 CITY CLERK

Experience,

JMS Group, Seattle 08.2009 to Present Principal

Taylor, Gregory, Broadway Architects, Kadlec Health System, Goethals Medical Office Building, Richland, WA

Consultant/Contractor: Provided Quality Assurance review, including building code issues, for a 4 story, 120,000 SF, MOB with future expansion into a 10 story high-rise. Provided follow-up, on-site assistance to project team during construction document production.

Bassetti Architects, Tukwila School District, Aviation High School, Tukwila, WA Contractor: Provided on-site technical assistance during construction document phase for a 3 story, 86,000 SF high school, collaborated with project team to produce complex waterproofing details and to review, edit, and supplement the entire architectural specifications for the project.

Beatty Hill Architects, M-I-N-T Restaurant, Ridgeland, MS Contractor: Provided building code analysis, fire/life safety drawings, and construction document preparation for a tenant improvement within a large, lifestyle center to create a 6,000 SF restaurant.

Beatty Hill Architects, Viking Cooking School, Glenview, IL Contractor: Provided building code analysis, fire/life safety drawings, and construction document preparation for a tenant improvement to create a 4,000 SF retail area including several demonstration kitchens.

Beatty Hill Architects, 4747 Woodward Avenue, Detroit, MI Contractor: Provided building code analysis and construction document preparation for an extensive rehabilitation and adaptive re-use of an abandoned, multi-story police precinct to create a 10,000 restaurant.

Collison, Seattle 11.2005 to 08.2009 Associate Principal

Various Clients, Various Projects, throughout the entire US Senior Architect: As member of Technical Resources Studio (TRS), provided Quality Assurance reviews, building code assistance, technical aid, and mentoring to project teams throughout an 800 person firm. Project sizes ranged from individual 600 SF tenant improvements up to complex 1,000,000+ SF, Mixed-Use, Multi-Block High-Rise Projects.

Schnitzer West, The Bravern, Bellevue, WA Senior Architect: Led phase II team as part of an overall urban mixed use project consisting of: 745,000 SF office space, 300,000 SF retail space, 786,000 SF residential space and a 3,200 stall below-grade parking garage.

Vulcan Real Estate, The Martin, Seattle, WA Senior Architect: assisted project team with coordination and documentation of the building envelope design for an urban, high rise condominium project consisting of 220,000 SF.

Anshen + Allen, Seattle 05.2005 to 11.2005 Senior Architect

Group Health Cooperative, East King County Medical Center, Bellevue, WA Senior Architect: Led DD phase for a 306,000 SF multistory medical office building consisting of multiple outpatient clinics above a 60,000 SF multilevel, semi-enclosed parking garage.

Mahlum Architects, Seattle 04.2003 to 05.2005 Senior Architect

University of Washington, Regional Heart Center, UW Medical Center, Seattle, WA Senior Architect: Led all phases for a critically sequenced renovation, totaling 37,000 SF that included numerous clinics on the main floor of the existing medical center, as well as the creation of a prominent cardiology clinic.

Evergreen Hospital, Bedtower Addition, Kirkland, WA Senior Architect: assisted project team by coordinating extensive site development issues with consultants; preparing extensive topographical grading plans for verification of design intent; developing site design elements integral with the building design concept.

Self Employed, Memphis, TN 03.2001 to 04.2003 Principal

St. Jude Children's Research Hospital, Target House II Extended Stay Facility, Memphis, TN Consultant: provided building envelope coordination and documentation for a 79,000 SF facility consisting of apartments and common use spaces for families attending the hospital.

Escapes to the Gulf Condominiums, Galveston, TX Consultant: provided life safety analysis for a high-rise condominium project in Galveston, TX.

Gupta Office Building, Memphis, TN Consultant: provided photo realistic computer rendering services for a low-rise, multistory office building.

Formus, Memphis, TN 03.2000 to 03.2001 Principal

Renovations and Additions to White Station Middle School, Memphis, TN Principal: led project team during DD and CD phases for critically sequenced renovations and upgrades to an existing 100,000 SF school, including a new 14,000 SF classroom wing addition.

Pickering, Memphis, TN 11.1996 to 03.2000 Project Architect

University of Memphis, Men's Basketball Facility, Memphis, TN Project Architect: Led all phases for Phase I; Creation of a 40,000 SF collegiate basketball practice facility and Phase II; Significant renovations to the existing 70,000 SF student recreation facility, including large interior and exterior swimming pool areas.

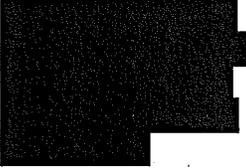

Methodist Healthcare Systems, MRI Suite Addition, Memphis, TN Project Architect: Led all phases for creation of a 5,000 SF M.R.I. suite directly attached to the existing hospital, serving the emergency services department and main hospital facility.

St. Jude Children's Research Hospital, Medical Center Renovation Projects, Memphis, TN Project Architect: led project team for the following:

Linear Accelerator Replacement: a sensitive renovation within an actively used oncology department to remove and replace a linear accelerator.

MRI Replacement and Suite Renovation: a phased renovation to an existing MRI suite that included continuous patient access during all phases.

Jim Safranek

Experience, (continued)

TRO Jung Brannen (formerly JMGR), Memphis, TN 08.1993 to 11.1996 Project Architect

Baptist Memorial Hospital, Renovations and Additions to Golden Triangle Hospital, Columbus, MS Project Architect: Led project team for phased work of 125,000 SF to an existing hospital that included the following items: ambulatory care center, cancer center, critical care unit, and EMS unit.

The Department of Veterans Affairs, Medical Center Addition and Seismic Modernization, VA Medical Center, Memphis, TN

Project Architect: Led project team for phased work; Phase I-new, 300,000 SF multistory hospital facility, Phase 2-demolition of an existing 13 story patient bed tower, Phase II-installation of shear walls, seismic bracing, and other seismic renovations within the entire, extensive, existing facility (Phase III).

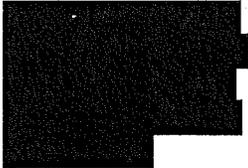

Askew Nixon Ferguson Architects (ANFA), Memphis, TN 07.1987 to 08.1993 Project Manager/Project Coordinator

Christian Brothers University, School of Business and Telecommunications, Memphis, TN Project Manager; Led project team for the renovation and expansion of an existing 15,000 SF building on campus to create a 50,000 SF facility.

Federal Express Corporation, International Clearance Facility, Memphis, TN Project Coordinator; assisted a large project team with the creation of a 225,000 SF international package handling facility at the Memphis International Airport using fast-track method.

General Services Administration, Internal Revenue Service, Service Center, Memphis, TN Project Coordinator; assisted a large project team with the creation of a 900,000 SF facility to house the collection, research and distribution services of the IRS.
