amount equivalent in square footage to the gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159;((~~within the same geographic area as the proposed project;~~)) and((.))

g. Permits issued pursuant to this subsection 23.60A.482.E shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this subsection 23.60A.482.E and the other uses that ((~~satisfy~~))occupy the 80 percent dry ((~~lot~~))land area on the site((~~requirement~~)).

2. Entertainment uses are allowed in existing buildings at passenger terminals for cruise ships if all of the following standards are met:

a. The use does not increase conflicts with water-dependent and water-related uses on the site beyond that created by the passenger terminal use;

b. Ecological restoration is provided as a onetime condition as follows, except as set out in subsection 23.60A.482.E.2.b.4:

1) In an amount equivalent in square footage to the gross floor area of the entertainment use pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project.~~));

2) If the entertainment use occurs fewer than 365 days per year, the amount of ecological restoration shall be prorated by the number of days per year the entertainment use occurs((.));

3) The area used to calculate the ecological restoration shall be the maximum area used for any one event; and

4) If the number of days used for the entertainment use increases from the original permit, the ((–))additional number of days shall be subject to an additional permit, and ecological restoration shall be provided based on the additional days the site is used per year; and

c. The entertainment use does not include adult cabaret, adult motion picture theaters, and adult panorams.

* * *

I. Sewage treatment plants are allowed as a Council conditional use if:

1. Located in the Duwamish area;

2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a determination has been made for expansion of an existing sewage treatment plant that an alternative design and locating the expanded portion of the sewage treatment plant is infeasible and for a new sewage treatment plant that no feasible alternative location for the sewage treatment plant outside the shoreline exist as determined under Section 23.60A.066((~~an alternative location for expanding the sewage treatment plant is infeasible~~));

* * *

Section 47. A new Section 23.60A.483 is added to the Seattle Municipal Code as follows:

23.60A.483 Uses allowed on upland lots in the UI Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section 23.60A.483, and Table A for 23.60A.483. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.483.

2. If Table A for 23.60A.483 or the text of Section 23.60A.483 states that a use is required to be water-dependent or water related, a use that does not have the required attribute is prohibited.

B. In the Duwamish area, yacht, boat and beach clubs, and recreational marinas are allowed as a shoreline conditional use and in Lake Union and the Ship Canal yacht boat and beach clubs and recreational marinas are allowed if:

1. The use does not include an eating and drinking establishment;

2. The use is located to not conflict with manufacturing uses because of dust or noise or other environmental factors, or parking and loading access needs or other safety factors; and

3. The use is located on lots that are not suited for a water-dependent or water-related manufacturing use or for other allowed water-dependent commercial uses because of an inadequate amount of dry land.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Sewage treatment plants are allowed as a Council conditional use if:

1. Located in the Duwamish area;

2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a determination has been made for expansion of an existing sewage treatment plant that an alternative design and locating the expanded portion of the sewage treatment plant is infeasible and for a new sewage treatment plant that no feasible alternative location for the sewage treatment plant outside the shoreline exist as determined under Section 23.60A.066;

3. The plant is set back 60 feet from the line of the OHW mark;

4. Public access is provided along the entire length of the shoreline that is part of the sewage treatment facility, except for any portion occupied by barge loading and unloading facilities to serve the sewage treatment plant; and

5. All reasonable mitigation measures to protect views and to control odors, noise, traffic and other adverse impacts on the human and natural environment are required.

E. Utility service uses are allowed if they reasonably require a shoreline location to operate.

Section 48. Section 23.60A.484 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.484 Uses allowed over water in the UI Environment

((~~A.~~))In addition to uses allowed over water in Section 23.60A.090, the following uses are allowed in the UI Environment over water in existing buildings or on existing structures, if they are water-dependent and are otherwise prohibited;

((~~1.~~))A. Commercial uses;

((~~2.~~))B. Light and general manufacturing uses;

((~~3.~~))C. Cargo and passenger terminals; and

((~~4.~~))D. Uses specifically allowed at existing passenger terminals pursuant to subsection 23.60A.482.E.

Section 49. Section 23.60A.486 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 2 Development Standards

23.60A.486 Height in the UI Environment

A. Maximum height. The maximum height is 35 feet, except as provided in subsections 23.60A.486.B through 23.60A.486.D.

B. Height exceptions

1. Cranes, mobile conveyers, light standards, and similar equipment necessary for the function of water-dependent uses or the servicing of vessels may extend above the maximum height limit;

2. The Director may authorize up to 55 feet in the Ballard/Interbay Northend Manufacturing and Industrial Center and up to 80 feet for buildings and other structures in the Duwamish Manufacturing/Industrial Center for the following structures:

a. Structures for water-dependent and water-related uses, for uses accessory to a water-dependent or water-related uses, and for manufacturing if:

((~~i~~))1) The structure requires additional height because of its intended use; and

((~~ii~~))2) The views from a substantial number of upland residences would not be substantially blocked by the increased height;

b. An accessory structure to a water-dependent or water-related use if:

((~~i~~))1) Allowing the additional height would result in a significant amount of additional usable area for the principal water-dependent or water–related use and/or additional area for ecological restoration and enhancement; and

((~~ii~~))2) No more than 20 percent of the ((~~lot~~))site area is covered by portions of the structure that exceed the maximum height established in ((~~subs~~))Section 23.60A.486; and

((~~iii~~))3) Eighty percent of the ((~~lot~~))site is preserved through a covenant for water-dependent and/or water-related uses if uses that are not water-dependent or water-related occupy the structure; and

((~~iv~~))4) The views from a substantial number of upland residences would not be substantially blocked by the increased height; and

5) Permits issued pursuant to this subsection 23.60A.486.B shall identify the specific uses and gross floor areas of each use on the site.

