### **Budget Action description:**

This proposal would provide \$10,000 in GSF to the Seattle Police Department (SPD) for education and coordination activities addressing bicycle theft in Seattle. Activities will be based on forthcoming recommendations by an advisory group comprised of community members, SPD, and other stakeholders. The advisory group will focus on strategies from other jurisdictions and explore new resources that may be accessible to the City, such as the wider and more effective use of databases. Bike theft reports have grown steadily since at least 2008; the number of reported bike thefts in 2016 (1,132) is over double the number from 2008 (494) and exceeds the 2008-2016 average (966).
