THEREFORE, the Parties agree as follows:

## SECTION 1 GRANT OF PERMISSION

### 1.1 Permission.

- (a) Subject to the terms and conditions set forth below, State hereby grants Licensee a revocable, nonpossessory license to use the real property described in Exhibit A (the "Property"). In this agreement, the term "Permit" means this agreement and the rights granted. State may revoke this permission in accordance with Paragraph 14.4.
- (b) This Permit is subject to all valid interests of third parties noted in the records of King County, or on file in the Office of the Commissioner of Public Lands, Olympia, Washington; rights of the public under the Public Trust Doctrine or federal navigation servitude; and treaty rights of Indian Tribes.
- (c) This Permit does not include a right to harvest, collect or damage natural resources, including aquatic life or living plants; water rights; mineral rights; or a right to excavate or withdraw sand, gravel, or other valuable materials.

### 1.2 Survey and Property Descriptions.

- (a) Licensee prepared Exhibit A, which describes the Property. Licensee warrants that Exhibit A is a true and accurate description of the Permit boundaries and the improvements to be constructed or already existing in the Permit area. Licensee's obligation to provide a true and accurate description of the Property boundaries is a material term of this Permit.
- (b) State's acceptance of Exhibit A does not constitute agreement that Licensee's property description accurately reflects the actual amount of land used by Licensee. State reserves the right to retroactively adjust fees if at any time during the term of the Permit State discovers a discrepancy between Licensee's property description and the area actually used by Licensee.

**1.3 Inspection.** State makes no representation regarding the condition of the Property, improvements located on the Property, the suitability of the Property for Licensee's Permitted Use, compliance with governmental laws and regulations, availability of utility rights, access to the Property, or the existence of hazardous substances on the Property.

## SECTION 2 USE OF PROPERTY

**2.1 Permitted Use.** Licensee shall use the Property for Park purposes, (the "Permitted Use"), and for no other purpose. This is a water-dependent use. Exhibit B describes the Permitted Use in detail. The Permitted Use is subject to additional obligations in Exhibit B.

**2.2 Restrictions on Permitted Use and Operations.** The following limitations apply to the Property and adjacent state-owned aquatic land. Licensee's compliance with the following does not limit Licensee's liability under any other provision of this Permit.

- (a) Licensee shall not cause or authorize:
  - (1) Damage to natural resources,
  - (2) Waste, or
  - (3) Deposit of material, unless approved by State in writing. This prohibition includes deposit of fill, rock, earth, ballast, wood waste, refuse, garbage, waste matter, pollutants of any type, or other matter.
- (b) Licensee shall not construct new bulkheads or place hard bank armoring.
- (c) Unless approved by State in writing, Licensee shall not cause or permit dredging on the Property. State will not approve dredging unless (1) required for flood control, maintenance of existing vessel traffic lanes, or maintenance of water intakes and (2) consistent with State's management plans, if any. Licensee shall maintain authorized dredge basins in a manner that prevents internal deeper pockets.

**2.3 Conformance with Laws.** Licensee shall, at all times, keep current and comply with all conditions and terms of permits, licenses, certificates, regulations, ordinances, statutes, and other government rules and regulations regarding Licensee's use or occupancy of the Property.

**2.4 Liens and Encumbrances.** Unless expressly authorized by State in writing, Licensee shall keep the Property free and clear of liens or encumbrances arising from the Permitted Use or Licensee's occupancy of the Property.

### SECTION 3 TERM

**3.1 Term Defined.** The term of this Permit is five (5) years (the "Term"), beginning on the 1st day of November, 2013 (the "Commencement Date"), and ending on the 31st day of October, 2018 (the "Termination Date"), unless revoked or terminated sooner under the terms of this Permit.

**3.2 Renewal of the Permit.** This Permit does not provide a right of renewal. Licensee may apply for a new Permit, which State has discretion to grant. Licensee must apply for a new Permit at least one (1) year prior to Termination Date. State shall notify Licensee within ninety (90) days of its intent to approve or deny a new Permit.