* * *

Section 50. Section 23.60A.490 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.490 Shoreline setbacks in the UI Environment

A. A shoreline setback of ((~~35~~))60 feet from the OHW mark is required for uses that are not water-dependent or water-related. No development, use, or shoreline modification is allowed within this shoreline setback except as provided in Section 23.60A.167 and subsection 23.60A.490.C.

B. A shoreline setback of 15 feet from the OHW mark is required for water-dependent or water-related uses. No development, use, or shoreline modification is allowed within this shoreline setback except as provided in Section 23.60A.167 and subsection 23.60A.490.C.

C. Structures for uses accessory to a water-dependent use on site are allowed if the applicant demonstrates the conditions in subsection 23.60A.490.C.1 or 23.60A.490.C.2 exist and the applicant complies with subsection 23.60A.490.C.3:

1. The structure is used for a facility that is 75((~~%~~)) percent a water-dependent use and larger than ((~~5~~))five acres and:

a. The applicant demonstrates that the placement of the proposed structure outside the setback would interfere with the overall functionality of the water-dependent function of the facility; and

b. An existing building on the site ((~~of~~))equal to the overall size within the setback is removed.

2. The new structure is located on a portion of the site where water access is not possible for the water-dependent use.

3. The applicant provides ecological restoration in an amount equivalent in square footage to the gross floor area of the structure pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

D. Existing structures that would be considered nonconforming because they are located in the required shoreline setback in the UI Environment are not regulated as ((~~a~~))nonconforming structures based on setback standards. Such structures may not be expanded in any manner in the setback but may be replaced if an area of ecological restoration equivalent to the footprint of the structure located in the shoreline setback within the Shoreline District is provided pursuant to Section 23.60A.159((~~within the same geographic area as the site is provided~~)) or if the applicant can demonstrate that the replacement structure would meet the alternative sustainable development requirements, established by Director's Rule.

Section 51. Section 23.60A.502 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.502 Uses in the UM Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use or prohibited on waterfront lots and over water pursuant to Section 23.60A.090, this Section 23.60A.502, ((~~and~~))Table A for 23.60A.502, and Section 23.60A.504. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.502.

2. ((~~Table A~~))Waterfront lots, uses over water, and water-dependent and water-related uses

a. Table A for 23.60A.502 and subsections 23.60A.502.C through 23.60A.502.H apply to waterfront lots.

b. Uses over water on waterfront lots are regulated in Section 23.60A.504.

c. If Table A for 23.60A.502 or the text of Section 23.60A.502((~~ or Section 23.60A.504~~)) states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. U((~~ses on u~~))pland lots are regulated in Section 23.60A.503.

((~~1. All uses allowed, allowed as a special use or allowed as a shoreline conditional use on waterfront lots, are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zone and are allowed, allowed as a conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

~~a. Transportation uses that are prohibited on waterfront lots except for:~~

~~1) Vehicle storage and maintenance; and~~

~~2) Heliports and helistops, which may be allowed as a Council conditional use if:~~

~~a) The use is for takeoff and landing of helicopters that serve a public safety, news gathering or emergency medical care function, is part of an approved transportation plan and is:~~

~~i. A public facility; or~~

~~ii. Located at least 2,000 feet from a residential zone;~~

~~b) The use is located to minimize adverse environmental impacts on lots in the surrounding area, and on public parks and other areas where substantial public gatherings may be held;~~

~~c) The lot is of sufficient size that operations of the use and flight paths of helicopters can be buffered from the surrounding area;~~

~~d) Open areas and landing pads shall be hard-surfaced; and~~

~~e) The use meets all federal requirements, including those for safety, glide angles and approach lanes.~~

~~b. Utility uses that are prohibited on waterfront lots, except for recycling uses that are not water-dependent or water-related;~~

~~c. High-impact uses; and~~

~~d. Heavy manufacturing, including the extraction and mining of raw materials.~~))

~~P = Allowed by permit~~

~~SU = Special Use~~

~~WD/WR = Allowed for water-dependent or water-related uses otherwise prohibited~~

~~X = Prohibited~~))

C. Limited commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if they are nonwater-oriented and meet the standards of subsection 23.60A.502((~~482~~)).C.2 or subsection ((~~23.60.A.482.D~~))23.60A.502.D, and are otherwise prohibited:

a. Eating and drinking establishments, limited to 2,500 square feet in size;

b. Food processing and craft work, limited to material suppliers and repair services;

c. Sales and services, general; limited to grocery suppliers and hardware stores;

d. Sales and services, heavy; limited to material suppliers, repair services, fuel suppliers, and crane operators;

e. Storage uses, limited to cold storage; and

f. Manufacturing, limited to material suppliers and repair services.

2. To be allowed as a nonwater-oriented use the uses listed in subsection 23.60A.502.C.1 shall:

a. Provide a service used by a water-dependent or water-related use located in the same sub-geographic area; and

b. The uses that are not water-dependent or water-related allowed in this subsection 23.60A.502.C and subsections 23.60A.502.D and 23.60A.502.E ((~~are limited to an~~))must occupy a total area equal to no more than 20 percent of the dry land area of the ((~~lot~~))site, except as provided in subsection 23.60A.502.D.7.

3. Permits issued pursuant to this subsection 23.60A.502.C shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this subsection 23.60A.502.C and the other uses that ((~~satisfy~~))occupy the 80 percent dry ((~~lot~~))land area on the site((~~requirement~~)).

