The Mayor's Office and City Council have worked collaboratively to envision an alternative response program for the City of Seattle. This program will set up three teams which include mental health professionals to respond to non-emergency situations. These responders will alleviate strains on other public safety resources by responding to low acuity calls with a mental and behavioral health nexus, and divert people experiencing a crisis from being incarcerated or sent to the emergency room.	(\$1,588,531)
1.5	Transfer from Finance General Reserves to Office of Inspector General (Finance General)	This item decreases appropriation authority by \$405,587 of General Fund in Finance General's General Purpose Budget Summary Level (00100-BO-FG-2QD00) to transfer appropriation to the Office of Inspector General. Item #	Title	Description	Amount/FTE
1.8	Reduce Excess Grant Appropriation Authority (Office of Arts and Culture)	This item decreases grant appropriation authority by \$428,700 in NEA grant funding to the Office of Arts and Culture, in the Arts & Cultural Programs Fund Arts and Cultural Programs Budget Summary Level (BO-AR-VA160). The grant funding was received for the NEA Hope Corps and NEA Artist Up and was not fully expended in 2022. This is a technical correction to fix the amount of the grant budget which was carried forward. This adjustment removes excess appropriation authority.	(\$428,700)
1.9	Transfer Strategic Investment Fund (SIF) Funding to Office of Planning & Community Development (Office of Arts and Culture)	This item decreases appropriation authority by \$3,200,000 in the Office of Arts and Culture (ARTS), in the General Fund Cultural Space Budget Control Level (BO-AR-VA170) in order to transfer the funding from ARTS to the Office of Planning and Community Development (OPCD). In 2021, Ordinance 126449 lifted a proviso and allocated Strategic Investment Fund (SIF) budget to both ARTS and OPCD to support strategic land and real estate acquisitions in areas at high risk of displacement or in areas of low access to opportunity. OPCD completed a request for proposals which included two projects in the ARTS budget. One of the two SIF projects allocated to ARTS was delayed due to a property owner deciding not to sell the property that was to be acquired. ARTS has decided to transfer the budget for that project to OPCD; OPCD will manage the delayed project and work with the awardee on other site options. The SIF is funded by the sale of the Mercer Megablock property in South Lake Union. Please see corresponding appropriation increase in OPCD.	(\$3,200,000)

1.13	Grant Balance Abandonment (Office of the City Auditor)	This item decreases grant-backed appropriation authority by \$208,433 in the Office of the City Auditor, in the general fund Office of the City Auditor Budget Control Level (BO-AD-VG000).The grant is completed and closed out.	(\$208,433)

This transfer is necessary for the Department to complete a delivery assessment of the Center City Cultural Connector project. This transfer will amend the budget to transfer this budget from an operating budget control level to a capital budget control level, thus this change reduces the operating budget by \$250,000 and a separate but related item in this legislation will increase the budget by \$250,000.	(\$250,000)

<b>Item #</b>	<b>Title</b>	<b>Description</b>	<b>Amount/FTE</b>

<b>Section 2 – Appropriation Increases – Operating Budgets</b>			
2.1	Technical Budget Adjustment for FAS Charges in CCM - Increase (Department of Finance and Administrative Services)	<p>This item increases appropriation authority by \$923,478 to the Finance and Administrative Services Department by:</p> <p>\$360,314 in the General Fund Leadership and Administration Budget Control Level (00100-BO-FA-BUDCENTR),</p> <p>\$137,726 in the Wheelchair Accessible Fund Wheelchair Accessible Services Budget Control Level (12100-BO-FA-WHLCHR),</p> <p>\$20,961 in the Finance and Administrative Services Fund City Finance Budget Control Level (50300-BO-FA-CITYFINAN),</p> <p>\$359,760 in the Finance and Administrative Services Fund Facilities Services Budget Control Level (50300-BO-FA-FACILITY),</p> <p>\$10,902 in the Finance and Administrative Services Fund Fleet Services Budget Control Level (50300-BO-FA-FLEETS), and</p> <p>\$33,815 in the FileLocal Agency Fund FileLocal Agency Budget Control Level (67600-BO-FA-FILELOC).</p> <p>The appropriation is needed to ensure all FAS programs have sufficient budget authority to pay for the 2023 Central Cost Manual charges. Item #	Title	Description	Amount/FTE
2.3	Fix Council Change: 2023-ITD-001-B-001 (Finance General)	This item increases General Fund appropriation authority by \$225,000 in Finance General in the Appropriation to Special Funds Budget Control Level (00100-BO-FG-2QA00). In the 2023 Adopted Budget, Council added \$225,000 of General Fund authority directly to the Information Technology Department (ITD) via ITD-001-B-001. ITD does not receive direct General Fund. This item corrects this error by increasing General Fund (GF) in Finance General to transfer to ITD, who will have a corresponding decrease in General Fund appropriation, as well as an increase in the Information Technology Fund (50410). This funding is ongoing, and a corresponding adjustment will be submitted in the 2024 baseline budget.	\$225,000
2.4	Transfer from General Fund to Judgment and Claims Fund (Finance General)	This item increases appropriation authority in Finance General in the General Fund's Appropriation to Special Funds Budget Control Level (00100-BO-FG-2QA00) to transfer \$14,000,000 to the Judgment and Claims Fund to pay for anticipated settlement costs.	\$14,000,000
2.5	Transfer SIF Funding from Office of Arts and Culture (Office of Planning and Community Development)	This item increases appropriation authority by \$3,200,000 in the Office of Planning and Community Development's (OPCD's) General Fund Equitable Development Initiative Budget Control Level (00100-BO-PC-X2P40). In 2021, Ordinance 126449 lifted a proviso and allocated Strategic Investment Fund (SIF) budget to both ARTS and OPCD. One of the two projects in the ARTS budget was delayed due to a property owner deciding not to sell the property that was to be acquired. ARTS has requested that OPCD take over project management of the delayed project and oversee next steps for site acquisition. The SIF is funded by the sale of the Mercer Megablock property in South Lake Union. Please see corresponding appropriation decrease in ARTS (item 1.9).	\$3,200,000

This action adds one-time budget authority to support the technology needs resulting from Council-initiated legislation related to the Tree Service Provider (TSP) Registry and Tree Public Notice bill that Council approved in February 2023 (Ordinance 126777).	\$262,000
2.8	Align 2023 Budget with 2023 Adopted Central Cost Manual (Seattle Department of Construction and Inspections)	This item increases appropriation authority by \$352,915 in SDCI's Construction and Inspections Fund Process Improvements and Technology BSL (48100-BO-CI-U2800). This is a cash transfer from the Waterfront LID #6751 Fund to the Central Waterfront Improvement Fund, which has incurred Waterfront project costs against its fund balance that are related to Central Waterfront LID deliverables. Now that LID revenues have been collected, this one-time operating transfer will reimburse the Central Waterfront Fund's cash balance to align with the Waterfront Program's planned financial structure for the final years of the construction phase.