**3.3 End of Term.**

- (a) Upon the revocation, expiration, or termination of this Permit, Licensee shall remove Improvements in accordance with Section 7, Improvements, and surrender the Property to State in the same or better condition as on the Commencement Date, reasonable wear and tear excepted.

  - (1) Reasonable wear and tear is deterioration resulting from the Permitted Use that has occurred without neglect, negligence, carelessness, accident, or abuse of the Property by Licensee or any other person on the premises with the permission of Licensee.
  - (2) Reasonable wear and tear does not include unauthorized deposit of material prohibited under Paragraph 2.2 and regardless of whether the deposit is incidental to or the byproduct of the Permitted Use.
- (c) **If Property is in worse condition, excepting for reasonable wear and tear, on the surrender date than on the Commencement Date, the following provisions apply.**
  - (1) State shall provide Licensee a reasonable time to take all steps necessary to remedy the condition of the Property. State may require Licensee to enter into a right-of-entry or other use authorization prior to the Licensee entering the Property if the Permit has terminated.
  - (2) If Licensee fails to remedy the condition of the Property in a timely manner, State may take steps reasonably necessary to remedy Licensee's failure. Upon demand by State, Licensee shall pay all costs of State's remedy, including but not limited to the costs of removing and disposing of any material deposited improperly on the Property, lost revenue resulting from the condition of the Property, and administrative costs associated with State's remedy.

### **3.4 Remaining on the Property after the Termination Date.**

- (a) If Licensee remains on the Property after the Termination Date, the occupancy will not be an extension or renewal of the Permit. The occupancy will be a month-to-month occupancy, on terms identical to the terms of this Permit, which either Party may terminate on thirty (30) days' written notice.
  - (1) The monthly fee after the Termination Date will be the same fee that would be due if the Permit were still in effect and all adjustments in the fee were made in accordance with its terms.
  - (2) Payment of more than the monthly fee will not be construed to create a periodic occupancy longer than month-to-month. If Licensee pays more than the monthly fee and State provides notice to vacate the property, State shall refund the amount of excess payment remaining after the Licensee ceases occupation of the Property.
- (b) If State notifies Licensee to vacate the Property and Licensee fails to do so within the time set forth in the notice, Licensee will be a trespasser and shall owe the State all amounts due under RCW 79.02.300 or other applicable law.

### **3.5 Adjustment of Term Resulting from Licensee's Possession.**

- (a) If, for any reason whatsoever, State cannot allow use of the Property to Licensee on the Commencement Date, this Permit will not be void or voidable, nor will State be liable to Licensee for any loss or damage resulting from the delay. In

such event, the date Licensee enters the Property will be the Commencement Date for all purposes, including the payment of fees.

- (b) If Licensee enters the Property before the Commencement Date, the date of entry will be the Commencement Date for all purposes, including the payment of fees. If the Term commences earlier or later than the scheduled Commencement Date, the Termination Date adjusts accordingly.

**6.2 Late Charge.** If State does not receive full fee payment within ten (10) days of the date due, Licensee shall pay to State a late charge equal to four percent (4%) of the unpaid amount or Fifty Dollars (\$50), whichever is greater, to defray the overhead expenses of State incident to the delay.

**6.3 Interest Penalty for Past Due Fees and Other Sums Owed.**

- (a) Licensee shall pay interest on the past due fees at the rate of one percent (1%) per month until paid, in addition to paying the late charges determined under Paragraph 6.2. Rent not paid by the close of business on the due date will begin accruing interest the day after the due date.

**6.5 No Accord and Satisfaction.** If Licensee pays, or State otherwise receives, an amount less than the full amount then due, State may apply such payment as it elects. State may accept payment in any amount without prejudice to State's right to recover the balance of the fees or pursue any other right or remedy. No endorsement or statement on any check, any payment, or any letter accompanying any check or payment constitutes accord and satisfaction.

**6.6 No Counterclaim, Setoff, or Abatement of Fees.** Except as expressly set forth elsewhere in this Permit, Licensee shall pay fees and all other sums payable by Licensee without the requirement that State provide prior notice or demand. Licensee's payment is not subject to counterclaim, setoff, deduction, defense or abatement.