D. General commercial, storage and manufacturing uses

1. The following uses are allowed if water-dependent or water-related, or if the standards of subsections 23.60A.502.C((~~.~~)) are met, or if the standards of subsections 23.60A.502.D.2 through 23.60A.502.D.8((~~7~~)) are met; these uses are otherwise prohibited:

a. Food processing and craft work;

b. Laboratories, research and development;

c. Offices, limited to office((~~s~~)) uses that facilitate water-dependent and water-related uses, such as yacht brokers, finance and insurance, and government agencies;

d. Sales and service, heavy, limited to heavy commercial sales, construction services, and building maintenance services; commercial laundry is prohibited;

e. Storage uses; and

f. Manufacturing, except that heavy manufacturing use, extraction and mining of raw materials, is prohibited.

2. The ((~~total of the allowed~~))uses that are not water-dependent or water-related as allowed in subsection 23.60A.502.C and this subsection 23.60A.502.D must occupy ((~~an~~))a total area equal to no more than 20 percent of the dry land area of the ((~~lot~~))site except as provided in subsection 23.60A.502.D.7.

3. The uses ((~~are~~))must be located on the site to prevent conflicts with water-dependent or water-related uses on-site or on abutting ((~~adjacent sites~~))properties.

4. The use ((~~is~~))must be located in the structure that contains accessory uses for the water-dependent and water-related use if the site contains a structure meeting the standards of subsection 23.60A.506.B.2.

5. The use ((~~is~~))must be part of a development or on a site that includes a water-dependent use;

6. Ecological restoration in an amount equivalent in square footage to the gross floor area of the nonwater-oriented use ((~~is~~))must be provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)); and

((~~7. Permits issued pursuant to this subsection 23.60A.502.D shall identify the specific uses and gross floor area of each use that is authorized by the permit under this subsection and the other uses that satisfy the 80 percent dry lot area requirement.~~))

((~~8~~))7. ((~~In addition to the offices allowed in subsection 23.60A.502.D.1.c,~~)) ((~~n~~))Nonwater-oriented office uses are allowed in a building existing on January 1, 2013, if:

a. An office use, whether principal or accessory, is established as of January 1, 2013, for an area of the building equal to the area of the proposed office use;

b. The office use is limited to an area equal to 35((~~%~~)) percent of the dry land area of the site;

c. The office use is part of a development that includes a water-dependent use that occupies 75((%)) percent of the site and is located on the same legal lot as the water-dependent use; and

d. Ecological restoration in an amount equivalent in square footage to the gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

8. Permits issued pursuant to subsections 23.60A.502.D.2 and 23.60A.502.D.7 shall identify the specific uses and gross floor area of each use that is authorized by the permit under this subsection 23.60A.502.D and the other uses that occupy the 80 percent dry land area on the site, including the 75 percent water-dependent use requirement, if applicable.

E. Entertainment uses. The entertainment use of indoor sports and recreation is allowed as a special use if:

1. Located outside the Duwamish Manufacturing/Industrial Center;

2. Located in an existing building;

3. The use is located on site to prevent((~~does not~~)) conflict with the operation of any water-dependent or water-related use on ((~~the~~))site or on abutting properties, or ((~~create a~~))jeopardize the safety ((~~issue~~))for users of the indoor sports and recreation use;

4. Parking is available to accommodate the use;

5. The ((~~total of the allowed~~))uses that are not water-dependent or water-related as allowed in subsections 23.60A.502.C, 2360A.502.D, and this subsection 23.60A.502.E((~~.1~~)) occupy ((~~an~~))a total area equal to no more than 20 percent of the dry land area of the ((~~lot~~))site, except as provided in subsection 23.60A.502.D.7;

6. Ecological restoration in an amount equivalent to the gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)); and

7. Permits issued pursuant to this subsection 23.60A.502.E shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this subsection 23.60A.502.E and the other uses that ((~~satisfy~~))occupy the ((~~20~~))80 percent dry ((~~lot~~))land area on the site((~~requirement~~)).

F. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a shoreline conditional use, if:

1. The use does not include an eating and drinking establishment, except as allowed pursuant to subsection 23.60A.482.C;

* * *

Section 52. A new Section 23.60A.503 is added to the Seattle Municipal Code as follows:

23.60A.503 Uses allowed on upland lots in the UM Environment

A. Use regulations

1. All uses on upland lots are allowed, allowed as a special use, allowed as a shoreline conditional use or prohibited on upland lots pursuant to Section 23.60A.090, this Section 23.60A.503, and Table A for 23.60A.503. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.503.

2. If Table A for 23.60A.503 or the text of Section 23.60A.503 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

B. Certain commercial uses and institutional and residential uses

1. Office uses within the Lake Union area are allowed; and

2. Institutional uses that are not water-dependent or water-related and residential uses are allowed as a shoreline conditional use, if located in structures designated as Landmarks, pursuant to Chapter 25.12, Landmark Preservation.

C. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a shoreline conditional use, if:

1. Located so as to not conflict with manufacturing uses due to dust or noise or other environmental factors, or parking and loading access needs or other safety factors; and

2. Located on lots that are not suited for a water-dependent or water-related manufacturing use or for other allowed water-dependent or water-related commercial uses because of an inadequate amount of dry land.

