

Seattle Aquarium Expansion Concept

Seattle Aquarium | Aerial Perspective

- 1 Iconic exterior building and expansion under the “Overlook Walk” could include an Aquarium education center and classrooms, research facility, 4-D theatre, and food service.
- 2 Pier 60 exhibits and building could be redeveloped including new continuous roof.
- 3 West 30,000 sq. ft. of pier 59 could be redeveloped including re-facing the west wall with glass, and at least one new spectacular exhibit.
- 4 New 35,000 sq. ft. transparent South Wing could house new state-of-the-art exhibits.