- (b) This Easement affects no right, claim, immunity, or defense either Party may have against third parties, and the Parties expressly reserve all such rights, claims, immunities, and defenses.
- (c) The provisions under this Section 8 do not benefit, or create rights for, third parties.
- (d) The allocations of risks, liabilities, and responsibilities set forth above do not release either Party from, or affect the liability of either Party for, claims or actions by federal, state, or local regulatory agencies concerning Hazardous Substances.

**8.9 Cleanup.**

- (a) If Licensee's Permitted Use, or Licensee's breach of its obligations under this Easement, results in contamination of the Property with Hazardous Substances, Licensee shall, at Licensee's sole expense, promptly take all actions necessary to report, investigate and remediate the Hazardous Substances in accordance with applicable law. Remedial actions may include, without limitation, treatment, removal, and containment.
- (b) Licensee's obligation to undertake a cleanup under Section 8 is limited to those instances where the Hazardous Substances exist in amounts that exceed the threshold limits of any applicable regulatory cleanup standards under Environmental Laws.
- (c) Licensee shall cooperate with the Department of Natural Resources in development of plans for remedial actions and Licensee shall not proceed with remedial actions without Department of Natural Resources approval of final plans, which shall not be unreasonably withheld, unless Licensee is ordered to proceed by a court or a regulatory agency with jurisdiction. Licensee's completion of remedial actions is not an implied release from or waiver of any obligation for Hazardous Substances under this Easement.

**8.10 Sampling by State, Reimbursement, and Split Samples.**

- (a) Licensee shall conduct sediment sampling, if required, in accordance with Exhibit B.
- (b) State may conduct sampling, tests, audits, surveys, or investigations ("Tests") of the Property at any time to determine the existence, scope, or effects of Hazardous Substances.
- (c) If such Tests, along with any other information, demonstrate the existence, release, or threatened release of Hazardous Substances arising out of Licensee's

Permitted Use or any violation of Licensee's obligations under this Lease, Licensee shall promptly reimburse State for all costs associated with such Tests.

- (d) State shall not seek reimbursement for any Tests under this Subsection 8.10 unless State provides Licensee written notice of its intent to conduct any Tests at least thirty (30) calendar days prior to undertaking such Tests, except when such Tests are in response to an emergency. Licensee shall reimburse State for Tests

performed in response to an emergency if State has provided such notice as is reasonably practical and Licensee would be required to reimburse State under section (c).

- (e) Licensee is entitled to observe State's collection of samples and obtain split samples of any Test samples obtained by State, but only if Licensee provides State with written notice requesting such samples within twenty (20) calendar days of the date of Licensee's receipt of notice of State's intent to conduct any non-emergency Tests. Licensee solely shall bear the additional cost, if any, of split samples. Licensee shall reimburse State for any additional costs caused by split sampling within thirty (30) calendar days after State sends Licensee a bill with documentation for such costs.
- (f) Within sixty (60) calendar days of a written request (unless otherwise required pursuant to Paragraph 8.6(c), above), either Party to this Easement shall provide the other Party with validated final data, quality assurance/quality control information, and chain of custody information, associated with any Tests of the Property performed by or on behalf of State or Licensee. There is no obligation to provide any analytical summaries or the work product of experts.

- (a) Licensee shall submit information regarding any proposed transferee to State at least thirty (30) days prior to the date of the proposed transfer.
- (b) State reserves the right to condition its consent upon:
  - (1) changes in the terms and conditions of this Agreement, including, but not limited to, the Annual Fees; and/or
  - (2) the agreement of Licensee or transferee to conduct Tests for Hazardous Substances on the Property or on other property owned or occupied by Licensee or the transferee.
- (c) Each permitted transferee shall assume all obligations under this Permit, including the payment of fees. No assignment, sublicense, or transfer shall release, discharge, or otherwise affect the liability of Licensee.
- (d) State's consent under this Paragraph 9.1 does not constitute a waiver of any claims against Licensee for the violation of any term of this Permit.

**9.2 Payments Following Assignment.** The acceptance by State of the payment of fees following an assignment or other transfer does not constitute consent to any assignment or transfer.

**9.3 Terms of Sublicenses.**

- (a) Licensee shall submit the terms of all sublicenses to State for approval.