D. Heliports and helistops, which may be allowed as a Council conditional use if:

1. The use is for takeoff and landing of helicopters that serve a public safety, news gathering or emergency medical care function, is part of an approved transportation plan and is:

a. A public facility; or

b. Located at least 2,000 feet from a residential zone;

2. The use is located to minimize adverse environmental impacts on lots in the surrounding area, and on public parks and other areas where substantial public gatherings may be held;

3. The lot is of sufficient size that operations of the use and flight paths of helicopters can be buffered from the surrounding area;

4. Open areas and landing pads shall be hard-surfaced; and

5. The use meets all federal requirements, including those for safety, glide angles and approach lanes.

E. Minor communication utilities are allowed, except freestanding transmission towers, which are prohibited.

F. Utility service uses are allowed if they reasonably require a shoreline location to operate.

Section 53. Section 23.60A.504 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.504 Uses allowed over water in the UM Environment

A. In addition to uses allowed over water in Section 23.60A.090 and subsection 23.60A.504.C, the following uses are allowed over water on waterfront lots if the standards of subsection 23.60A.504.B are met and are otherwise prohibited:

1. Commercial uses;

2. Light and general manufacturing;

3. Colleges, vocational schools and institutes for advanced study;

4. Passenger terminals;

5. Office uses accessory to a water-dependent or water-related use located on the same lot; and

6. Storage uses accessory to a water-dependent use located on the same lot.

B. Standards required for uses listed in subsection 23.60A.504.A are as follows:

1. The depth of ((~~the~~))dry land of all the waterfront lot area ((~~of the lot~~))is less than 50 feet measured from the OHW mark to the landward waterfront lot line;

* * *

C. In addition to the uses allowed over water in Section 23.60A.090 and subsection 23.60A.504.A, the following uses are allowed over water if they are not water-dependent or water-related and if the requirements of subsection 23.60A.504.D are met and are otherwise prohibited((~~;~~)):

1. Custom and craft work;

2((~~3~~)). Storage uses, except as allowed in subsection 23.60A.504.A;

3((~~5~~)). Food processing; and

4((~~6~~)). Light, general and heavy manufacturing, except the extraction and mining of raw materials, which is prohibited.

D. Standards required for uses listed in subsection 23.60A.504.C are as follows:

1. The depth of dry land of all the waterfront lot area((~~depth~~)) is less than 50 feet measured from the OHW mark to the landward waterfront lot line;

2. The location of the use on dry land is not reasonable;

3. The use is on or in an existing structure;

4. There is no increase in overwater coverage;

5. The total of all ((~~non water-dependent~~))uses that are not water-dependant ((~~uses~~))does not exceed 10 percent of the lot including submerged land; and

6. Ecological restoration in an amount equivalent in square footage to the gross floor area of any use that is not water-dependent or water-related is required pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

Section 54. Section 23.60A.506 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 2 Development Standards

23.60A.506 Height in the UM Environment

* * *

B. Height exceptions for water-dependent uses. The following height exceptions apply to water-dependent uses in the UM Environment:

1. Cranes, mobile conveyers, light standards, and similar equipment necessary for the function of water-dependent uses or the servicing of vessels may extend above the maximum height limit; and

2. Other structures required for uses that are accessory to a water-dependent or water-related use, including but not limited to accessory office, accessory warehouse, and accessory manufacturing facilities may be authorized up to 55 feet in the Ballard/Interbay Northend Manufacturing and Industrial Center by the Director if:

a. The accessory structure requires additional height because of its intended use; or

b. Granting additional height for the accessory structure would result in a significant amount of additional usable area for the principal water-dependent use, water-related use, and/or additional area for ecological restoration and enhancement; and

c. No more than 20 percent of the lot area is covered by portions of the structure that exceed the maximum height limit established in subsection 23.60A.506.B;

d. Eighty percent of the lot is preserved by covenant for water-dependent and/or water-related uses if uses that are not water-dependent or water-related occupy the structure;((~~and~~))

e. The views of the shorelines from a substantial number of residences on areas within and adjoining the Shoreline District would not be obstructed by the increased height; and

f. Permits issued pursuant to this subsection 23.60A.506.B shall identify the specific uses and gross floor areas of each use on the site.

* * *

Section 55. Section 23.60A.508 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.508 Lot coverage in the UM Environment

* * *

C. Lot coverage exceptions

1. Structures, including floats and piers, may occupy up to 65 percent of the submerged portion of a waterfront lot where the depth of the dry land of all the waterfront lot area is((~~that has a depth of~~)) less than 50 feet measured from the OHW mark to the landward waterfront lot line((~~of dry land~~)).

2. Dry docks may cover up to an additional 25 percent of submerged land for a maximum lot coverage of 75 percent of all uses combined.

Section 56. Section 23.60A.510 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.510 Shoreline setbacks in the UM Environment

A. A shoreline setback of 35 feet from the OHW mark is required for uses that are not water-dependent or water-related except for upland lots abutting the water, in which case the setback is measured from the most waterward side of the waterfront lot. No development, use, or shoreline modification is allowed within this shoreline setback except as provided in Section 23.60A.167 and subsection 23.60A.510.C.

* * *

C. Structures for uses accessory to a water-dependent use on site are allowed if the applicant demonstrates the conditions in subsection 23.60A.510.C.1 or 23.60A.510.C.2 exist and the applicant complies with subsection 23.60A.510.C.3:

1. The structure is used for a facility that is 75((%)) percent a water-dependent use and larger than ((5))five acres and:

a. The applicant demonstrates that the placement of the proposed structure outside the setback would interfere with the overall functionality of the water-dependent function of the facility; and

b. An existing building on the development site of equal to overall size within the setback is removed.

2. The new structure is located on a portion of the development site where water access is not possible for the water-dependent use.

3. The applicant provides ecological restoration in an amount equivalent in square footage to the gross floor area of the structure pursuant to Section 23.60A.159((~~within the same geographic area as the proposed project~~)).

D. Existing structures that would be considered nonconforming because they are located in the required shoreline setback in the UM Environment are not regulated as((~~a~~))

nonconforming structures based on setback standards. Such structures may not be expanded in any manner in the setback but may be replaced if an area of ecological restoration equivalent to the footprint of the structure located in the shoreline setback within the Shoreline District is provided pursuant to Section 23.60A.159((~~within the same geographic area as the site is provided~~)) or if the applicant can demonstrate that the replacement structure would meet sustainable development requirements, established by Director's Rule.

