1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to surveillance technology implementation; authorizing approval of uses and accepting the 2023 updated surveillance impact report and 2023 executive overview for the Seattle Police Department's use of Automated License Plate Reader technology.

Summary and Background of the Legislation: The original Surveillance Impact Report (SIR) for the Automated License Plate Reader retroactive technology was adopted by the City Council on April 19, 2021. Subsection 14.18.020.F of the Seattle Municipal Code (SMC) states that "[a]ny material update to an SIR, such as to change the purpose or manner in which a surveillance technology may be used, shall be by ordinance." Automated License Plate Readers (ALPR) are a combination of software and hardware used to capture and monitor license plate images. SPD uses ALPR to maintain public safety and enforce applicable laws related to stolen vehicles, parking enforcement, and other active investigations. In 2021, the Seattle City Council passed Ordinance 126312, approving SPD's use of ALPR technology in 19 SPD vehicles. This legislation will approve the following material updates to the previous authorization: 1) expand ALPR technology to SPD's entire fleet, 2) all SPD vehicles with onboard in-car video will have ALPR functionality enabled as a component of the existing in-car video platform, and 3) the back-office system through which ALPR camera data are interpreted and ALPR is administered will change from the Neology PIPS platform to the expanded Axon Fleet Hub platform.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs? The expansion of ALPR software to all existing SPD patrol vehicle dash cameras would occur immediately and cost \$280,000 per year beginning in 2024.

Are there financial costs or other impacts of *not* implementing the legislation?

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?**
This legislation does not affect other departments. The technology under review is used exclusively by the Seattle Police Department
- b. Is a public hearing required for this legislation?**
A public hearing is not required for this legislation.
- c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No publication of notice is required for this legislation.
- d. Does this legislation affect a piece of property?**
This legislation does not affect a piece of property.
- e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
The Surveillance Ordinance is designed to address civil liberties and disparate community impacts of surveillance technologies. The Surveillance Impact Review included in the attachments, as required by the Surveillance Ordinance, includes a Racial Equity Toolkit review adapted for this purpose.
- f. Climate Change Implications**
- 1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**
No.
 - 2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**
No.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**
There is no new initiative or programmatic expansion associated with this legislation. It approves the continuation of use for the specific technology under review.