- (b) Licensee shall incorporate the following requirements in all sublicenses:
- (1) The sublicense must be consistent with and subject to all the terms and conditions of this Permit;
  - (2) The sublicense must provide that this Permit controls if the terms of the sublicense conflict with the terms of this Permit;
  - (3) The term of the sublicense (including any period of time covered by a renewal option) must end before the Termination Date of the initial Term or any renewal term;
  - (4) The sublicense must terminate if this Permit terminates for any reason;
  - (5) The Sublicensee must receive and acknowledge receipt of a copy of this Permit;
  - (6) The sublicense must prohibit the prepayment to Licensee by the Sublicensee of more than the annual fees;
  - (7) The sublicense must identify the fee amount Sublicensee is to pay to Licensee;
  - (8) The sublicense must provide that there is no privity of contract between the Sublicensee and State;
  - (9) The sublicense must require removal of the Sublicensee's Improvements and trade fixtures upon termination of the sublicense;
  - (10) The Sublicensee's permitted use must be within the scope of the Permitted Use; and
  - (11) The sublicense must require the Sublicensee to meet all obligations of Licensee under Section 10, Indemnification, Financial Security, and Insurance.

**9.4 Short-Term Sublicenses of Moorage Slips.** Short-term sublicensing of moorage slips for a term of less than one year does not require State's written consent or approval pursuant to Paragraphs 9.1 or 9.3. Licensee shall conform moorage sublicense agreements to the sublicense requirements in Paragraph 9.3.

## **SECTION 10 INDEMNITY, FINANCIAL SECURITY, INSURANCE**

### **10.1 Indemnity.**

- (a) Licensee shall indemnify, defend, and hold State, its employees, officers, and agents harmless from Claims arising out of the use, occupation, or control of the Property by Licensee, its Sublicensee, contractors, agents, invitees, guests, employees, affiliates, licensees, or permittees.
- (b) "Claim" as used in this Paragraph 10.1 means any financial loss, claim, suit, action, damages, expenses, fees (including attorneys' fees), penalties, or judgments attributable to bodily injury, sickness, disease, death, and damages to tangible property, including, but not limited to, land, aquatic life, and other natural resources. "Damages to tangible property" includes, but is not limited to,

- physical injury to the Property and damages resulting from loss of use of the Property.
- (c) State shall not require Licensee to indemnify, defend, and hold State harmless for claims that arise solely out of the willful or negligent act of State or State's elected officials, employees, or agents.
  - (d) Licensee waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend, and hold State and its agencies, officials, agents, or employees harmless.
  - (e) Section 8, Environmental Liability/Risk Allocation, exclusively shall govern Licensee's liability to State for Hazardous Substances and its obligation to indemnify, defend, and hold State harmless for Hazardous Substances.
  - (f) Licensee's obligations under this indemnity provision shall not exceed the appropriation authorized at the time Licensee must fulfill its indemnity obligations and nothing in this Permit may be considered as insuring that Licensee will appropriate sufficient funds in the future to fulfill its indemnity obligations. Appropriated funds that are subject to this indemnity obligation include, but are not limited to, funds in the Tenant's self-insurance program and in the Judgment Claims Subfund (00126) established by Ordinance 124088, and future moneys appropriated for the same purposes.

## **10.2 Insurance Terms.**

- (a) Insurance Required.
  - (1) Licensee certifies that it is self-insured for all the liability exposures, including but not limited to employers' liability and business auto liability, and its self-insurance plan satisfies all State requirements, and its self-insurance plan provides coverage equal to that required in this Paragraph 10.2 and by Paragraph 10.3, Insurance Types and Limits. Licensee shall provide to State evidence of its status as a self-insured entity. Upon request by State, Licensee shall provide a written description of its financial condition and/or the self-insured funding mechanism. Licensee shall provide State with at least thirty (30) days' written notice prior to any material changes to Licensee's self-insured funding mechanism.
  - (2) All self-insurance provided in compliance with this Permit must be primary as to any other insurance or self-insurance programs afforded to or maintained by State.
- (b) Waiver.
  - (1) Licensee waives all rights against State for recovery of damages to the extent self-insurance maintained pursuant to this Permit covers these damages.