Section 57. Section 23.60A.512 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.512 View corridors in the UM Environment

* * *

B. The required view corridor width shall be reduced to 15 percent of the width of the lot if water-dependent uses occupy more than 40 percent of the dry land area of the development site((~~lot~~)).

* * *

Section 58. Section 23.60A.540 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.540 Uses in the UR Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use or prohibited pursuant to Section 23.60A.090, this Section 23.60A.540, and Table A for 23.60A.540. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.540.

2. If Table A for 23.60A.540 or the text of Section 23.60A.540 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

* * *

Section 59. Section 23.60A.575 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.575 Shoreline setbacks in the UR Environment

A. A shoreline setback of 35 feet from the OHW mark is required. No development, use, or shoreline modification is allowed within this shoreline setback except as provided in Section 23.60A.167 and as follows:

1. The minimum necessary for:

a. Single-family dwelling units allowed pursuant to subsection 23.60A.282.E; and

b. One pedestrian pathway per single-family dwelling unit or for each 10 multifamily dwelling units, limited to 3 feet wide and constructed of pervious surface.

2. More than 15 feet landward of the OHW mark for one on-grade patio per single-family dwelling unit or for each 10 dwelling units, limited to 45 square feet.

3. On smaller lots as follows:

a. If the dry land portion of the lot from OHW to the street is less than 70 feet but more than 35 feet, an existing single family residence may be replaced if the replacement structure:

1) Is no closer to the OHW than the existing single family residence;

2) Does not increase in size (height and footprint) within the shoreline setback; and

3) Is located as far as possible from the OHW mark to accommodate the size of the existing single family residence footprint; or

b. If the dry land portion of the lot from OHW to the street is 35 feet or less, the replacement structure may be rebuilt within the shoreline setback if the replacement is no larger in size (height and footprint) of the existing single family; and

c. Under subsection 23.60A.575.A.3.a or 23.60A.575.A.3.b if an area of ecological restoration equivalent to the footprint of the structure located in the shoreline setback within the Shoreline District is provided pursuant to Section 23.60A.159.

B. ((~~Existing structures and uses that would be considered nonconforming because they are located in the required shoreline setback in the UR Environment are not regulated as a nonconforming structures based on setback standards. Such structures may not be expanded in any manner in the setback but may be replaced if an area of ecological restoration equivalent to the footprint of the structure located in the shoreline setback within the Shoreline District within the same geographic area as the site is provided~~))In addition to shoreline setback required in subsection 23.60A.575.A, residences on waterfront lots shall not be located further waterward than adjacent residences as measured in subsection 23.60A.206.B.2.

Section 60. Section 23.60A.578 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.578 Regulated public access in the UR Environment

A. Private property. Public access shall be provided and maintained on privately owned waterfront lots for the following developments((~~, except as modified by subsection this 23.60A.578.A~~)) and uses:

1. Residential developments containing more than four units with more than 75 feet of shoreline((~~, except if located on saltwater shorelines where public access from a street is available within 600 feet of the proposed development~~));

* * *

Section 61. Section 23.60A.902 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.902 Definitions -- "A"

* * *

"Average grade level" means the calculation determined by averaging the elevations at the center of all exterior walls of the proposed building or structure. In the case of structures to be built over water, average grade level shall be the elevation of ordinary high water in freshwater and mean higher high water in marine waters.((.))

Section 62. Section 23.60A.906 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.906 Definitions -- "C"

* * *

"Custom craft work" means, in addition to the definitions in ((~~subs~~))Section ((~~23.60A.84.~~))23.84A.012, Food processing and craft work, ((~~A custom craftwork in the Shoreline District includes~~))wooden boat building ((~~and~~)), which is a water-related use.

* * *

Section 63. Section 23.60A.908 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.908 Definitions -- "D"

* * *

"Development site((~~, waterfront~~))" means a ((~~waterfront~~))lot or lots on which a proposed development or use will occur.

* * *

((~~"Dry land" means land at an elevation above the line of ordinary high water in freshwater or mean higher high water in marine water.~~))

"Dry boat storage" means a "parking and moorage" use, in which space on a lot on dry land, either open or inside a structure, is rented or sold to the public or to members of a yacht, boat or beach club for the purpose of storing boats.

"Dry dock" means any method or mechanism by which a vessel can be removed from the water for the purpose of viewing, working on, or painting the underwater portions of the vessel. Dry docks include:

"Floating dry dock" means a strong decked barge that is submerged by filling it with water over which a vessel is floated and which is then pumped out to lift the barge deck clear of the water with the vessel sitting high and dry. It includes the wing walls needed to provide enough flotation to prevent sinking all the way to the bottom.

"Marine railway dry dock" means a place where a vessel is tied to a carriage which is then pulled out of the water on an inclined railway usually with winches. The rails are spaced far enough apart to provide stability of the carriage with a vessel on it.

((~~"Floating dry dock" means a strong decked barge that is submerged by filling it with water. A vessel is floated over the submerged barge which is then pumped out to lift the barge deck clear of the water with the vessel sitting high and dry. The wing walls provide enough flotation to prevent sinking all the way to the bottom.~~))

"Synchrony-lift dry dock" means a stiffened deck or barge like structure that is lifted out of water by lifting mechanisms such as winches or jacks operating synchronously.

"Travel-lift" means a motorized device like a lumber carrier ((~~which~~))that drives over water on two adjacent docks straddling the water to raise((~~, A~~)) a boat in the water between the two docks ((~~is raised out of the water by~~))using straps attached to winches. The travel-lift then drives to an area on land((~~upland site~~)) to set the boat ((~~down~~))on blocks((~~, on land~~)).

