Council Action Required?	Yes	If YES, within the next 3 months?	Yes
Presenters (if applicable)	Phil Leiber, SCL Chief Financial Officer Paula Laschober, SCL Finance Director		

Summary Statement

The proposed ordinance will establish a large general service rate for the City of Burien.

Background

In 2011, during the annual consumption review that City Light carries out to determine if customers are classified into the correct general service rate classes, a medium general service customer in the City of Burien was found to have 2010 monthly demands that would allow it to be reclassified to a large general service customer. Previously, there were no customers that fit the criteria for large general service in Burien, and so no rate schedule was specified for this type of customer in the Seattle Municipal Code. This ordinance creates rate schedule LGB (Large Standard General Service: Burien), which will allow customers eligible for service under a large general service rate schedule in Burien to be billed appropriately.

Key Issues

- None

Next Steps

1. Ordinance is passed.
2. City Light will enter the new rate schedule in the billing system and use it to bill large general service customers in the city of Burien.