- (c) Proof of Insurance.

- (2) The certification of self-insurance must reference the Permit number.
- (3) Receipt of such certification of self-insurance or policies by State does not constitute approval by State of the terms of such self-insurance or policies.
- (d) Licensee must provide State no less than 30 days notice if Licensee's self-insurance program is cancelled or materially reduced.
- (e) Adjustments in Insurance Coverage.
  - (1) State may impose changes in the limits of liability for all types of insurance as State deems necessary.
  - (2) Licensee shall provide a certification that meets the requirements of Section 10.2(c)(1) and demonstrates coverage in compliance with the Lease within thirty (30) days after State requires changes in the limits of liability.
- (f) If Licensee fails to provide the certification described above within fifteen (15) days after Licensee receives a notice to comply from State, State may either:
  - (1) Deem the failure an Event of Default under Section 14, or
  - (2) Procure and maintain comparable substitute insurance and pay the premiums. Upon demand, Licensee shall pay to State the full amount paid by State, together with interest at the rate provided in Paragraph 6.2 from the date of State's notice of the expenditure until Licensee's repayment.
- (g) General Terms.
  - (1) State does not represent that coverage and limits required under this Permit are adequate to protect Licensee.
  - (2) Coverage and limits do not limit Licensee's liability for indemnification and reimbursements granted to State under this Permit.
  - (3) The Parties shall use any insurance proceeds payable by reason of damage or destruction to property first to restore the real property covered by this Permit, then to pay the cost of the reconstruction, then to pay the State any sums in arrears, and then to Licensee.

### **10.3 Insurance Types and Limits.**

- (a) General Liability Insurance.
  - (1) Licensee shall maintain self-insurance with a limit of not less than Two Million Dollars (\$2,000,000) per each occurrence and an aggregate limit of not less than twice the limit established for each occurrence.
- (b) Workers' Compensation.
  - (1) State of Washington Workers' Compensation.
    - (i) Licensee shall comply with all State of Washington workers' compensation statutes and regulations. Licensee shall provide workers' compensation coverage for all employees of Licensee. Coverage must include bodily injury (including death) by accident

- or disease, which arises out of or in connection with Licensee's use, occupation, and control of the Property.
- (ii) If Licensee fails to comply with all State of Washington workers' compensation statutes and regulations and State incurs fines or is required by law to provide benefits to or obtain coverage for such employees, Licensee shall indemnify State. Indemnity shall include all fines; payment of benefits to Licensee, employees, or their heirs or legal representatives; and the cost of effecting coverage on behalf of such employees.
- (2) Longshore and Harbor Workers' and Jones Acts. Longshore and Harbor Workers' Act (33 U.S.C. Section 901 *et seq.*) and/or the Jones Act (46 U.S.C. Section 688) may require Licensee to provide insurance coverage in some circumstances. Licensee shall ascertain if such insurance is required and, if required, shall maintain insurance in compliance with law. Licensee is responsible for all civil and criminal liability arising from failure to maintain such coverage.
- (c) Employers' Liability Insurance. Licensee shall maintain self-insurance that is equivalent to employers' liability insurance, and, if necessary, commercial umbrella liability insurance with limits not less than Two Million Dollars (\$2,000,000) each incident for bodily injury by accident or Two Million Dollars (\$2,000,000) each employee for bodily injury by disease.
  - (d) Property Insurance.
    - (1) Licensee shall maintain self-insurance that is equivalent to property insurance covering all real property and fixtures, equipment, improvements and betterments (regardless of whether owned by Licensee or State). Such insurance must be written on an all risks basis and, at minimum, cover the perils insured under ISO Special Causes of Loss Form CP 10 30, and cover the full replacement cost of the property insured. Such insurance may have commercially reasonable deductibles. Any coinsurance requirement in the policy must be waived. The policy must include State as an insured and a loss payee.
    - (2) Licensee shall maintain self-insurance that is equivalent to boiler and machinery insurance required by contract documents or by law, covering all real property and fixtures, equipment, improvements and betterments (regardless of whether owned by Licensee or State) from loss or damage caused by the explosion of boilers, fired or unfired vessels, electric or steam generators, or pipes.
    - (3) In the event of any loss, damage, or casualty which is covered by one or more of the types of insurance described above, the Parties to this Permit shall proceed cooperatively to settle the loss and collect the proceeds of such insurance, which State shall hold in trust, including interest earned by State on such proceeds, for use according to the terms of this Permit. The Parties shall use insurance proceeds in accordance with Paragraph 10.2(g)(3).