"Dry land" means land at an elevation above the line of ordinary high water in freshwater or mean higher high water in marine water.

"Duwamish" means the area of the Duwamish River from the south city limits north to South Massachusetts Street on the east side and Southwest Florida Street on the west side, and including Harbor Island and the East and West Duwamish Waterways.

"Dwelling unit" means a room or rooms, located within a structure or vessel, designed, arranged, occupied, or intended to be occupied as living accommodations independent from any other household. The existence of a food preparation area within the room or rooms shall be evidence of the existence of a dwelling unit.

Section 64. Section 23.60A.912 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.912 Definitions -- "F"

* * *

"Feasible," except when used in the phrase "no feasible alternative location exists," means that an action, such as a development project, mitigation, or preservation requirement, meets all of the following conditions:

1. The action can be accomplished with technologies and methods that have been used in the past in similar circumstances, or studies or tests have demonstrated in similar circumstances that such approaches are currently available and likely to achieve the intended results;

2. The action provides a reasonable likelihood of achieving its intended purpose; and

3. The action does not physically preclude achieving the project's primary intended legal use.

In cases where this Chapter 23.60A requires certain actions unless they are infeasible, the burden of proving infeasibility is on the applicant. In determining an action's infeasibility, the

reviewing agency may weigh the action's relative public costs and public benefits, considered in the short- and long-term time frames.

"Feasible" when used in the phrase "no feasible alternative location exists" for a utility service use, utility line, or sewage treatment plant means feasible as determined under 23.60A.066.

* * *

"Float" means a floating platform similar to a pier that is anchored or attached to pilings. A float attached to a pier shall be considered part of the pier.

"Float" when it is used in connection with a vessel repair use includes a floating platform used as a work platform to work on a vessel dock or pier.

"Float" when it is used in connection with a floating home means those elements that provide the buoyancy necessary to keep the floating home above the water.

"Floating dry dock." See "Dry dock."

* * *

"Floating home site" means that part of a floating home moorage located over water designated to accommodate one floating home.

"Floating on-water residence" means any floating structure, other than a floating home, that is designed or used primarily as a residence, has detachable utilities, and is the subject of a lease or sublease at a marina, or whose owner or predecessor in interest had an ownership interest in a marina, as of July 1, 2014. See RCW 90.58.270. For the purpose of this definition, a structure will be considered "designed primarily as a residence" if it contains a dwelling unit.

((~~"Freeboard" means the height of the main deck above the water line. Where the threshold of the main entrance to the structure is above the main deck, the freeboard is measured to the threshold of the main entrance.~~))

* * *

Section 65. Section 23.60A.914 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.914 Definitions -- "G"

"Geographic area" means one of seven defined geographic areas within Seattle as follows: Lake Washington North, Lake Washington South, Lake Union and the Ship Canal, Elliott Bay, the Duwamish River, Puget Sound North, and Puget Sound South. Sub-geographic area means an area that is a maximum distance of 3 miles from a point within one of the above geographic areas.

* * *

Section 66. Section 23.60A.916 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.916 Definitions -- "H"

* * *

"House barge" means a vessel that is designed or used as a place of residence without a means of self-propulsion and steering equipment or capability.

((~~"House height" means the distance from the main deck to the top of the roof.~~))

* * *

Section 67. Section 23.60A.918 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.918 Definitions -- "I"

* * *

"Interpretive signs." See "Sign, interpretive."((~~means on-premise signs describing a natural or historic feature on the same site as the sign or seen from the site.~~))

Section 68. Section 23.60A.924 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.924 Definitions -- "L"

* * *

"Landfill" means sand, soil, gravel, or other material deposited landward of the OHW mark and not in riparian corridors or in wetlands; see "Fill".

* * *

"Live-aboard vessel" means a vessel that is used as a single-family dwelling unit for more than a total of 30 days in any 45 day period or more than a total of 90 days in any 365 day period; or the occupant or occupants identify the vessel or the facility where it is moored as the residence for voting, mail, tax, or similar purposes. Marinas may define "live-aboard((-)) use" more narrowly than the above definition, but not more broadly.

"Lot coverage" means that portion of a lot occupied by the principal building, accessory buildings and development including impervious surface, piers, floats, and dry((-))docks, expressed as a percentage of the total lot area.

* * *

Section 69. Section 23.60A.926 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.926 Definitions -- "M"

* * *

"Mean higher high water (MHHW)" means a tidal datum. The average of the higher of the high water heights, each tidal day, observed over the National Tidal Datum Epoch. For stations with shorter series, simultaneous observational comparisons are made with a control tide station in order to derive the equivalent or accepted values of the National Tidal Datum Epoch. The elevation of this datum on the shore is the MHHW line.((~~the tidal elevation determined by averaging the higher of each day's two high tides at a particular location over recorded history.~~))

"Mean lower low water (MLLW)" means a tidal datum. The average of the lower of the low water heights, each tidal day, observed over the National Tidal Datum Epoch. For stations with shorter series, simultaneous observational comparisons are made with a control tide station

in order to derive the equivalent or accepted values of the National Tidal Datum Epoch. The elevation of this datum on the shore is the MLLW line.((~~the 0.0 tidal elevation determined by averaging the lower of each day's two low tides at a particular location over recorded history.~~))

* * *

Section 70. Section 23.60A.928 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.928 Definitions -- "N"

* * *

"No net loss of ecological functions" means no degradation to habitat, including the habitat forming processes, after project impacts and mitigation for the project impacts occur.

