Vending Cart Location

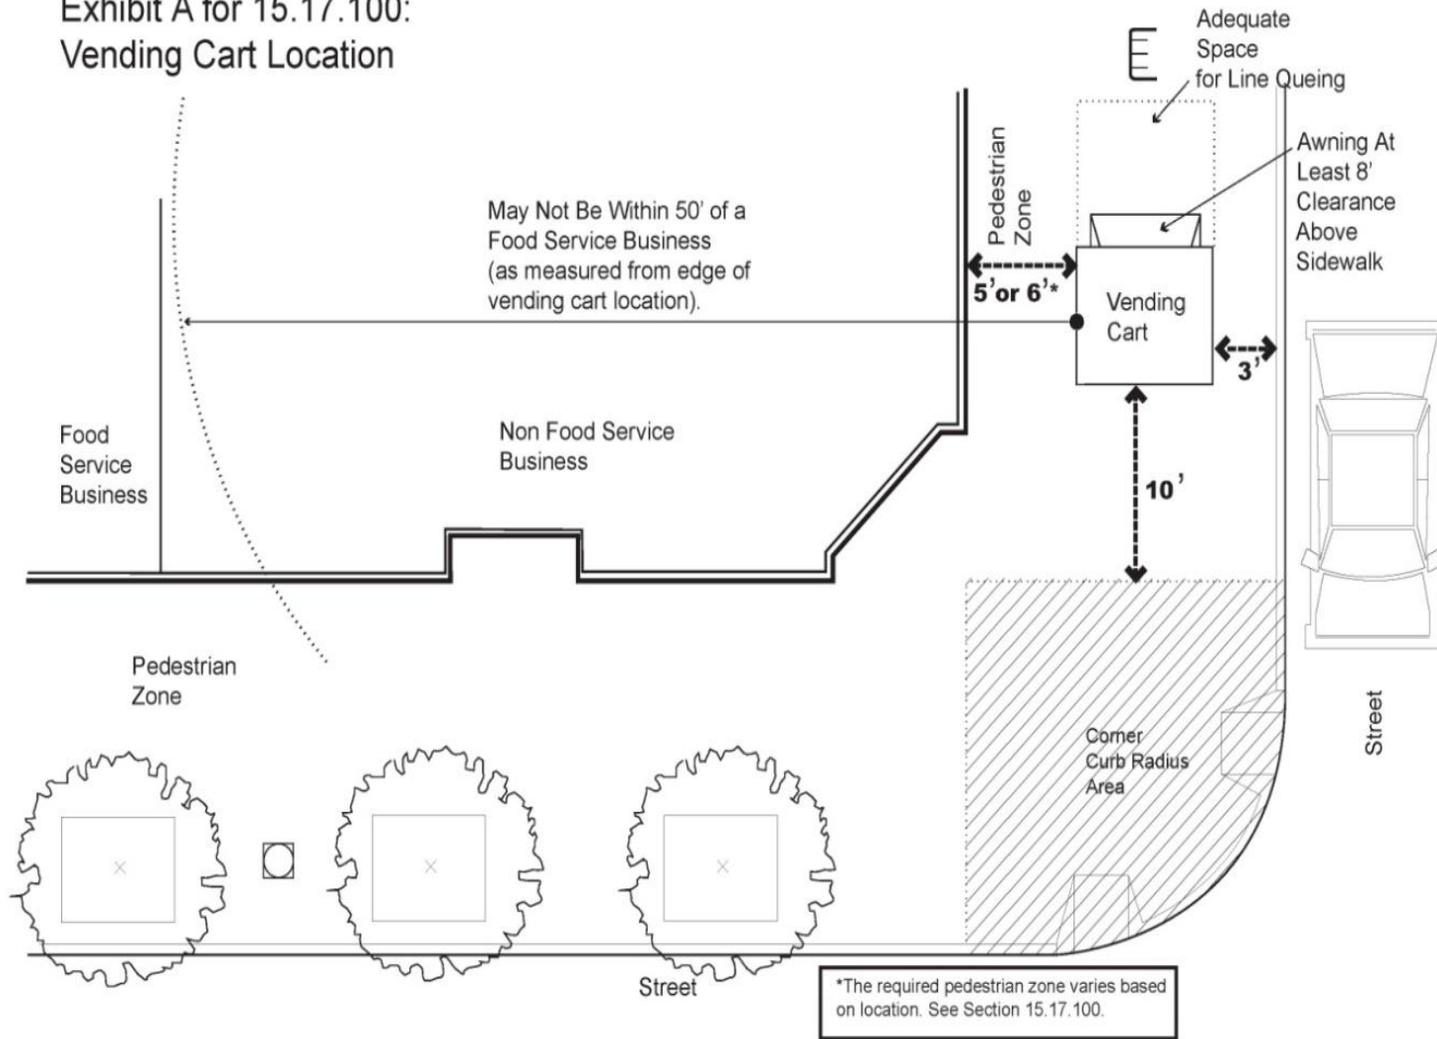

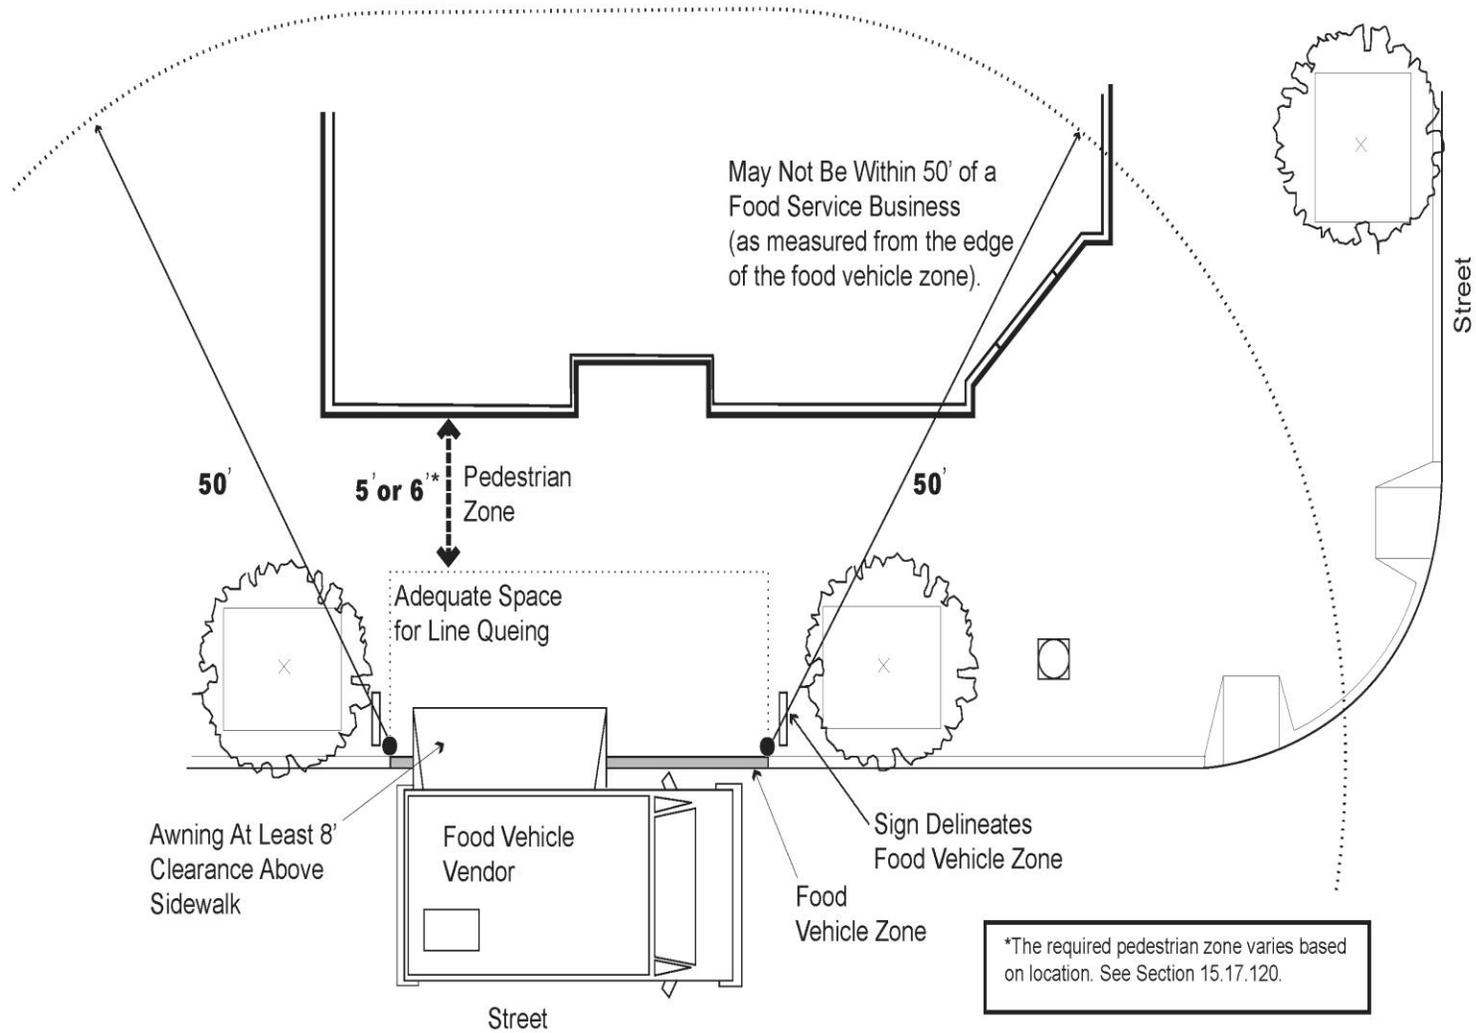

Exhibit A for 15.17.120:
Food Vehicle Location

Potential Additional Permit Conditions

- Restrict hours & dates of operation.
- Require larger setbacks.
- Require a wider pedestrian zone or visual corridor.
- Dictate design and placement of vending equipment & umbrellas.
- Require repairs to public place.
- Require mitigation for impacts associated w/vending activity, e.g. lighting, noise, air emissions, signage, or equipment.
- Condition for pedestrian circulation & traffic management.
- Modify permit with 10 days written notice.

Other Vending Regulations

- Vendor responsible for all refuse generated, trash can required.
- All materials and supplies must be contained on cart, vehicle, or display.
- Vendor responsible for ensuring customers do not encroach in the roadway.
- Vending can only occur from side of vehicle parked abutting & parallel to the curb.
- Cannot abut SF, RSL, LR1, LR2, & LR3 zones.
- Carts or trucks and associated activity cannot impair pedestrian passage.
- Cannot use amplification or noise-making devices.
- Must comply with noise-code.

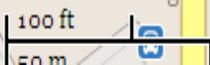

Narrow sidewalks & angle-in parking make carts & trucks unlikely here

Narrow sidewalks & angle-in parking make carts & trucks unlikely here

KEY

- = cart & truck with 50' setback
- = cart only with 50' setback
- = 100' setback okay
