Joe **KNOWS** that the IACP has determined that video evidence **reduces** complaints by **50%**

The Impact of Video Evidence on Modern Policing

Research and Best Practices
from the IACP Study on
In-Car Cameras

COPS
COMMUNITY ORIENTED POLICING SERVICES
U.S. DEPARTMENT OF JUSTICE

Which means that if Seattle had video on **every** officer, they could potentially **reduce** their complaint costs by.....

\$3,554,265 per year

Joe also **KNOWS** that cops testify
in court at a cost of.....

\$3600

Officer OT rate avg. (est)	3 Hour minimum per court appearance	Per Year Officer OT for court (estimate of 20 times per year)
\$60.00/hr	\$180	\$3,600

And that the same IACP report says
that.....

A photograph of a courtroom interior. The room features extensive wood paneling on the walls and ceiling. In the foreground, a large, polished wooden table is visible, surrounded by wooden chairs. In the background, a judge's bench is elevated, and an American flag stands on the left side. The lighting is warm and focused on the central area.

**96% of Prosecutors reported that
defendants are more likely to plea
when video evidence exists**

Which Joe **KNOWS**...

will reduce court overtime costs

Joe **likes** cameras

because he knows the
community is supportive of
video.....

94% of the community
favors police use of video