- (4) When sufficient funds are available, using insurance proceeds described above, the Parties shall continue with reasonable diligence to prepare plans and specifications for, and thereafter carry out, all work necessary to:
  - (i) Repair and restore damaged building(s) and/or Improvements to their former condition, or
  - (ii) Replace and restore damaged building(s) and/or Improvements with a new building(s) and/or Improvements on the Property of a quality and usefulness at least equivalent to or more suitable than, damaged building(s) and/or Improvements.
- (e) **Builder's Risk Insurance.**
  - (1) Licensee shall procure and maintain in force, or require its contractor(s) to procure and maintain in force, builder's risk insurance on the entire work during the period construction is in progress and until completion of the project and acceptance by State. Such insurance must be written on a completed form and in an amount equal to the value of the completed building and/or Improvements, subject to subsequent modifications to the sum. The insurance must be written on a replacement cost basis. The insurance must name Licensee, all contractors, and subcontractors in the work as insured. State must be named additional insured as required by Paragraph 10.2(a)(3).
  - (2) Insurance described above must cover or include the following:
    - (i) All risks of physical loss except those specifically excluded in the policy, including loss or damage caused by collapse;
    - (ii) The entire work on the Property, including reasonable compensation for architect's services and expenses made necessary by an insured loss;
    - (iii) Portions of the work located away from the Property but intended for use at the Property, and portions of the work in transit;
    - (iv) Scaffolding, falsework, and temporary buildings located on the Property; and
    - (v) The cost of removing debris, including all demolition as made legally necessary by the operation of any law, ordinance, or regulation.
  - (3) Licensee or Licensee's contractor(s) is responsible for paying any part of any loss not covered because of application of a deductible contained in the policy described above.
  - (4) Licensee or Licensee's contractor shall buy and maintain boiler and machinery insurance required by contract documents or by law, covering insured objects during installation and until final acceptance by permitting authority. If testing is performed, such insurance must cover such operations. The insurance must name Licensee, all contractors, and subcontractors in the work as insured. State must be named additional insured as required by Paragraph 10.2(a)(3).

#### 10.4 Financial Security.

- (a) At its own expense, Licensee shall procure and maintain during the Term of this Permit a corporate security bond or provide other financial security that State, at its option, may approve (“Security”). Licensee shall provide Security in an amount equal to Zero Dollars (\$0), which is consistent with RCW 79.105.330, and secures Licensee’s performance of its obligations under this Permit, with the exception of the obligations under Section 8, Environmental Liability/Risk Allocation. Licensee’s failure to maintain the Security in the required amount during the Term constitutes a breach of this Permit.
- (b) All Security must be in a form acceptable to the State.
  - (1) Bonds must be issued by companies admitted to do business within the State of Washington and have a rating of A-, Class VII or better, in the most recently published edition of Best’s Reports, unless State approves an exception. Licensee may submit a request to the risk manager for the Department of Natural Resources for an exception to this requirement.
  - (2) Letters of credit, if approved by State, must be irrevocable, allow State to draw funds at will, provide for automatic renewal, and comply with RCW 62A.5-101, *et. seq.*
  - (3) Savings account assignments, if approved by State, must allow State to draw funds at will.
- (c) Adjustment in Amount of Security.
  - (1) State may require an adjustment in the Security amount:
    - (i) At the same time as revaluation of the Annual Fees,
    - (ii) As a condition of approval of assignment or sublicense of this Agreement,
    - (iii) Upon a material change in the condition or disposition of any Improvements, or
    - (iv) Upon a change in the Permitted Use.
  - (2) Licensee shall deliver a new or modified form of Security to State within thirty (30) days after State has required adjustment of the amount of the Security.
- (d) Upon any default by Licensee in its obligations under this Permit, State may collect on the Security to offset the liability of Licensee to State. Collection on the Security does not (1) relieve Licensee of liability, (2) limit any of State’s other remedies, (3) reinstate or cure the default or (4) prevent termination of the Permit because of the default.

