Legislation Title:

AN ORDINANCE relating to the Department of Finance and Administrative Services; amending Ordinance 121969 regarding the grant of an easement to Puget Sound Energy for a nonexclusive easement over, under, through, across and upon a portion of the property known as the Joint Training Facility, located at 9401 Myers Way South.

Summary of the Legislation:

This legislation amends ordinance 121969 and authorizes the Director of Finance and Administrative Services to quit claim the existing easement and execute a revised non-exclusive easement at the Joint Training Facility (JTF) to Puget Sound Energy (PSE) to operate and maintain a natural gas line to serve various functions at the training facility.

Background:

In October 2005, ordinance 121969 authorized the execution of a non exclusive easement to PSE for a natural gas line. An easement was executed and subsequently recorded with King County under recording number 20060112001651. The original alignment of the pipeline was modified to enable the construction of a new closed-loop water reclamation system for the Seattle Fire Department, which had not been designed when the gas line easement was originally authorized. The design of this water reclamation system necessitated that PSE relocate a portion of its gas line. This legislation provides an easement recognizing the actual location of the gas line and replaces and supersedes the existing easement.