((~~"Non-native aquatic species" means species for which Seattle is not within their natural range or within their natural dispersion area or species that have been brought to Seattle from another region, state or country.~~))

"Non-motorized boat landing area" means an area designed to allow vessels without motors to land on dry land and is not designed to include a launching area((~~site~~)) for non-motorized vessels.

"Non-native aquatic species" means species for which Seattle is not within their natural range or within their natural dispersion area or species that have been brought to Seattle from another region, state, or country.

* * *

Section 71. Section 23.60A.930 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.930 Definitions -- "O"

"OHW." See "Ordinary high water mark."

"Ordinary high water mark,"((~~:~~)) abbreviated "OHW mark," means, on all lakes, streams, and tidal water, that mark that will be found by examining the bed and banks and ascertaining

where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, with respect to vegetation as that condition exists on June 1, 1971, or as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by the Director or Ecology: provided, that in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining saltwater shall be the line of mean higher high water((~~tide~~)) and the ordinary high water mark adjoining freshwater shall be the line of mean high water.

"Ordinary low water" means, in fresh water, the elevation of water at ordinary stages of low water unaffected by drought and the low water level of Lake Washington, Lake Union, and the Ship Canal as controlled by the Army Corps of Engineers.

((~~"Overall length" is the length of the hull structure. It does not include elements such as bow sprits or figureheads.~~))

* * *

Section 72. Section 23.60A.934 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.934 Definitions -- "R"

* * *

"Reasonable use of property" means the use of property to which its owner is entitled under the Constitution of the United States of America and the Washington State Constitution, as interpreted by the highest courts of those jurisdictions.

"Remodel" means to rebuild the interior of existing structures without expanding any portion of the structure and/or to change the siding material or architectural features on the exterior of structures without expanding any portion of the structure.

"Remodel" for nonconforming structures and uses means renovations or alterations the cost of which from the date of this ordinance does not equal or exceed 60 percent

of the market value of the development or of the portion of the development that is structurally nonconforming or contains the nonconforming use prior to undertaking the work.

"Research use" means a use that conducts scientific investigation through survey, collection of data, and/or experimental planting in wetlands.

"Residential use,"((;)) except for vessels containing dwelling units (~~"live-aboard use"~~)) as defined in Section 23.60A.908,((~~924~~)) means the following uses:

* * *

Section 73. Section 23.60A.936 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.936 Definitions -- "S"

* * *

((~~"Sea state" means the general condition of the free surface on a large body of water, with respect to wind waves and swell, at a certain location and moment. A sea state is characterized by statistics, including the wave height, period, and power spectrum. Sea state varies with time as wind and/or swell conditions change. The sea state can either be assessed by an experienced observer, like a trained mariner, or through instruments like weather buoys, wave radar or remote sensing satellites.~~))

* * *

"Sign, raceboat sponsor" means an on-premises sign, located on a vessel that is in a race sanctioned by an established and incorporated boat racing association or group that identifies the persons sponsoring the vessel in the race, or noncommercial messages replacing this information.

"Site" means development site, except when (1) applying use standards that require additional water-dependent and/or water-related uses to be part of the development or on a site, such as in subsection 23.60A.382.C, it means contiguous parcels operated by the same business/in the same ownership (under the same ownership), or (2) there is an adjective describing the meaning of site, such as "floating home site."

* * *

"Structure" means a permanent or temporary edifice or building, or any piece of work artificially built or composed of parts artificially joined together in some definite manner, whether installed on, above, or below the surface of the ground or water, including fences, walls, signs, piers, floats and drydocks, but not including poles, flower-bed frames and other minor incidental improvements, or vessels.

"Sub-geograhic area" See "Geographic area."

"Submerged land" means all lands waterward of the ordinary high water mark or mean higher high water, whichever is higher.

* * *

"Substantial improvement" and "substantially improved" means maintenance, renovations, repairs, or alterations the cost of which in any five year period starting from the date of this ordinance equals or exceeds 60 percent of the market value of the development, or for alteration of nonconforming uses or development exceeds 60 percent of the market value of the portion of the development that is structurally ((~~non-conforming~~))nonconforming or contains the nonconforming use prior to undertaking the work.

((~~"Submerged land" means all lands waterward of the ordinary high water mark or mean higher high water, whichever is higher.~~))

"Synchrony-lift dry dock." See "Dry dock."

Section 74. Section 23.60A.938 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.938 Definitions -- "T"

"Transportation facilities" means the following uses:

-- Bridges and tunnels;

-- Cargo terminal;

-- Moorage;

-- Parking;

-- Passenger terminal;

-- Rail transit facilities;

-- Railroads;

-- Streets;

-- Transportation facilities, air;

-- Tugboat services; and

-- Vehicle storage and maintenance.

"Travel-lift" See "Dry dock."

* * *

Section 75. Section 23.60A.942 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.942 Definitions -- "V"

* * *

"Vehicle storage" vehicle storage does not include movable equipment used on-site that is not routinely driven on a public right-of-way.

"Vessel" means ships, boats, barges, or any other floating craft that are designed and used for navigation and do not interfere with the normal public use of the water, including historic ships that do not have means of self-propulsion and steering equipment and house barges.

* * *

Section 76. Section 23.60A.944 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.944 Definitions -- "W"

* * *

"Water-dependent use" means a use that cannot exist in other than a waterfront location and is dependent on the water by reason of the intrinsic nature of its operations. The following uses are included:

Ferry and passenger terminals, marine construction and repair, aquaculture, cargo terminal for marine commerce or industry, boat launch facilities, moorage, sale or rental of large boats, tour boats, cruise ships, tug and barge operations, recreation that provides physical access to the water, limnological or oceanographic research facilities that require the use of the adjacent water for its operation. Water-dependent use includes businesses that receive or transport 50 percent or more product or material used in the business via the water adjacent to such business. The following uses and similar uses are not water-dependent: offices, eating and drinking establishments, catering services, non-marine sales and service, lodging, adult care centers, child care centers, religious facilities, hospitals, and residential uses.