### SECTION 11 ROUTINE MAINTENANCE AND REPAIR

**11.1 State’s Repairs.** This Permit does not obligate State to make any alterations, maintenance, replacements, or repairs in, on, or about the Property, or any part thereof, during the Term.

### **11.2 Licensee's Repairs and Maintenance**

- (a) Routine maintenance and repair are acts intended to prevent a decline, lapse or, cessation of the Permitted Use and associated Improvements. Routine maintenance or repair is the type of work that does not require regulatory permits.
- (b) At Licensee's own expense, Licensee shall keep and maintain the Property and all Improvements in good order and repair and in a safe condition. State's consent is not required for routine maintenance or repair.
- (c) At Licensee's own expense, Licensee shall make any additions, repairs, alterations, maintenance, replacements, or changes to the Property or to any Improvements on the Property that any public authority may require. If a public authority requires work beyond the scope of routine maintenance and repair, Licensee shall comply with Section 7 of this Permit.

### **11.3 Limitations.** The following limitations apply whenever Licensee conducts maintenance, repair or replacement.

- (a) Licensee shall not use or install treated wood at any location above or below water.
- (b) Licensee shall not use or install tires (for example, floatation or fenders) at any location above or below water.
- (c) Licensee shall install only floatation material encapsulated in a shell resistant to ultraviolet radiation and abrasion. The shell must be capable of preventing breakup and loss of flotation material into the water.
- (d) Licensee shall not allow new floating structures to come in contact with underlying submerged lands ("ground out"). Licensee must either (1) locate all new floating structures in water too deep to permit grounding out or (2) install stoppers sufficient to maintain a distance of at least 1.5 feet (0.5 meters) between the bottom of the floats and the substrate.

## **SECTION 12 DAMAGE OR DESTRUCTION**

### **12.1 Notice and Repair.**

- (a) In the event of damage to or destruction of the Property or Improvements, Licensee shall promptly give written notice to State. State does not have actual knowledge of the damage or destruction without Licensee's written notice.
- (b) Unless otherwise agreed in writing, Licensee shall promptly reconstruct, repair, or replace the Property and any Improvements as nearly as possible to its condition immediately prior to the damage or destruction in accordance with Paragraph 7.3, Construction, Major Repair, Modification, and Demolition and Licensee's additional obligations in Exhibit B, if any.

### **12.2 State's Waiver of Claim.** State does not waive any claims for damage or destruction of the Property unless State provides written notice to Licensee of each specific claim waived.

**12.3 Insurance Proceeds.** Licensee's duty to reconstruct, repair, or replace any damage or destruction of the Property or any Improvements on the Property is not conditioned upon the availability of any insurance proceeds to Licensee from which the cost of repairs may be paid. The Parties shall use insurance proceeds in accordance with Paragraph 10.2(g)(3).

**12.4 Fees in the Event of Damage or Destruction.** Unless the Parties agree to terminate this Permit, there is no abatement or reduction in fees during such reconstruction, repair, and replacement.

**12.5 Default at the Time of Damage or Destruction.** If Licensee is in default under the terms of this Permit at the time damage or destruction occurs, State may elect to terminate the Permit and State then shall have the right to retain any insurance proceeds payable as a result of the damage or destruction.

### SECTION 13 CONDEMNATION

In the event of condemnation, the Parties shall allocate the award between State and Licensee based upon the ratio of the fair market value of (1) Licensee's right to use the Property and Licensee-Owned Improvements and (2) State's interest in the Property; the reversionary interest in Licensee-Owned Improvements, if any; and State-Owned Improvements. In the event of a partial taking, the Parties shall compute the ratio based on the portion of Property or Improvements taken. If Licensee and State are unable to agree on the allocation, the Parties shall submit the dispute to binding arbitration in accordance with the rules of the American Arbitration Association.

