HRIS supports the City's Payroll Processing, Human Resource/Personnel, and Benefits Administration, Retirement functions. The system, originally implemented in 1995 at a cost of $10 million, has been upgraded six times between 1997 and 2010. As the HRIS system is at the end of its life, this request starts a multiyear initiative to address a Citywide need to replace the Human Resources Information Management System (HRIS). SEAIT requests funding for 2016 to complete an in-depth review and evaluation of the options, systems and cost analysis, requirement building, development of a recommended option and a long-term budget proposal.
