**Summary and background of the Legislation:** This legislation will transfer City's Loyal Heights Substation property and Phinney Substation property from the jurisdiction of City Light to the Office of Housing for no cost.

These two properties were removed from active utility use as part of the 4kV to 26kV system transition and are excess to the needs of City Light.

Potential environmental contamination at the properties will be addressed in accordance with standard City policies and procedures for disposition of real property.

Resolution 31424 requires specific community outreach steps for the disposition of excess City Light properties. These requirements were met in September through November of 2017.

The City's Office of Housing is seeking to facilitate the development of permanently affordable home ownership at the Loyal Heights and Phinney properties.