### SECTION 14 DEFAULT, REMEDIES, AND TERMINATION

**14.1 Default Defined.** Licensee is in default of this Permit on the occurrence of any of the following:

- (a) Failure to pay Annual Fee or other expenses when due;
- (b) Failure to comply with any law, regulation, policy, or order of any lawful governmental authority;
- (c) Failure to comply with any other provision of this Permit;
- (d) Commencement of bankruptcy proceedings by or against Licensee or the appointment of a trustee or receiver of Licensee's property.

**14.2 Licensee's Right to Cure.**

- (a) A default becomes an "Event of Default" if Licensee fails to cure the default within the applicable cure period following State's written notice of default. Upon an Event of Default, State may seek remedies under Paragraph 14.3.
- (b) Unless expressly provided elsewhere in this Permit, the cure period is ten (10) days for failure to pay fees or other monetary defaults; for other defaults, the cure

period is thirty (30) days. State may extend the cure period for nonmonetary defaults if the default is not reasonably capable of cure within sixty (60) days.

#### **14.3 Remedies.**

- (a) Upon an Event of Default, State may revoke or cancel this Permit. State shall provide Licensee sixty (60) days notice of cancellation.
- (b) If the Event of Default (1) arises from Licensee's failure to comply with restrictions on Permitted Use and operations under Paragraph 2.2 or (2) results in damage to natural resources or the Property, State may enter the Property without terminating this Permit to (1) restore the natural resources or Property and charge Licensee restoration costs and/or (2) charge Licensee for damages. On demand by State, Licensee shall pay all costs and/or damages.
- (c) State's reentry or repossession of the Property under Paragraph 14.3 is not an election to terminate this Permit or cause a forfeiture of fees or other charges Licensee is obligated to pay during the balance of the Term, unless (1) State gives Licensee written notice of termination or (2) a legal proceeding decrees termination.
- (d) The remedies specified under this Paragraph 14.3 are not exclusive of any other remedies or means of redress to which the State is lawfully entitled for Licensee's breach or threatened breach of any provision of this Permit.

#### **14.4 Termination without Default**

- (a) State may revoke or cancel this Permit without cause upon at least ninety (90) days notice if State determines cancellation is necessary and in the best interests of State or a court of competent jurisdiction determines that Licensee's occupation of the area is contrary to law.
- (b) If State cancels Permit without default, Licensee is entitled to refund of fee paid for any period beyond the Termination Date.
- (c) If the State revokes or cancels the Permit, the date of revocation or cancellation is the Termination Date.

### **SECTION 15 ENTRY BY STATE**

State retains full possessory rights, including the right of access to the Property for all purposes. State will exercise its right of access in a manner that will not unreasonably interfere with Licensee's Permitted Use of the Property. Licensee grants State permission to cross Licensee's upland and aquatic land property to access the Property.

## SECTION 16 DISCLAIMER

### 16.1 No Guaranty or Warranty.

- (a) State believes that this Permit is consistent with the Public Trust Doctrine and that none of the third-party interests identified in Paragraph 1.1(b) will materially or adversely affect Licensee's right of possession and use of the Property, but State makes no guaranty or warranty to that effect.
- (b) State disclaims and Licensee releases State from any claim against State for any interference by others. This disclaimer and release includes, but is not limited to, interference arising from exercise of rights under the Public Trust Doctrine; Treaty rights held by Indian Tribes; and the general power and authority of State and the United States with respect to aquatic lands and navigable waters.
- (c) Licensee is responsible for determining the extent of Licensee's right to possession and for defending Licensee's occupancy of the Property.

**16.2 Eviction by Third-Party.** If a third-party evicts Licensee, this Permit terminates as of the date of the eviction. In the event of a partial eviction, Licensee's payment obligations abate as of the date of the partial eviction, in direct proportion to the extent of the eviction; this Permit shall remain in full force and effect in all other respects.

State's acceptance of a payment is not a waiver of any preceding or existing breach other than the failure to pay the particular payment that was accepted.
- (b) The renewal of the Permit, extension of the Permit, or the issuance of a new Permit to Licensee, does not waive State's ability to pursue any rights or remedies under the Permit.
