CITY OF SEATTLE

Dear Ms. Simmons:

On behalf of Protect Seattle Now, I hereby submit to you, as City Clerk for the City of Seattle, a petition to refer Ordinance No. 123542 [Council Bill 117101] to the voters at the next municipal election. Protect Seattle Now is a committee of Seattle citizens.

This occasion is an honor for me and the other members of our campaign who have worked tirelessly over the last twenty-nine days as we have talked with our fellow citizens about Seattle's future. This petition reflects the growing concern that the people of Seattle feel about the multi-billion dollar tunnel to replace the Alaskan Way Viaduct. As long as the taxpayers of the City of Seattle remain liable for the cost overruns, we believe that the voters should have a say on this project and the policy choices in Ordinance No. 123542.

Included with this letter are 2,431 petition pages, with a total of 28,929 signatures. The petitions are numbered 1 to 2,431. Also included is an electronic file of the petition on a CR-ROM.

If you should have any need to contact Protect Seattle Now to discuss this petition, please contact me at the above address or at (206) 388-4380

Sincerely,

Scot Brannon, Treasurer
Protect Seattle Now

WHEREAS, in the 1950s, the City of Seattle and the Washington State Department of Transportation jointly designed and built the Alaskan Way Viaduct to accommodate passenger and freight mobility into the foreseeable future; and WHEREAS, in 2001 the Nisqually earthquake damaged the Alaskan Way Viaduct and Seawall; and

WHEREAS, the Alaskan Way Viaduct and Seawall are at risk of sudden and catastrophic failure in an earthquake and are nearing the end of their useful lives; and

WHEREAS, various studies have determined that it is not fiscally responsible to retrofit the viaduct, and that retrofitting would cause significant construction impacts; and

WHEREAS, in March 2007, the Washington State Governor, the King County Executive, and the Mayor of Seattle pledged to advance a series of key State Route 99 projects (Moving Forward Projects) that will facilitate the removal and/or repair of key portions of SR 99, including the Yesler Way Vicinity Stabilization Project, Electrical Line Relocation, the SR 99 South Holgate Street to South King Street Viaduct Replacement Project, and Transit Enhancements and Other Improvements; and

WHEREAS, in 2008 the State and City agreed to guiding principles for replacing the Alaskan Way Viaduct: improve public safety; provide efficient movement of people and goods now and in the future; maintain or improve downtown Seattle, regional, Port of Seattle and state economies; enhance Seattle's waterfront, downtown and adjacent neighborhoods as a place for people; create solutions that are fiscally responsible; and improve the health of the environment; and

WHEREAS, in 2008 the State and the City considered feedback from 16 meetings of a stakeholder advisory committee made up of representatives from business, labor, environmental, and neighborhood interests, and more than one thousand public comments collected during quarterly public meetings and more than 50 community briefings; and

WHEREAS, in January 2009, the Governor of Washington, the Mayor of Seattle and the King County Executive jointly recommended replacing the Alaskan Way Viaduct with a bored tunnel beneath downtown Seattle; and

WHEREAS, the Washington State Legislature passed Engrossed Substitute Senate Bill 5768 and the Governor signed the bill into law designating and funding the preferred Bored Tunnel Program as the replacement for the Alaskan Way Viaduct, pending the completion of environmental review; and

WHEREAS, the proposed Alaskan Way Viaduct and Seawall Replacement (AWVSR) Program consists of a four-lane bored tunnel and improvements to City streets, the waterfront, and transit, and the Moving Forward Projects; and

WHEREAS, in October 2009, the City Council passed and the Mayor signed Ordinance Number: 123133, which established the Bored Tunnel Alternative as the City's preferred alternative and which authorized a memorandum of agreement between the State of Washington and the City of Seattle; and

WHEREAS, that agreement contemplated that the State and City would negotiate further agreements detailing the State and City's relative rights and responsibilities in the State highway project; and

WHEREAS, In August 2010, the City Council passed Resolution Number: 31235, which expressed the City Council's intent to authorize additional agreements with the State if:

- 2) The State demonstrated it could complete all elements of WSDOT's Program within the Program Budget;
- 3) The State provided the City with clear documentation identifying all changes between the Draft Design-Build Contract and the awarded construction contract; and
- 4) The State Legislature has not enacted legislation to overturn WSDOT's responsibility for Program costs, including cost overruns, as set out in the proposed agreements between the State and City; and

WHEREAS those conditions have been met; and,

WHEREAS Resolution 31235 also restated the City's policy that the State is solely responsible for all costs, including any cost overruns, related to implementing WSDOT's Program; and