* * *

Section 77. Section 23.60A.958 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.958 Calculation of percent of a development site((~~lot~~)) occupied by a specific use

The following measurement techniques shall be used to calculate the percentage of a development site((~~lot~~)) occupied by a use for developments.

A. For purpose of this Section 23.60A.958, the development site((~~"lot"~~)) includes all the((~~lot~~)) area within the Shoreline District including vacant lands, submerged and dry lands, and lands ((~~available for~~))currently and proposed to be leased from DNR for the development((~~and developed or proposed to be developed~~)), but excluding any area required for public access. Submerged lands shall not be counted in calculating lot area for purposes of minimum lot area requirements of single-family zones or density standards of other zones.

B. All lot area occupied by a specific use shall include:

* * *

2. The area outside of any structure, occupied by the use or its accessory uses, including the following:

a. Areas devoted to parking or access shall be as counted water-dependent and water-related uses to the extent that the parking or access is required by code for the water-dependent or water-related use on the development site((~~The area of any parking provided for the use in excess of required accessory parking spaces including aisles and turning areas~~));

b. The area of any moorage occupied by the use including piers, floats, dockage areas, channels, and turning basins;

c. The area occupied by any storage accessory to the use.

C. The percent of the development site((~~lot~~)) occupied by a specific use shall be calculated by dividing the use area calculated in subsection 23.60A.958.B by the development site((~~lot~~)) area given in subsection 23.60A.958.A ((~~times~~))multiplied by 100.

D. To calculate the percent of dry land or percent of submerged lands occupied by a specific use or category of use, the dry lands and submerged lands shall each be calculated separately.

E. To calculate the percent of area occupied by a category of use such as nonwater-oriented((~~dependent~~)) commercial, the area occupied by all such uses as calculated above shall be summed and divided by the development site((~~lot~~)) area.

Section 78. Section 23.60A.970 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.970 General abbreviations and acronyms

BMPs — Best management practices

Ecology — Department of Ecology

DBH — Diameter at breast height

DNR — Washington State Department of Natural Resources

DPD — Department of Planning and Development

* * *

Section 79. Section 23.72.006 of the Seattle Municipal Code, last amended by Ordinance 124105, is amended as follows:

((~~SMC~~))**23.72.006 Application of regulations**

* * *

Section 80. Section 23.91.002 of the Seattle Municipal Code, last amended by Ordinance 124105, is amended as follows:

23.91.002 Scope of Chapter 23.91

A. Violations of the following provisions of Title 23 shall be enforced under the citation or criminal provisions set forth in this Chapter 23.91:

* * *

6. The following violations of the Shoreline district((-)), Chapter 23.60A:

a. Discharging, leaking, or releasing solid or liquid waste and untreated effluent, oil, chemicals, or hazardous materials into the water (subsection 23.60A.152.R);

b. Releasing debris and other waste materials from construction, maintenance, repair, or in operation, or management of a property, into any water body (subsections 23.60A.152.H, 23.60A.152.I, 23.60A.152.T, and 23.60A.152.U).

* * *

Section 81. A new Section 25.09.016 is added to the Seattle Municipal Code as follows:

25.09.016 Environmentally critical areas in the Shoreline District

Environmentally critical areas, as defined in subsection 23.60A.156.C, located within the Shoreline District, as defined in Chapter 23.60A, are regulated pursuant to Section 23.60A.156.

Section 82. Section 25.09.020 of the Seattle Municipal Code, last amended by Ordinance 124447, is amended as follows:

25.09.020 ((-)) Environmentally critical areas definitions

The following are environmentally critical areas designated by this Chapter 25.09: geologic hazard areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat conservation areas, and abandoned landfills.

* * *

D. Fish and ((~~W~~))wildlife ((~~H~~))habitat ((~~C~~))conservation ((~~A~~))areas. The following are fish and wildlife habitat conservation areas:

* * *

6. Priority habitat areas as regulated in Sections 23.60A.156 and 23.60A.160 and setbacks as regulated in Sections 23.60A.156 and 23.60A.167, except that in the UI and UM shoreline environments the portion of the setback that is an environmental critical area, as regulated in Sections 23.60A.156 and 23.60A.167, is the setback measured from the ordinary high water mark landward 15 feet.

* * *

Section 83. This ordinance shall take effect and be in force on whichever is the later of: the effective date of approval and adoption by Ecology; or thirty (30) days from and after its approval by the Mayor, but if not approved and returned by the Mayor within ten (10) days after presentation, it shall take effect as provided by Municipal Code Section 1.04.020. The Council intends the provisions of Ordinance 124105 to take effect as amended by the following ordinances in the numerical sequence of their enactment: Ordinance 124447, Sections 1, 9, 13, 19, 20, and 22 amending Ordinance 124105, Sections 3, 38, 39, 40, 42, and 43, respectively; this ordinance, Sections 9 and 82 further amending Sections 1 and 9 of Ordinance 124447, respectively; and Section 1 of this ordinance amending Section 1 of Ordinance 124105; Sections 2-7, 10, 12-19, 21-32, 34-46, 49, 50, 51 and 53-78 of this ordinance amending Section 3 of Ordinance 124105; and Sections 79 and 80 of this ordinance amending Sections 29 and 36 of Ordinance 124105, respectively.

Passed by the City Council the 6th day of April, 2015, and signed by me in open session in authentication of its passage this 6th day of April, 2015.

President _____ of the City Council

Approved by me this 10th day of April, 2015.

Edward B. Murray, Mayor
